# WINSLOW'S BALSAMO HOREHOUND.

A N unparelleled remedy for common Colds, Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to consumption; composed of the concentrated virtues of Horshound, Bonset, Blood Root, PHILAD. Liverwort and several other vegetable substances. Prepared only by J. M. Wisslow, Rochester, New

The innocence and universally admitted pectoral virtues of the Herbs from which the Balsam of Horehound is made, are too generally known to require recommendation; it is therefore only necessary to observe that this Medicine contains the whole of their Medicinal properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy mild and certain remedy, now in use, for the com-

Plaints above mentioned.

The Balsam removes all imflammation and soreness of the Lungs, loosens tough visid phlegm, enabling the patient to expectorate with ease and freedom, assuages cough, relieves athmatic and difficult respiration, heals the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a speedy and lasting cure.

INGRATITUDE IS THE BASEST CRIMETS MAN .-We are not among that class of Editors who for a few dollars will, (at the expense of truth and honesty) "crack up" an article and bring it into rapid sale ; neither are we willing to remain silent, after having tested the utility of an improvement or discovery in science or art .- Our readers will recollect we told them we were unwell with a sore throat and violent cold some few weeks ago. Well, we pur-chased two bottles of WINSLOW'S BALSAM OF HOREHOUND, and so sudden was the cure, that we forgot we ever had a cold. Those who are afflicted, may try it upon our recommendation. -Lewiston T-legraph. For sale by HENRY YOXTHEIMER, Sunbury,

JACOB BRIGHT, Northumberland. Also, by Druggists generally throughout the August 14th, 1841.-1y.

IMPORTANT TO FARMERS. AVENPORT'S Improved Patent Threshing Machine and Horse Power, which threshes and cleans at the same time-en invention for which Farmers have long looked in vain, and which renders the above machine perfect and past further improvement. Those who have been waiting for something better than beretofore offered for sale, will find this to be the article. Come see it and judge for yourselves.

The subscribers have purchased the right of the above Machine and Horse Power, for the counties of NORTHUMBERLAND, LYCOMING, CLINTON, and Union—and also, the privileges of vending them in any other places for which the right has not been previously sold.

The advantages which this Machine has over all others invented are many and obvious. One boy and three men can do all the threshing and cleaning of 150 bushels of wheat in one day-and this usually takes seven hands one day and three the next. For field threshing it takes the lead of any thing in this world-no grain is scattered or

Such is the superiority of the Horse Power, that three horses can thresh as much with it as four can with any other. The Machines and Horse Power will be sold ogether or seperate, to suit purchasers. Made and

sold in Milton, by the subscribers.

RECOMMENDATION.

THRESHING & WINNOWING MACHINE. Threshing and Winnowing Machines, and being with. repeatedly called upon for our opinion in regard to heir value, durability and advantages, we make, free to state, that they exceed in our opinion, any Threshing Machine we ever before witnessed in use. They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an incline plane, extending about 12 feet from the Machine. Scarcely a grain is lost. What is of some importance and greatly so, is the fact that no dust passes from the Machine to the man who feeds it. The Horse power seems to be perfection itself-three horses may work it with case and their fastest guit need only be the ordinary plough guit. We must cheerfully recommend the Machine to Farmersthey are manufactured in Milion by Mesers, Welch Pomp and Frick, PHILIP HILGERT. Pomp and Frick.

This state of the system, is disease, which is manifested in a variety of forms, more or less malignant in their character. To restore the system to a state of health, then, it is only necessary to remove the cause of disease, and the end is accomplished. The cause is obstruction somewhere. This can be removed by purgation, which is the only means that should be resorted to, because, suggested by reason, and by nature. Dr. Harlich's Strengthening and German Aperient Pills, are allowed by not only remove all obstructions, and purge the sys-

the thousands who have used them, to be the best purgative medicine in existence. Because, they tem of its impurities, but, because, and which is extremely important, strengthen and give proper tone to the stomach, and produce a healthy action of all the parts. Besides, they are so mild and gentle in their operation, us to render them at all times a perfectly safe and desirable remedy. The afflicted would do well, then, to purchase a box or two of this invaluable medicine, and give it a fair trial, instead of destroying their systems with oft-repeated doses of calomel, and other drugs, so injurious to human life and happiness

HENRY YOXTHEIMER, May 1, 1841. SICK HEADACHE.

Is a very common affection. Its attacks are very severe, and characterized by spasmodic pains, shifting from one part of the head to the other, fre quently commencing in the morning, attended with sickness of the stomach, hausea, faintings, and sometimes, vomiting, giddiness, and confusion of sight, &c &c. This desease is produced from various causes, perhaps the most common, is a derangement of the stomach and digestive organs. FEMALES are most subject to this affection, particularly those who lead a sedentary life. Dr. Har-lich's Compound Strengthening Tonic and Ger-man Aperient Pills, are warranted to strest this troublesome disease: first by cleansing the stomach and bowels, purifying the blood, and removing all diseased and excrementuous bumors from the liver and intestines. By the use, first, of a few doses of the Aperient German Pills, afterwards two or three doses of the Strengthening Tonic Pills, which are used, to give strength and tone to those orare used to strengthen and invigorate the nervous system, give tone to the stomach and organs of digestion, thus imparting to their subtile fluid its are diseases of the nervous system, and by continupristine vigor, this afflicting disease may be entirely removed. This is the only mode of treating this annoying complaint, and has been attended with success in thousands of cases.

Pamplets giving general directions, may be obtained gratis, at No. 19 North Eighth street, Phila-HENRY YOXTHEIMER.

TO THE COMMUNITY.

THE success which has attended the use of Dr. Harlich's German Aperient and Compound strengthening Tonic Pills, is truly astonishing. It is no vain boast to say this medicine has proved by its happy effects in the cure of a variety of diseases to which the human frame is liable, to be vastly superior to the many preparations before the public.
Many of these preparations are compounded by individuals who are positively ignorant of the mysteries of the human system, and mere pretenders to
medical knowledge. Dr. Harlich, however, is celebrated among the German faculty as a man of the highest scientific attainments, and equally distinguished throughout Europe, as a successful medical practitioner, spent most of the years of a useful life in the aquisition of such knowledge as might prove beneficial to his fellow creatures. In the pills which be invented, and which bear his name, the public are assured of an article that possesses more than ordinary virtues. From the acknowledged talents of this inventor, nothing less than a good article could be expected; and the experience of many years has afforded demonstration of the virtues of his medicine. In Germany and other parts of Europe, its reputation is established. In this country into which it has but been recently introduced, it is rapidly gaining the most substantial reputation. The numerous certificates of cures of the most obstinate diseases effected by the use of Harlich's Pills, which the proprietor is constantly receiving, is proof of the fact. Day after day he receives new testimonials of their efficacy, and week after week increases the demand for them. This is not mere assertion; innumerable certificates are open for the inspection of the public, and the doubts of any who are skeptical, can be removed by examining them at the office of

the proprietor. We take the liberty, then, of suggesting to every family, that they make use of Dr. Harlich's Pills. Let them keep a supply constantly on hand, to be used when occasion demands, and they will receive the most unequivocal proofs of utility .- Medical

May 1, 1841. HEPATITIS, OR LIVER COMPLAINT. Liver complaint is described to be of two forms, viz; Acute and Chronic, which are different in their seat and character, and are produced from ulcers on the Liver, which is deseased on the surface or in the centre. In the former, the patient is attacked with sudden pain, in the region of the Liver, so severe that even the red clothes are insupportable; the patient cannot bear to turn or lay on his left side from the pressure exerted in that position of the inflamed organs. The latter may go on in such a manner that the first symtoms of Liver Complaint are those which mark the occurrence of suppuration. The Acute and Sub-acute varieties, almost always commence with some chilly feelings succeeded by heat of the skin, fevered tongue, having a yellowish appearance. Irregular state of the bowels, costiveness, countencance changes to a pale or citron color, or yellow like those afflicted with jaundice, difficulty of

breathing, disturbed rest, attended with cough, feverish symtoms, a dry and parched skin, difficulty of lying on the right side, urine scanty and high colored, the patient passes many bad nights and is frequently troubled with Diarrhora, Tenasmus and Piles, nausea and vomiting, and has a considerable thirst. When the inflammation affects the peritoneal cost of the Liver the pain is much more intense and the fever higher than when confined to the Liver. In chronic affections it is uncertain in its terminstion; the pain is intense, attended occasionally with feverish symtoms, a dry and parched skin, irregular bowels, sallow countenance. frequent at-

tacks of juandice, the tongue is scarcely ever free from yellow fur, the appetite bad, and a corruption attacks the face and back, behind the shoulders. &c. DR. PRINCIPAL REASONS Why Dr HARLICH'S Compound Strengthenng and German Aperient Pills are used by all classes of people, in preference to other Medicines, because they are prepared from a pure extract of herbs, a wholesome medicine, mild in its operation and pleasant in its effect—the most certain preserver of health, a safe and effectual cure of Dyspepsia or Indigestion, and all stomach complaints, a preserver

and putifier of the whole system. Because they soothe the acrves of sensibility and fortify the nerves of motion, imparting to their most subtle fluid its pristine tone, thus giving strength

and clearness of mind. Because they never destroy the coats of the sto nach and bowels, as all strong purgatives de.

Because science and experience teach us that no mere purgative alone will cure the disease of the stomach and nerves. Weakness is the primary cause of a host of diseases, and, by continually resorting to Drastie pargatives, you make the disease much worse, instead of better.

Because Dr. Harlich's Medicines are put up upon the common sense principle, to "cleanse and strengthen," which is the only course to pursue to

effect a cure. - Lustly,

Because these Medicines really do cure the disease for which they are recommended. Principal Office for the United States, is at No. 19 North Eighth street, Philadelphia.

CLEANSE AND STRENGTHEN. The only sure and best course to pursue in curing diseases, of whatever nature they may be, is: first, to cleanse and purify the Stomach and Bowels by gentle aperients; secondly, to give strength and tone to those tender organs by the use of proper tonics. This mode is always pursued by regular physicians, which they well know to be the only course to resort to, to effect a speedy and permanent cure. Dr. Hantien's Compound Strengthening Tonic and Aperient pills, are a sure medicine to effect this grand object. The German Aperient pills are to cleanse the stomach and intestines, after which the Compound Strentgening Tonic pills gans which require tender treatment. Nearly twoally using drastic mineral purgatives the sufferer will soon find himself a being too much refused to remain long in existence.
