

deed to Governor Porter, to send the Buckshot hero and quondam friend of Thad Stevens, the anti-partying Henry Frick, to the legislature from a county that usually gives a little less than a thousand democratic majority. But we are unwilling to believe that any true democrat will persist in further opposition to the democratic ticket, merely because that ticket is not composed of the men of his own entire choosing. We all know that where there are several candidates seeking a nomination for the same office, some must be disappointed, and to yield to the will of the majority is democratic, therefore.

Resolved, That David B. Montgomery being regularly, and to all appearances fairly nominated for the legislature at a regularly called county convention, we feel bound as democrats to support as well Montgomery, as the rest of the democratic ticket—from the Governor.

Resolved, That Mr. Montgomery's frankness in openly avowing his willingness to withdraw from the contest if fraud, treachery, imposition or bargaining can be proved against him, in obtaining his nomination, is strong evidence that he does not act in an investigation of his conduct.

Resolved, That the event of the coming election is not only of vast importance to the general interest of Pennsylvania, but the welfare and ascendancy of the democratic party for years to come may, no doubt will in a great measure depend upon the political bias of the next legislature, it therefore comes every true democrat at this time to surrender all minor personal objections to the all important consideration of principle.

Resolved, That while we sincerely regret the present course of the only democratic paper in this end of the county, we are willing to award to the editor, I. L. Dieffenbacher, honesty and integrity of principle, but at the same time we are forced by honest conviction to declare that we fully believe that a course he is blindly pursuing is far better calculated to defeat the party to which he belongs, than to accomplish any other end he may have in view.

Resolved, That the proceedings be signed by the editor and published in the Milton Ledger, and all democratic papers in the county.

Democratic Meeting.
At a large and respectable meeting of the Democratic citizens of Chilisquaque township, according to public notice, convened at the house of William hannon, on Saturday the 11th inst., on motion of M. SHANNON was called to the chair, JACOB RHOADS and LEONARD PFLERGER, Vice Presidents, and J. B. HELLER and FREDERICK FOX Secretaries.

The meeting being organized and the object stated by the chair, on motion of John B. Heller, a committee was appointed, consisting of twelve persons, to prepare a preamble and resolutions expressive of the sense of the meeting.

WHEREAS, The Democrats of Chilisquaque township deem it expedient to meet in public meeting, set in conjunction with the Democratic party of old Northumberland county, in giving our hearty support to the regularly nominated ticket, made at an early meeting on the 9th of August, according to a call of the Standing Committee; though many of us, as citizens, do regret being called from home at this time to attend to the duties of the Democratic party, but seeing the course pursued by the Milton Ledger, aided by a few canal officers and their satellites, in trying to distract the Democratic party, we feel it our duty to inform those officers that they are the servants of the public, instead of being the masters and directors of the people. And therefore we

Resolved, That the editor of the Milton Ledger, as few canal officers and disappointed applicants for office in the forks, should be permitted to foot his path hereafter, that they are taking so much pains to prepare for others.

Resolved, That we recognize no other head to our democratic ticket, save that which is headed with the two Davids, the choice of the people.

Resolved, That we will use all honorable and fair means to secure the re-election of D. R. Porter, for in him we believe the Democracy has a Jeffersonian advocate.

Resolved, That we will support D. B. Montgomery, and we will elect him, if honorable means will effect it, and that we will not resort to the low, mean, contemptible trick of procuring letters from obscure persons, who are little known in the country, for the purpose of injuring their volunteer candidate, as they have done to injure the regularly nominated candidate, and afterwards claim to be members of the old and well tried party.

Resolved, That we feel ourselves more animated in the cause of Democracy at this time, in consequence of the efforts made by some pretended democrats, to secure the election of they dont care who.

Resolved, That we approve of the course pursued by our worthy representative in Congress, Capt. John Snyder. His unceasing opposition to the Bank Bill, and squandering of the people's money by the extravagant administration of the all principal party, has met our entire approbation.

Resolved, That we hail President Tyler's second veto as being another evidence of his intention to preserve the constitution.

Resolved, That the proceedings be signed by the officers, and published in all the democratic papers in this county, and in the Danville Intelligencer.
WILLIAM SHANNON, President.

The Money Market.
We are unable to notice any revival of confidence in the condition of our local stocks, although as heretofore, money continues easy. During the past week, the panic makers were in the ascendant, and by insinuations, innuendos and ominous shroddings of the shoulders, succeeded no little in alarming the timid. Thus, in several instances, the very low rates at which stocks have been selling for some time past, were still further depreciated. Our State Fives were sold at 79 and 80, or at a depreciation of 20 per cent.—This too, in the face of the declaration that there is now enough money in the Treasury to pay the next semi-annual interest. What, we ask, of those who continue to assert that there is not the slightest doubt of the payment for the future of the interest due by the state on her enormous debt, what can be the cause of this depreciation? Money is, and has for months been abundant. And yet here are State Bonds paying an annual interest of 5 per cent. per annum, and for which the commonwealth of Pennsylvania is responsible, selling for \$79 for \$100 paid. Surely there must be something wrong somewhere; and while we merely state the fact, we sincerely desire to contribute by every means in our power, justifiable by truth and duty to the public, to bring about a more favorable condition of affairs.

The loans of the Wilmington Rail Road, paying an interest of 6 per cent, and redeemable in 1842, were sold for \$90 or \$100 paid. The Lehigh loans payable in 1844, and bearing an interest of 6 per cent, were sold at 62½, or at a depreciation of more than one third of the original cost. Our bank stocks are also down to what we trust will prove the very lowest point. Girard has been selling at 20 and 22. The par price is 50, but about two years ago, it readily sold for 60. The Western is at 31 and 32, the par price being 50. The Bank of Pennsylvania has been selling at 200; a year or two ago, it sold at 420. This depreciation is terrible. The decline in this stock, and indeed, in several other of our bank stocks is attributed to the fact of the indebtedness of the United States Bank to those Institutions. Thus, the Philadelphia Bank has a capital of \$1,542,200; while she holds United States Bank Post Notes to the amount of more than \$1,000,000—in addition to the State stock and real estate, to the amount of \$450,000. Her officers are, however, prudent and able, and are no doubt exerting themselves to the utmost, to improve her condition.—The capital of the Bank of Pennsylvania is \$2,500,000 and she has a contingent fund of \$300,000. She holds United States Bank Post Notes to the amount of \$1,368,000—State Stock \$422,000—and real estate \$343,000, in all, \$2,123,000. It should be remembered, however, that assets to the amount of more than \$7,000,000, were placed in the hands of Trustees, with the object of liquidating the debt due by the United States Bank in Post Notes, &c., to the other Banks of Philadelphia. It is not probable that even from these \$7,000,000 they will be able to recover their whole debt, amounting in the aggregate to something like \$5,000,000; but they expect to get back a considerable portion of it. Still, the fact that so much of their capital is locked up in this way and cannot be made available for some time has had the effect of depressing the stock. In addition, we every now and then have an infamous rumour, got up for mercenary purposes perhaps, that such and such a bank is about to make an assignment; that a defalcation has been discovered; or some such story.

A Base Slander.
IT IS FALSE, that Gov. Porter ever in his whole life-time, either while Governor, or as a private citizen, received a solitary farthing from the U. S. Bank, for any purpose of his own whatever. His name has never been before that Bank or its officers for any thing—either as drawer, endorser, acceptor, borrower, or any other manner or shape whatever. He has never had a foot within its walls in his whole life-time, but has, on the contrary, been its constant, uniform, unwavering, uncompromising ENEMY. He OPPOSED the institution as a private citizen, and he OPPOSED and VETOED all laws passed by the Federal Legislature last winter, that were designed either for its direct or remote benefit! This latter fact, of itself, stamps the seal of eternal INFAMY upon the cowardly LIES, which are now concocted and circulated by the Pipe Layers.

IT IS EQUALLY FALSE, that James M. Porter is indebted to the United States Bank, or owns stock therein. He does not own, and never did, own the Bank a single dollar, and never owned a solitary share of its stock in all his life-time!

IT IS FALSE, that Ovid F. Johnson, Governor Porter's Attorney General, owes the U. S. Bank \$25,000—as is falsely alleged by the Journal. We have his own solemn declaration for the fact, that he does not owe the Bank one penny, and if these Federal Liars will take the trouble of calling on the President of the Bank, that officer must have the honesty to tell them so.—Yeoman.

New Counterfeit.
Below you have a description of a new counterfeit detected this morning:

WEST BRANCH BANK, WILLIAMSPORT—10's, letter D. pay J. Kellum, dated Aug. 1, 1839, T. Coryell, Cash., J. H. Cowden, Pres't. Signature of President too light and stiff. Filling up in blue—the genuine notes are filled up with black ink. The color of the paper, a faint yellow, is unlike that of the genuine. The engraving fainter than in the good bills. Any one at all acquainted with the notes of this Bank will readily detect this spurious issue.

At a recent artillery drill at Plattsburg, one of the Lieutenants repeatedly hit a barrel anchored in the lake at the distance of a mile;
Powder Stolen.—The New York Express says fifty-five kegs of powder were stolen from a Magazine at Lockport, on Friday last.

The Veto Power.
Judge Story, in his Commentary on the Constitution, held the following language on the veto power of the President:—
“The truth is, as has been already hinted, that the real danger is, that the Executive will use the power too rarely. He will do it only on extraordinary occasions, when a just regard to the public safety, or public interest, or a constitutional obligation, or a necessity of maintaining the appropriate rights and prerogatives of his office, compel him to the step, and then it will be a solemn appeal to the people themselves, from their own representatives. Even within these narrow limits, the power is highly valuable; and it will silently operate as a preventive check; by discouraging attempts to overawe, or to control the Executive. Indeed, one of the greatest benefits of such a power is, that its influence is felt, not so much in its actual exercise, as in its silent and secret energy as a preventive.”

THE REVENUE BILL becomes a law after the 30th of this month. For the last few days we have received here very heavy importations of goods especially from France, which were ordered in anticipation of the increased duty, and between this and the 30th a large amount is expected to arrive. We hear that steam boats are chartered to cruise about the Hook for the two or three last days of the month, in order to bring up before the time expires any vessel that may be fortunate enough to arrive. In the meantime a number of cargoes have been sold on speculation—the purchasers taking the risk of the vessel arriving before the expiration of the time allowed by law.—N. Y. American.

Respecting the recent warlike rumor published in the N. Y. Journal of Commerce, the N. Y. American says—

As to the story of the preemptory demand of McLeod, told by the Journal of Commerce, we have reason to know that nothing whatever has been heard of it at Washington, and that nothing new has occurred in the state of our relations with England.

SECOND CROP OF SILVER.—We had the pleasure yesterday of examining another large mass of silver from the mine in Davidson county, North Carolina. It weighed about forty-two pounds, and was as enticing a “hunk” of mineral as we have seen for a long time. It has gone to the mint, where true to the character of the newly rich, it will soon be taking “liberties.”

Mr. Blackburn, Senior, of this city, is the President of the company which is thus taking from the bowels of the harmless earth what may restore the balance of trade.—U. S. Gazette.

BALTIMORE MARKET.
Office of the BALTIMORE AMERICAN, Sept. 20.
On Saturday a sale of City Mills Flour was made at \$6.50. To-day there is nothing doing by which to establish a quotation.
In Susquehanna Flour we hear of no transactions to-day.

GRAIN.—The Wheat market has declined, under the influence of the late English advices. Prices are not well settled to-day, but we think that a quotation of \$1.20 to \$1.30 for fair to prime Md. reds will very nearly indicate the present market value. A sale of Md. white wheat was made to-day at \$1.37, which before the news would have brought \$1.50.

We quote Md. white Corn to-day 67 a 60 cts., and yellow at 68 a 70 cts. A sale of Pennsylvania yellow to-day at 70 cents.
Sales of Md. Rye at 72 a 75 cents. Sales of Md. Oats at 41 cents.
WHISKEY.—Sales of hhd. at 2½ a 25 cts., and of bbl. at 25 cents. Wagon price of bbl. is 20 cts., exclusive of the barrel.

TO THE COMMUNITY.
THE success which has attended the use of Dr. Harlich's German Aperient and Compound strengthening Tonic Pills, is truly astonishing. It is no vain boast to say this medicine has proved by its happy effects in the cure of a variety of diseases to be the human frame is liable, to be vastly superior to the many preparations before the public. Many of these preparations are compounded by individuals who are positively ignorant of the mysteries of the human system, and mere pretenders to medical knowledge. Dr. Harlich, however, is celebrated among the German faculty as a man of the highest scientific attainments, and equally distinguished throughout Europe as a successful medical practitioner, spent most of the years of a useful life in the acquisition of such knowledge as might prove beneficial to his fellow creatures. In the pills which he invented, and which bear his name, the public are assured of an article that possesses more than ordinary virtues. From the active ingredients of this inventor, nothing less than a good article could be expected; and the experience of many years has afforded demonstration of the virtues of his medicine. In Germany and other parts of Europe, its reputation is established. In this country into which it has been recently introduced, it is rapidly gaining the most splendid reputation. The numerous certificates of cures of the most obstinate diseases effected by the use of Harlich's Pills, which the proprietor is constantly receiving is proof of the fact. Day after day he receives new testimonials of their efficacy, and week after week increases the demand for them. This is not mere assumption; innumerable certificates are open for the inspection of the public, and the doubts of any who are skeptical, can be removed by examining them at the office of the proprietor.

We take the liberty, then, of suggesting to every family, who they make use of Dr. Harlich's Pills. Let them keep a supply constantly on hand, to be used when occasion demands, and they will receive the most unequivocal proofs of utility.—*Medical Defender.*
