Works of Nature.

IN a state of health the intestinal canal may be compared to a river whose waters flow over the adjoining land, through the channels nature or art has made, and improves their qualities: and to keep up the comperison of the river, so long as it runs uncorruptly the channels are kept pure and healthy; but if by some cause the course of the river is stopped, then the water in the canals is no longer pure, but soon becomes stagnent. There is but one law of circulation in nature. When there is a superabundance of humorial fluid (serocity) in the intestinal tubes, and no diversion takes place, it flows back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and those of its tributary stream. With the body, follow the same natural principal; remove by that valuable purgative medicine *Brandreth's Universal Vegetable Pills*, which are an efficient assistance of nature, the superabundance of humors in the intestine canal. By persevering in this practice, the ways of the circulation will then be restored to the full exercise of their natural functions, and a state of health will be firmly establish ed. Remember, never suffer a drop of blood to be taken from you—Evacuate the humors as often and as long as they are degenerated, or as long as you are sick.

Dr. Brandreth's Office in Philadelphia, is at No. 8, NORTH EIGHTH street, where his pills can be had at 25 cents per box, with full directions.

WINSLOW'S BALSAM of HOREHOUND.

AN unparelleled remedy for common Colds, Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to consumption; composed of the concentrated virtues of Horehound, Boneset, Blood Root, Liverwort and several other vegetable substances. Prepared only by J. M. WISSLOW, Rochester, New York.

The innocence and universally admitted pectoral virtues of the Herbs from which the *Balsam of Horehound* is made, are too generally known to require recommendation; it is therefore only necessary to observe that this Medicine contains the whole of their Medicinal properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, for the complaints above mentioned.

The Balsam removes all inflammation and soreness of the Lungs, loosens tough vasid phlegm, enabling the patient to expectorate with ease and freedom, assuages cough, relieves asthmatic and difficult respiration, heals the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a speedy and lasting cure.

INGRATITUDE IS THE BASEST CRIME IN MAN.—We are not among that class of Editors who for a few dollars will, (at the expense of truth and honesty) "puff up" an article and bring it into rapid sale; neither are we willing to remain silent, after having tested the utility of an improvement or discovery in science or art.—Our readers will recollect we told them we were unwell with a sore throat and violent cold some few weeks ago. Well, we purchased two bottles of WINSLOW'S BALSAM OF HOREHOUND, and so sudden was the cure, that we forgot we ever had a cold. Those who are afflicted, may try it upon our recommendation. —*Lewiston Telegraph.* For sale by

HENRY YOXTHEIMER, *Sunbury,*
JACOB BRIGHT, *Northumberland.*

Also, by Druggists generally throughout the country. ☞ Price, 50 cents per bottle.

LOOK HERE!

THIS MACHINE AGAINST THE WORLD.

IMPORTANT TO FARMERS.

DAVENPORT'S Improved Patent Threshing Machine and Horse Power, which threshes and cleans at the same time—an invention for which Farmers have long looked in vain, and which renders the above machine perfect and past further improvement. Those who have been waiting for something better than heretofore offered for sale, will find this to be the article. Come see it and judge for yourselves.

The subscribers have purchased the right of the above Machine and Horse Power, for the counties of NORTHUMBERLAND, LYCOMING, CLINTON, and UNION—and also, the privileges of vending them in any other places for which the right has not been previously sold.

The advantages which this Machine has over all others invented are many and obvious. One boy and three men can do all the threshing and cleaning of 150 bushels of wheat in one day—and this usually takes seven hands one day and three the next. For field threshing it takes the lead of any thing in this world—no grain is scattered or lost.

Such is the superiority of the Horse Power, that three horses can thresh as much with it as four can with any other.

The Machines and Horse Power will be sold together or seperate, to suit purchasers. Made and sold in Milton, by the subscribers.

WM. WELCH,
WM. H. POMP,
HENRY FRICK.

Milton, April 17, 1841.

RECOMMENDATION.

THRESHING & WINNOWING MACHINE

Having had in use, one of Davenport's Patent Threshing and Winnowing Machines, and being repeatedly called upon for our opinion in regard to their value, durability and advantages, we make, free to state, that they exceed in our opinion, any Threshing Machine we ever before witnessed in use. They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an incline plane, extending about 12 feet from the Machine. Scarcely a grain is lost. What is of some importance and greatly so, is the fact that no dust passes from the Machine to the man who feeds it. The Horse power seems to be perfection itself—three horses may work it with ease and their fastest gait need only be the ordinary plough gait. We must cheerfully recommend the Machine to Farmers—they are manufactured in Milton by Messrs. Welch Pomp and Frick. HERAF HILGERT.
JOHN B HELLER.

IMPORTANT TO MILLERS.

THE Undersigned take pleasure in submitting to the public the following Recommendations of Pratt's Cast Iron Smut Mill and Grain Huller to all dealers in Grain and manufactors of Flour, believing it to be superior to any thing of the kind ever offered to the public. All orders addressed to Col. J. M'Fadden, Lewisburg, Union county Pennsylvania. EBENEEZER SQUIRE,
JACKSON M'FADDIN.

CERTIFICATES:

Moatz's Mill, Centre Co., March 30, 1841.

J. M'FADDIN—SIR: I cheerfully testify to the goodness and durability of Pratt's Cast Iron Smut Mill and Grain Huller, as being a far superior article for the cleaning of smut and all other impurities that I have ever seen, and I have been engaged in the manufacture of Flour for a great many years, and have always tried to have the best apparatus for manufacturing that could be got, and do say that the above machine is the best apparatus I believe now in use. JOHN MOATZ.

Bloomsburg, Dec. 26, 1840.

COL. J. M'FADDIN—SIR: In reply to your favor, received a few days since, I have only to say, that the fact of my having introduced into each of the four mills that I am concerned in, one of Pratt's Cast Iron Smut Mills, is the best evidence I can give you of their utility, Yours truly, WM. M'KELVY.

Milton, March 17, 1841.

J. M'FADDIN—SIR: I do hereby certify without any hesitation, that Pratt's Smut Mill and Grain Huller is the most perfect machine to cleanse grain of smut and all other imperfections, that I have ever seen, and I believe I have seen all the kinds that are now used in Pennsylvania, and I must say that there is nothing of the kind ever been invented that will come in competition with it. GEO. ECKERT.

COL. J. M'FADDIN—SIR: During the past 24 years I have been constantly engaged in manufacturing flour, and during the last 12 years have been the owner of a grist and flouring mill, and among all the contrivances to remove impurities from grain I am decidedly of the opinion that Pratt's iron machine is superior to any with which I am acquainted, having used one in my mill about eighteen months. FREDERICK HAAS.

Yorkshire Mills, Dec., 1840.

I want in my flouring mill as good an apparatus to prepare grain for flouring, as the *best*, and I want no better than Pratt's Cast Iron Smut Mill. It will remove smut entirely—no mistake.

M. CLEASON.

Sunbury, December 22, 1840.

COL. J. M'FADDIN—SIR: I have in my mill one of Pratt's cast and wrought iron spiral Smut Mills and Grain Huller, and am confident that in regard to simplicity of construction, and durability of material, it is superior to any I am acquainted with.

HENRY MASSER.

Bear Gap Mills, Dec. 22, 1840.

COL. J. M'FADDIN—SIR: I have in my flouring mill one of Pratt's Cast Iron Spiral Smut Mills, and I am decidedly of the opinion that it is the best machine to prepare grain for flouring that I am acquainted with, and as such cheerfully recommend it to all who are engaged in the manufacture of flour.

JACOB LEISENRING.

Aaronsburg, March 23, 1841.

COL. J. M'FADDIN—SIR: I take pleasure in saying that Pratt's Cast Iron Smut Mill is one of the best improvements for the cleaning of grain of all kinds, that has yet come under my observation, and that I believe it far superior to any thing of the kind ever invented. You may use my name in any way you think proper. O. P. DUNCAN.

Union Mill, Jan. 14, 1841.

This is to certify that I have had Pratt's Cast and wrought iron Smut Machine and Grain Huller in use for better than 12 months, and find it to answer every purpose that it was intended for. Smut can be taken out of wheat—I believe every particle of it can be taken out without breaking the grain of the wheat. JOHN PLANCK.

Aaronsburg, March 23, 1841.

COL. M'FADDIN—SIR: I have been engaged in manufacturing Superfine Flour for many years, and have at this time one of Pratt's Smut Mills in each of my mills, and I do hereby recommend them as the most valuable improvement for cleaning wheat of smut and all other impurities, that I am acquainted with. JAMES DUNCAN.

COL. M'FADDIN—SIR: I have been engaged in the manufacturing of flour for 28 years, and most cheerfully recommend the above machine, as being by far the best apparatus for cleansing grain that I have ever used or seen. I consider it an indispensible article for any mill that pretends to do any business. JOHN FISHER.

Aqueduct Mills, Dec. 24, 1840.

COL. J. M'FADDIN—SIR: Pratt's Cast Iron Smut Mill was introduced into my mill about three years since, and I believe it is the best article of that kind now in use. It will not only remove smut entirely, but is a most valuable apparatus to clean wheat and rye of any character, and prepare it for flouring. BENJAMIN BOONE.

Lewisburg, Dec. 22, 1840.

COL. J. M'FADDIN—SIR: After a careful and candid examination and trial of the machine, in regard to construction, neatness and despatch in execution, economy in price, and power to set in operation, I am fully convinced and satisfied, that the machine above alluded to, is second to no one in use. J. MORROW,
Miller and Flour Manufacturer.

Catawissa, December 25, 1840.

COL. J. M'FADDIN—SIR: Pratt's Cast and Wrought Iron Spiral Smut Mill and Grain Huller, I consider to be the best machine to remove smut and other impurities to which grain is subject, that I have used, or with which I am acquainted, in regard to durability of material, simplicity of construction, neatness and despatch in execution.

JOSEPH PANTON.

N. B. The above machines are manufactured at the Lewisburg Foundry, Union county and at the Bloomsburg Foundry, Columbia county, Pa.

Coughs and Colds.

THESE very distressing complaints often lead into CONSUMPTION through neglect at the first attack. I would therefore advise those whose cough begins to be troublesome, and the expectoration scanty, with more or less soreness of the throat, difficult raising of the phlegm, &c., that they should immediately apply for a suitable medicine, which is Dr. DUNCAN'S EXPECTORANT Remedy for Consumption, &c. This medicine I have found in every instance to remove those unpleasant annoyances in a few days. *One single Bottle* will in most cases prove this assertion. Therefore, you who wish to escape the EARLY SEEDS OF CONSUMPTION, avail yourselves of this all important opportunity, and again enjoy the blessings of health. JAMES M. BIRCH, Kensington.

N. B. The above was left at the office by one who experienced the wonderful effects of the above medicine. Hundreds are there who thus express the joyful sentiments of their hearts in favor of such a valuable medicine as DR. DUNCAN'S EXPECTORANT REMEDY, that others may find relief from the same source.

To those Who Desire Health.

I hereby certify, that I was afflicted for eight years with a severe nervous disease, attended with constant pain in the breast, side and stomach, loss of appetite, no rest at night, sickness and dizziness in the head, pain in the stomach after eating, and other symptoms which attend indigestion, my bowels were weak and irregular. Having had advice of various physicians during this long period, and used much medicine which only produced temporary relief. In the year 1830, I was often unable to leave my house, and being a poor widow, dependent on my own labor for a living, was obliged to go from house to house to obtain it. I at length gave up all hopes of recovery, and trusted to Him "that created all things." I fortunately was favored with work in Eighth street, when the family, discovering my miserable situation, immediately recommended DR. HARLICH'S COMPOUND STRENGTHENING GERMAN APERIENT PILLS, which they procured for me. I used them, and continued for about three months: during the time my strength rapidly increased, my countenance and pale cheek returned to their former and natural colors. Since I have fully recovered, and at present enjoy perfect health. I feel it my duty to inform the public at large of the great virtues of DR. HARLICH'S MEDICINE, that others may procure it, and be likewise cured. I am well known in this city; any person wishing to see me, can call at my residence, MARY H. FOURSMAN,
Jackson street, back of 144 Poplar Lane.

HEPATITIS, OR LIVER COMPLAINT.

Liver complaint is described to be of two forms viz; *Acute and Chronic*, which are different in their seat and character, and are produced from ulcers of the Liver, which is diseased on the surface or in the centre. In the former, the patient is attacked with sudden pain, in the region of the Liver, so severe that even the bed clothes are insupportable; the patient cannot bear to turn or lay on his left side from the pressure exerted in that position of the inflamed organs. The latter may go on in such a manner that the first symtoms of Liver Complaint are those which mark the occurrence of suppuration. The Acute and Sub-acute varieties, almost always commence with some chilly feelings succeeded by heat of the skin, fevered tongue, having a yellowish appearance. Irregular state of the bowels, costiveness countenance changes to a pale or citron color, or yellow like those afflicted with jaundice, difficulty of breathing, disturbed rest, attended with cough, feverish symtoms, a dry and parched skin, difficulty of lying on the right side, urine scanty and high colored, the patient passes many bad nights and is frequently troubled with Diarrhœa, Tenasmus and Piles, nausea and vomiting, and has a considerable thirst. When the inflammation affects the peritoneal coat of the Liver the pain is much more intense and the fever higher than when confined to the Liver. In chronic affections it is uncertain in its termination; the pain is intense, attended occasionally with feverish symtoms, a dry and parched skin, irregular bowels, sallow countenance, frequent attacks of jaundice, the tongue is scarcely ever free from yellow fur, the appetite bad, and a corruption attacks the face and back, between the shoulders, &c.

DR. HARLICH'S Compound Strengthening Tonic and Aperient German Pills, will, in a majority of cases, produce a perfect cure, and if used at the very onset of affliction will in every case arrest the disease. This is not merely theory but fact, which can be substantiated by the testimonies of various persons who have witnessed the astonishing effects of this invaluable medicine. The diet must be attended to, and the warm bath must not be neglected when the patient can have access to it. Full and explicit directions are defined in the medicine pamplet which accompanies the medicine, and can be obtained gratis of any of the regularly appointed agents who sell this medicine.

Principal Office and General Depot for the United States, is at No. 19 North Eighth Street, Philadelphia, where all communications for Agencies, Advertising and Medicines must be addressed (post paid,) which will meet with immediate attention.

PRINCIPAL REASONS

Why Dr HARLICH'S Compound Strengthening and German Aperient Pills are used by all classes of people, in preference to other Medicines, because they are prepared from *a pure extract of herbs*, a wholesome medicine, mild in its operation and pleasant in its effect—the most certain preserver of health, a safe and effectual cure of Dyspepsia, Indigestion, and all stomach complaints, a preserver and purifier of the whole system.

Because they soothe the nerves of sensibility and fortify the nerves of motion, imparting to their most subtile fluid its pristine tone, thus giving strength and clearness of mind.

Because they never destroy the coats of the stomach and bowels, as all strong purgatives do.

Because science and experience teach us that a mere purgative alone will cure the disease of the stomach and nerves. Weakness is the primary cause of a host of diseases, and, by continually resorting to *drastic* purgatives, you make the disease much worse, instead of better.

Because Dr. Harlich's Medicines are put up on the common sense principle, to "cleanse and strengthen," which is the only course to pursue to effect a cure.—Lastly,

Because these Medicines really do *cure* the disease for which they are recommended. Principal Office for the United States, is at No. 19 North Eighth street, Philadelphia.
