OBITUARY.

Died. At Corning, Painted Post, Steuben Co., State of New York, Mrs. MARY COURTRIGHT, born in October, 1773—she departed this life September 9th, 1841, and was, therefore, within one month of being 68 years old. One of the first children of white parents born in Wyoming, a family that deeply suffered, herself a sufferer, it seems fitting that something more than the ordinary notice should be taken of her disease. Mrs. COURTRIGHT was the daughter of Mr. John Abbot, one of the earliest settlers in Wilkes-Barre township (Jacob's Plains). The place of her birth was the farm now owned and occupied by Mr. Robert Miner. On the first of July, 1778, her father being at work near the flats, near the river, heard the alarm-gun at Wilkes-Barre Fort, unyoked his oxen, and hastened to put his family in a place, at least, of temporary security. The British, the savages, and more savage Tories, were already on the heights on the opposite side of the river. Almost all the men proper to bear arms being withdrawn in the Connecticut line, below the mountains, in the Continental service, imperious duty demanded that every man who could carry a gun should rally to the standard raised by Col. Butler and Dennison, for the defence of the valley. Promptly answering the call, Mr. Abbot joined the little army, fought bravely, witnessed the melancholy overthrow of our people, but was one of the few who escaped. At first he retired, but he had a beautiful harvest ripening, and a large family wholly depending thereon for subsistence: he returned and endeavored by pious-woody exertions, to save at least a portion of the abundance with which Heaven seemed to have crowned his industry. Ambushed by the savages, Mr. Abbot and Mr. Isaac Williams, who was with him, were shot, maimed and scalped, (about a mile above Hollenback's Mill at the mouth of Mill Creek.) His house and barn were burnt.—His widow and nine orphan children, the oldest 15, the youngest an infant, expelled, without food or raiment, but the clothes they wore, and thus were forced to beg their bread to Wyndham county, Connecticut, from whence Mr. A. had removed. Then a little girl of 5 years old, Mary Abbot, the subject of this notice, accompanied the family on foot, 65 miles of the 300 being uninhabited and desolate wilderness. The sufferings and the sufferings of those gloomy days of war and woe, should not be forgotten. Mary was taken by her uncle Joseph Abbot, of Ellington, with whom she lived to the age of twenty, when she came back to the Susquehanna—was married to Mr. Lotz Courtright, a very worthy man of a very respectable family. They occupied for many years the house built on the ruins of where she was born (but burnt by the enemy)—increased her once desolate family re-assembled at Wyoming, married by plenty—she enjoyed many years of health and happiness. She has left 7 children. Mrs. Courtright had but recently gone to reside with her son-in-law, Mr. H. G. Phelps, at whose house she died. Her disease was bilious fever. A member of the Methodist Episcopal Church, her faith and hope in salvation were clear and almost the last words she uttered were the beautiful lines

Jesus can make a dying bed
So soft as downy pillows are.

NOTICE.—Of the children of Mr. Abbot, and who fled on foot through the wilderness, it may be regarded as an interesting fact, that six were living last July, their united ages exceeding 400 years.

PROSPECTUS OF THE DAILY KEYSTONE.

TERMS—\$2 FOR THE ANNUUM.

The undersigned being fully aware of the importance of having a Daily Democratic Paper, published at the Seat of Government of Pennsylvania, during the sessions of the Legislature, in compliance with the request of a number of their democratic friends, propose to publish the KEYSTONE DAILY, during the approaching session, on a Royal Sheet at the low price of two DOLLARS for the session, or two cents per single copy.

The great object to be attained by the publication of a Daily Paper at Harrisburg during the session of the Legislature, is to give reports of the Debates in the two Houses, on all important public questions, more at length than has heretofore been customary, and to get those reports out before the public, more expeditiously than by the slow process of a semi-weekly paper. There is an anxiety in the minds of the reading public to obtain the earliest information in regard to all public movements; and as the measures to be brought forward and discussed, at the approaching session of our Legislature, will be of the first importance, to the people at large, we conceive that there can be no more suitable time than the present, for the commencement of an enterprise of this kind.

As one of the proprietors of the Keystone is a professional stenographer, and has long been engaged as a Reporter in Congress, in the Convention to amend the Constitution, and in the State Legislature, he confidently hopes that he will be enabled to conduct the Legislative Department of the paper, in a manner entirely satisfactory to those members whose remarks he may report, and the public at large. He will be assisted by competent reporters, and will at all times attend in person himself to ensure faithful and accurate reports of debates in the Legislature. The other proprietor will take charge of the Editorial Department of the paper, and as he has heretofore had considerable experience in conducting a Democratic Journal, in another part of the State, he hopes to be able to make the Keystone acceptable not only to his political friends, but to the reading public.

We shall also have a correspondent at Washington, who will give a daily synopsis of the business transacted in the National Legislature; and an account of all the political movements, which may be made at the seat of the general Government.

As we shall incur a heavy expenditure, over and above our own labors, in getting up our Daily, and in employing Reporters, Correspondents, &c. we trust our friends throughout the State will exert themselves to give our paper as wide a circulation as possible.

The very low rate at which we have placed our Daily, will make it necessary for us to adopt the cash system, so far at least as it is concerned, and require payments to be made to it during the first month of the session.

The semi-weekly Keystone, (Double Royal size) will be published as usual during the session at two dollars.

Post Masters and others sending us five subscribers accompanied by ten dollars, will be entitled to a copy for their trouble.

PROSPECTUS OF THE DAILY STATE CAPITOL GAZETTE.

The editors of the State Capitol Gazette, at the urgent solicitation of numerous Democratic friends in almost every county of the Commonwealth, have come to the conclusion, to publish, during the sittings of the approaching session of the Legislature, the

STATE CAPITOL GAZETTE, DAILY.

The DAILY GAZETTE will be printed on a royal sheet of fine paper, which will be sufficiently large to contain full reports of proceedings of both branches of the Legislature. In carrying out our intention of publishing a daily paper at the seat of Government, we will of course subject ourselves to heavy expenditures, and will consequently expect the Democracy of Pennsylvania to rally round us, and sustain us in our undertaking. To enable us to give full reports of the proceedings of the Legislature, we have made arrangements for placing in each House a competent stenographer, the ability and professional experience of one of whom at least is universally admitted both here and elsewhere. In addition to this, we have engaged, at a considerable expense, the valuable services of our late Washington Correspondent, whose style of writing, the forcible, energetic, and fearless manner in which he laid bare the doings of Federalism, and the faithful predictions which he gave during the extraordinary session of Congress, is familiar to our numerous readers, many of whom have cheerfully admitted to us, in person, that "Clean" is one of the best political writers of the day, and have urged us again to procure his aid as our correspondent at the seat of the General Government.

As regards the future course of the Gazette, we deem it unnecessary to say more than that it will always be found as heretofore, a warm supporter of the great principles of Democracy, and battling faithfully for the welfare, promotion, and happiness of the People at large. The banking system, as it is at present conducted, believing, as we do, that it is calculated to spread distress, misery and ruin in every county where its polluting influence is felt, shall continue to meet from the Gazette the same determined opposition it always has met with, until the hired coalition and combinations of bankers, speculators, and stock-jobbers, shall be made to feel that the will of the people is supreme.

Having been the ardent and zealous supporters of the re-election of our present worthy Executive, DAVID R. PORTER, it shall be our pride and pleasure to give to his administration a firm, decided and honest support.

In publishing a daily paper, we are well aware of the heavy responsibility that will rest upon us as its editors and conductors. We are firmly convinced, however, that a Democratic daily paper at the seat of Government, is much needed, and at the suggestion of our Democratic friends, we have been induced to commence the undertaking, provided a reasonable encouragement is given to warrant it. The very moderate terms at which we offer our daily paper to subscribers, must convince every one that the object is not to realize therefrom an extravagant compensation for our labors. On the other hand, we shall be perfectly satisfied if our expenses do not fall behind our income.

The terms of the DAILY GAZETTE are such as will compel us to adopt the CASH SYSTEM, which rule will be strictly adhered to.

The semi-weekly STATE CAPITOL GAZETTE (double royal size) will be published as heretofore, during the sitting of the Legislature.

Any person sending us five subscribers accompanied by ten dollars, shall receive a copy for their trouble, gratis.

Persons subscribing for either of the above papers, are requested to send in their orders on or before the 25th of December.

Cured by Dr. Harlick's Celebrated Medicines.

MR. WILLIAM MORRISON, of Schuylkill

Sixth street, Philadelphia, afflicted for several years with the above distressing disease—sickness at the stomach, headache, palpitation of the heart, impaired appetite, acrid eruptions, coldness and weakness of the extremities, emaciation and general debility, disturbed rest, a pressure and weight at the stomach after eating, severe flying pains in the chest, back and sides, costiveness, a dislike for society or conversation, languor and lassitude upon the least exertion. Mr. MORRISON had applied to the most eminent physicians, who considered it beyond the power of human skill to restore him to health; however, as his afflictions had reduced him to a deplorable condition, having been induced by a friend of his to try Dr. HARLICK'S Medicines, as they being highly recommended, by which he procured two packages for a trial; before using the second package, he found himself greatly relieved, and by continuing the use of them the disease entirely disappeared—he is now enjoying all the blessings of perfect health.

NEW LIGHT.
Webb's Patent Camphine Oil BURNERS.

The subscribers respectfully inform the citizens of Columbia, Northumberland and Union counties, that they have purchased the sole privilege of using, manufacturing and vending the above named articles in the aforesaid counties. They have just received a large assortment of lamps of every description, consisting of

ASTRAL, TABLE SUSPENDING AND SIDE LAMPS

which they offer for sale at reasonable terms. This light is a new invention, and is superior to any thing yet discovered for illuminating large and small rooms, and dispelling the darkness of the night. It is inferior to nothing save the light of the sun; wherever it has been introduced, it has outdone every thing of a luminous nature, and seems about to become the light of the world.

Its prominent superior qualities are brilliancy, richness, splendor, clearness, and last but not least, cheapness. The wick keeps entirely free from dirt, and the lamps are easily kept in order. In the cities of Philadelphia and New York it has been substituted very extensively for gas, on account of its cheapness, and because it is not so injurious to the eyes.

Directions for using will be furnished to all who buy, and orders from a distance promptly attended to.
