Works of Nature.

IN a state of health the intestinal canal may be compared to a river whose waters flow over the adoming land, through the channels nature or art has made, and improves their qualities; and to keep terproof Boots, Ladies' Lace Boots, and a variety of up the comparison of the river, so long as it runs on smoothly the channels are kept pure and healthy; but if by some cause the course of the river is stopped, then the water in the canads is no longer pure, but soon becomes stagment. There is but one law of circulation in nature. When there is a superabundance of humorial fluid (screeity) in the intertinal tashes, and costiveness takes place, it il ws back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and tho e of its tributary stream. With the body, follow the same natural principal remove, by that valuable purgative medicine Brandreth's Universal Vegetable Pills, which are an effectual assistance of nature, the superabundance of humors in the intestine canal. By persevering in this practice, the ways of the circulation will then be restored to the full exercise of their natural functions, and a state of health will be firmly establish ed Remember, never suffer a drop of blood to be taken from you - Evacuate the humors as often and as long as they are degenerated, or as long as you are sick.

Dr. Brandreth's Office in Philadelphia, is at No. 8, NORTH EIGHTH street, where his pills can be had at 25 cents per box, with full directions. Only agent in Sunbury, is H. B. Masser Esqr. Sundary, Sept. 4, 1841.

WINSLOW'S BALSAMOF HOREHOUND.

N unparelleled remedy for common Colds, A Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to consumption; composed of the concentrated virtues of Horchound, Bonset, Blood Root, Liverwort and several other vegetable substances, Prepared only by J. M. Winslow, Rochester, New

The innocence and universally admitted pectoral virtues of the Herbs from which the Balsam of Horehound is made, are too generally known to require recommendation; it is therefore only necessay to observe that this Medicine contains the whole of their Medicinal properties, highly concentrated, and so happily combined with several other vege-table substances, as to render it the most speedy, mild and certain remedy, now in use, f r the com-

plaints above mentioned. The Balsam removes all imflammation and soreness of the Lungs, loosens tough visid phlegm, enabling the patient to expectorate with ease and freeders; Emerson's Geography and History; Olney's | dom, assuages cough, relieves athmatic and difficult respiration, heals the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a

speedy and tasting cure. INGRATITUDE IS THE BASEST CRIME IN MAN .-We are not among that class of Editors who for a few dollars will, (at the expense of truth and to-nesty) "crack up" an article and bring it into rapid sale; neither are we willing to remain silent, after having tested the utility of an improvement or discovery in science or art .- Our readers will recollect we told them we were unwell with a sore throat and violent cold some few weeks ago. Well, we pur chased two bottles of WINSLOW'S BALSAM OF HOREHOUND, and so sudden was the cure, that we forgot we ever had a cold. Those who are afflicted, may try it upon our recommendation.

EDDIES LECTIONS THIS MACHINE AGAINST THE WORLD.

IMPORTANT TO FARMERS.

AVENPORT'S Improved Parent Threshing Machine and Horse Power, which threshes and cleans at the same time-an invention for which Farmers have long looked in voin, and which renders the above machine perfect and past further improvement. Those who have been waiting for something better than beretofore offered for sale, will find this to be the article. Come see it and fudge for yourselves.

The subscribers have purchased the right of the above Machine and Horse Power, for the counties of NORTHEMBERLAND, LYCONING, CLINTON. and UNION-and also, the privileges of vending them in any other places for which the right has not been previously sold.

The advantages which this Machine has over all others invented are many and obvious. One boy and three men can do all the threshing and cleaning of 150 bushels of wheat in one day-and this usually takes seven hands one day and three the next. For field threshing it takes the lead of any thing in this world-no grain is scattered or

Such is the superiority of the Horse Power, that three horses can thresh as much with it as four can with any other. The Machines and Horse Power will be sold

together or seperate, to suit purchasers. Made and sold in Milton, by the subscribers, WM. WELCH.

WM. H. POMP, HENRY FRICK.

Milton, April 17, 1841.

RECOMMENDATION:

THRESHING & WINNOWING MACHINE. Having had in use, one of Davenpon's Patent Threshing and Winnowing Machines, and being repeatedly-called upon for our opinion in regard to their value, durability and advantages, we make, free to state, that they exceed in our opinion, any

Threshing Machine we ever before witnessed in use. They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an incline plane, exending about 12 feet from the Machine. Scarcely a grain is lost. What is of some importance and greatly so, is the fact that no dust passes from the Machine to the man who feeds it. The Horse power seems to be perfection itself-three horses may work it with ease and their fastest gait need only be the ordinary plough gait. We must cheerfully recommend the Machine to Farmersthey are manufactured in Milton by Messrs, Welch Pomp and Frick. PHILIP HILGERT.

IMPORTANT

HE Undersigned take pleasure in submitting to the public the following Recommendations of Pratt's Cast Iron Smut Mill and Grain Huller to all dealers in Grain and manufactors of Flour, be lieving it to be superior to any thing of the kind ever off red to the public. All orders addressed to Col. J. M. Padden, Lewisburg, Union county Pennsylvania. EBENEEZER SQUIRE, JACKSON MITADDIN.

CERTIFICATES:

Monte's Mill, Centre Co., March 30, 1841.

J. M'Farrix—Sin: I cheerfully testify to the goodness and darshility of Pratt's Cast Iron Smut Mill and Grein Huller, as being a far superior article for the cleaning of smut and all other impurities that I have ever seen, and I have been engaged in the manufacture of Flour for a great many years. med have always tried to have the best apparatus for manufacturing that could be got, and do say that the above machine is the best apparatus I believe now JOHN MOATZ.

Bloomsburg, Dec. 26, 1840, Cor. 3. M. FADDIN-SIR! In reply to your lavor, received a few days since, I have only to say, that the fact of my having introduced into each of the four mills that I am concerned in, one of Pratt's Cast Iron Smut Miffs, is the best evidence I can give you of their utility, Yours truly, WM. M.KELYY.

Million, March 17, 1841.

J. M. Farmis-Sin: I do bereby certify without any hestation, that Pratt's Smut Mill and Grain Huller is the most perfect muchine to cleanse grain of smut and all other imperfections, that I have ever seen, and I believe I have seen all the kinds that are now used in Pennsylvania, and I must say that there is nothing of the kind ever been invented that will me in competition with it. Gro. Eckent. Cor. J. M.Fappis-Sin: During the past 24 years I have been constantly engaged in manufac-

turing flour, and during the last 12 years have been the owner of a grist and flouring mill, and among all the contrivances to remove impurities from grain I am decidedly of the opinion that Prat's fron machine is superior to any with which I am acquainted, baving used one in my mill about eighteen FREDERICK HARS. months.

Vorkshire Mills, Dec., 1840. I want in my flouring mill as good an apparatus to prepare grain for flouring, as the best, and I want no better then Pratt's Cast Iron Sunn Mill. It will remove smut entirely-no mistake.

Sunbury, December 22, 1840, Con. J. McFannix-Sin: Thave in my million of Pratt's cast and wrought iron spiral Smut Mills and Grain Huller, and am confident that in regard to simplicity of construction, and durability of material, it is superior to any I am requainted with,

HENRY MASSER. Bear Gap Mills, Dec. 22, 1840. Con. J. McFamers - Sin: I have in my flouring mill one of Pratt's Cast Iron Spiral Smut Mills and I am decidedly of the opinion that it is the best machine to prepare grain for flouring that I am acquainted with, and as such cheerfully recommend it to all who are engaged in the manufacture of flour. JACON LEISENBING.

Auronshurg, March 23, 1841. Cot. J. M. Paners - Sin: I take pleasure in saying that Pratt's Cast Iron Smut Mill is one of the best improvements for the cleaning of grain of all kinds, that has yet come under my observation, and that I beheve it for superior to any thing of the kind ever invented. You may use my name in any way O. P. DUNCAN.

you think proper, Union Mell, Jan. 14, 1841. This is to certify that I have had Pratt's Cast and wrought iron Smut Machine and Grain Huller in use for better than 12 months, and find it to answer every purpose that it was intended for. Smut can be taken out of wheat-I believe every particle of it can be taken out without breaking the gram of Juny PLANTE.

Auranslung, March 23, 1841. Cor. M'Taputs-Sin: I have been engaged in manufacturing Superfine Floor for many years, and have at this time one of Pratt's Smut Mills in each of my mills, and I do hereby recommend them as the most valuable improvement for cleaning wheat of smut and all other impurities, that I am acquainted JAMES DUNCAN.

Cot. M.Farrin-Sin: I have been engaged in the manufacturing of flour for 28 years, and most cheerfully recommend the above machine, as being by far the best apparatus for cleansing grain that I have ever used or seen. I consider it an indispensible article for any mill that pretends to do any bu-Joun Fishen. Stricks.

Aqueduct Mills, Dec. 24, 1840. Cor. J. M. Farmis-Sin: Prait's Cast Iron Smort Mill was introduced into my mill about three years since, and I believe it is the lest article of that kind now in use. It will not only remove snout enterely, but is a most valuable apparatus to clean wheat and rye of any character, and prepare it for BENJAMIN BOONE. flouring.

Lewisburg, Dec. 22, 1840. Cor. J. M.Fannin-Sin: After a careful and candid examination and trial of the machine, in regard to construction, neatness and despatch in execution, economy in price, and power to set in operation, I am fully convinced and satisfied, that the machine above alluded to, is second to no one in J. Monnow,

Miller and Flour Manufacturer. Cottowissa, December 25, 1840. Cos. J. M. Fannin-Sin: Penti's Cast and Wrought Iron Spiral Smut Mill and Grain Huller, consider to be the best machine to remove smut and other impurities to which grain is subject, that I have used, or with which I am acquainted, in regard to durability of material, simplicity of construction, neatness and despatch in execution.

Joseph PANTON. N. B. The above machines are manufactured at the Lewisburg Foundry, Union county and at the Bloomsburg Foundry, Columbia county, Pa.

HENRY YOXTHEIMER. Consumption and Bleeding at the

Lungs cured, By the use of Dr. Duncau's Expectorant Remedy, was taken when at the age of sixteen with a slight cold, which she neglected until the lungs fell a prey to that seeking destroyer, consumetion: when application to a physician was made, but to no effect. He considered her case a hopeless one, and prescribed but hithe medicine for her. In the meantime she discharged great quantities of blood, with much expectoration of thick phlegm and cough. Her bodily frame at length b came reduced to a living skeleton. Her last was anxiously looked for by her friends, that her sufferings might and by the pangs of death. During the time her physician frequently called, and as the last resource, determined to test the virues of Dr. Dune an's Expecto-RANT REMEDY, having notic d some extraordinary cure perfumed by the medicine in similar cases. He at once obtained two bottles and administered it to her. The fourth day he found some change, which gave hopes. He continued giving the medicire for eighteen days; at that time she was rendered able to be walking in her bed chamber, to the astonishment of her friends and relatives. She continued using the medicine for eight weeks, when she declared herself entirely free from disease and pain, and now pursues her daily occupation in per-

To the Public.

DR. HARLICH'S PILLS The superiority of Dr. HARLICH'S PILLS over any other medicine that has ever been offered to the public, is, that they cleanse and purify and strengthen. These are important items, and their importance should not be overlooked. The system a liable, from improvidence and nigl et, to accumulate bile, and a variety of diseased humors. To purge the system of these impurities, should be early attended to. If it be neglected, the patient may be subjected to painful disease, and protracted suffering. THE GERMAN APERIENT PILLS are admirably suited to this purposebut more than this - while they CLEASSE the system they remark the atoon, and assist nature kindly in her operations. The Concurs STRENGTRENING PILLS gives tone to the stomach, while they impart vigor to the whole system; hence they are a desideratum, and no family should remain with ut them. In fact they are a seet of "F-mily Physician," but unlike the "school men" -for those falls may be safely consulted in AST. cases—they may be taken without injury in anywhile they affind positive relief in many. We only ask fir a fair trial of their merits, and are willing to abide the issue.

Dec. 18th 1841. Consumption! Consumption!! DR. DUNCAN'S EXPECTORANT REMEDY

S an infalable remedy for accesting Pulmonary S an intalable remedy for arresing constaints, Colds, Coughs, Spitting of Blood, difficulty of Breathing, Bronchius, soreness of the Phroat and difficult Expectoration. Weaknesses, Debil ty, Liver Compliant, and all other affections of a consumptive nature. This medicine has a decided advantage over most preparations of the kind, as it regulates the bowels, and strengthens the constitution; and does not bind up the system and encourage intemperance, as most of the medicines

do, by the fatal opintes alcohol combined in them, Such medicines have a great tendency to bring misery and distress, and even death upon many valuable citizens. We find by the weekly records of the bills of mortality, that three fourths of the humon souls who so suddenly departed from their dearest friends and relations, have been swept off by that fatal and fell destroyer, Consumption, when many could have been saved if they had used a proper medicine. Fellow beings who yet dwell with us, and are afflicted with the premonetary symptoms of this disease, procure immediately Dr. Duncan's Expectorant Remails before it be too late, soon pass off without the use of proper medicine, by such negligence, you may soon be led to know Publi hed every Wednesday, at 79 Dock street.
