Works of Nature.

IN a state of health the intestinal canal may be compared to a river whose waters flow over the adjoining land, through the chaptels nature or art has made, and improves their qualities; and to keep up the comperison of the river, so long as it runs on smoothly the channels are kept pure and healthy; but if by some cause the course of the river is stopped, then the water in the canals is no longer pure. out soon becomes stagment. There is but one law of circulation in taxture. When there is a superabundance of humorial fluid (acrocity) in the intertinal tubes, and costiveness takes place, it fl ws back into the blood vessels, and infiltrates itself into the circulation. To establish the free course of the river, we must remove the obstructions which stop its free course, and tho e of its tributary stream. With the body, follow the same natural principal; r move, by that valuable purgative medicine Brandreth's Universal Vegetable Pills, which are an effictual assistance of nature, the super-bundance of humors in the intestine canal. By persevering in this practice, the ways of the circulation will then be testored to the full exercise of their natural functions, and a state of health will be firmly establish Remember, never suffer a drop of blood to be taken from you-Evacuate the homors as often and as long as they are degenerated, or as long as

you are sick. Dr. Brandeeth's Office in Philadelphia, is at No 8, NORTH EIGHTH street, where his pills can be had at 25 cents per box, with full directions.

WINSLOW'S BALSAMOF HOREHOUND.

N unparelleled remedy for common Colds. A Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to consumption; composed of the concentrated virtues of Hor hound, Bonset, Blord Root, Liverwort and several other vegetable substances. Prepared only by J. M. Wissiow, Rochester, New

The innocence and universally admitted pectoral virtues of the Herbs from which the Bulsam of Horehound is made, are too generally known to require recommendation; it is therefore only necessary to observe that this Medicine contains the whole of their Medic nal properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, f r the com-

plaints above mentioned. The Balsam removes all imflammation and soreness of the Lungs, loosens tough visid phlegm, enabling the patient to expectorate with case and freedom, assuages cough, relieves athmatic and difficult respiration, heals the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a

s; cedy and tasting cure. INGUATITUDE IS THE BASEST CHIME IN MAN .-We are not among that class of Editors who for a few dollars will, (at the expense of truth and honesty) "crack up" an article and being it into rapid sale; neither are we willing to remain silent, after having tested the utitty of an improvement or discovery in science or art .- Our readers will recollect we told them we were unwell with a sore throat and violent cold some few weeks ago. Well, we purchased two bottles of WINSLOW'S BALSAM OF HOREHOUND, and so sudden was the cure. that we forgot we ever had a cold. Those who are afflicted, may by it upon our recommendation. IMPORTANT TO FARMERS.

AVENPORT'S Improved Patent Threshing Machine and Horse Power, which threshes and cleans at the same time-an invention for which Farmers have long looked in vain, and which renders the above machine perfect and past further improvement. Those who have been waiting for something better than beretofore offered for sale, will find this to be the article. Come see it and fudge for yourselves.

The subscribers have purchased the right of the above Machine and Horse Power, for the counsties of NORTHUMBERLAND, LICONING, CLINTON, and Union-and also, the privileges of vending them in any other places for which the right has

not been previously sold. The advantages which this Muchine has over all others invented are many and ol views. One boy and three men can do all the threshing and cleaning of 150 bushels of wheat in one day-and this usually takes seven hands one day and three the next. For field threshing it takes the lead of any thing in this world-no grain is scattered or

Such is the superiority of the Horse Power, that three horses can thresh as much with it as four can with any other.

The Machines and Horse Power will be sold together or seperate, to suit purchasers. Made and sold in Milton, by the sul scribers.

RECOMMENDATION:

Having had in use, one of Davenport's Patent Threshing and Winnowing Machines, and being repeatedly called upon for our opinion in regard to their value, durability and advantages, we make, free to state, that they exceed in our opinion, any Threshing Machine we ever before witnessed in They will thresh and clean, fit for market 200 bushels of Wheat per day, and this with the aid of three hands besides the driver. The Straw is passed off from the grain on an incline plane, exand greatly so, is the fact that no dust passes from use. the Muchine to the man who feeds it. The Horse power seems to be perfection itself-three burses may work it with ease and their fastest guit need only be the ordinary | lough gait. Dyspepsia of Ten Years Standing. AM truly happy to state to the afflicted community that a member of my family was afflicted

for ten or twelve years with the above distressing disease. The symptoms were great oppression atter eating, acidity at the stomach, a severe pain in the side and breast, sick headache, mental despondency, with other symptoms, during which time numerous remedies were procured without obtaining much relief. Having heard of the good effects of Dr. Hanlich's Compound Strengthening and German Aperient Pills, I was induced to give them a trial, which I am happy to state that by using one box of the German Aperient Pills, accompanied by the Strengthening Tonic Pills, that they have nearly eradicated the disease. Dr. Duncan's Expectorant Reme-

ROM the Quack Syrus and Paragoric Compounds which have of late become a burden to the public health, and a suspension to the purse. Why is it that these medicines are taken repeatedly by the sirk without removing the complaint in question ! The reason is plain and simple, viz :-Because they are composed chiefly of opium and its spiritual preparations which acts on the system is a powerful stimulating anodyne, and by using repeatedly, the system becomes habituated to its nare-tic influence, as of those who are given to

intemperance. This fact has become apparent to thousands who have experienced the fatal effects of such medicines, and commenced using Dr. Dencan's Expecto-HANT REMEDY, which is entirely free from opium and all other poisonous ingredients, and is used with perfect sufaly by all under any circumstances. It unmediately relieves the distressing coughstrengthens and invigorates the nervous system, causing the settled contagious matter to leave its hold from the lungs, and be discharged by the power of Expectoration. To the Public.

DR. HARLICH'S PILLS The superiority of Dr. HARLICH'S PILLS o-

ver any other medicine that has ever been offered to the public, is, that they cleanse and purify and strengthen. These are importent items, and their importance should not be overlooked. The system is liable, from improvidence and neglect, to accumulate bile, and a variety of disease! numors. purge the system of these impurities, should be early attended to. If it be neglected, the patient may be subjected to prinful disease and protracted suffering. THE GERMAN APERIENT PILLS are admirably suited to this purpose—but more than this—while they CLEANSE the system they regard the stoop, and assist nature kindly in her operations. The Conround STRENGTHENING PILLS gives tone to the stomach, while they impart vigor to the whole system; hence they are a desideratum, and no family should remain without them. In fact they are a sort of "Femily Physician," but unlike the "school men" -for these Pills may be safely consulted in ALL cases—they may be taken without injury in any—white they afford positive relief in many. Wa only ask for a fair trial of their merits, and are will-
