Correspondence of the Sunbury American.

Mr. Enton.—The resumption of specie payments by the Banks is now the all absorbing subject before the Legislature. The House last week passed a bill to compel the Banks to resume immediately. This bill contained a section which relieved the banks which have issued notes under the "Relief Bill," from receiving them in payment of debts or on deposit. This provision was intended to operate as a repayment of the loan made to the state by the banks, under the relief bill, without which it is universally conceded, that the accepting banks cannot be compelled to resume. The effect of the provision was most disastrous to the holders of the relief notes, as they immediately fell to 30 and 40 per cent. below par, and the laborer who had received them in payment of his hard earned wages, was obliged to go to the broker and lose 40 cents on the dollar, before he could purchase the necessities of life. However, these notes are again at par, since the committee of the Senate to whom the House bill was referred, have reported an entirely new bill, containing a very different provision in relation to them. The Senate bill provides for a gradual resumption, the banks being compelled to pay five per cent. of their capital in specie every 90 days. This bill is now under discussion in the Senate, and will undergo considerable changes before it passes this body, and then I do not think it will meet the approval of the House. Any bill which may pass, will be a mere nullity so far as it relates to the banks who accepted of the "Relief Bill," unless there is some provision made to repay these banks the loan made to the Commonwealth under that law, for it expressly stipulates that they shall not be called upon to resume until this is done. Members of the legislature understand this very well, but like their predecessors, they are legislating for political effect, preferring their own political advancement to the true interests of the people. Hence every one almost votes for a bill to compel the banks to resume forthwith, knowing well that it will not operate upon the accepting banks, who have 2/3 of the banking capital of the state. Thus the people are to be humbugged. There will be no resumption until the banks choose, just because representatives will not meet the question fairly, and dispose of it honestly.

Col. Wright's bill to stay collection of all debts by execution for six months, doesn't meet with much favor. It has not yet passed the House.

A bill to remove the seat of justice of Columbia county from Danville to Bloomsburg, is pending before the House, and I think will pass there, but not in the Senate. A great many citizens of both places are here, and the contest will be a warm one.

No provision has yet been made for the payment of the debts due to contractors for their labor, nor is it a subject which engages much of the attention of our wise legislators. They make one grand flourish to compel the banks to pay, but how the state is to raise the money to pay her debts, and keep the wheels of government in motion, is a matter about which they seem to know little and care less.

The interest upon the state debt was paid yesterday and to day, at the Bank of Pennsylvania, and it is supposed that the injunction upon the bank will be taken off, and she will re-open her doors.

Your's, &c.

RESUMPTION.—If the subject, from the Pittsburgh Advocate, be true, one Bank at least has commenced specie payments upon her deposits.

A deposit of Spanish French and English coins, amounting, it is said to one thousand dollars, was found by some boys on Wednesday, on the bank of the Monongahela river, near the Gas Works. A general scramble ensued. One boy, it is said, secured upwards of two hundred dollars. As the bag in which they were found was quite rotten, it is presumed they must have been buried a considerable time.

BANK SPILT.—The great marble building in Wall street erected by the United States Bank, and now owned by the Bank of the State, is being split in two by means of the erection of a centre wall, and is to be hereafter occupied by the Bank of the State and the Bank of Commerce.—N. Y. Jour. Commerce.

Tolls on Mineral Coal.

In our last paper a statement from the Auditor General was given purporting to show the tolls collected on anthracite coal, on the Susquehanna division of the State canals. As there was a slight error in the statement, (the amount being put too low,) we publish below a corrected statement.

Tolls at Wilkes-Barre	\$ 9,215 56
" Berwick,	16,500 00
" Northumberland,	7,788 64
" Liverpool,	6,192 77
" Pottsville,	1,508 18
" Harrisburg,	1,411 80
	\$12,917 15

It will be seen that anthracite coal, on the Susquehanna division alone, last year, paid in tolls nearly the interest of one million of dollars at five per cent.

On the Delaware division of the State works, the Lehigh, on anthracite coal paid \$48,663 00 of tolls.

The West Branch and Juniata bituminous coal paid \$13,303 00 tolls on the State canals. The whole amount of tolls collected on mineral coal during the last year, was therefore, as follows:

Susquehanna and Juniata Divisions,	\$56,220 00
Delaware Divisions,	48,003 00
	\$104,223 15

The Governor stated in his annual message, that the tolls on the public works during the last year amounted in all to \$762,360 00.

Thus we see that the tolls on coal, amounted to about FIFTEEN PER CENT. of the whole amount of tolls collected on the State works. Should an article so profitable to the State as well as the people be fettered by an EXCISE TAX of 20 per cent. on its value as soon as it reaches daylight at the mouth of the mines?—(Pen. Intelligencer.

Juvenile Financiering.

The Journal of Commerce in article intended to show that the boys of New York are no sturges needles, mentions the following instance of juvenile financiering which almost deserves a service of plate.

The other day a boy made a hard bargain with a carman to go to a certain street and haul a load of merchandise. The bargain being made, the boy jumped on the cart and away they drove. They had proceeded a few rods, when the boy suddenly told the driver to stop, for he must go back to the corner and buy something which he had forgotten. So off he ran to the shop, and in a few minutes came running back to the driver, saying "Lend me three shillings a minute, will you? they can't make change in the shop." The carman handed out half a dollar. "What will do," said the boy, and ran for his shop again, but the carman has not seen him since.

PERFECTLY SATISFACTORY.—A duel was fought at Johnsonburg, Ky. a few days since, between a Dr. Nottes and Mr. Bradwick, a lawyer. A woman was the cause. They fought at twelve paces with rifles, and both shots were fatal.

MAGAZINES.—Godey's Lady's Book is said to have 40,000 subscribers.—Graham's Magazine 88,000— and Snowden's Lady's Companion 20,000.

THE THREE KINGDOMS.—The world we inhabit is divided into three grand departments, named the Mineral, the Vegetable, and the Animal kingdom.

The first named forms the base of the other two; thus the vegetable kingdom derives life and nutriment from the mineral, and the animal kingdom is supported by the vegetable.

No mineral substance can become a part of an animal body, because it cannot be digested. Quick-silver is a mineral, 'Calomel' is a sublimated quick-silver; therefore calomel cannot be digested, but when lodged in the body acts as a corroding poison.

Instead, therefore, of calomel, use *Brandreth's Vegetable Universal Pills*; because they are a medicine extracted entirely from vegetables, and known by long experience to be perfectly innocent, and yet of more power as a purgative, or cleanser of the alimentary canal, than any other medicine.

Their effect on the system is no easy that it is a remarkable fact that the same dose may be given to an infant or adult, without the possibility of doing any injury—but on the contrary, good.

Liver Complaint.

Cured by Dr. Harkley's Compound Strengthening and Aperient Pills.

MR. WILLIAM RICHARDS, Pittsburg, Pa., entirely cured of the above distressing disease. His symptoms were pain and weight in the side, loss of appetite, vomiting, acid eructations, distension of the stomach, sick headache, forced tongue, countenance changed to a sallow color, difficulty of breathing, disturbed rest, attended with a cough, great debility, with other symptoms indicating a derangement of the functions of the liver. Mr. Richards had the advice of several physicians, but received no relief, until using Dr. HARKLEY'S Medicine, which terminated in effect cure.
