THOSE who enjoy health, must certainly feel blessed when they compare themselves to those sufferers that have been afflicted for years with various diseases which the human family are all subject to be troubled with. Diseases present themselves in various forms and from various circumstances, which in the commencement may all be checked by Dr. O. P. Harlich's Compound Strengthening and German Aperient Pills,-such as dyspensis, liver complaint, pain in the side, rheumatism, general debility, Female diseases, and all diseases to which human noture is affected. Directions for using these Medicines always accompany them. NS. MARY BOWERS, wife of Henry Bowers, was for a length of time afflicted with a "Pulmonary Complaint," which defied the united skill of several emment physicians. She hearing of the "Expectorant Remedy," was induced to give it a trial. Her symptoms were those of Phthisics Pulmonalis, or Pulmonary Consumption, viz: a dry backing cough, pain in the breast and sale, impaired appetite and great thirst, hectic fever and night sweats, with much debility and weaknesse. She is happy in saying that after using three bottles of the Expectorant Remedy, she began to have hopes of a speedy recovery; her strength gradually increased until she had used three bottles more, when she felt entirely restored,

HENRY YOXTHEIMER,

### April 23d, 1842. Dyspepsia. WE have frequently witnessed the ravages of this disease, and have heard and read of ma-

ny reroedies, but far oftener saw them fail than result in success. The writer, however, of the letter to the agent of Dr. Harlich's Compound Strengthening and German Aperient Pills, has long been known to us, and fr in an invalid, as he is delineated, we now know and meet him daily as a hale hearty man. Though no advocate of nostrums of any kind, we cannot withhold a notice of what we consider the efficacies and virtues of Harlich's Compound Strengthening and German Aperient Pills. the case before us is a living monument to both --Spirit of the Tomes.
