

Congress from the great central Northern District by some twenty majority in more than twenty thousand votes. Before this he had been sometime Comptroller of the State Finances, and in 1830 he was chosen a United States Senator, which post he has since filled with credit and ability. His second term expired with the present Congress.

Mr. Wright has thus far been content to act as lieutenant and confidential aid to Mr. Van Buren, though the latter is far his inferior in talent, energy, and every manly attribute of the Statesman. Now it is understood that the eminent Senator is about to take the field for himself.

THE TARIFF.
The intelligent Washington correspondent of the New York Express writes as follows on the subject of the Tariff question before Congress:

There are three reports now before the House upon the subject of the Tariff. They come from the administration proper in the form of the report of the Secretary of the Treasury, from the North and the Committee on Manufactures in the Report of Mr. Saltonstall of Massachusetts, and from the South in the report of Mr. Habersham of Georgia. The centre and the extremes of the Union, therefore, have spoken.

I do not much apprehend any action unfavorable to any class of persons in disposing of this important subject. While the manufacturers will not get all they ask for, the free trade men will get nothing. Revenue will be the great object of all, but a sufficient Revenue for the support of the Government, embarrassed as the Treasury now is, and burdened with a heavy debt, as the country is, must be the question of an imposition of duties far beyond 20 per cent.

All iron articles, it is proposed, shall pay a duty of 20 per cent; silk and worsted goods the same; hats and bonnets of Loughorn, chip, straw, or grass; flax, braids, &c.—also, those of fur, wool, leather, the same; copper, brass, tin, pewter, lead, marble and wood manufactures, the same. So, also, nearly all kinds of wares and furniture, pig iron and old scrap iron, pay a duty of fifty cents; shoes and boots from 15 cents to \$1.25 per pair, and so on. The Bill of the Secretary of the Treasury, to which I am referring, is most likely to conform to the wishes of the majority in Congress than any other.

SPECIAL.—Within the last week about \$260,000 has been delivered in this city on account of the Santa Fe traders. We presume a considerable portion of this sum will find its way into the pockets of our manufacturers for Pittsburgh goods.

Dr. Lardner is making his fortune out of his scientific lectures. He was better patronized here, it appears, than in any other city. His receipts are stated to have been as follows:—Boston, 21 lectures, proceeds \$1,500; Philadelphia, 13, \$4,000; Baltimore, \$700; Washington, 6 \$500; Providence, 4, \$450; New York, 20, \$3,000. Aggregate receipts in six months, \$12,050.—*Philad. Evening Gazette.*

The advertising custom of the London Times newspaper, is stated to amount to one million two hundred and fifty thousand dollars per annum.

We quote Md. Corn to-day at 52 a 54 cts. for yellow, and 52 a 54 cts. for white. Sales of Pennsylvania yellow on Saturday and to-day at 53 a 54 cts. Sales of Md. Oats on Saturday at 40 a 42 cts. and of Pennsylvania to-day at the same price.

PROVISIONS.—The price of good to prime western Bacon ranges from 3 $\frac{1}{2}$ to 4 cents for assorted; Hams are held at 5 a 7 $\frac{1}{2}$ cts.; Sides at 3 $\frac{1}{2}$ a 3 cts., and Shoulders at 3 a 3 $\frac{1}{2}$ cts. No. 1 Western Lard in kegs is held nominally at 6 $\frac{1}{2}$ cents. No sales.
WHISKEY.—Moderate sales of blbls. at 18 $\frac{1}{2}$ cts., and of blbls. at 19 $\frac{1}{2}$ cts. The wagon price of blbls is 46 cts., exclusive of the barrel.

Acrostic.
Bleed if you will! take pounds of Calomel!
Bleed on all the tales your Doctors tell!
Ask them if they can't cure you by the rules
No doubt they have acquired in learned schools,
Deny no drugs they give you—all they try,
Rest satisfied with this—you can but die!
Except you rather shun the hand which kills—
Then try—then try what! Why, then try *Brandell's Pills.*
Hundreds, nay thousands, now of health possessed—
Saved from untimely graves—their worth attest.
Pay cheerfully and of your Doctor's fees—
Inhabit still the mansion of Disease!
Least you had rather shun expensive bills,
Long bouts of sickness, and all human ills,
Spend, then, two lives and get *Brandell's Pills.*

More Proofs
Of Dr. Harlick's Compound Strengthening Tonic and German Aperient Pills.

MR. JOHN ROBERTSON, of Columbia county Ohio, is happy to state to the afflicted that the great benefit he received from the use of these invaluable medicines. Being afflicted for five or six years with a *Bilious and Nervous* affection and its natural consequences, during which time I procured many medicines, but always found them to aggravate the disease in a greater measure. Seeing these medicines performing cures on many of my friends, I was induced to give them a trial. Happy am I to say that the good results were soon visible which entirely cured me of that dreadful and peace-deceiving disease. I really hope that those similarly afflicted will see the necessity of quitting the use of such vile and drastic compounds as some that appear in the public prints, which I am fully persuaded almost cost my life, besides bringing on the piles, which far more increased my disease. I have been cured by many of my intimate friends, that the same vile compounds fixed them the same way. I feel confident that if persons use these "Drastic Medicines" according to their directions that they will give any person the piles.

When commencing with Dr. Harlick's Medicines, I found them to be an invention, viz: an Aperient Medicine, to carry off all diseases and impurities from the system, accompanied with a "Strengthening Tonic" medicine, to give strength and tone to the system and reanimate the functions of the animal economy. These medicines are truly invaluable, and the best extant.

The best method for the Abolition of Disease is to cleanse and purify the Body.
WRIGHT'S INDIAN VEGETABLE PILLS
OF THE
North American College of Health.
Are now acknowledged to be the best Medicine in the World for the cure of
EVERY VARIETY OF DISEASE.
BECAUSE they completely cleanse the stomach and bowels from all obstructions and corrupt humors which are the cause not only of Headache, Giddiness, Palpitation of the Heart, Pains in the Bones, Rheumatism and Gout, but every morbid incident to man. SAID INDIAN VEGETABLE PILLS are a certain cure for Intermittent, remittent, nervous, biliousness and jaundice Fevers, because they cleanse the system from those morbid humors, which, when confined to the circulation are the cause of all kinds of FEVERS. So, also, when the same impurity is deposited on the membrane and muscle, causing pain, inflammation and swellings called RHEUMATISM, GOUT, &c. Wright's Indian Vegetable Pills will be relied on as always certain to give relief, and if persevered with, according to directions will most assuredly, and without fail, make a perfect cure of the above painful affections. From three to six of said Indian Vegetable Pills taken every night going to bed, will in a short time so completely rid the body from every thing that is opposed to health, that Rheumatism, Gout, and pain of every description, will be totally DRIVEN FROM THE BODY. For the same reason, when, from sudden changes of atmosphere, or any other cause, the preparation is checked, and the humors which should pass off by the skin are thrown inwardly, causing HEADACHE, GIDDINESS, nausea and sickness, pain in the bones, watery and inflamed eyes, sore throat, hoarseness, coughs, consumptions, rheumatic pains in various parts of the body, and many other symptoms of CATCHING COLD, Wright's Indian Vegetable Pills will invariably give immediate relief. From three to six of said Pills taken every night on going to bed, will in a short time, not only remove all the above unpleasant symptoms, but the body will, in a short time, be restored to even number health than before.

ASTHMA, or DIFFICULTY OF BREATHING.—Wright's Indian Vegetable Pills will loosen and carry off, by the stomach and bowels, those tough phlegmy humors, which stop up all the air cells of the lungs, and are the cause, not only of the above distressing complaint, but when neglected, often terminates in that morbid and fatal malady called CONSUMPTION. It should be also remembered that Wright's Indian Vegetable Pills are a certain cure for PAIN IN THE SIDE, Oppression, nausea, and sickness, loss of appetite, costiveness, a yellow tinge of the skin and eyes, and every other symptom of a torpid or diseased state of the liver, because they purify from the body those impurities which if deposited upon this important organ, are the cause of every variety of LIVER COMPLAINT. When a nation is convulsed by not only breaks and rebellion, the only means of preventing the dreadful consequences of a CIVIL WAR, is to expel all aliens, and evil disposed ones from the country. In like manner, when pain or sickness of any kind, indicate that the body is struggling with internal foes, the true remedy is to EXPEL ALL MORBID HUMORS. (Traitors to health and life.) Health will be the certain result.

That the principle of curing disease, by cleansing and purifying the body, is strictly in accordance with the laws which govern the animal economy, and is properly carried out by the use of the above named WRIGHT'S INDIAN VEGETABLE PILLS, will certainly result in the complete Abolition of Disease; and offer the following testimonials, from persons of the highest respectability in New York, who have recently been cured of the most obstinate complaints, solely by the use of WRIGHT'S INDIAN VEGETABLE PILLS, of the North American College of Health.

AMERICA, N. Y., June 9th, 1841.
Doctor William Wright—Dear Sir—It is with great satisfaction I inform you of my having been entirely cured of Dyspepsia, of five years standing, by the use of your INDIAN VEGETABLE PILLS.
Previous to meeting with your celebrated medicine, I had been under the hands of several Physicians, and had tried various medicines; but all to no effect. After using one 25 cent box of your Pills, however, I experienced so much benefit, that I resolved to persevere in the use of them according to directions, which I am happy to state, has resulted in a perfect cure. Ingratitude to you for the great benefit I have received, and also in the hope that others similarly afflicted may be induced to make trial of your extraordinary medicine, I send you this statement, with full liberty to publish the same, if you think proper. Yours, &c.
New York, June 19, 1841. G. C. BLACK.

Mr. Richard Dennis, agent for Wright's Indian Vegetable Pills.
Dear Sir—I have been afflicted for several years with indigestion and general debility, accompanied at times with pain in the side and other distressing complaints. After having tried various medicines without effect, I was persuaded by a friend to make trial of Dr. Wright's Indian Vegetable Pills, which I am happy to state, have relieved me in a most wonderful manner. I have used the medicine, as yet but a short time, and have no doubt, by a perseverance in the use of the medicine according to directions, that I shall in a short time be perfectly restored.
I most willingly recommend said Pills to all persons similarly afflicted, and in the full belief that the same beneficial results will follow their use, I remain yours sincerely,
HENRY A. FORTYE,
Warehousing, Listen Co. N. Y.

ROSE OINTMENT,
FOR TETTER.
KINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS.
The following certificate describes one of the most extraordinary cures ever effected by any application.
PHILADELPHIA, February 10, 1838.
FOR twenty years I was severely afflicted with Tetter on the Face and Head: the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst—the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used every remedy in my power, (among them several celebrated preparations,) as well as taking inward remedies, including a number of bottles of Sarsaparilla, Elixir of Sarsaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used. I was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. From the Fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications, the violent itching ceased, the eruption abated, the eruption began to disappear, and before I had used a jar of the ointment, I was cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since using it, I have recommended it to several persons, (among them my mother, who had the disease badly on her arm,) who were all cured by it.

JAMES BENNETT, No. 156, Race St.

Rose Ointment for Tetter.
A PROOF OF ITS EFFICACY.
PHILADELPHIA, May 27th, 1839.
THIS is to certify that I was severely afflicted for forty years; the disease was attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applications without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. MEDICAL APPROBATION
OF THE ROSE OINTMENT, for Tetter.
ALTHOUGH the superiority of the preparation above all others is fully established, the proprietors take pleasure in laying before the public the following certificate from a respectable physician, a graduate of the University of Pennsylvania. Dr. Baugh, having found in this remedy that relief for a tedious and disagreeable affection which threatens within the range of his profession failed to afford, has not hesitated to give it his approbation, although the prejudices and interests of that profession are opposed to secret Remedies.

PHILADELPHIA, Sept. 19, 1836.
I was recently troubled with a tedious herpetic eruption, which covered nearly one side of my face, and extended over the ear. Mr. Vaughan, a proprietor of the Rose Ointment, observing my face, suggested to my trying his preparation, of which he handed me a jar. Although in common with the members of my profession, I discontemned and disapproved of the numerous nostrums palmed upon the public by ignorant pretenders, I feel in justice bound to except the Rose Ointment from that class of medicines, and to give it my approbation, as it entirely cured the eruption, although it had resisted the usual applications. DANIEL BAUGH, M. D.
