A PROOF OF ITS EFFICACY. PHILADILERIA, May 27th, 1839. PHIS is to certify that I was severely afflicted with Tetter in the hands and feet for upwards of forty years; the disease was attended generally with violent atching and swelling. I applied to a number of physicians, and used a great many applicarrons without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. WINSLOW'S BALSAMO HOREHOUND

A N unparelleled remedy for common Colds, Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to consumption; composed of the concentrated virtues of Horehound, Bonset, Blood Root, Liverwort and several other vegetable substances. Prepared only by J. M. WINSLOW, Rochester, New

The innocence and universally admitted pectoral virtues of the Herbs from which the Bulsum of Horehound is made, are too generally known to require recommendation; it is therefore only necessary to observe that this Medicine contains the whole of their Medicinal properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, for the complaints above mentioned. The Balsam removes all imflammation and sore-

ness of the Lungs, loosens tough visid phlegm, enabling the patient to expectorate with ease and freedom, assuages cough, relieves athmatic and difficult respiration, heals the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a speedy and fasting cure.

April 17, 1841,-1v. Liver Complaint.

THIS disease is discovered by a fixed obtuse pain in the right side under the short ribs, attended with heat, uncasiness about the pit of the stomach; there is in the right side also a distention; the patient loses his appetite, and becomes sick and troubled with vomiting. The tongue becomes rough and black, the countenance changes to a pale or citron color, or yellow like those afflicted with joundice, difficulty of breathing, disturbed rest, attended with a dry cough, difficulty of laying on the left aide, the body becomes weak, and finally the disease terminates into ano her of a more serious nature, which in all probability is far beyond the power of human skill. Dr. Harlich's Compound Strengthening Tonic and German Aperient Pills, if taken at the commencement of this disease, will check it, and by continuing the use of the medicine a few weeks, a perfect cure will be performed. Thousands can testify to this fact.

Certificates of many persons may daily be seen of the effic cy of this invaluable medicine, by applying at the Medical Office, No. 19, NORTH EIGHTH street, Philadelphia.
