Steamboat Explosion.

An extra from the Pittsburg Sun, under date of the 17th inst., 2 P. M., contains the following:

STEAMBOAT EXPLOSION AND LOSS OF LIFE!

This afternoon, about 1 o'clock, just as the steamboat Cutter was leaving our wharf, the rush of passengers to the larboard side caused her to list to that side till the guard was under water.

While in this position, the flue of her starboard boiler collapsed. The second engineer who was shipping the starboard wheel, was killed instantly. His name was Andrew McLellan. The first engineer, Joseph Hughes was so severely scalded that he died shortly after. They were both from Cincinnati.

Five of the firemen were blown overboard, three of whom were picked up, and the others were drowned. One was a negro from Cincinnati, the other a Frenchman, called Jo Isem.

Seven or eight emigrant passengers on the lower deck were scalded severely but not dangerously. A large number of deck passengers were blown overboard and drowned, supposed to be ten or twelve; the names are not known.

The Cutter is one of the new line of boats running between this city and Cincinnati, and was owned in the latter city. She was commanded by Captain Collins.

This is the first accident of the kind that ever happened in this city.

ANOTHER MURDER IN THE PENITENTIARY.

Two black women killed a white woman in prison, on Friday last, by beating her brains out with the shovel and tongs. The reason they give is, that they want to get out of the Penitentiary into the County Jail. They are likely to be deprived of that pleasure, however.—Columbus (O.) Stat.

TRIUMPHANT SUCCESS,

AND A NEW DISCOVERY IN THE NEWSPAPER BUSINESS.

A MOST important and invaluable discovery has been made by a gentleman of this city, by which newspapers may be printed in their present form, and, at the same time, capable of being converted at pleasure into a Magazine form, for preservation.

This grand improvement, which is destined to form a new era in the business, effecting an entire revolution in the art of printing mammoth newspapers, will be introduced, by permission of the patentee, into the Philadelphia Saturday Museum, commencing in May next.

IMPROVEMENTS IN "THE MUSEUM."

"The Museum" is now so fairly and firmly established, that we feel warranted in making some very extensive and important improvements. By the first of May, we shall have completed all our arrangements. We shall have, in the first place, a beautiful, clear and bold type—in the second, a superb smooth and white paper—in the third place, we shall make an ingenious and novel change in the arrangement of the matter—in the fourth place, we shall increase our corps of contributors in all the various departments of a Family Newspaper—in the fifth place, we have secured, at a high salary, the services of EDGAR A. POE, Esq., a gentleman whose high and versatile abilities have always spoken promptly for themselves, and who, after the first of May, will aid us in the editorial conduct of the journal.

The Narrative of Townsend's Journey over the Rocky Mountains, one of the most interesting and valuable ever published, is sent to all new subscribers. At its conclusion, our readers will find themselves in possession of a work which alone will be worth double the subscription to the paper. We shall continue, also, of course, the "Biographical Sketches and Portraits," which are now exciting so unexampled an interest. With these and other features continued, and with the improvements in contemplation, it remains to be seen whether we do not amply fulfil our determination of making the very best newspaper in America.

Persons wishing to secure six thousand large octavo pages of original, interesting, and unexampled reading for the select family circle, for the small sum of Two Dollars per year—being at the same time, a highly profitable mode of advertising for one cent, or equivalent to one hundred and twenty pages for four cents—should hand their names in now.

TERMS.—Two Dollars per annum. Twenty copies for Five Dollars, or Sixteen copies for Three Dollars, is the extra inducement offered at present for clubbing.
