the journal. The . Narrative of Townsend's Journey over the Rocky Mountains," one of the most interesting and valuable ever published, is sent to all new subscribers. At its conclusion, our readers will find them selves in possession of a work which alone will be worth double the subscription to the paper. We shall continue, also, of course, the "Bi crophical Sketches and Portrait," which are now exciting so unexampled an isterest. With these and other features continued, and with the improvements in conemplation, it remains to be seen whe her we do not amply fulfil our determination of making the
