I applied to a number of physicians, and used a great many applicarious without effecting a cure. MEDICAL APPROBATION

Of the ROSE OINTMENT, for Tetter. A LTHOUGH the superiority of the preparation over all others is fully carablished, the proprietors take pleasure in laying before the public the following certificate from a respectable physician. a graduate of the University of Pennsylvania. Dr Bough, having found in this remedy that relief for a tedious and disagreeable affection which the means within the range of his profession failed to afford. has not hesitated to give it his approbation, although the prejudices and interests of that profession are opposed to secret Remedies.

PRILABELPHIA, Sept. 19, 1836. I was recently troubled with a tedious herpetic emption, which covered nearly one side of my face, and extended over the ear. Mr. Vaughan, proprietor of the Rose Ointment, observing my face, thereted on my trying his preparation, of which he handed me a jar. Although in common with the members of my profession, I discountenance and disapprove of the numerous nestrums palmed upon the blie by ignorant pretenders, I feel in justice bound to except the Rose Ointment from that class of medicines, and to give it my approbation, as it entirely cured the eruption, although it had resisted the usual applications. Prepared only by J. M. Wisslow, Rochester, New

The innocence and universally admitted pectoral virtues of the Herbs from which the Balsam of Harehound is made, are too generally known to require recommendation; it is therefore only necessay to observe that this Medicine contains the whole of their Medicinal properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, for the complaints above mentioned.

The Balsam removes all imflammation and soreness of the Lungs, loosens tough visid phlegm, enabling the patient to expectorate with case and freedom, assuages cough, relieves athmatic and difficult respiration, heals the injured parts, opens the pores, and composes the disturbed nerves, and gives strength to the tender lungs, and thus produces a speedy and tasting cure.
