

IMPORTANT INVENTION.—The Savannah Georgian mentions the discovery of an article which promises to be the means of saving many lives in shipwreck; it would be invaluable on our Western waters, so obnoxious to damage from snags and other accidents.

It is an air pillow, and called Mackintosh's Air Pillow. It is represented as being the cleanest, softest, most wholesome, cheapest, and most durable pillow that can be used, and covered with a pillow case, is like any other pillow. In danger it is ever at hand, night and day, and when unneeded, will exhibit straps or strings to pass the arms through and lie on the front round the body, from the throat downwards. It will float the person with head and shoulders above water, and could sustain more than one.

How many lives might have been preserved with in these few years past, had the numerous steamboats on the Mississippi and the Ohio been provided with an invention of this kind? Will the safety of passengers ever become an object of serious consideration?

BUCKWHEAT FLOUR.—A gentleman from New Jersey states that ground plaster has been mixed at some of the mills with buckwheat flour, to increase its weight, and make it profitable, and that he ascribes to this cause the injurious effects that have been attributed to the buckwheat.—N. Y. Tribune.

THE LADIES OF MISSISSIPPI have come out against repudiation. A communication signed "Many Women" says if the men will not do their duty the women will, and as "sure as in the coming election repudiation triumphs, the women of Mississippi are prepared to form societies to work, to contribute, till enough shall be raised, with the help of which every God-serving man would give them, to pay the bonds, which else would rest like a burthen upon the fame and prosperity of the country. How far the women had a hand in this communication does not appear, but if it really is the determination of the sex, they stand somewhat in the attitude of opposition to their lords, who seem to go in very strong for repudiation. It is the virtue of the sex, however, to be more magnanimous than the men, and though they take counsel of their feelings, these being purer and less selfish than men's generally lead as directly to the point of justice and humanity as the deliberations of the other sex.

AN AGED COUPLE.—The Davenport Telegraph says that in the hamlet of Teignholt, Devon, there lives an aged couple, William Popham and his wife, whose united age amounts to 195 years. He is one hundred and three years old, hale and hearty, she is ninety-two. They are dependent on parochial support.

THE TEXAN WILD HORSE.—The Mustang, or wild horse, is certainly the greatest curiosity to those unaccustomed to the sight, that we meet on the prairies of Texas. They are seen in numbers and often times of exceeding beauty. The spectator is compelled to stand in amazement, and contemplate this noble animal, as he bounds over the earth with the conscious pride of freedom. We still meet with many in the low countries, and during summer hundreds were seen in the neighborhood of Houston, darting over the plain, and seeming to dare the sportsman for a contest in the chase. There was among those that were sometimes seen near the city, one remarkable above the rest for his perfect symmetry and great beauty. Many an eye was fixed on him, but he fled before his pursuers like the wind, and so long as I knew anything of him he had not met with his equal in speed.

BALTIMORE MARKET.

FLOUR.—A sale of two of good mixed brands of Howard street Flour were made from store on Saturday at \$4.50. To day holders are generally asking the same price, but we have not heard of any sales. The stock continues small with rather less activity in the demand. The receipt price by Cars is now \$4.25.

A sale of Patapoco today at \$4.50. Sales of City Mills Flour on Saturday at \$4.25. Holders have since refused to sell at that rate, and the general asking price is now \$4.37 1/2. Limited sales of Susquehanna Flour at \$4.50.

GRAIN.—The supplies of Wheat has been quite large to-day, and prices are a cent or two per bushel lower. The sales of Maryland and Virginia reds have been at 88 a 93 cts. for good to prime, and at 70 a 88 cts. for ordinary to good. Sales of family flour white Warrants at 97 a 103 cts. A load of Pennsylvania red, quality only fair, was sold today at 84 cts. Sales of new corn in shipping condition, at 37 cts. for white, and 40 a 42 cts. for yellow. We quote old corn at 41 a 42 cts. for white, and 44 a 45 cts. for yellow. Sales of Oats at 22 a 23 cts.

WHISKEY.—Prices show a tendency to improve. Sales today at 214 a 22 cts. for hhds and 22 1/2 a 23 cts. for bbls. principally at the highest named prices.

INFLUENZA.—This disease, which is making such frightful ravages in England and France, and is beginning to display itself in this country, will immediately give way to powerful purgation. Whoever, therefore, experience tightness of chest, accompanied with sore throat, have nothing to do but put their feet in warm water, and take eight or ten of the Brandreth Vegetable Universal Pills. If this course be adopted and persevered in, the confinement of the attack will not last more than a day or two. Remember, no Chemist or Druggist sells the Brandreth Pills.

Purchase of H. B. Masser, Sunbury, or of the agents, published in another part of this paper.

COMPLIMENT TO NEW ENGLAND LADIES.—A correspondent of the Bath Telegraph, writing from Prussia, says—"Many of the ladies of Prussia, have fine forms, but their countenances are, in general, un-to-be admired. The females of no country that I have seen, are to be compared, for beauty, with the ladies of New England."

OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the utmost confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scrofula or Kings Evil, Rheumatism, Tetters, Pimples or eruptions of the Skin, White Swelling, Psoriasis, Chronic Cough Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

Sold wholesale and retail, by the proprietor, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following persons:

In Northumberland County.—H. B. Masser, Sunbury; Ireland & Mixel, McEvensville; D. Krauser, Milton.
In Union County.—J. Geathart, Selingsgrove; A. Guelius, Millburg.
In Columbia County.—R. W. McCay, Washington, Reading, March 14, 1843.
MR. OAKLEY—I believe it the duty of every one to do whatever in their power lies, for the benefit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I am at the same time, and in the most anxious manner, endeavoring to relieve two of our children, by the breaking out of ulcers sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them, and had tried all the known remedies, including Swain's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterrupted ever since. As a purifier of the blood, I verily believe it has not its equal.

JOHN MOYER, Tailor,
Walnut street, near Fourth, Reading.

Douglasville, April 17th, 1843.
MR. OAKLEY—My son Edmund Leif, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Norristown, and also Dr. Isaac Hioeter, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterrupted ever since, to the astunishment of many persons who saw him during his affliction. I have thought it my duty, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a medicine.

Yours truly,
AMELIA D. LEAF.
