

How to make Arrow-root.—The Cleveland (Ohio) Herald gives the following method of making potato starch, which it says is the vegetable arrow-root, so highly valued for invalids.—Take a dozen of large and smooth mealy potatoes, wash them, and then carefully pare off all the rind. Next grate them fine with a suitable tin grater. The pulp must be mixed with a handful of cold water, and thoroughly agitated and squeezed by the hand or any suitable instrument, at the same time throwing away fibrous matter, and permitting the starch to sink to the bottom of the vessel. This must have a fresh washing in cold water till the pure farina is obtained free from all the other matter. This should be spread on earthen dishes, and dried in a warm, airy situation.

The good housewife will exclaim, "Why this is nothing but potato starch!" True, it is not—nor have you used any other article under the name of arrow-root, for the sick members of your family, though you may have purchased it at the rate of several shillings per pound.

By proper modes of cooking, known to every nurse and housekeeper, this article becomes a delightful beverage for invalids weak in their digestive powers, while, as a pleasant diet, even to persons in good health, it possesses a strong attraction.

First Boxes.—It is well known that there is much pain and danger resulting from the lodging of small fish bones in the throat. But perhaps it is not generally known that the white of an egg poured down the throat at such times gives immediate relief. The reason is obvious. Small bones, like pins and needles, often lie across the passage into the stomach, slightly adhering by the points, the egg clings to them and carries them down. If this knowledge should ever come as acceptable to any one as it did to him who asks you to publish it, when during an hour of intense anxiety of mind he saw his beloved relieved from suffering and the prospect of a horrid death, then would the contributor and publisher be repaid a thousand fold.

A MAN KILLED.—We learn, that on Saturday evening last, an accident occurred on Dunbar's Island, by which a German pedlar was instantly killed. So far as we have been informed, it was an accidental affair. The particulars, as related to us, are these:—A pedlar by the name of Dryfoos, had been at a shooting match for some part of the day, and returned to his lodgings, Mr. Gie's tavern, in the evening with his gun charged with powder and shot. At the suggestion of some one in the bar-room, he went to the door to discharge the gun. It was then very dark, and holding the gun in a horizontal position, he aimed and fired the piece directly in a line to where the pedlar was, unperceived until after the discharge, when it was found that the contents were lodged in his breast, and a shriek called attention to the melancholy spot where the dying man lay. We learn that Dryfoos immediately surrendered himself to the hands of justice, to await an investigation into the facts, and his innocence of murder substantiated.

Fair Game.—Mrs. Polly M. Woodcock of Lowell has petitioned to the "General Court" of the old Bay State for permission to call herself Mrs. Mary M. Wood. It seems that Woodcocks are not allowed to be caught during certain months in the year in Massachusetts, and as the petitioner is a young and pretty widow, she doesn't like to have a mere name the obstacle in the way of her happiness.

Egg Hatching by Steam.—The N. Y. Sun says, a day or two since we had a card handed us, neatly printed, "Egg Hatching Exhibition, 160 Nassau street, up stairs." The exhibition opens to-day. The Egg Hatching Machine brings into existence twenty thousand chickens per annum. A great relief to the hens!

Swapping Wives.—An extraordinary occurrence recently took place in Hancock county, Ohio. The Findlay Courier says, two neighbors, Henry Adams and Jacob Esperger being dissatisfied with their wives, agreed upon an exchange. Adams received Esperger's wife and two of his four children, and left the country. Esperger received in exchange Adams' wife and his four children, and a deed for his farm as boot. A few days after a warrant was issued by a magistrate, and Mrs. Adams had been arrested, Esperger had eluded the officer.

Barre Legged.—An English paper states that nearly the whole of the forty-five millions of Russians go without stockings.

Love and Lightning.—A lady, who her love had sold, Ask'd if a reason could be told Why wedding rings were made of gold? I ventured thus to instruct her: Love, Ma'am, and lightning are the same—On earth they glance, from Heaven they came! Love is the soul's electric flame, And gold its best conductor.

About Brandreth's Pills.—Dr. Brandreth wishes his medicine to rise or fall by its own merit. He feels confident that upon a fair trial it will not only secure a place in the public estimation, but retain its hold upon the affections of the people, without resorting to the vulgar, though common practice, of abusing other medicines. His Vegetable Universal Pills, by purifying the blood, have succeeded in curing the most inveterate and opposite diseases by the one simple act of continually evacuating the bowels with them, until the disease gives way; therefore, whatever may be said of the theory, the utility of the practice is now beyond all doubt. His medicine, in fact, continues to herald its own fame by its astonishing effects.

A FURTHER SUPPLEMENT
To the act entitled "An Act relating to county rates and taxes and township rates and taxes," passed the 15th day of April, 1834.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met, and it is hereby enacted by the authority of the same, that it shall be the duty of the Supervisors of the highways of every township and borough in the counties of Schuylkill, Northumberland, and Carbon, annually to select one of their number, or appoint some suitable inhabitant of the township or borough, to be collector of the Road taxes levied or assessed for such township or borough, which Supervisor or other person appointed collector, as aforesaid, shall give bond with two or more sufficient securities, to be approved by the Township or Borough Auditors, and deposited with them, which said bond shall be in the name of such township or borough, and the condition thereof shall be that such collector shall well and truly collect and pay over to the Township or Borough Treasurer, if one be elected or appointed, and if not, then to the Supervisors, or account for, according to law, the whole amount of the taxes charged and assessed in the duplicate, delivered to such collector, provided that nothing herein contained shall be construed to prevent all persons rated for road taxes from suing out their respective taxes in the manner now provided by law.

SECTION 2. That it shall and may be lawful for the electors of every Township and Borough, in the counties of Schuylkill and Northumberland annually, at the time and place of electing Supervisors, to elect Township or Borough Treasurer, who shall give such bond and perform such duties and be subject to the like penalties, as are provided for in the ninety fifth, ninety sixth, ninety seventh and ninety eighth sections of act of the fifteenth April, one thousand eight hundred and thirty four, entitled "An Act relating to Counties and Townships and County and Township officers."

SECTION 5. That so far as any law as is hereby altered or supplied, be, and the same is hereby repealed.

PENNSYLVANIA, SS.
I certify that the above and foregoing is a true copy of sections 1, 2, and 5 of the original act, approved the 14th day of March, 1844, as the same remains filed in this office.

Witness my hand, and the seal of said office at Harrisburg, the 14th day of March, A. D. 1844.

OAKLEY'S
DEPURATIVE SYRUP.
THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; whereas the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the utmost confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, enabling any weakly or diseased man, to have been generated, leading to giving health and vigor to the body.—For the cure of Scrophulous or Kings Evil, Rheumatism, Tetter, Pimples, eruptions of the Skin, White Swellings, Piles, Chronic Cough, Asthma, &c. The constant continuance in the possession of the subscriber, and his agents, from physicians and others, is sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

Sold wholesale and retail, by the proprietors, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following persons:

In Northumberland County.—R. B. Masser, Sunbury; Ireland & Mixel, McEwensville; Dr. Krauser, Milton.

In Union County.—J. Gearhart, Selinsgrove; A. Gutelius, Millburg.

In Columbia County.—R. W. McCay, Washington, Reading, March 14, 1843.

Mr. OAKLEY—I believe it the duty of every one to do whatever in their power lies, for the benefit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I must conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of a disease, which covered the face, head and neck, although we had some of the most scientific physicians to attend them, and had tried all the known remedies, including Swain's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not its equal.

JOHN MOYER, Tailor,
Walnut street, near Fourth, Reading.

Dr. J. E. Vastine, Residing, April 19th, 1843.

Mr. OAKLEY—My son Edmund Leath, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Northtown, and also Dr. Isaac Heister, of Reading, to use your Depurative Syrup of Sarsaparilla, of which obtained several bottles, the use of which drove the disease entirely out of his system, the cure healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who saw him during his affliction. I have thought it my duty, and send you this certificate that others who have like affliction in the family may know where to obtain so valuable a medicine. Yours truly,
AMELIA D. LEAF.
