The best method for the Abolition of Disease ROSE OINTMENT, FOR TETTER.

> RINGWORMS, PIMPLES ON THE PACE, AND OTHER CUTANEOUS ERUPTIONS. The following certificate describes one of the most extraordinary cures ever effected by any

PRILADELPHIA, February 10, 1838. FOR twenty years I was severely afflicted with TETTER on the Face and Head: the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the cruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst-the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many at plications, (among them several celebrated preparations) as well as taking inward remedies, including a number of bottles of Swaim's Panacea, Extract of Sarsaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used. I was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) a few applications the violent itching ceased, the swelling abated, the cruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the sears from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since using it, I have recommended it to several persons, famong them my mother, who had the disease badly on her arm,) who were all cured by it,
