

An elderly man was shot through the chest and lived about a quarter of an hour. He was so much like Mr. Jacob Kornblaf, residing in Second street, below Christian, that he was taken to his residence. He died in about ten minutes after being laid down in the house. His name is not yet known.

A lame man, said to be named Crozer, was carried into the Commissioners' Hall, with the loss of the whole of his lower jaw. He died almost instantly. James Lawson, Ninth below Shippen street, shot in the heel. James Tully, Lombard above Sixth, shot in the right arm. Mr. Manning, Queen below Front street, shot in the leg with a spent ball.

Half-past 8 o'clock. A large meeting of the crowd, armed with muskets, convened at the Wharton Market, and with two field pieces, wheels muffled, proceeded from thence up Front street with the avowed intention of attacking the military. We then left the ground: in a moment after we heard the discharge of a cannon. This was followed by the firing of small arms in irregular reports, succeeded by a regular volley. From this moment the air was shook at intervals by heavy discharges accompanied by shouts.

It was now evident that the military and the crowd had engaged in one of the most deadly of conflicts. Females were seen running distracted through the streets, wringing their hands and uttering the names of brother, husband, father, with the wildest gesticulation. Crowds were gathered about at the corners of the streets, astonished and shocked at the extent to which these deplorable outbreaks have been carried. As we came to the office desultory firing was heard.

10 o'clock.—The German Battalion has just arrived at General Patterson's Quarters. Five of the persons wounded were taken to the hospital during yesterday afternoon and evening. They are—Robert Lyons wounded in the afternoon when the assault was made upon the volunteers. The shot took effect in his left arm. A man named Sansenberger, shot in the hip, dangerously. Another named Carter, shot through the front of his abdomen; badly wounded. Wm. Laning, shot in both legs; severely wounded.

Half-past 10 o'clock.—The City Troop and the German battalion, with two field pieces, have just left the headquarters for the scene of the disturbance. A soldier, who had been in the vicinity of Second and Queen streets in a cab, was taken out, his gun seized and he himself tossed about in the crowd, but not injured.

Eleven o'clock, P. M.—The military and the mob are fighting with desperation on both sides. There is a continual discharge of cannon to be heard, followed by the regular roll and rattle of the muskets of the former. It is reported by an express from the scene of action, that six of the military have been killed in all. Among the number, it is said, is Capt. Scott, of the Cadwalader Grays.

Mr. Elisha Justus, not of the military, we have just heard has been killed by a ball. He was a man about 25 years of age, and worked, it is said, in Baldwin's factory. Reports alone have to be depended upon for the particulars of this horrible business, as no person except the military and those engaged with them will dare venture near the place of battle. How many of those opposed to the military have been killed it is impossible to ascertain.

12 o'clock.—The report is that the cavalry have just taken possession of the cannon of the mob, which had been planted at the corner of Second and Queen streets, and are now patrolling the streets, having complete possession. They are occasionally assailed by random shots from behind houses, and from alleys, which of course do not do much damage. Several horsemen who convey intelligence from the scene of action to Headquarters have been fired at, and one or two have been pelted by bricks as they pass up through the streets.

The last game, however, has not been carried to any great extent, as the more peaceable portion of the citizens have interfered. One man was thrown by his horse being struck, but received no injury than a few bruises and torn clothes. Six or seven persons, either killed or wounded, have been carried up Second street on stretchers. At half past 11 a man shot at the corner of Second and Queen streets, but whether by the mob or by the military is not known.

Captain Teal is the name of one person killed. The name of the man who was killed at the corner of Second and Queen, is John Cook. He is an oysterman, and is from New York, and had charge of the piece which was fired upon by the military. He was struck in the groin by a grape shot, after he had discharged the gun three times. He was carried into the Weccaco Engine house, where he was lying at the last accounts. The Sheriff issued proclamations calling on all able bodied men, to report themselves at his office forthwith.

and were in a complete state of confusion. At this moment the match was applied. Luckily for the troop the gun burnt prime, and before it could be reprimed the troop were upon the crowd, and they had to flee, leaving their piece in the hands of the troopers.

The loss on both sides is nothing like what rumor has set it down at. Of the military one was shot dead, whose name we have not been able to learn. Three more were taken to the Pennsylvania Hospital at 6 o'clock on Monday morning. Their names were as follows:— Troutman, a member of the Germantown Blues, died a quarter of eight o'clock. James Crawford, also a member of the Germantown Blues, wounded in the shoulder—not dangerous. John McCarren, a member of one of the city companies, wounded in the knee. There are one or two more of the military wounded, who remain in the temporary hospital in Queen street. The following are the names of those wounded by the fire of the military, who have been taken to the hospital:

Edward Lyons, under left arm. Joseph Linsenbiger, in the hip—dangerous. Thomas C. Saunders, in the breast—dangerous, if not mortal. David Kitcher, in the abdomen—dangerous. William Manning, in both legs. James W. Barr, left arm and cheek. John Heuston, right arm. Elijah Jester, in the throat. James R. Tully, in the right arm. Col. J. Sidney Jones, of the 1st Regiment Philadelphia County Volunteers, had two of his men shot on Sunday evening at Second and Queen street, and seven or eight wounded. They both belonged to the Germantown Blues. Their names are James Troutman and John Guyer. The latter was killed upon the spot, by having the top of his head cut off with a spike, but the former lingered till morning. Guyer was the only son of a widowed mother, with whom and his sisters he resided previous to the melancholy affair.

Half-past ten o'clock.—The greatest excitement prevails throughout our whole community. Terror has seized upon all, and there is none knows what an hour may bring forth. One o'clock.—An inquest has been held in the Weccaco House, on the body of John Cook. Two balls were found to have entered his back, and came out about an inch apart in the right groin. From all evidence that was brought before the jury, it appeared that the deceased had been firing the piece at Queen and Front streets against the military, and was in the act of retreating when struck with the balls.

Half past 2 o'clock.—Col. Jack has just read an order from the Sheriff to a meeting in Southward, authorizing the Commissioners to organize a police force to relieve the military at five o'clock, with the understanding that the district will become responsible for the preservation of the Church.

Three o'clock.—The military have just been withdrawn, and the crowd have filled up the space which they occupied. The church was in possession of the magistrates and Commissioners of the district, and upon a request of the former, the Court of Quarter Sessions, with Judge Jones and J. Murray Rush, Esq. at their head are upon the ground and have organized a Court in the presence of the crowd. The Judge exhorted to peace and decorum and was received with cheers. Every thing is quiet and no disposition to disturb the peace is manifested.

Nine o'clock, P. M.—All is quiet in the vicinity of the Church, though the streets are crowded with people. The Governor arrived in town by the train yesterday afternoon. The funeral of John Cook and Enos Waters took place from the Weccaco Hose House yesterday afternoon at 4 o'clock. The latter is the one that remained in the Commissioners' Hall unclaimed by any one. He is understood to have belonged to New York. Cook belonged to this city.

To convince a man that he's wrong, the Albany Knickerbocker thinks you have only to write your objections to him on the back of a ten dollar bill.

Mr. Editor:—Myself and neighbors are decidedly in favor of again nominating EDWARD Y. BRIGHT, as the Democratic candidate for the Assembly. Mr. Bright made a very good member—he was active and industrious—always at his post, and did his duty faithfully. He was chairman of a very important Committee, and one that required a great deal of attention and labor. His appointment to this station shows that he had the respect and confidence of his fellow members, and they say that we never sent a more industrious and attentive member.

Mr. Bright took an active and leading part in introducing the expenses of the Legislature, and in introducing principles of economy into every branch of the Government. He was on the Committee of Accounts, through whose exertions the reform which distinguished the last Legislature was brought about. He went about saving the people's money in earnest. A few days after the opening of the session, he offered the resolution which became a law, giving the Public Printing and Binding to the lowest bidder. This measure alone will save about TEN THOUSAND DOLLARS annually. It was suspected that great frauds had been committed by the printers under former laws. The Committee on Accounts set about the investigation of these accounts with a determination to ferret out the frauds. Mr. Bright was one of the most industrious and persevering members of that Committee. The result was that overcharges of the printers, to the amount of thirteen thousand dollars, were discovered and suits directed to be brought to recover that sum back into the Treasury. The contingent expenses of the last Legislature were not one fifth of the expenses of the preceding. Some \$15 or \$20,000 were saved to the Commonwealth in this matter alone, by the care and economy of the Committee of Accounts. Mr. Bright then has done his duty faithfully and honestly. He has carried out the wishes of the people, and ought to be re-elected unanimously. Honor to whom honor is due. Let the faithful public servant be rewarded, and the best interests of the people will be faithfully represented. SHAMOKIN.

FOR THE AMERICAN.
Mr. Editor:—It being in accordance with the usages of the Democratic party, for the people, previous to the formation of the County Ticket, to bring before the public the names of such individuals as they may deem most worthy to discharge the duties belonging to the offices within their gift, we would recommend to the consideration of the Democratic Electors of Northumberland county, Maj WILLIAM L. DEWART as a candidate for the Legislature. Should the people see proper to elect Maj. Dewart as their Representative, we feel confident that they will find in him a public servant of distinguished abilities, an intelligent, firm, and unwavering Defender of the Jeffersonian school, and, consequently, the laboring man's friend.
MANY DEMOCRATS.

MOMENTARY CHANGES.—The bodies of all created beings are perpetually undergoing a species of revolutionary changes; it is therefore evident, that in order to facilitate this periodical change, the natural outlets of the body must be kept in a proper condition; for if the noxious humors are allowed to sojourn too long in the body, they become excessively sharp and corrosive, occasioning the most terrible and fatal disorders, which frequently entail years of suffering and anguish. When this is the case, I would conscientiously recommend to such the immediate use of the Brandreth Vegetable Universal Pills—a medicine which has attained its present standard of usefulness, solely from its exceeding salutary properties; these pills being in truth nothing more than an assistant of nature, causing her to do that which is required to produce a healthy condition of the body. Such being the case, it is evident that they can be administered with safety to advanced age, as well as to helpless infancy, and invariably with the same beneficial results.

THE Credit System COSTS TOO MUCH!

IT is now an acknowledged fact that the Cash System is the only true one, both for the Buyer and Seller. Just received our second stock of New Goods this season. We opened a new store on the Cash Principle last April, and the great reduction of prices it enabled us to make, the saving and satisfaction the customer finds in its adoption has rendered our store universally popular with all who have given us a call. Our stock of goods consists of all the variety of Dry Goods, Groceries, Queensware, Hardware, Boots, Shoes, Hats, Bonnets, &c., &c., usually kept in a Country Store. All of which we buy in New York and Philadelphia for the Cash Only, and generally from men who sell for Cash Only. We buy our goods cheap and sell them cheap; and we can do it, because we neither pay the debts of others, nor ask our customers to pay for other people's goods.—Every man pay his own debts," is our motto. We wish to extend the benefits of our system, and therefore invite all who may hear of this store to give us a call, see for themselves, and act as wisdom dictates. Don't miss the place. There are others who pretend to sell cheap for cash. Our store is North of the Canal, in the brick building opposite to Mr. A. Monigomey's stone house, corner of Mill street and Bloomsburg road. Walk out, try us, and you will be well paid for it.

The Philosophical WASHING MACHINE.
THIS WASHING MACHINE, plain and simple in construction, enables you to find its way into every family when its real value becomes known. The price (six dollars) is fixed at the lowest rate, in order to enable every family to obtain one. The inventor guarantees that it will not require more than one fourth the usual quantity of soap—that it will wash in one-third the usual time, and what is a matter of great importance, the wear and tear is so trifling, or at least so little, that it is not perceptible, so that finest black woolen and woollen can be washed, if necessary, in the same water with linen and cotton. This may seem strange to those who do not know the principle upon which it works. It is the only machine ever invented that washes upon the principle of the friction of water alone. All others wash upon the principle of friction or rubbing, by bringing the clothes in contact with some part of the machine. Independent of the great saving of labor, economy should bring it into general use. The poor man cannot afford to do without it, while the rich man will use it for convenience, if not for else. Large families will save from five to fifteen dollars a year in soap alone, and not less than 50 per cent in the wear and tear of clothes, besides the great saving of labor and expense in washing. The subscriber will guarantee that it will perform all that he has stated, if properly used. He has secured from the patentee, the right to Northumberland, Union, Lycoming, Columbia, Luzerne and Clin counties.
