

The Mormons.

We find in the Western papers the following official document, addressed by the Governor of Illinois to the people of the State. It declares, it will be seen, that the leading Mormons, Joe and Hiram Smith, were basely assassinated, after they had voluntarily surrendered themselves, on the pledge of protection from the Governor of the State, and were awaiting their trial, according to the laws of the land. We hope that Gov. Ford and the authorities of Illinois will vindicate this horrible outrage upon humanity, and the honor and dignity of the State, by detecting and bringing to condign punishment every individual who had any hand in the murder:

HEAD QUARTERS, Quincy, June 29, 1844.

To the people of Illinois: I desire to make a brief but true statement of the recent disgraceful affair at Carthage, in regard to the Smiths, so far as circumstances have come to my knowledge. The Smiths, Joseph and Hiram, have been assassinated in Jail, by whom is not known, but will be ascertained. I pledged myself for their safety, and upon the assurance of that pledge, they surrendered as prisoners. The Mormons surrendered the public arms in their possession, and the Nauvoo Legion submitted to the command of Capt. Singleton, of Brown county, deputed for that purpose by me.

All these things were required to satisfy the old citizens of Hancock, that the Mormons were peaceably disposed, and to allay jealousy and excitement in their minds. It appears however that the compliance of the Mormons with every requisition made upon them, failed of that purpose. The pledge of security of the Smiths, was not given upon my individual responsibility. Before I gave it, I obtained a pledge of honor by a unanimous vote from the officers and men under my command to sustain me in performing it. If the assassination of the Smiths was committed by any portion of these, they have added treachery to murder, and have done all they could do to disgrace the State, and sully the public honor.

On the morning of the day the deed was committed, we had proposed to march the army under my command into Nauvoo. I, however, discovered, on the evening before, that nothing but utter destruction of the city would satisfy a portion of the troop; and that if we marched into the city, pretexts would not be wanting for commencing hostilities. The Mormons had done every thing required of them. Offensive operations on our part would have been as unjust and disgraceful as they would have been impolitic, in the present critical season of the year, the harvest and the crops. For these reasons I decided, in a council of officers, to disband the army, except three companies, two of which were retained as a guard for the Jail. With the other company I marched into Nauvoo to address the inhabitants there, and tell them what they might expect in case they designedly or imprudently provoked a war. I performed this duty, as I think, plainly and emphatically, and then set out to return to Carthage. When I had marched about three miles a messenger informed me of the occurrence at Carthage. I hastened on to that place. The guard, it is said, did their duty, but was overpowered. Many of the inhabitants of Carthage had fled with their families. Others were preparing to go. I apprehended danger to the settlements from the sudden fury and passion of the Mormons, and sanctioned their movements in this respect. General Deming volunteered to remain with a few troops, to observe the progress of events, to defend property against small numbers, and with orders to retreat if menaced by a superior force. I decided to proceed immediately to Quincy, to prepare a force, sufficient to suppress disorders, in case they should ensue from the foregoing transactions or from any other cause. I have hopes that the Mormons will make no further difficulties. In this I may be mistaken. The other party may not be satisfied. They may recommence aggression. I am determined to preserve the peace against all breakers of the same, at all hazards. I think present circumstances warrant the precaution of having a competent force at my disposal, in readiness to march at a moment's warning. My position at Quincy will enable me to get the earliest intelligence and to communicate orders with greater celerity.

THOMAS FORD, Governor and Commander in Chief.

NATIONAL DEBT.—It has been ascertained that the people of England have paid in taxes, to carry on war, since 1815, five hundred millions of pounds sterling, which, had it been saved under the apostolic principle of "peace on earth, and good will to man," would have reduced the national debt to one half of its present amount.

A stranger in passing through a rural village in New England, many years ago, was attracted to the tub of a cider press by accidentally discovering the feet of a child projecting over its top. It seems that the poor boy had procured a straw sneaker, and was in the act of slipping from the tub, when he fell in—his head being entirely submerged. He was immediately taken out and carried by the stranger to the farm house of his parents, a few rods distant, where efforts were commenced to restore the child, now apparently lifeless. After about one hour, signs of returning life were visible, and ultimately an entire restoration was effected, "and the child lived."

—became a man—became a minister—became a bishop—and ultimately, the second presiding bishop of the American Protestant Episcopal Church.

POLK, DALLAS AND MUHLENBERG.

Grand Democratic Mass Meeting, AT NORTHUMBERLAND, On Friday, the 26th day of July.

The facility afforded of easy and convenient conveyance by the North and West Branch and Susquehanna Division of the Pennsylvania Canal, makes this a central and desirable point for a grand demonstration to "YOUNG HICKORY," DALLAS, MUHLENBERG AND VICTORY.

We most cordially invite the Democracy of neighboring districts to unite with us, and send greeting to the several districts, in adjoining counties, with the assurance that the indomitable spirit of enthusiasm, every where animating the yeomanry with a determination to avert the calamity of Federal ascendancy, (and its attendant train of evils of misrule—a National Bank, the \$200,000,000 debt scheme—creating and perpetuating odious and aristocratic distinction and privileges) gives earnest that the 26th of July will be a proud day for Democracy.

RALLY FREEMEN! Let the Farmer, the Mechanic and Working men rest from their labors, and devote a day to the glorious cause, their rights and liberties—TO JEFFERSON AND OLD HICKORY DEMOCRACY.

A number of the most eloquent and distinguished Speakers have been invited and it is expected will be present on the great occasion. The names of the distinguished Speakers will be announced in due time, as their answers of acceptance shall be received.

WHEAT—LIME.—We saw yesterday a parcel of very superior red Wheat, weighing 64 pounds per bushel, which has been purchased for city grinding, and which was raised under circumstances showing good management may effect in the agricultural line. The wheat in question was the product of a field which a short time since was part of a waste common that had been uncultivated for many years, and was deemed to be too poor and worn out to yield anything. After enclosing it the present owner put lime upon it in the proportion of one hundred bushels to the acre, and subsequently followed the lime with a liberal application of stable manure. Last Fall the field thus prepared was sowed in wheat, and has just returned a crop of the very best quality, averaging thirty bushels to the acre. The field thus restored and enriched will require but little additional outlay for years to come, and in the meantime will yield a liberal annual return to the sagacious owner.—Balt. Amer.

Twenty-six large avenues and a third river, larger than any previously known, have been discovered in the mammoth cave, Kentucky. A sulphur spring of an excellent quality of water has also been found some miles within the cave. Boats of admirable construction have been built expressly for the rivers, so that visitors desirous of taking a water excursion, a dozen or so miles under ground, can be accommodated.

A cedar shingle was put on the barn of Abel Bliss, of Wilbraham, in May, 1740 and taken off by his grandson, John Bliss, July 9 1844—making it 104 years old, and yet but little rotten.

A good joke is told in the N. Y. Spirit of the Times of a man named Johnson, who seemed to be a wag well known throughout the State. He once bet a fellow in Albany that he could throw him over the Hudson. The man was foolish enough to take the bet, and the stake \$10 was placed in the holder's hands. A large crowd went down to see the performance, and the Colonel with great composure seized the man by the nape of the neck and slacked his breeches and pitched him about six feet into the river off the wharf. The green one came out puffing and blowing, saying, "you've lost your bet." "I'll be d—d if I have," said Johnson. "I only want to get the best of you—and I'll throw all day, but I'll get you over at last."

PURIFY THE BLOOD.—As the Blood in its life-preserving course is subject to continual waste, nature has provided for the supply of the exhausted fountain, by the conversion of our food into new blood. But whilst such simple means are provided for the manufacture of new blood, nature has been no less solicitous in providing for the expulsion of that which is useless and decayed. This important office is performed by the bowels, and when Nature (who is always struggling to throw off offending matter) requires assistance in her benevolent intention, Brandt's Vegetable Universal Pills will be found singularly adapted to the purpose, because they remove through the stomach and bowels all corrupt humors from the body, in an easy, safe and effectual manner, producing no effect but what will finally conduce to the perfect purification of the Blood, and thereby cure the disease, (by whatever name it may be called,) and give perfect health to the whole system.

BALTIMORE MARKET.

Office of the BALTIMORE AMERICAN, July 14.

GRAIN.—There were some supplies of new Md. and Virginia Wickets in market to day, which sold at 85 a 90 cts. for good to prime reds, (one lot very prime at 91 cents) and at 92 a 103 cents for white, including a handsome parcel suitable for family flour at the highest named rate. No receipts of old Wickets. Sales of Corn at 40 cts. for white, and at 42 a 44 cts. for yellow. We quote Oats at 25 cts.

WHISKEY.—Continues very dull at 21 cents for hds. and at 22 a 22 1/2 cts. for bbls.

FOR THE AMERICAN. Mr. Editor:—Myself and neighbors are decidedly in favor of again nominating EDWARD Y. BRIGHT, as the Democratic candidate for the Assembly. Mr. Bright made a very good member—he was active and industrious—always at his post, and did his duty faithfully. He was chairman of a very important Committee, and one that required a great deal of attention and labor. His appointment to this station shows that he had the respect and confidence of his fellow members, and they say that we never sent a more industrious and attentive member.

Mr. Bright took an active and leading part in retrenching the expenses of the Legislature, and in introducing principles of economy into every branch of the Government. He was on the Committee of Accounts, through whose exertions the reform which distinguished the last Legislature was brought about. He went about saving the people's money in earnest. A few days after the opening of the session, he offered the resolution which became a law, giving the Public Printing and Binding to the lowest bidder. This measure alone will save about TEN THOUSAND DOLLARS annually.

It was suspected that great frauds had been committed by the printers under former laws. The Committee on Accounts set about the investigation of these accounts with a determination to ferret out the frauds. Mr. Bright was one of the most industrious and persevering members of that Committee. The result was that overcharges of the printers, to the amount of thirteen thousand dollars, were discovered and suits directed to be brought to recover that sum back into the Treasury.

The contingent expenses of the last Legislature were not one fifth of the expenses of the preceding. Some \$15 or \$20,000 were saved to the Commonwealth in this matter alone, by the care and economy of the Committee of Accounts. Mr. Bright then has done his duty faithfully and honestly. He has carried out the wishes of the people, and ought to be re-elected unanimously. Honor to whom honor is due. Let the faithful public servant be rewarded, and the best interests of the people will be faithfully represented.

SHAMOKIN.

FOR THE AMERICAN. Mr. Editor:—It being in accordance with the usages of the Democratic party, for the people, previous to the formation of the County Ticket, to bring before the public the names of such individuals as they may deem most worthy to discharge the duties belonging to the offices within their gift, we would recommend to the consideration of the Democratic Electors of Northumberland county, Maj. WILLIAM L. DEWART as a candidate for the Legislature. Should the people see proper to elect Maj. Dewart as their Representative, we feel confident that they will find in him a public servant of distinguished abilities, an intelligent, firm, and unwavering Democrat of the Jeffersonian school, and, consequently, the laboring man's friend.

Borough Ordinance.

WHEREAS, complaints have been frequently made that a number of boys have been in the habit of assembling in the streets, at night, and disturbing the peace of the community, by shouting and behaving in a disorderly manner.

THEREFORE, be it enacted, by the Burgess, assistant Burgess and Common Council, of the Borough of Sunbury, That if three or more boys shall be found together in the streets or alleys, of the Borough, after nine o'clock in the evening, or at any time previous, shouting and making a noise or trespassing upon other people's property, or otherwise behaving in a rude, riotous and disorderly manner, disturbing the peace of the citizens, it shall be the duty of the High Constable to arrest such offenders and convey them before a Justice of the Peace, to be dealt with according to law, and every such person or persons offending, shall, upon conviction of every such offense, forfeit and pay the sum of one dollar, to be recovered with costs of suit before any Justice of the Peace, of said Borough. One half to be paid to the person who shall give the information, and the other to the Burgess for the use of the Borough; and for non-payment of said fine and costs, and want of sufficient distress whereof to levy the same, it shall be the duty of the High Constable, having obtained a warrant from a Justice of the Peace for that purpose, to commit the offender to the common prison, there to remain for the space of 48 hours at hard labor, if said fine and costs be not soon paid.

Enacted into an ordinance, July 18th, 1844. Resolved, That the above ordinance be published ten days, and that the citizens be requested to meet at the Court House, on Monday the 29th ultimo, at 4 o'clock, P. M., to approve or disapprove of the same. A. JORDAN, Sunbury, July 20, 1844—21 Chief Burgess.

Credit System COSTS TOO MUCH!

IT is now an acknowledged fact that the Cash System is the only true one, both for the Buyer and Seller. Just received our second stock of New Goods this season. We opened a new store on the Cash Principle last April, and the great reduction of prices it enabled us to make, the saving and satisfaction the customer finds in its adoption has rendered our store universally popular with all who have given us a call. Our stock of goods consists of all the variety of Dry Goods, Groceries, Queensware, Hardware, Shoes, Hats, Bonnets, &c., &c., usually kept in a Country Store.

All of which we buy in New York and Philadelphia for the Cash ONLY, and generally from men who sell for Cash ONLY. We buy our goods cheap and sell them cheap; and we can do it, because we neither pay the debts of others, nor ask our customers to pay for other people's goods.—Every man pay his own debt.—is our motto.

We wish to extend the benefits of this system, and therefore invite all who may hear of our store, to give us a call, see for themselves, and act as wisdom dictates. Don't miss the place. There are others who pretend to sell cheap, for cash. Our store is North of the Canal, in the brick building opposite to Mr. A. Montgomery's stone house, corner of Mill street and Bloomsburg road. Walk out, try us, and you will be well paid for it. RUSSELL & GRIER, Danville, July 13th, 1844.—31
