OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depura-tive Syrup of Satsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setuse ; wherever the medicine has once been intraduced, it takes precedence over all others; every H. The use of a few bottles, especially in the spring months, will be sttended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body .- For the cure of Scrotula or Kings Evil, Rheumatism. Reading, March 14, 1843. Mn. OAKLEY :- 1 believe it the uty of every one to do whatever in their power lies, for the bone-fit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparills, I most conscientiously recommend it to the afflicted. We streets, Philadelphia, and sold on agency in Sunbuhad the misfortone to lose two of our children, by the breaking out of ulcerous sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them and had izens of Sunbury and its vicinity, that tried all the known remedies, including Swaim's he has removed his office to the white Panaces, without avail. Another of my children building in Market Square, cust of Ira was attacked in the same manner, her face and T. Clement's store, and immediately opposite the | neck was completely covered; the d scharge was so post office, where he will be happy to receive calls offensive, and the disease at such a height, that we in the line of his profession despaired of hes life. Seeing the wonderful effects induced to make trial of it, as the last resort ; it immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not its equal.

Douglassville, April 19th, 1843.

Mn. OARLEY :- My son Edmund Leaf. had the scrofels in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limits, his bead and reck were covered with ulcera. We tried all the different remedics, but to no effect, until recommended by Dr. Johnson of Nonistown, and also Dr. Isaac of Sarsaparalls, of which I obtained several boules, restored to perfect health, which he has enjoyed many persons who seen him du ing his affliction. I have thought it my duty, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a medicine. Yours truly,

RINGWORMS, FIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS. ar The following certifica's describes one of the

most extraordinary oures ever effected by any application.

PHILADELPHIA, February 10, 1838. FOR twenty years I was severely afflicted with TETTER on the Face and Head: the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in viclence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching ; my head swelled at times until it felt as if it would burst-the swelling was no great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many applications, (among them several celebrated preparations) as will as taking inward remedies, including a number of bottles of Swaim's Panacea, Extract of Sarsoparilla, &c. In fact, it would be impossible to enumerate all the medicines I used, I was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, 1 commenced using the Rose

Ointment, (prepared by Vaughan & Davis.) In Sold wholesale and retail, by the proprietor, swelling abated, the cruption began to disappear, GEORGE W. OAKLEY, North 5th street, Reas and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since u-

sing it, I have recommended it to several persons (among them my mother, who had the disease badon her arm,) who were all cured by it.

A PROOF OF ITS EFFICACY. PHILADILPHIA, May 27th, 1839. THIS is to certify that I was severely afflicted

I applied to a of your Deporative Symp of Sarsaparilla, we were | number of physicians, and used a great many applications without effecting a cure. About a year acred like a charm; the ulters commenced healing since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. MEDICAL APPROBATION

the ROSE OINTMENT, for Tetter. A LTHOUGH the superiority of the preparation over all others is fully established, the proprietors take pleasure in laying before the public the Hiester, of Reading, to use your Deparative Syrup following certificate from a respectable physician, a graduate of the University of Pennsylvania. Dr. the use of which drove the disease entirely out of Baugh, having found in this semedy that relief for his system, the sore healed up, and the child was a tedious and disagreeable affection which the means within the range of his profession failed to afford, uninterruptedly ever since, to the ast nishment of has not hesitated to give it his approbation, although the prejudices and interests of that profession are opposed to secret Remedies.

PRILADELPUIA, Sept. 19, 1836. I was recently troubled with a tedious herpetic eruption, which covered nearly one side of my face, and extended over the ear. Mr. Vaughan, proprisfor of the Rose Ointment, observing my face, instated on my trying his preparation, of which he han-
