

STANZAS. BY RICHARD H. WILDR.

My life is like a summer's rose That opens to the morning sky, But ere the shades of evening close, Is scattered on the ground-to die ! Yet on the rose's humble bed The sweetest dews of night are shed, As if she wept the waste to see-But none shall weep a tear for me ! My life is like the autumn leaf That trembles in the moon's pale ray, Its hold is frail-its date is brief, Restless-and soon to pass away ! Yet, ere that leaf shall fall and fade, The parent tree will mourn its shade, The winds bewail the leafless tree, But none shall breathe a sigh for me ! My life is like the prints which feet Have left on Tampa's desert strand ; Soon as the rising tide shall beat, All trace will vanish from the sand; Yet, as if grieving to efface All vestige of the human race, On that lone shore loud moans the sea, But none, alas! shall mourn for me ! These smoothly flowing verses, which have enjoyed a remarkable degree of favor for common place, are fairly reproved by a correspondent who sends us the following lines-less artistic certainly, but having something more of true poetic feeling and conception .- Newark

ANSWER TO

Daily Advertiser.

"MY LIFE IS LIKE & SUMMER'S ROSE." My life is not like foot-mark, leaf or flower, For their existence is but for an hour---They die, and leave no trace-And tho' the sea may sound a note of grief, And evening-dews weep for the flower and leaf, They never more have place ! And this so beautious earth, and sky and sen, Shall fade and pass away-aye, they shall be Converted back to nothing, at His breath Who breathed within my soul the breath of life-And me with that endowed, which midst the strife Of crumbling-worlds, shall triumph over death In deathless things, and not in fading leaf, Or aught whose date like summer's rose, is brief. An emblem do I find Of that which unto MAN alone was given-An amaranthine flower-to bloom in Heaven-The immortal mind. Then rise my soul-rise ever, keep in view

Thy home,-tho' drooping flowers strew This earthly sod, Oh! weep not o'er them!-they were born to fade But to exist forever wert thou made-Then look to Gop !

Medicamenta,

For the cure of all Bilinus affections, if taken ac-cording to directions. It is a never failing remedy which no family ought to be without, especially in low marshy countries.

As this medicine is put up onder the proprietor's immediate inspection on the most scientific principles, being Purely Vegetable, and having tried its efficacy on thousands, for upwards of 12 years, and to his knowledge when taken strictly according to directions, there has not been one failure. Under such circumstances I recommend it to the public, adding a certificate in support of my asseriled tion. do

I, John Burns, do certify that I was in the ship Tobacco Plant of Philadelphia, Capt. Reed, in June, 1827, bound to Liverpool; took the fever and ague and laid in Liverpool some time under the doctor's hands, went from there to Baltimore, lay in the Infirmary for four or five weeks-from thence to Philadelphia; was six months under Dr. Coats; from thence to New York-went to the Hospital, remained there about four weeks without sny telief-toted every thing without any benefit, for five years. Hearing of Cantrell's Ague Mixture from a friend, I went to his store, told him 15 1 thew I was afflicted, and get a bottle of his mixture we | and used it according to directions. It made a perfect cure, and I have not had the least return since. not I do with confidence recommend it to the public. JOHN BURNS.

ROSE OINTMENT. FOR TETTER.

RINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS.

of The following certificate describes one of the most extraordinary ourse ever effected by any application.

PHILADELPHIA, February 10, 1838. OR twenty years I was severely afflicted with TETTEN on the Face and Head: the disease ommenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itch-ing; my head swelled at times until it felt as if it would burst-the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many aj plications, (among them several celebrated preparations) as will as taking inward remedies, including a number of bottles of Swaim's Panacea, Extract of Sursaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used, was also under the care of two of the most distinguished physicians of this city, but without receiving moch benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, 1 commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a f-w applications the violent itching ceased, the swelling abated, the cruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction. who will call on me. At the time I commenced using the Rose Omment I would have given hundieds of dollars to be rid of the disease. Since using it. I have recommended it to several persons famong them my mother, who had the disease badly on her aim,) who were all cured by it. JAMES DURNELL, No. 156, Race St.

That it does not require more than one third the usual quantity of soap and water ; and that there is no rubbing, and consequently, little or no wearing or tearing - That it knocks off no buttons, and that the finest clothes, such as collars, laces, tucks, fulls, &c., may be washed in a very short time without the least injury, and in fact without any apparent wear and tear, whatever. We therefore hiserfully recommend it to our friends and to the public, as a most useful and labor saving machine,
