Jem Dodge married ould Judy Rouse-Och, she was a charming young bride ; With turf he then built a brick house : And the front door was on the back side The roof it was tiled with oat-straw. The cellar was on the first floor, And the chimney in order to draw, Was built just outside of the door. A beggar was Teddy Melone, His sister was his only brother ;

He had nothing at all of his own, Except what belonged to his mother. One night Teddy says to the 'Squire. I'm so cold, give me somethin' to est. I'm so dhry let me sit by the fire, And so hungry I must warm my feet. "Oh ! honey," one day says Patt Tigg,

For he was a scandalous glutton, "To-morrow I'll kill my fat pig. For I'm sure he'll make illegant mutton;" Eo then he goes into the hovel, And he hangs the pig up by the heel, Cut his throat all so nate with the shovel, Saving, this is the way to dress yeal ! One day Paddy Mulligan swore He had scalt all his mouth to a blister, While at dinner the morning before-"And wat was it wid !" asked the sister. Eavs Paddy "just thry for to guess"-Och. A good joke is one of those things which should always be well received, from its rarity. The best form in which it can come, is when it provokes a laugh at the expense of somehody else-that is decidely its most economical thape. But rather than lose it altogether, we should be content at times to be ourselves the victims, and to lough at our own cost. It will be seen from the subjoined, which is extracted from a recent number of the London Literary Gazette, that an opportunity of this latter sort now serves; and it is copied that the sport offorded by the transatlantic wag, may have its echo on this side of the water. We, of Fenusylvania, whose luck it has been to be so terribly berated by Sidney Smith, the witty but irritable Minor Canon of St. Paul's, may perhaps enjoy the matter more heartily, as we have at least paid our 'February interest,' and can so far regard ourselves as scot free. OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depura-tive Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in set-ting forth the advantages to be derived from its use ; wherever the medicine has once been introduced, it takes precedence over all others ; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the u most confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care ; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, cradicating any seeds of disease that may have been generated, besides giving health and viger to the body .- For the cure of Scrofula or Kings Evil, Rheumatism. Tetter, Pimples or eruptions of the Skin, White Swelling, Fistula, Chronic Cough Asthana, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

We had the mi-fortune to lose two of our children, by the breaking out of ulcerous sores that covered the fare, bead and neck, although we had some of the most scientific physicians to attend them and had tried all the known remedies, including Swaim's Panacoa, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the d-scharge was so offensive, and the disease at such a height, that we desprired of her life. Seeing the wonderful effects of your Deputative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort ; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to for health, which she has esjoyed uninterruntedly ever since. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Nonistown, and also Dr. Isaac Hiester, of Reading, to use your Deputative Sycup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sore healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the ast nishment of many persons who seen him duing his affliction. I purfailed chased of the Agent in our place one bottle, before using half of which I tegan to gain streng h, and it w s very evident my cough was much better and my symptoms in every way impriving. I have now used three bottles, and am restored to perfect health. This result is alone owing to the use of

DR WISTAR'S BALSAM OF WILD CHER-RY; and I take this method of giving you the information, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief.

Very truly yours, JAMES SAGE. Ms. Pauwan Douggist, under date of Waterville Sept. 24th, 1843, writes;

On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was fol lowed by the breaking of an uterr, or abscess, inwardle, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thoug t he could do but little for me except give me some Mercury Palls, which I refused to take, feeling satisfied that they could do me no good ; many o ther r-m dies were then procured by my wife and friends, but none did me any good-and the discharge of blood and corruption still continued every few days, and at last become so offensive that i could scarcely breathe. I.w. s also seized with a violent cough, which at times caused me to raise much more blood than I had done before-and my disease continued in this way, still growing worse, until Februsry, when all hope of my recovery was given up, and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparen ly drawing near its close. I heard of DR. WISTAR'S BALSAM OF WILD CHELRY, and got a bottle which ar-LIEVED ME IMMEDIATELY ; and by the use of only three bottles of this medicine, all my pains were removed-my cough and spitting of blood and corruption entirely stopped, and in a few weeks my hrabh was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this

That, in Washing. it will save more than one half the usual labor .---That it does not require more than one third the usual quantity of so p and water ; and that there is no rubbing, and consequently, little or no wearing or tearing .-. That it knocks off no buttons, and that the finest clockes, such as collars, laces, tocks, frills, &c., may be washed in a very short time without the least injury, and in fact without any apparent wear and tear, whatever. We thereforcheerfully recommend it to our friends and to the public, as a most useful and labor saving machine.

HERR'S HOTEL, (formerly Tremont House, No. 116 Chesnut street,) Philadelphia, September 21st, 1844.

I have used Shugert's Patent Washing Machine in my house upwards of eight months, and do not hesitate to ray that I deem it one of the most useful and valuable labor-saving machines ever invented. I formerly kept two women continually occupied in washing, who now do as much in two days as they then did in one week. There is no wear or tear in washing. and it requires not more than one-third the usual quantity of soap. I have had a number of other machines in my family, but this is so decidedly superiar to every thing else, and so little liable to get out of repair, that I would not do without one if they should cost ten times the warranted. Apply to price they are sold for. DANIEL HERR.
