Emigrants. Messrs. Editors.—By examination of a Report to Congress, bearing date January 10th, 1845, just received, I perceive that the whole number of emigrants who have arrived in the United States during the last eight years, amounts to 581,528; yearly average 78,941. Of this number there were from

Table listing emigrant statistics by country: England and Scotland (81,320), Germany (145,976), Ireland (240,648), Other British Possessions (16,576), France (39,952), Texas (11,904).

Among these 581,528 emigrants there were persons having no occupation, 231,044; Children, 51,728; Laborers, 76,043; Mechanics, 69,208; Farmers, 97,796; Planters, 112; Physicians, 1,736; Lawyers, 552; Dress Makers, 2,080.

Now it is evident there are many thousands in addition who enter the United States that are not enumerated, because not reported to government. The large amount from Texas will surprise many readers unless they are reminded that the German Association are sending their people to Texas, a large portion of whom, as soon as possible, come to the United States.

The German Association at the head of which are thirty Princes of Germany, backed by a subscription of five million thalers, are very active in enlisting emigrants for America. The next year will be remarkable in the history of the United States. 70,000 Germans are preparing to embark for America, and more will come if shipping can be obtained.

Thrilling Adventure in the Mammoth Cave. The following thrilling incident is related of a party who visited the Mammoth Cave recently:

"A wedding party went to the cave to spend the honeymoon. While there, they went to visit those beautiful portions of the cave which lie beyond the river 'Jordan.' In order to do this, a person has to sail down the river nearly a mile, before reaching the avenue which leads off from the river to the opposite side; for there is no shore or landing place between the point that is below on the other, for the river fills the whole width of one avenue to the cave, and is several feet deep where the side walls descend into the water.

This party had ascended the river, visited the cave beyond, and again embarked on the river for their return homeward. After they had ascended the river about half way, some of the party, who were in a high glee, got into a room and overturned the boat. Their lights were all extinguished, their matches wet, the boat filled with water and sunk immediately, and there they were, in the blackness of darkness, up to their chins in water. No doubt they would have all been lost, had it not been for the guide's great presence of mind.

He charged them to remain perfectly still, for if they moved a single step they might get out of their depth in water, and swimming would not avail them, for they could not see where to swim to. He knew that if they could bear the coldness of the water any length of time they would be safe, for another guide would be sent from the Cave house to see what had become of them. And in this perilous condition, up to their mouths in water, in the midst of darkness more than eight, four miles under ground, they remained for upwards of five hours, at the end of which time another guide came to their relief. Matthew, or Mat, the guide who rescued them, told me that when he got where they were, his fellow guide, Stephen, (the Columbus of the cave,) was swimming around the rest of the party, cheering them and directing his movements, while swimming, by the sound of their voices, which were raised, one and all, in prayer and supplication for deliverance."

A most extraordinary affair had occurred at Tooting, England. A person who had lived in that place more than half a century, part of the time as cook to a lady, and six years as the wife of Robert Welch, the parish clerk, died at the age of 83, and was discovered to be a man! He had regularly partaken the sacrament, and was religiously buried as "Sister Ann Welch." Many parties wished to keep the matter a secret, but a woman named Fletcher, who was at the laying out, had sworn to the body being that of a man, and it would be disinterred according to law.

Office of the BALTIMORE MARKET. Office of the BALTIMORE AMERICAN, March 24. GRAIN.—Wheat is scarce and in demand. We note sales of white, not prime, 105 a 110 cts. Prime white is wanted at higher rates. Sales of Md. reds were made to-day at 95 a 97 cts. and a sale of a lot of two of very prime reds at 100 cts. Corn has also advanced a little. Sales of white were made to-day at 42 cents, and of yellow at 44 cents. We quote Oats at 25 cts. Sales of Penna. Rye, to the extent of 3500 bushels, at 65 cts.

WHISKEY.—We note an improved demand for Whiskey, and sales of hds. at 21 1/2 cts. and of bbls. at 23 cts. which is an improvement.

[Extract from a London paper.] "We're not ourselves, When nature, being oppressed, commands the mind To suffer with the body." This is a truism conceived by the master mind of Shakespeare, which neither sophistry nor argument can refute. To all those who are suffering from bilious attacks, indigestion and flatulency, we would with great sincerity recommend, as a never failing remedy, Brandreth's Pills. The testimonials we have had submitted to us in favor of this admirable medicine, fully justify our speaking of these Pills in terms of the highest praise.

Boot & Shoe MAKING. THE subscriber, late of the firm of Brek & Bros, would respectfully inform his old customers and the public generally, that he has taken the shop formerly occupied by Haas & Duckenfield as a better shop, one door east of Wood's store, in Market street, Sunbury, where he intends to carry on his former business. In all his various branches, he will be prepared to do all kinds of work in his line at the strictest notice and the most durable manner. He is thankful for former patronage, and by strict attendance to business and reasonable charges, will endeavor to deserve a continuance of it. JOSEPH BECK, Sunbury, Feb. 22, 1845.—6m

WISTAR'S BALSAM OF WILD CHERRY. A Compound Balsamic Preparation from Wild Cherry Bark and Tar. The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stages of CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in its worst form, but it has cured many after all other means of relief had been tried in vain.—And why not? It seems that the WILD CHERRY, by the curative diseases of the cold, PAINAGEA was destined by Nature to be our Palliative. Let not the despairing invalid waste his money and lose TIME, to him as all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it always relieves.

"There is no such thing as a free lunch" in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one can doubt, fully establish this fact. For the sake of brevity we set out the following from thousands. Isaac Platt, Esq., Editor of the Pikespie Eagle, one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842 with severe cold which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment and care she partially recovered during summer. But on the return of winter she was attacked more severely than at first, she became scarcely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took, and it seemingly restored her. She got around, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptom of her former disease. Mr. Platt says "the cure came under my own observation and I cannot be mistaken as to the facts."

EXTRACT OF A LETTER FROM A POST MASTER DATED PENNSYLVANIA, Washington Co., Maine, Apr. 29, 1844. MR. ISAAC BITTS.—Dear Sir: At the request of many of my friends in this place and vicinity who are afflicted with consumption and liver complaint, I take the liberty of asking you to appoint some one in this county as agent to sell Wistar's Balsam of Wild Cherry, and to send him a few lead pens as there is a room of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay. My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of country. Having seen the Balsam advertised in August.

200 MILES FROM HERE, I took the pains to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and she now says she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing you. Please inform me by return of mail whether you conclude to send some, and if so to whom, in order that it may be known where it can be had. I am with respect yours, etc. P. G. FARNSWORTH, P. M. The whole country is fast learning that no medicine—no physician—no preparation of any kind whatever—can equal Dr. Wistar's Balsam of Wild Cherry.

A TRULY WONDERFUL CURE. WATERVILLE, OREGON CO., N. Y., Sept. 15, 1843. Dear Sir—I owe it to the attention to inform you that in January last I was attacked by a severe cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the best medical aid in my village; but after exhausting all their skill I now that they pronounced my disease a confirmed CONSUMPTION, and they one and all gave me up to die. After much persuasion I got the consent of my physician to use the BALSAM OF WILD CHERRY prepared by Dr. Wistar. I purchased the Agent in our place one bottle, before using half of which I began to gain strength, and it was very evident my cough was much better and my symptoms in every way restored. I have now used three bottles, and am restored to perfect health. This result is due owing to the use of DR. WISTAR'S BALSAM OF WILD CHERRY. I and I take this method of giving you the information, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief. Very truly yours, JAMES SAGE. Mr. PALMER, Duggist, under date of Waterville, Sept. 20th, 1843, writes: The statement given you by Mr. James Sage is well known to be true by this whole community. It is certainly a most remarkable cure. The sale of the Balsam is very good, and its success in curing truly flattering. Yours respectfully, D. B. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED. HADDONFIELD, N. J., April 20, 1843. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought I could die, but not for me except I got some of the Mercury Pills, which I refused to take, feeling satisfied that they would do me no good; many other remedies were then procured by my wife and friends, but none did me any good—and the discharge of blood and continued still continued every few days and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to retch much more often than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friends all thought I would die of GALLING CONSUMPTION. At this moment, when my life was supposed to draw near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle which I used immediately, and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and consumption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter's,) and up to this time I have enjoyed good health. THOMAS COZENS, GLOUCESTER COUNTY, N. J., 35. Personally came before me, the subscriber, one of

the Justices of the Peace in and for the said county, Thomas Cozens, and being duly affirmed according to law, with this above statement is in all things true. Affirmed before me, on the 26th of April, 1843. J. CUMMERS, J. P. Such is the unprecedented success of this BALSAM, "NATURE'S FAVORITE PRESCRIPTION," a prescription congenial to our wants as it is prepared from chemical extracts from substances which the author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly asserting that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that WISTAR'S BALSAM is known to the world to be "THE GREAT REMEDY," and that to sell any mixture it must be like this in name, or purport to be like it in substance.

Believe not the cunningly wrought fabrications—and take only the original and genuine WISTAR'S BALSAM OF WILD CHERRY. NO OTHER CAN BE LIKE IT. Address all orders to ISAAC BITTS, No. 22 Ann St., New York. Agents, JOHN W. FRILING, Sunbury, D. BRAUFIGAM, Northumberland, J. K. MOYER, Bloomsburg, J. WAGGONSILLER, Selinsgrove, BROWN & CREASY, Mifflinville. Feb. 22d, 1845—ly

Cantrell's Ague Mixture, or Tonic Medicament. For the cure of all Bilious affections, if taken according to directions. It is a never failing remedy which no family ought to be without, especially in low marshy countries. As this medicine is put up under the proprietor's immediate inspection on the most scientific principles, being Purely Vegetable, and having tried its efficacy on thousands, for upwards of 12 years, and to his knowledge when taken strictly according to directions, there has not been one failure. Under such circumstances I recommend it to the public, adding a certificate in support of my assertion. I, John Burns, do certify that I was in the ship Tobacco Plant of Philadelphia, Capt. Reed, in June, 1827, bound to Liverpool; took the fever and ague and laid in Liverpool some time and the doctor's hands, went from there to Baltimore, by the Infirmary for four or five weeks—then returned to Philadelphia, where I was under Dr. Cozars; from thence to New York—went to the Hospital, remained there about four weeks without any relief—tried every thing without any benefit, for five years. Hearing of Cantrell's Ague Mixture from a friend, I went to his store, told him how I was afflicted, and got a bottle of his mixture and used it according to directions. It made a perfect cure, and I have not had the least return since. I do with confidence recommend it to the public. JOHN BURNS.

Medicated Syrup of Sarsaparilla. Philadelphia, April 10th, 1841. Mr. JOHN A. CANTRELL, Dear Sir,—Having been afflicted for upwards of two years with ulceration of the throat, destroying the whole of the soft parts, then through the upper part of my mouth into my nose, from which several pieces of bone came out, when I was discharged from my office, through a kind Providence, and a Medicated Syrup of Sarsaparilla, which was now tested to perfect health, and my sight, which was now much impaired, is as strong as when a boy. I thought it a duty I owed to you and those similarly affected, to make it public. Yours, Respectfully, SAMUEL KIRK, Corner of Tenth and Cones Streets. I, Gabriel Johnston, No. 6 R. R. Street, do certify that my wife, Jane, was afflicted for two years with Rheumatism, and at last was entirely disabled, so that she was obliged to be confined to bed, being of my office, through a kind Providence, and a Medicated Syrup of Sarsaparilla, which was now tested to perfect health, and my sight, which was now much impaired, is as strong as when a boy. I thought it a duty I owed to you and those similarly affected, to make it public. Yours, Respectfully, SAMUEL KIRK, Corner of Tenth and Cones Streets.
