What! do you say you'll marry again before I die, if it will please me ! You wicked man 1 shouldn't wonder if you were to fall out of bed. I am afraid to sleep with you for fear we shall be swallowed up. What are you doing, Mr. Caudle 1 getting out of bed ! Don't tell me its to relieve my fears ! It's no such thing, It's to go and swill with the prettyman. Don't be a dunce, sir. Get into bed again or I won't live with you another day. I'll go home to mother's and pine in solitude ; and die a victim to your treatment. Once it was not so. most extraordinary oures ever effected by any application. PHILADELPHIA, February 10, 1838.

COR twenty years I was severely afflicted with TETTER on the Face and Head : the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, areat part of my fire was covered with the eruption, frequently attended with violent itching ; my head swelled at times outil it felt as if it would turst-the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many applications, (among them several celebrated preparations) as well as taking inward remedies, including a number of hattles of Swaim's Panacea, Extract of Sarsaparilla, &c. In fact it would be impossible to enumerate all the medicines I used. was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching crased, the swelling abated, the crustion began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller sccount to any person wanting further satisfaction, who will call on me. At the time I commenced using the R-se Ointment I would have given hundieds of dollars to be rid of the disease. Since uing it. I have recommended it to several persons, among them my mother, who had the disease had-
