

SOME BRITISH RESIDENTS IN NEW YORK have had in contemplation the establishment of a Free Church for the especial use of British immigrants, and being good and royal subjects of Queen Victoria, were desirous that the English prayer book should be used in the services of the Church, retaining the prescribed prayers for the Queen and royal family. They applied to Bishop Oederick for his Episcopal sanctions, but the Bishop, in his letter of reply, questions the expediency of instituting worship strictly according to the forms of the English Church, in this country, where natives of Britain come, mostly, with a view to permanent and not mere temporary residence. Such a course, he conceives, would tend to an objectionable keeping up of national distinctions and cherishing of foreign attachments, and as such could not rightfully be sanctioned by ecclesiastical authority in this country. The Bishop also points out the impropriety of expecting the Episcopal Church of the United States to recognize either a clergyman or a liturgy emanating from a foreign ecclesiastical jurisdiction.

SLAVERY ABOLISHED IN THE ISLAND OF ST. BARTHOLOMEW.—A letter from Stockholm, dated the 12th of April, says that the Swedish Diet has responded to the appeal of the King, and in a manner which secures freedom to the four or five hundred slaves belonging to the Swedish island of St. Bartholomew. The Estate acceded to the proposition of the King by voting 10,000 piastres yearly, for five years, to be expended in redeeming the slaves of that island and compensating the losses of their masters.

CONSTANT EXERCISE.—When constant exercise cannot be used, from any cause, the occasional use of opening medicine, such as *Branche's Vegetable Universal Pills*, is absolutely required. Thus the conduits of the blood, the fountain of life, are kept free from those impurities which would prevent its steady current ministering health. The morbid humors are prevented from becoming fixed with it. It is nature which is thus assisted through the means and outlets which she has provided for herself. Daily use of these Pills will never be injurious, because the longer they are used the less is required to produce an operation. They are the only medicine known which possess this quality. Reference can be given to some of our most respectable citizens, whom they have cured of a constitutional coarctation.

It is situate on the pool of the Shamokin dam at the eastern terminus of the Northumberland Canal. Its proximity to the thriving boroughs of Sunbury and Northumberland, and the probability that the hills contain valuable bodies of Iron Ore, and its admirable location in the heart of the Iron and Coal regions of Pennsylvania, to which there is a heavy and increasing emigration, gives this property an additional value, and renders it well worthy of the attention of capitalists and farmers. Terms made known on the day of sale. KENDRICK SMITH, Adm'r. &c. of Thomas Grant, dec'd. Sunbury, May 10, 1845.—8t.
