

Just the Thing.

Our old friend Dennis Corcoran, of the Pien-yone—(and the 'broth of boy' he is too!) tells the following story:

'THE AMERICAN EAGLE and DANIEL O'CONNELL—Bryan Maguire and Phil Mahony were yesterday charged before the Recorder with fighting and disturbing the peace on Monday night. Their appearance told that they belonged to neither the peace nor temperance societies.

'Mahony and Maguire, you have been fighting,' said the Recorder. 'Have you any thing to say to the charge?'

'Mahony looked at Maguire, and Maguire scratched his head with his dexter hand, and looked at the ground.

'I see that neither of you have any defence to make,' said the Recorder.

'O'yes, yer honor,' said Bryan, 'Phil has; he'll till ye all about it, for he's got the larnin'; he brags himself on sakin' a schoolmaster, and of bein' as far as the Rule of Three in Fractions. Speak to him, Phil.'

And acting on the hint, Phil spoke:—'May it please this honorable court; meself and Bryan here was last night takin' two juleps, as happy and as comfortable as if we'd found a leprechaun's gold, or was in possession of a four leaf shamrock, and could get what we wanted just for askin' it. And how cud we be otherwise? for, as I said afore, there was our juleps afore us, wid the ice shinin' in the tumbler like lumps of diamonds, and the mint clustered all over the top o' them, remindin' a body of the green fields of cold Ireland. 'Now I think,' sis Phil to me—

'I think' said the Recorder, 'that I evince great patience in listening to all this. Why do you not at once reply to the charge?'

'That's what I'm comin' too,' said Bryan—'so, as I was sayin', sis Phil to me, sis he, 'I believe, Bryan,' said he, 'there was a time in Ireland when it 'ud be thrason to drink one of them juleps there,' sis he. 'I suppose you mane sence Father Mathew made them strict temperance min'?' sis I. 'No,' sis he, 'but in '98, 'Why in '98?' sis I. 'Just because they're green,' sis he; 'ye know any one that showed a preference in them days for the national color in any way, they wud either hung or sint to Botany Bay. Don't ye know,' sis he, 'what the ould song sis I—

'It's a poor distressed country As liver yet was seen; They're hangin' min and women For the wearin' of the green.'

'O, I know all that,' sis I; 'yeak, and it 'ud be so still for O'Connell—

'O, Dan was the boy That in spite of King or Queen, Pulled down the orange And ran up the green?'

And, after singin' this verse, he tuck up his tumbler and said, 'Here's his health!' 'I'll not drink it,' sis I. 'Thin ye're no Irishman,' sis he. 'As good as you are,' sis I; 'but I'll drink no man's health who sis a word against the American Aigle, that floats above and watches over the nist where Liberty hatches her young.' 'O, I know ye had the Saxon dhrap in ye,' sis he. 'It's a lie,' sis I. 'Take that thin,' sis he. 'And that,' sis I; and to it we went, and at it we kept till the watchman arrested us. But we talked the thing over in the watch-house last night, and made it all up. Phil sis he'd suffer to be cursed by the priest rather than propose O'Connell's health, if he knew that he said a word against the American Aigle; so if yer honor lites us off this time, we'll neither brake the pace nor another's head for a month of Sundays.

The Recorder took them at their words and ordered their immediate discharge.

MACREADY'S PERPLEXITY.—The manners and customs of the inhabitants of the New World excited in Macready many emotions of curiosity. He could scarcely fathom many of the "eccentricities" of the Yankees. Going to one of the theatres in which he was playing, he said—'Mr. — what a singular company you have—how eccentric! how queer!

'How so, sir?'

'Why, one man comes to me and says 'I'm tight,' another says 'I'm high,' another 'I'm blue,' another 'I've got a brick in my hat,' another 'I'm making a Virginia rail fence,' another 'I'm abfuscated!'

'Well, sir,' interrupted the manager, 'surely there is nothing remarkable in all that.'

'It is very remarkable,' said Macready, petulently, 'for, upon inquiry, I find that all these men are drunk.—Noah's Messenger.

POETRY.—The Key West Gazette has a correspondent who calls himself the 'Key West Egg,' and the following is a specimen of his style:

Of all the girls in Key West, The most amiable and the very best, Is she whom I saw yesterday dress'd In muslin de laine. Her eyes are soft and very blue, Her figure is good—her temper too, And then she never has the blue Devils or any pain.

A young poet of Cleveland Ohio, has fallen in love the second time. It may be true that 'true love never did run smooth,' but it can't be said of his poetry.

o wunet I luv'd a nuther girl, Her name it was murrier, but betsy deer my luv for is 45 times more higher.

A young lady, a few evenings since, said to her cavalier, "please clasp my cloak!" "Certainly," said he, clasping his arms around her, "and the contents too."

WISTAR'S BALSAM OF WILD CHERRY, A Compound Balsamic Preparation from Wild Cherry Bark and Tar. The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stages of CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in its most fatal form, but it has cured many after all other means of relief had been tried in vain. And why not? It seems that the WILD CHERRY was destined by Nature to be our PANACEA for the various diseases of this cold latitude. Let not the despairing invalid waste his money and lose TIME, to him so all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it always relieves.

'There is no such thing as a fall' in the history of this wonderful BALSAM. Evidence the most convincing—swollen, that no one can doubt, fully establish this fact. For the sake of brevity we select the following from thousands. Isaac Platt, Esq., Editor of the Pikespike Eagle, one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842, with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Thorough medical treatment and care she patiently received during summer, but on the return of winter she was attacked more violently than at first, she became so weak she could not walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took, and it seemingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptom of her former disease.

Mr. Platt says 'the cure came under my own observation and I cannot be mistaken as to the facts.'

EXTRACT OF A LETTER FROM PETERSON, M.D.

PETERSON, Washington Co., Maine, Apr. 29, 1844. MR. ISAAC BUTTS.—Dear Sir: At the request of many of my friends in this place and vicinity who are afflicted with consumption and liver complaints, I take the liberty of asking you to appoint some one in this county as agent to sell WISTAR'S BALSAM OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if there were where it could be procured without too much expense and delay. My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of country. Having seen the Balsam advertised in August.

200 MILES FROM HERE.

I took the pains to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and the now says she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing you. Please inform me by return of mail whether you conclude to send some, and if so, to whom, in order that I may be known where it can be had. I am with respect yours, etc.

P. G. FARNSWORTH, P. M.

The whole country is fast learning that no medicine—no physician—no preparation of any kind whatever—can equal Dr. WISTAR'S BALSAM OF WILD CHERRY.

A TRULY WONDERFUL CURE.

WATERVILLE, OREGON, N. Y., Sept. 15, 1843. Dear Sir—I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the best medical aid in our village; but after exhausting all their skill to no avail, they pronounced my disease a confirmed consumption, and they one and all gave me up. After much persuasion I got the WILD CHERRY prepared by Dr. WISTAR. I purchased of the Agent in our place one bottle, before using half of which I began to gain strength, and it was very evident my cough was much better and my symptoms in every way improving. I have now used three bottles, and am restored to perfect health. This result is alone owing to the use of DR. WISTAR'S BALSAM OF WILD CHERRY; and I take this method of giving you the information, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief. I AM, SIR, YOURS, VERY TRULY, YOUNG RESPECTFULLY, JAMES WAGGONER, Mr. PATTERSON, Druggist, under date of 8th August, Sept. 24th, 1843, writes:

The statement given you by Mr. James Sage is well known to be true by this whole community. It is certainly a most remarkable cure. The sale of the Balsam is very good, and increases in every country flourishing. Yours respectfully, D. B. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED.

HARRISBURG, N. J., April 20, 1844. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but little for me except to give me some Mercury Pills, which I refused to take, feeling dissatisfied that they could do me no good; many of my friends, who were then present by my side, and friends, but none did me any good—the discharge of blood and coagulated matter continued every few days, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friends all thought I would die of a GALLING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle which I began to use immediately, and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter), and up to this time I have enjoyed good health. THOMAS COZENS, GLOUCESTER COUNTY, N. J., ss. Personally came before me, the subscriber, one of

the Justices of the Peace in and for the said county, Thomas Cozens, and being duly sworn according to law, said the above statement is in all things true. Affirmed before me, on the 20th of April, 1844, J. CLEMENT, J. P. Such is the unprecedented success of this BALSAM.

NATURE'S FAVORITE PRESCRIPTION.

A prescription suggested to our wants, as it is prepared from chemical extracts from substances which the author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and a demerit asserting that it is imported from a foreign country, which is not the case. All these deceivers are to be shown that WISTAR'S BALSAM is known to the world to be 'THE GREAT REMEDY,' and that it will cure every disease to which it is applied, or purport to be like it in substance.

Believe not the cunningly wrought fabrications—and take only the original and genuine WISTAR'S BALSAM OF WILD CHERRY.

NO OTHER CAN BE LIKE IT. Address all orders to ISAAC BUTTS, No. 32 Ann St., New York. Agents, JOHN W. FRILING, Senbury, D. BRAUNIGAM, Northumberland, J. K. MOYER, Bloomsburg, J. WAGGONER, Selinsgrove, BROWN & CREASY, Mifflinville.

Cantrell's Ague Mixture, or Tonic Medicament.

For the cure of all Bilious affections, if taken according to directions.

It is a never failing remedy which no family ought to be without, especially in low marshy countries.

As this medicine is put up under the proprietor's immediate inspection on the most scientific principles, being Purely Vegetable, and having tried its efficacy thousands of times, for upwards of 12 years, and to his knowledge when taken strictly according to directions, there has not been one failure. Under such circumstances I recommend it to the public, adding a certificate in support of my assertion.

I, John Burns, do certify that I was in the Ship Tobacco Barn of Philadelphia, Capt. Reed, in June, 1827, bound to Liverpool, took the fever and ague and laid in Liverpool some time under the doctor's hands, went from there to Baltimore, lay in the infirmary for four or five weeks—then thence to Philadelphia; was six months under Dr. Coak's; from thence to New York—went to the Hospital, remained there about four weeks without any relief—tried every thing without any benefit, for six years. Hearing of Cantrell's Ague Mixture from a friend, I went to his store, told him how I was afflicted, and got a bottle of his mixture and used it according to directions. It made a perfect cure, and I have not had the least return since. I do with confidence recommend it to the public. JOHN BURNS.

Medicated Syrup of Sarsaparilla.

Philadelphia, April 10th, 1844. Mr. JOHN A. CANTRELL, Dear Sir,—Having been afflicted for upwards of two years with ulceration of the throat, destroying the whole of the soft palate, then through the upper part of my mouth into my nose, from which several pieces of bone came out, which partially destroyed my speech, through a kind of Pharyngitis, and your Medicine of Sarsaparilla, I am now restored to perfect health, and my sight, which was so much impaired, is as strong as when a boy.

I thought it duty I owed to you and those similarly afflicted, to make it public. Yours, respectfully, SAMUEL KIRK, Corner of Third and Cedar Streets.

I, Gabriel J. net n, No. 6 Rock-Isle Street, do certify that my wife, Jane, was afflicted for two years with Rheumatism, and at last was entirely disabled, so that she was obliged to be confined to bed, bearing a constant pain in her limbs, and was unable to rise from her bed, and was in a most deplorable state of health, and my sight, which was so much impaired, is as strong as when a boy.

OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most effectual purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scorbutic or King's Evil, Rheumatism, Tetters, Pimples or eruptions of the Skin, White Swelling, Eczema, Chronic Cough Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

Sole Wholesale and Retail, by the proprietor, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following persons:

MR. OAKLEY—I believe it the duty of every one to do whatever in their power lies, for the benefit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I most conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcers across their cheeks, by the face, head and neck, although we had some of the most scientific physicians to attend them, and had tried all the known remedies, including Swain's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not its equal.

JOHN MOYER, Tailor, Walnut street, near Fourth, Reading.

Doughlassville, April 19th, 1843.

MR. OAKLEY—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Norristown, and also Dr. Isaac Hunter, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles; the use of which drove the disease entirely out of his system, the sore healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction. I have thought it my duty, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a medicine. Yours truly, AMELIA D. LEAF.

ROSE OINTMENT FOR TETTER.

RINGWORMS, PIMPLES ON THE FACE, AND OTHER CONTAGIOUS ERUPTIONS. The following certificate describes one of the most extraordinary cures ever effected by any application.

PHILADELPHIA, February 10, 1838. FOR twenty years I was severely afflicted with Tetter on the Face and Head; the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst; the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many applications, (among them several celebrated preparations,) as well as taking inward remedies, including a number of bottles of Swain's Panacea, Extract of Sarsaparilla, &c. In fact it would be impossible to enumerate all the medicine I used. It was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the Fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling abated, the eruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the security of this disease, and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since using it, I have recommended it to several persons, (among them my mother, who had the disease badly on her arm,) who were all cured by it.

JAMES DURNELL, No. 156, Race St. The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race Streets, Philadelphia, and sold on agency in Senbury, by H. B. MASSER, Agent, May 14th, 1843.

THE Rose Ointment for Tetter. A PROOF OF ITS EFFICACY. PHILADELPHIA, May 27th, 1839.

THIS is to certify that I was severely afflicted with Tetter in the hands and feet for upwards of forty years; the disease attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applications without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. RICHARD SAVAGE, Eleventh below Spruce Street.

MEDICAL APPROBATION OF THE ROSE OINTMENT, for Tetter. ALTHOUGH the superiority of the preparation over all others is fully established, the proprietors take pleasure in having before the public the following certificate from a respectable physician, a graduate of the University of Pennsylvania, Dr. Baugh, having found in this remedy that relief for a tedious and dangerous affliction which the means within the power of his profession failed to afford, has not hesitated to give it his sanction, although the prejudices and interests of that profession are opposed to secret Remedies.

PHILADELPHIA, Sept. 19, 1836. I was recently troubled with a tedious herpetic eruption, which covered nearly one side of my face, and extended over the ear. Mr. Vaughan, proprietor of the Rose Ointment, observing my face, insisted on my trying his preparation, of which he handed me a jar. Although in common with the members of my profession, I disbelieve and disapprove of the numerous nostrums palmed upon the public by ignorant pretenders, I feel in justice bound to except the Rose Ointment from that class of medicines, and to give it my sanction, as it has cured the eruption, although it had resisted the use of all medicines. DANIEL BAUGH, M. D.
