WISTAR'S BALSAM OF WILD CHERRY.

A Compound Balsamic Preparation from Wild Cherry Bark and Tea. The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stages of CONSUMPTION.

We will not attempt to describe this BALSAM will cure Consumption in its worst form, but it has cured many after all other means of relief had been tried in vain. And why not? It seems that the WILD CHERRY was destined by Nature to be our PANACEA for the raging diseases of this cold latitude. Let not the despairing invalid waste his money and lose TIME, to him as all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it always relieves.

There is no such thing as a fall in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one can doubt, fully establish this fact. For the sake of brevity we select the following from thousands.

EXTRACT OF A LETTER FROM A POSTMASTER DATED FEBRUARY, WASHINGTON CO., Md., April 29, 1844.

MR. ISAAC BUTTS.—Dear Sir: At the request of many of my friends in this place and vicinity who are afflicted with consumption and liver complaints, I take the liberty of asking you to appoint some one in this county as agent to sell WISTAR'S BALSAM OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 200 miles from this—I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay.

200 MILES FROM HERE.

I took the pains to send there for a bottle of it, which she took, and which helped her so much, that I sent for two bottles more, which she has also taken, and he now says she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing you. Please inform me by return of mail whether you conclude to send some, and if so to whom, in order that it may be known where it can be had.

A TRULY WONDERFUL CURE.

WATERVILLE, Me., Sept. 15, 1843. Dear Sir—I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the best medical aid in our village; but after exhausting all their skill to no avail, they pronounced my disease a confirmed consumption, and they one and all gave me up for dead. After much prayer I got the consent of my physician to use the BALSAM OF WILD CHERRY, prepared by Dr. WISTAR. I purchased of the Agent in my place one bottle, before using half of which I began to gain strength, and in very evident my cough was much better and my symptoms in every way improving. I have now used three bottles, and am restored to perfect health. This result is due to the use of DR. WISTAR'S BALSAM OF WILD CHERRY; and I take this method of giving you the information, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief.

THE MOST REMARKABLE CURE EVER RECORDED.

HANDSFIELD, N. J., April 20, 1843. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but little for me except give me some Mercury Pills, which I refused to take, feeling satisfied that they could do me no good; many other remedies were then prescribed by my wife and friends, but none did me any good—and the discharge of blood and corruption still continued every few days, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I read of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle which I commenced using immediately; and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health.

The Justices of the Peace in and for the said county, Thomas Cozens, and being duly affirmed according to law, saith the above statement is in all things true.

"NATURE'S FAVORITE PRESCRIPTION."

A prescription conceived in our wants, as it is prepared from chemical extracts from substances which the author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly asserting that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that WISTAR'S BALSAM is known to the world to be "THE GREAT REMEDY!" and that to sell any mixture it must be like this in name, or purport to be like it in substance.

Believe not the cunningly wrought fabrications—and take only the original and genuine WISTAR'S BALSAM OF WILD CHERRY. NO OTHER CAN BE LIKE IT.

Medicated Syrup of Sarsaparilla.

Philadelphia, April 10th, 1844. Mr. JOHN A. CANTRELL, Dear Sir—Having been afflicted for upwards of two years with ulceration of the throat, destroying the whole of the soft palate, then through the upper part of my mouth into my nose, from which several pieces of bone came out, which partially destroyed my speech, through a kind Providence and your Medicated Syrup of Sarsaparilla, I am now restored to perfect health, and my sight, which was so much impaired, is as strong as when a boy.

OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived no signal benefit results from it, that it is recommended by them with the utmost confidence.

Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any scrofulous disease that may have been generated, besides giving health and vigor to the body.

Mr. OAKLEY—I believe it the duty of every one to do whatever in their power, for the benefit of their fellow men, and having had positive proof in my own family of the wonderful properties of your Depurative Syrup of Sarsaparilla, I must consequently recommend it to the afflicted.

It is a never failing remedy which no family ought to be without, especially in low marshy countries.

As this medicine is put up under the proprietor's immediate inspection on the most scientific principles, being Purely Vegetable, and having tried its efficacy on thousands, for upwards of 12 years, and to his knowledge when taken strictly according to directions, there has not been one failure.

ROSE OINTMENT FOR TETTER.

RINGWORMS, POPLIN OF THE FACE, AND OTHER CUTANEOUS ERUPTIONS.

FOR twenty years I was severely afflicted with Tetter on the Face and Head; the disease commenced when I was seventeen years old, and continued until the Fall of 1833, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst—the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many applications, (among them several celebrated preparations) as well as taking inward remedies, including a number of bottles of Swain's Panacea, Extract of Sarsaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used.

It was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1830, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling abated, the eruption began to disappear, and before I had used a jar of the ointment was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since using it, I have recommended it to several persons, (among them my mother, who had the disease badly on her arm,) who were cured by it.

James D'Ernell, No. 156, Race St.

The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race Streets, Philadelphia, and sold on agency in Sunbury, by H. B. MASSER, Agent, May 14th, 1843.

Medical Approbation

ALTHOUGH the superiority of the preparation of the Rose Ointment, for Tetter, is over all others is fully established, the proprietors take pleasure in laying before the public the following certificate from a respectable physician, a graduate of the University of Pennsylvania, Dr. Baugh, having found in this remedy that relief for a tedious and disagreeable affection which the means within the range of his profession failed to afford, has not hesitated to give it his approbation, although the prejudices and interests of that profession are opposed to secret Remedies.

Philadelphia, Sept. 19, 1836.

I was recently troubled with a tedious herpetic eruption, which covered nearly one side of my face, and extended over the ear. Mr. Vaughan, proprietor of the Rose Ointment, observing my case, insisted on my trying his preparation, of which he handed me a jar. Although uncommon with the members of my profession, I discountenanced and disapproved of the numerous nostrums palmed upon the public by ignorant pretenders. I felt in justice bound to except the Rose Ointment from that class of medicines, and to give it my approbation, as it entirely cured the eruption, although it had resisted the usual applications.

The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race Streets, Philadelphia, and sold on agency in Sunbury, by H. B. MASSER, Agent, May 14th, 1843.
