

Sketches of Mexican Generals.

A writer in the Washington Union gives the following account of the prominent military men of Mexico:—

General Paredes was at or near Monterey when last heard from; he is undoubtedly commander-in-chief—his rank is general of division, the highest grade in the Mexican service; and he is considered as the most distinguished man of his grade. He commenced his services as lieutenant, under the old priest, General Morales, one of the most able generals and purest patriots that the revolution produced. Paredes commanded for a long time the body of lancers, who formed the personal escort of that chief, and in the fatal battle of the Cuautla Amparos, lost his right hand, and saved the life of his chief. After the execution of Morales, he retired to the mountains, where, among the incredible dangers and hardships, he concealed himself until he was pronounced in favor of independence, when he immediately put himself and party under the orders of that general, and contributed largely to securing their independence which they have shown themselves incapable of appreciating.

He has been several times elected governor of the State of Guadaluajara, and his administration has always been characterized by great moderation, strict integrity, and unwavering firmness. As a military man, he is very popular with his soldiers. About five years since, General Morelos pronounced against the government, and collected an army of three or four thousand men in the vicinity of San Luis Potosi. Paredes, who commanded for the government, being out reconnoitering with his staff and escort, encountered his antagonist, a short distance, killing him in a personal encounter with his lance, which is his favorite weapon.

He also put down General Bustamante, the head of the Centralists in Mexico, and has more recently triumphed over Santa Anna, being the first person who pronounced in his old city of Guadaluajara. Paredes is now about fifty years of age, and has always been liberal in his principles. He resided in Philadelphia something like two years, having been expelled from his country.

General Don Mariano Arista, who commands the van of the army, already arrived seven miles from Matamoros on the 12th, is about forty years of age. He is a citizen of Nuevo Leon, of which Monterey is the capital, one hundred and ninety miles west of Matamoros. He is a powerful man, being upwards of six feet, and very muscular. He is very much devoted to agricultural pursuits, having large sugar plantations in the neighborhood, where he has successfully introduced all the recent improvements in sugar making and baking.

Arista is considered by his own countrymen as the most talented cavalry general that they have. He was formerly expelled from Mexico when colonel of lancers; and, finding himself in Cincinnati without resources, he applied himself to the tin and copper-making business, and became (in the five years that he spent in that city) a first rate workman. He speaks English very well, and has always treated the Americans with great kindness, and whenever prisoners (Texans) have fallen into his hands, with great humanity. He is readily distinguished by being remarkably fair, with sandy hair and mustaches.

General Gaona, who appears to be behind these two chiefs, is a general of artillery, and commanded at San Juan de Ulloa when it was taken by the French. He was tried by court-martial for that affair.

The reason that the army is marching in three divisions is undoubtedly owing to the scarcity of water. I cannot understand why General Arista has gone to Matamoros; for Camargo, on the same river, sixty miles above, is the place where they have generally cantoned their cavalry—pasture being very abundant there, and exceedingly scarce in the former place. Probably he may have gone to Matamoros with the intention of passing his baggage across at that place in the few boats which he may find, there being none above that point, and the fords in the river being very dangerous at this season of the year, when the rains might be expected every day. If we hear that he has gone to Reynosa or Camargo (towns above) we may calculate upon his not going into cautionment until October, or after the rainy season.

* Father of Col. Almonte, late minister of Mexico to this country.

San Luis Potosi—where, according to the last accounts from Aransas, of the 13th, General Paredes was—about seven days' march from Monterey, where his artillery, in consequence of the facility of procuring water and travelling the wagon-road, would have to pass. From Monterey to Matamoros, is about seven days more.

DYING WORDS OF DISTINGUISHED MEN.—The Pittsburgh commercial gives the following account of the dying words of some of the most distinguished men that, perhaps, ever lived:—"Head of the army"—Napoleon. "I must sleep now"—Byron. "It matters little how the head lies"—Sir Walter Raleigh. "Kiss me Hardy"—Nelson. "Don't give up the ship"—Lawrence. "I'm d—d if I don't believe I'm dying"—Chancellor Thurlow. "Don't let that awkward squad fire over my grave"—Burns. Schiller asked, when he spoke last, that he might be raised up so that he could see the sun, which, glorious as the poet's fame, was slowly declining beyond the hills of the Rhine.

POETICAL.—The ancient Celt, it is said, believed that the employment of new born infants removed to Heaven, became thenceforth the scattering of flowers upon the earth.

WISTAR'S BALSAM OF WILD CHERRY.

A Compound Balsamic Preparation from Wild Cherry Bark and Taxe. The best remedy known in the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stages of CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in its worst form, but it has cured many after all other means of relief had been tried in vain. And why not? It seems that the WILD CHERRY was destined by Nature to be our PANACEA for the various diseases of this cold latitude. Let not the despairing invalid waste his money and lose TIME, to him as all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it always relieves.

"There is no such thing as a fall" in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one can doubt, fully establish this fact. For the sake of brevity we select the following from thousands.

Issue Plant, Esq., Editor of the Packerian, one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842 with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment and care she partially recovered during summer. But on the return of winter she was attacked more violently than at first, she became scarcely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took, and it seemingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptom of her former disease.

Mr. Platt says "the cure came under my own observation and I cannot be mistaken as to the facts."

EXTRACT OF A LETTER FROM A POST MASTER DATED

Penobscot, Washington Co., Maine, Apr. 29, 1844. MR. ISAAC BUTTS, Dear Sir: At the request of many of my friends in this place and vicinity who are afflicted with consumption and other complaints, I take the liberty of asking you to introduce to some one in this county as agent to sell WISTAR'S BALSAM OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay.

My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of country. Having seen the Balsam advertised in August.

200 MILES FROM HERE.

I took the pains to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and the now says she has not felt so well for six years as she does at this time. All those who have enjoyed the benefit of this Balsam had better be anxious to have some for sale in this vicinity, which is the cause of my writing you. Please inform me by return of mail whether you conclude to send some, and if so to whom, in order that it may be known where it can be had.

I am with respect yours, etc.

P. G. FARNSWORTH, P. M.

The whole country is fast learning that no medicine—no physician—no preparation of any kind whatever can equal DR. WISTAR'S BALSAM OF WILD CHERRY.

A TRULY WONDERFUL CURE.

WATERVILLE, OREGON CO., N. Y., Sept. 15, 1843. Dear Sir—I owe it to the BALSAM OF WILD CHERRY that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. Had in attendance all the best medical aid of our village; but after exhausting all their skill to no avail, they pronounced my disease a confirmed consumption, and they one and all gave me up to die. After much persuasion I got the consent of my physician to use the BALSAM OF WILD CHERRY prepared by Dr. Wistar. I purchased a half of which I began to gain strength, and it was very evident my cough was much better and my symptoms in every way improving. I have now used three bottles, and am restored to perfect health. This result is all owing to the use of DR. WISTAR'S BALSAM OF WILD CHERRY; and I take this method of giving you the information, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief.

Very truly yours, JAMES SAGE.

Mr. PALMER, I suggest, under date of Waterville, Sept. 24th, 1843, was: The statement given by Mr. James Sage is well known to be true by the whole community. It certainly was a most remarkable cure. The sale of the Balsam is very good, and its success in curing is truly flattering. Yours respectfully, D. D. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED.

HARDENBURGH, N. J., April 20, 1843. On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do little for me except give me some "Mercury Pills," which I refused to take, feeling assured that they could do me no good; many other remedies were then procured by my wife and friends, but none did me any good—and the discharge of blood and corrupt in still continued every few days, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friends all thought I would die of a Gallstone Consumption. At this moment, when my life was supposed to be drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle which relieved me immediately; and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter), and up to this time I have enjoyed good health.

Such is the unprecedented success of this BALSAM.

NATURE'S FAVORITE PRESCRIPTION.

A prescription congenial to our wants, as it is prepared from chemical extracts from substances which the author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap temporary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly asserting that it is imported from a foreign country, which is not the case. All those deceptive arts go to show that WISTAR'S BALSAM is known to the world to be "THE GREAT REMEDY," and that to sell any mixture to be like this in name, or to purport to be like it in substance, is to most unworthily believe not the cunningly wrought fabrics, but to take only the original and genuine WISTAR'S BALSAM OF WILD CHERRY.

NO OTHER CAN BE LIKE IT.

FIFTY DOLLARS REWARD!

CANTRELL'S Celebrated Family Medicines

WILL not cure every thing, but still remain unequalled in their several departments by every thing ever offered to the public, who have voluntary come forward and offered numerous and highly respectable testimonials of their superior efficacy.

Cantrell's Compound Medicated Syrup of Sarsaparilla, or Anti-Scorbutic Syrup, for the cure of Scourful, Chronic Rheumatism, Chronic Swellings of the Joints, Eruptions of the Skin, and all Diseases arising from the abuse of Mercury, &c., unoppressed by any thing in the market, combining all the virtues resident in the Sarsaparilla with a modern medicine, only lately brought out by the most respectable medical authorities. Price, 50 cents per bottle.

Cantrell's Anti-Dyspeptic Powder, for the relief and permanent cure of that most distressing complaint, Dyspepsia, in all its forms and stages. It is truly a most valuable remedy. Sold in bottles at 25 and 50 cents each.

Cantrell's Ague Mixture and Tonic Medicament, stands at the head of the list unrivalled by any, or all the immaterial medicines in use throughout the length and breadth of the land, for the cure of FEVER and AGUE in all its stages, and from all its consequences.

Residents in Fever and Ague districts should never be without it.

The subscriber will forfeit FIFTY DOLLARS where his medicine fails to perform a cure in the most obstinate case.

Sole Wholesale and Retail by CALDER CRESSON, at his Drug Warehouse, No. 6 North Third Street, Philadelphia; also, by the regularly appointed agent, SEYMOUR W. ROBERTS, Wholesale Druggist, No. 54 Water Street, Mobile.

Observe, none are genuine without the signature of JOHN A. CANTRELL.

Cantrell's Ague Mixture, or Tonic Medicament.

For the cure of all Bilious affections, if taken according to directions.

It is a never failing remedy which no family ought to be without, especially in low marshy countries.

As this medicine is put up under the proprietor's immediate inspection on the most scientific principles, being Purely Vegetable, and having tried its efficacy on thousands, for upwards of 12 years, and to his knowledge when taken strictly according to directions, there has not been a failure. Under such circumstances I recommend it to the public, adding a certificate in support of my assertion.

I, John Burns, do certify that I was in the ship Tobacco Plant of Philadelphia, Capt. Reed, in June, 1827, and bound to Liverpool; took the fever and ague and laid in Liverpool some time under the doctor's hands, went from there to Baltimore, lay in the Infirmary for four or five weeks—from thence to Philadelphia; was six months under Dr. Coats; from thence to New York—went to the Hospital, remained there about four weeks without a relief—then very thought without any benefit. I was engaged on board of Cantrell's Ague Mixture from a friend, I went to his store, told him how I was afflicted, and got a bottle of his mixture and used it according to directions. It made a perfect cure, and I have not had the least return since. I do with confidence recommend it to the public.

JOHN BURNS.

Medicated Syrup of Sarsaparilla.

Philadelphia, April 10th, 1844. Mr. JOHN A. CANTRELL, Dear Sir,—Having been afflicted for upwards of two years with ulceration of the throat, destroying the whole of the soft palate, then through the upper part of my mouth into my nose, from which several pieces of bone came out, which partially destroyed my speech, through a kind Providence and your Medicated Syrup of Sarsaparilla, I am now restored to perfect health, and my sight, which was much impaired, is as strong as when a boy.

I thought it a duty I owed to you and those similarly affected, to make it public.

Yours, Respectfully, SAMUEL KIRK, Corner of Tenth and Coates Streets.

I, Gabriel Johnston, No. 6 Reekless Street, do certify that my wife, Jane, was afflicted for two years with Rheumatism, and at last was entirely disabled, so that she was obliged to be confined to bed, hearing of Cantrell's Medicated Syrup of Sarsaparilla, which completely removed all her pains and stiffness from her limbs; two more bottles made a perfect cure. She is now able to attend to her household duties as usual. GABRIEL JOHNSTON, Philadelphia, Jan. 22d, 1844.

OAKLEY'S DEPURATIVE SYRUP.

The valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the utmost confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicated any scrofulous disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scrofula or Kings Evil, Rheumatism, Tetter, Pimples or eruptions of the Skin, White Swelling, Fistula, Chronic Cough Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

Sole wholesale and retail, by the proprietor, GEORGE W. OAKLEY, North 5th Street, Reading, Berks County, and to be had of the following persons:—

In Northumberland County.—H. B. MASSER, Sunbury; Ireland & Mixel, McEvensville; D. Krauser, Milton.

In Union County.—J. Gearhart, Selinsgrove; A. Gutless, Millville.

In Columbia County.—R. W. McCay, Washington, Reading, March 14, 1843.

Mr. OAKLEY—I believe it the duty of every one to do whatever in their power, for the benefit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I am consequently recommending it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them and had tried all the known remedies, including Swain's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that she departed for her life. Seeing the wonderful efficacy of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not its equal.

JOHN MOYER, Tailor, Walnut street, near Fourth, Reading, Douglaville, April 19th, 1843.

Mr. OAKLEY—My son Edmund Leaf, had the scrofula in the most desolating and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Norristown, and also Dr. Isaac Hunter, of Reading, to use your Depurative Syrup of Sarsaparilla, which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who saw him during his affliction. I have thought it my duty, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a medicine.

ROSE OINTMENT FOR TETTER.

RINGWORKS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS AFFECTIONS. The following certificate describes one of the most extraordinary cures ever effected by any application.

PHILADELPHIA, February 10, 1838. FOR twenty years I was severely afflicted with Tetter on the Face and Head: the disease commenced when I was seventeen years old, and I was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling abated, the eruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since using it, I have recommended it to several persons, (among them my mother, who had the disease badly on her arm,) who were cured by it.

JAMES DURNELL, No. 156, Race St. Philadelphia. The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race Streets, Philadelphia, and sold on agency in Sunbury, by H. B. MASSER, Agent, May 14th, 1843.

Rose Ointment for Tetter. A PROOF OF ITS EFFICACY.

PHILADELPHIA, May 27th, 1839. THIS is to certify that I was severely afflicted with Tetter in the hands and feet for upwards of forty years; the disease was attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applications without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. RICHARD S. SAVAAT, Eleventh, below Spruce Street.

The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race Streets, Philadelphia, and sold on agency in Sunbury, by H. B. MASSER, Agent, May 14th, 1843.

MEDICAL APPROBATION OF THE ROSE OINTMENT, for Tetter.

ALTHOUGH the superiority of the preparation above all others is fully established, the proprietors take pleasure in laying before the public the following certificate from a respectable physician, a graduate of the University of Pennsylvania. Dr. Baugh, having found in this remedy that relief for a tedious and disagreeable affection which the means within the range of his profession failed to afford, has not hesitated to give it his approbation, although the prejudices and interests of that profession are opposed to secret Remedies.

Philadelphia, Sept. 19, 1836. I was recently troubled with a tedious herpetic eruption, which covered nearly one side of my face, and extended over the ear. Mr. Vaughan, proprietor of the Rose Ointment, observing my face, insisted on my trying his preparation, of which he handed me a jar. Although in common with the members of my profession, I discountenance and disapprove of the numerous nostrums palmed upon the public by ignorant pretenders, I feel in justice bound to except the Rose Ointment from that class of medicines, and to give it my approbation, as it entirely cured the eruption, although it had resisted the usual applications. DANIEL BAUGH, M. D.

The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race Streets, Philadelphia, and sold on agency in Sunbury, by H. B. MASSER, Agent, May 14th, 1843.
