

**Wanted.**

One hundred and seventy-five young men of all sizes, from the tall, graceful dandy with hair enough on his upper works to stuff a barber's cushion, down to the little hump-backed, frack-toed, bow-legged, carrot-headed upstart.—The object is to form a *gaping Corps*, to be in attendance at the church doors on each Sabbath before the commencement of divine service, stare at the females as they enter, and make delicate and gentlemanly remarks on their persons and dress. All who wish to enlist in the above Corps, will please appear at the various church doors next Sabbath morning, where they will be duly inspected, and their names, personal appearance and quantity of brains registered in a book kept for that purpose, and published in the newspapers. To prevent a general rush, it will be well to state that none will be admitted who possess intellectual capacities above that of an ordinary well-bred donkey.—Exchange.

**INDIAN AND YANKEE.**—The water at Mackinaw is very clear and very cold, so cold as to be almost unendurable. A gentleman lately amused himself by throwing a small gold coin in twenty feet water, and giving it to any Indian who would bring it up. Down they plunged, but after descending ten or twelve feet they came up so chilled that after several ineffectual attempts they gave it up. A Yankee, standing by, observed that "if he would give it to him for getting it, he'd swing it up quicker than lightning," to which he consented; when Jonathan, instead of plunging in as was expected, quietly took up a setting pole, and dipping the end in a tar barrel, reached it down to the coin and brought it up, then slipped it into his pocket, walked off, to the amazement of the Indian divers, and the no small chagrin of the donor.

**SINGING WITHOUT A MASTER.**—A young man at a social party was vehemently urged to sing a song. He replied that he would first tell a story, and then if they persisted in their demand he would willingly execute a song. When a boy, he said, he took lessons in singing, and on one Sunday morning he went up into the garret to practice some. While in full cry he was suddenly sent for by the old gentleman.

"This is pretty conduct," said the father, "pretty employment for the son of pious parents to be sitting in the garret on a Sunday morning, loud enough to be heard by all the neighbors. Sit down and take your book."

The young man was unanimously excused from singing the proposed song.

**DIVISION OF LABOR.**—A certain preacher who was holding forth to a somewhat wearied congregation, lifted up his eyes to the gallery, and beheld his son pelting the people below with chestnuts.—Domine was about to administer, *ex cathedra*, a sharp and stringent reprimand for this flagrant act of impiety and disrespect, but the youth anticipating him, bawled out, at the top of his voice—

"You mind your preaching, daddy, and I'll keep them awake!"

The scene that ensued may be safely left to the imagination.

**THE TRUTH WILL OUT.**—By the accidental omission of a single letter, in an exchange paper, the line

"Hell has no fury like a woman scorned,"

was made to read—

"Hell has no fury like a woman *corned*."

This is the first time we ever heard of so striking a truth being the offspring of error.

**LAUDIBLE MISTAKE.**—A Frenchman having heard a gentleman make use of the expression, "it strikes me forcibly," and not being very well acquainted with the parlance of John Bull, shortly afterwards introduced the same expression into conversation.—"It do knock me very hard dat dis is the reason," &c.

The Chinese Museum at Boston is very attractive. Col. Green says, a man was so much fascinated with it the other day, that he could not be persuaded to leave the hall until he saw his wife there.

**"NO MISTAKE AT ALL SIR."**—A sailor having purchased some medicines of a celebrated doctor, demanded the price.

"Why, says the doctor, 'I cannot think of charging you less than seven-and-sixpence.'"

"Well, I'll tell you what," replied the sailor, "take off the odds, and I'll pay you the even."

"Well," returned the doctor, "we won't quarrel about trifles."

The sailor laid down a sixpence, and was in the act of walking off, when the doctor reminded him of his mistake.

"No mistake at all, sir," said the sailor, "six is even and seven is odd, all the world over; so I wish you a good day."

"Get you gone," said the doctor, "I've made sixpence out of you yet."

A lady looking at the review, we asked if she was partial to military training; to which she replied she liked exceedingly the officers' salute.

**NOT GENERALLY KNOWN.**—We find the following in the St. Louis Reveille:

"The parent who would train up a child in the way he should go, must go in the way he would train up the child."

A beautiful sentiment is the following, by the celebrated Logan—

"Over all movements of life religion centers her favors, but reserves the best, her choicest, her divine blessing for the last hour."

**WISTAR'S BALSAM OF WILD CHERRY.**

A Compound Balsamic Preparation from Wild Cherry Bark and Tea. The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stages of CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in its worst form, but it has cured many after all other means of relief had been tried in vain.—And why not? It seems that the WILD CHERRY was destined by Nature to be our PANACEA for the ravaging diseases of the cold latitude. Let not the despairing invalid waste his money and lose TIME, to him so all important, in experimenting with the trashy nostrums of the day, but use of once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it always cures.

"There is no such thing as a fall" in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one can doubt, fully establish the fact. For the sake of brevity we select the following from thousands.

Issue Platt, Esq., Editor of the Pokespie Eagle, one of the most influential journals in the State of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842 with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. The usual medical treatment and rest she partially recovered during summer. But on the return of winter she was attacked more violently than at first, she became scarcely able to walk and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took, and it so immediately restored her. She got sound, and before it was half taken she was returned to perfect health, which she has enjoyed to the present time, without the slightest symptom of her former disease.

Mr. Platt says "the cure came under my own observation and I cannot be mistaken as to the fact."

**EXTRACT OF A LETTER FROM A POSTMASTER, DATED PENNSYLVANIA, WASHINGTON CO., MAINE, APR. 29, 1844.**

MR. ISAAC BUTTS.—Dear Sir: At the residence of many of my friends in this place and vicinity who are afflicted with consumption and liver complaints, I take the liberty of asking you to appoint some one in this county as agent to sell WISTAR'S BALSAM OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay.

My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of country. Having seen the BALSAM advertised in August.

**200 MILES FROM HERE.**

I took the pains to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and she now says she has not felt so well for six years as she does at this time. All those who are afflicted with it, and who have seen the effect the BALSAM had, are anxious to have some for sale in their vicinity, which is the cause of my writing you. Please inform me by return of mail whether you conclude to send some, and if so to whom, in order that it may be known where it can be had.

I am with respect yours, etc.

P. G. FARNSWORTH, P. M.

**A TRULY WONDERFUL CURE.**

WATERVILLE, ONIDA CO., N. Y., Sept. 15, 1843.

Dear Sir—I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. Had in attendance all the best medical aid in our village, but after exhausting all their skill to no avail, they pronounced my disease a CONSUMED CONSUMPTION, and they one and all gave me up for dead. After much persuasion I got the consent of my physician to use the BALSAM OF WILD CHERRY prepared by Dr. WISTAR. Purchased of the Agent in our place one bottle, before using half of which I began to gain strength, and it very evidently my cough was much better, and my symptoms in every way improving. I have since used three bottles, and am restored to perfect health. This result is alone owing to the use of DR. WISTAR'S BALSAM OF WILD CHERRY. I will state the particulars of my case in the information, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief.

Very truly yours, JAMES SAGE.

Mr. PALMER, Druggist, under office of Waterville, Sept. 20, 1843, writes:

**THE MOST REMARKABLE CURE EVER RECORDED.**

HAIDENFIELD, N. J., April 26, 1843.

On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an abscess, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being greatly alarmed at this, I applied to a physician, but he said he thought he could do but little for me except give me some Mercuro Pills, which I refused to take, feeling assured that they could do me no good; many other remedies were then procured by my wife and friends, but none did me any good—and the discharge of blood and corruption still continued every few days, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle which I received IMMEDIATELY; and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work all my trade, which at times (a carpenter), and up to this time I have enjoyed good health.

THOMAS COZENS.

GLOUCESTER COUNTY, N. J., &c.

Personally came before me, the subscriber, one of

the Justices of the Peace in and for the said county, Thomas Cozens, and being duly affirmed according to law, saith the above statement is in all things true.

Affirmed before me, on the 20th of April, 1843, J. CLEMENT, J. P.

Such is the unprecedented success of this BALSAM.

**"NATURE'S FAVORITE PRESCRIPTION,"**

a prescription congenial to our wants, as it is prepared from chemical extracts from substances which the author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly avouching that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that WISTAR'S BALSAM is known to the world to be "THE GREAT REMEDY," and that to sell any mixture it must be like this in name, or purpose to be like it in substance.

Observe, none are genuine without the signature of JOHN A. CANTRELL.

**Cantrell's Agree Mixture or Tonic Medication.**

For the cure of all Bilious affections, if taken according to directions.

It is a never failing remedy which no family ought to be without, especially in low marshy countries.

As this medicine is put up under the proprietor's immediate inspection on the most scientific principles, being Purely Vegetable, and having tried its efficacy on thousands, for upwards of 12 years, and to his knowledge when taken strictly according to directions, there has not been one failure. Under such circumstances I recommend it to the public, adding a certificate in support of my assertion.

I, John Burns, do certify that I was in the ship Tobacco Plant of Philadelphia, Capt. Reed, in June, 1827, bound to Liverpool, took the fever and ague and laid in Liverpool some time under the doctor's hands, went from there to Baltimore, lay in the Infirmary for four or five weeks—from thence to Philadelphia; was six months under Dr. Coates from thence to New York—went to the Hospital, remaining there about four weeks without any relief—tried every thing without any benefit for five years. Hearing of Cantrell's Agree Mixture from a friend, I went to his store, told him how I was afflicted, and got a bottle of his mixture and used it according to directions. It made a perfect cure, and I have not had the least return since. I do with confidence recommend it to the public.

JOHN BURNS.

**Medicated Syrup of Sarsaparilla.**

Philadelphia, April 10th, 1844.

Dear Sir,—Having been afflicted for upward of two years with ulceration of the throat, destroying the whole of the soft palate, then through the upper part of my mouth into my nose, from which several pieces of bone came out, which partially destroyed my speech, through a kind Providence and your Medicated Syrup of Sarsaparilla, I am now restored to perfect health, and my sight, which was so much impaired, is as strong as when a boy.

I thought it a duty I owed to you and those similarly affected, to make it public.

Yours, Respectfully, SAMUEL KIRK.

Corner of Truth and Coates Streets.

**I, Gabriel Jonston, No. 6 Rockless Street, do certify**

that my wife, Jane, was afflicted for two years with Rheumatism, and at last was entirely disabled, so that she was obliged to be confined to bed, hearing of Cantrell's Medicated Syrup of Sarsaparilla, which completely removed all her pains and stiffness from her limbs; two more bottles made a permanent cure. She is now able to attend to her household duties as usual. GABRIEL JONSTON.

**OAKLEY'S DEPURATIVE SYRUP.**

THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the most confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scrofula or Kings Evil, Rheumatism, Tetter, Pimples or eruptions of the Skin, White Swelling, Prola, Chronic Cough Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

Sold wholesale and retail by the proprietor, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following persons:

In Northumberland County.—H. B. Masser, Sunbury; Ireland & Mixel, McEwensville; D. Kramer, Union.

In Union County.—J. Gearhart, Sellersville; A. Gottlieb, Millville.

In Columbia County.—R. W. McCay, Washington.

Reading, March 14, 1843.

MR. OAKLEY.—I believe it the duty of every one to do whatever is in their power, for the benefit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I most conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcers sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them and had tried all the known remedies, including Swain's Panacea, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered by the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not its equal.

JOHN MOYER, Tailor.

Walnut street, near Fourth, Reading.

DOUGLASSVILLE, APRIL 19th, 1843.

MR. OAKLEY.—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Norristown, and also Dr. Isaac Heister, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles. The use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who have seen him during his affliction. I have thought it my duty, and send you this certificate that others who have like affliction in the family may know where to obtain so valuable a medicine.
