

I WANT A BEAU.
I want a beau—I want a beau
The sweet, at least they tell me so,
To walk or walk or sail or row
With him you mean to marry.
And then—but O! it must be sweet
To have one kneeling at one's feet,
And hear him there his vows repeat!
By Jove, but I will marry!
I'm old enough to have a beau!
And oft I tell my mamma so:
As often she replies, "Oh no!
Too are too young to marry!"
Old folks! 'tis always thus with those
Whose bosom coldly flows
The streams of love, to boltes and beaux
Who have a mind to marry.
—Maid who have their hearts for sale
Some forty years—their charms are stale,
May—and they have cause—to rail
At those who wish to marry!
And ma's who by experience taught,
Know all the liss with which is fraught
The wedded life, I think should nought
Object when girls would marry.

From the New Orleans Delta.
The State House mislabeled for the Insane Asylum.

It is to be regretted that there does not exist a species of architectural phrenology or physiognomy by which the purpose of public buildings could be known by a survey of their exterior. The absence of such a science, and the fact that in large cities public buildings are very often devoted to uses different from their original design, tend to queer mistakes—to drop misapprehensions. The following occurrence of yesterday, will serve to illustrate what we say. Two strangers from the Back-eyre State, whose first visit it was to the city, went about to take a view of the Crescent, and to see what was to be seen. After a promiscuous walk of an hour they found themselves in Canal street, and after passing their individual opinions on that ample public avenue, the demidilapidated State House in Canal street, with its dusky windows and rusty walls, attracted their attention. We cannot say mesmeric influence operated on their minds at the moment, but certain it is, that they jointly and unanimously concluded that it must be the Insane Asylum, and as they said themselves, that it "wa'n't nuthin' else." There was but one circumstance threw a doubt on their opinion, and that was that the door and the gate leading to it were both thrown open, showing a third party coming up, whom they rightly judged to be a resident citizen and who was in fact one of the knowings too, they thought they would have their doubts solved, and so, when he approached, politely put the question to him: "Is this, sir, the Insane Asylum?" Hesitating only a moment—for he thought the queists were not "long in town," he replied, "Yes—O yes, that is the Insane—that is, it sometimes is an Insane Asylum—periodically, gentlemen, periodically it is used for that purpose."

"Why, they don't ever let the mad folks out, do they?" said one of the Ohioans.
"Why, yes, they do," said the quizzical cit; "it is thought that a change of scene—the country air—is rather beneficial for their malady than otherwise."
"Some of them very wicked, eh?" said one of the countrymen.
"Why, no, not very—not very wicked," said the quizz; "strange to say, the majority of them live under a little monomania; they fancy themselves Writts and Websters, Henry Clays and Bentons, and generally pass their time in asking frothy speeches, all sound and fury signifying nothing—or at least but little. This of course would all be very harmless, if the people whose rights and interest, they fancy they upheld, had not in the mean time to pay for the support of these lunatics."
"Why, bless my soul," said one of the countrymen, "it must be a Boddam indeed, if they all have such an opinion of their oratorical powers and legislative importance as you represent upon to have!"
"Oh, not all—not all," says the saw-running citizen—I did not mean all. Some of them are wappily ever utter a word. They seem to be wrapped up in their own ideas all the time, and never speak unless some question is put to them, when they answer eye or no, and again wrap themselves up in the cloak of silence."
"I swear to goodness!" said one of the countrymen, "if that ain't the way the mad folks act in Ohio. Pray, what time of the year are they here, and how long?"
"They are generally here," said the cit, "from January till April; this year, I have been told by their keeper, they do not come here till next month. 'But, gentlemen,' said our quizzical friend, looking at his watch, 'you will excuse me—I must be off—for further particulars, on your return, as the seal on the letter said to the young woman to whom it was directed.' He touched his hat and left, and the two countrymen said he was an 'all-fired civil fellow.'"

Getting out a SOLL.—A correspondent of the Sunday Atlas writing from Spain, says:—The hope of releasing a sufferer from the fire extracts the last mite from Spanish poverty, to pay for holy water. What struck me as particularly funny, was a printed notice on a flat board attached to church doors, reading as follows:—"This day, you can get out a soul." Was there ever such a deep, cunning set of fellows as these priests!

THOMSON'S Compound Syrup of Tar & Wood Naphtha.

THE unparalleled success of this medicine, in the restoration of health, to those who, in deep distress, had given up all hope, has given it so great a reputation above all other remedies, furnishing evidence of its intrinsic value and power, as the only agent which can be relied upon for the cure of Pulmonary Consumption, Bronchitis, Asthma, Pain in the side and Breast, Spitting of Blood, Whooping Cough, Croup, &c.

Attention is requested to the following ASTONISHING CURE, by Thomson's Compound Syrup of Tar and Wood Naphtha!

MR. THOMSON—Dear Sir—With grateful feelings I inform you of the astonishing effects of your medicine, which has literally raised me from the depths of despair. My disease, Pulmonary Consumption, had reduced me so low that my physician pronounced my case hopeless! At this juncture I began to use your medicine, and miraculously as it may seem, it has completely restored me to health, after everything else had failed. Respectfully yours,
Charlotte street, above George street.

The undersigned, being personally acquainted with Washington Meek and his sufferings, bear witness to the astonishing effects of Thomson's Compound Syrup of Tar, and the truth of the above statement.

WISTAR'S BALSAM OF WILD CHERRY,
A Compound Balsamic Preparation from Wild Cherry Bark and Tar,
The best remedy known to the world for the cure of coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint, and the first stage of CONSUMPTION.

We will not assert that this BALSAM will cure Consumption in its worst form, but it has cured many after all other means of relief had been tried in vain.—And why not? Because the WILD CHERRY was destined by Nature to be our PAIN-NAEEA for the raving diseases of this ill-fated land. Let not the despairing invalid waste his money and lose TIME, to him as all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it always relieves.

"There is no such thing as a fall," in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one can doubt, fully establish this fact. For the sake of brevity we select the following from thousands.

Isaac Platt, Esq., Editor of the Pottsville Eagle, one of the most influential journals in the state of New York, states under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in Feb. 1842, with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment of disease she partially recovered during summer. But on the return of winter she was attacked more violently than at first, she became severely sick, and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took, and it seemingly restored her. She recovered, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptom of her former disease.

Mr. Platt writes: "The cure came under my own observation and I cannot be mistaken as to the fact."

EXTRACT OF A LETTER FROM POST MASTER, DATED
PENNSBURG, Washington Co., Maine, Apr. 22, 1844.

MR. ISAAC BITTTS—Dear Sir: At the request of many of my friends in this place and vicinity who are afflicted with consumption and liver complaints, I take the liberty of asking you to supply some one in this county as agent to sell WISTAR'S BALSAM OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale if it were where it could be procured without too much expense and delay.

My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of country. Having seen the Balsam advertised in August.

☐ 200 PILLS FROM HERE, ☐ I took the pills to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and the more she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing you. Please inform me by return of mail whether you conclude to send some, and if so to whom, in order that it may be known where it can be had.

I am with respect yours, etc.
P. G. FARNSWORTH, P. M.

The whole country is fast learning that no medicine—no physician—no preparation of any kind whatever—can equal Dr. WISTAR'S BALSAM OF WILD CHERRY.

A TRULY WONDERFUL CURE.
WATERVILLE, Orono Co., N. Y., Sept. 15, 1843.

Dear Sir—I used it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and a distressing cough. I had in attendance all the best medical aid in our village; but after exhausting all their skill to no avail, they pronounced my disease a confirmed CONSUMPTION, and they one and all gave me up to die. After much persuasion I got the consent of my physician to use the BALSAM OF WILD CHERRY prepared by Dr. WISTAR. I purchased the Agent in our place one bottle, before using half of which I began to gain strength, and my symptoms gradually went away. I have now used three bottles, and am restored to perfect health. This result is due entirely to the use of DR. WISTAR'S BALSAM OF WILD CHERRY; and I take this method of giving you the information, partly to pay you the debt of gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief.

Very truly yours,
JAMES SAGE.

Mr. PALMER, Druggist, under date of Waterville, Sept. 24th, 1843, writes:

The statement given you by Mr. James Sage is well known to be true by this whole community. It is truly a most remarkable cure. The sale of the Balsam is very good, and its success in cases truly flattering.

Yours respectfully,
D. D. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED.
HARRISONVILLE, N. J., April 20, 1843.

On or about the 13th day of October, 1841, I was taken with a violent pain in the side near the liver, which continued for about five days, and was followed by the breaking of an abscess, or abscess inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter and also much blood. Being gravely alarmed at this, I applied to a physician, but he said he thought he could do but little for me except give me some Mercury Pills, which I refused to take, feeling satisfied that they could do me no good; many other remedies were then procured by my wife and friends, but none did me any good—and the discharge of blood and corruption still continued every day, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up, and my friends all thought I would die of a GALLING CONSUMPTION. At this moment when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle which I began to use immediately; and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter), and up to this time I have enjoyed good health.

THOMAS COZENS,
GLOUCESTER COUNTY, N. J., &c.
Personally called before me, the subscriber, one of

ROSE OINTMENT FOR TETTER.
RINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS.

The following certificate describes one of the most extraordinary cures ever effected by any application.

PHILADELPHIA, February 10, 1838.

FOR twenty years I was severely afflicted with TETTER on the Face and Head; the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching; my head swelled at times until it felt as if I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many applications, (among them several celebrated preparations) as well as taking inward remedies, including a number of bottles of Swain's Panama, Extract of Sarsaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used. I was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling abated, the eruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease, and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since using it, I have recommended it to several persons, (among them my mother, who had the disease badly on her arm,) who were all cured by it.

JAMES DURNELL, No. 156, Race St.

The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race Streets, Philadelphia, and sold on agency in Sunbury, by
H. B. MASSER, Agent,

Rose Ointment for Tetter. A PROOF OF ITS EFFICACY.
PHILADELPHIA, May 27th, 1838.

IT is to be regretted that I was severely afflicted with Tetter on the face and head for upwards of forty years; the disease was attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applications without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. RICHARD SAVAGE, Eleventh, below Spruce Street.

The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race Streets, Philadelphia, and sold on agency in Sunbury, by
H. B. MASSER, Agent,

OAKLEY'S DEPURATIVE SYRUP.

THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the most confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scrofula or King's Evil, Rheumatism, Tetter, Pimples or eruptions of the Skin, White Swelling, Fistula, Chronic Cough, Asthma, &c. The numerous certificates in the possession of the subscriber, and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

Sold wholesale and retail, by the proprietor, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following persons:

In Northumberland County—H. B. Masser, Sunbury; Ireland & Mixel, McEwenaville; D. Krauser, Milton.

In Union County—J. Gearhart, Selinsgrove; A. Gutelius, Millersburg.

In Columbia County—R. W. McCay, Washington, Reading, March 14, 1843.

MR. OAKLEY—I believe it the duty of every one to do whatever in their power, for the benefit of their fellow man, and having had positive proof in my own family of the wonderful properties of your Depurative Syrup of Sarsaparilla, I most conscientiously recommend it to the afflicted.
