

Curious Information.—Steamboats.

In the last four numbers, the progress of steamboats, both in this country and Europe, has been reviewed, showing conclusively the advance of mechanical knowledge in both countries.

The first steamboat accident in this country happened in 1816 on the Washington, on the Ohio river. According to a letter to Congress by the Secretary of the Treasury, written in 1838, the whole number of steamengines of every kind that were then in use in the United States, was 3010; of that number 800 were in steamboats, 350 in locomotives, and 1860 in manufacturing of different kinds.

The number of accidents to steam engines up to that time, causing loss of life was 261, of which number, 230 were in steamboats.

The greatest loss of life by steamboat accident was by the collision, and sinking of the Monmouth in 1837 on the Mississippi; the number of lives lost was 300.

The greatest loss of life by the explosion of a steamboat was in 1839, in the case of the Oroonok on the same; the number of lives lost was 130.

The boilers of the steamboat Moselle blew up at Cincinnati, Ohio, destroying 120 persons.

The greatest loss of life, by snagging, was in the case of the steamboat St. Louis on the Mississippi in 1834, when there were 13 lives lost.

The greatest loss of life by shipwreck was in the case of the Home in 1827, on the coast of N. Carolina, when 100 persons were lost.

The greatest loss of life, by the burning of a steamboat up to that time, was in the case of the Ben Sherborn on the Mississippi, in 1837.

The number of steamboats lost, up to 1823 was 23.—During the year 1837 no less than 80 steamboats were lost on the Western waters. During the ten years, from 1830 to 1840, eighty steamboats were lost by explosion, in the United States, by which means 780 persons were killed outright, and 296 wounded badly, of which number 254 died from the injuries received.

On the 11th of June, 1837, the steamboat Palaiki was destroyed by the explosion of one of her boilers while on passage from Charleston to Baltimore, and 132 persons perished.

About the same time a similar accident occurred to the steamer Washington on Lake Erie, by which 40 lives were lost.

One hundred and seventy lives were lost, by the destruction of the Lexington in 1840. The particulars of this sad disaster are familiar to every New Yorker, and therefore it would be worse than useless to repeat them.

The burning of the 'Erie' on Lake Erie in August, 1841, sent to their untimely graves 175 persons—and it is but a short time since our sympathies were aroused by the destruction of the ill-fated Swallow.

Accidents to steamboats are alarmingly frequent, and scarce a newspaper reaches us from the South or West, but chronicles the destruction of one or more. As these accidents in nine cases out of ten happen through gross carelessness, the persons responsible should be punished as the sacrifice of human life requires. This method I think, would soon put a stop to them.—N. Y. Evening Gaz.

BRANDRETH'S PILLS cure all affections, simply because they make the blood pure—abstract out of it those qualities which produce disease, and give to it those qualities which produce health.

Now every solid part of the human frame is made from the blood, and the food we eat is converted into blood to supply the waste our bodies are continually sustaining. So in the ordinary course of nature we manufacture our entire bodies in about nine years, from the food taken into our stomachs. Suppose the air we have lived in for some time has been loaded with matters detrimental to health, or our food for a long period has been of an unwholesome kind, or that the mind has been much troubled—for grief, anxiety, or great attention to any particular point is sure to occasion bad effects in the blood. Any of these causes existing good blood cannot be supplied to the body.

But let Brandreth's Pills be used daily under these circumstances, in doses of from two to six pills, or as the case shall determine. What is their effect? It is to carry off the impure matters from the blood, leaving only the good to renew every part of the body. What was unsound now becomes sound, and the stomach soon gets into its healthy condition that even bad air or unwholesome food for a time are unable to injure the health materially.

Pause Reader!!!

This good advice comes from a friend, an educated physician, and one who has been cured of contracted illness, by "THE IMPROVED INDIAN VEGETABLE PILLS." (SUGAR COATED), which are at this moment effecting some of the most remarkable cures on record, and they will continue to heal the sick as long as they are resorted to by them. This is no nostrum, made merely to sell irrespective of its qualities, but a valuable medicine, made by a well informed Physician, of Vegetable Ingredients, pure, efficacious, and harmless. In a few days, we shall make a public report of several more cases of cured cases (for we note no others) and the public may know on what medicine to rely in times of need.

CAUTION.—As a miserable imitation has been made, by the name of "Sugar Coated Pills," it is necessary to be sure that Dr. G. BARR'S INDIAN VEGETABLE PILLS, is on every box. Price 25 cents. Principal Office, 179 Greenwick St., New York. Sold by JOHN W. FRILING, Sunbury, and WM. FORSYTHE, Northampton. April 18th, 1846.

CONSTITUTING the oldest and most Extensive Establishment of the kind in the World, and containing more than a THOUSAND PORTRAITS, embracing those of some of the most distinguished individuals in the United States. Admittance free. This Establishment having been awarded the Medal, Four First Premiums, and two "Highest Honors" at the Exhibitions at Boston, New York and Philadelphia, respectively, for best Pictures and Apparatus, is thus officially sustained in the position of superiority heretofore universally assigned to it by the public, as "First in the World." June 28th, 1845.—1y

PREMIUM PIANOS. THE SUBSCRIBER has been appointed agent for the sale of CONRAD MEYER'S CELEBRATED PREMIUM ROSE WOOD PIANOS, at this place. These Pianos have a plain, massive and beautiful exterior finish, and for depth and sweetness of tone, and elegance of workmanship, are not surpassed by any in the United States. The following is a recommendation from CARL DIETZ, a celebrated performer, and himself a manufacturer: A CARD. Having had the pleasure of trying the excellent Piano Fortes manufactured by Mr. Meyer, and exhibited at the last exhibition of the Franklin Institute, I feel it due to the true merit of the maker to declare that these instruments are quite equal, and in some respects even superior, to all the Pianos I saw at the capitals of Europe, and during a sojourn of two years at Paris. These Pianos will be sold at the manufacturer's lowest Philadelphia price, if not something lower. Persons are requested to call and examine for themselves, at the residence of the subscriber. Sunbury, May 17, 1845. H. B. MASSER.

WHEAT.—The highest price given for Wheat, at the store of H. MASSER. A new supply of Rose Ointment just received. Nov. 8th, 1846.
