Another Soak for Corn.

Dr. Samuel Webster, of Charlestown, New Hampshire, has published in the New Eng and Farmer, a communication detailing the result of certain experiments which he made last year, in coaking corn-the substance of which we will condense for the benefit of our readers, deeming his experiment worthy of note st this particular time.

Some time last May, the doctor accidently saw a notice of some mode of preparing seed for planting in Germany, which was to ensure good crops, even upon poor and barren land, at a triff. ing cost. What the preparation was, the discoverer refused to make known. While thinking over the various substances that had been or might be used with advantage, it occurred to him that muriate of ammonia, the common salammonia of the druggist-hartshorn-might* answer well for the purpose required, both from the nature of its base and its acid, and he determined to try the experiment of using it.

He accordingly dissolved a small piece, weighing by estimate four or five grains, in about half a coffee cup of water. Into that he put a small handful of seed corn, and suffered it to remain four or five hours, and then planted it. By the side of each hill, at a proper distance, he planted another hill with corn from the same ear, but unsoaked. Generally at each spot but one hill was planted ; but in one place a hill of the soaked corn was planted on each side of the unsoaked.

No. 1, was planted in good, light soil, into which a fair dressing of coarse long stable manore had been ploughed-five kernels planted to each hill. Result-the soaked corn produced eight ears, six good and two small ; the unsoakcd. four ears.

No. 2, hills-two of scaked and between them one of unsoaked corn. Soil dry, sandy, and close to the edge of a path where little or no manure fell in the spreading of it. Result the souked hills gave five ears, three of them good ; the unsoaked, three good ears.

The doctor tried six experiments in all, and each of the other four with corresponding results with the above, which shows a very large increased product in favor of the soaked corn, which, as the treatment of the soil and cultore of all were alike, must be ascribed to the virtue of the ammonia.

As the experiments tried by Dr. Webster with only five grains of ammonia, and a small handful of corn, to save our readers the trouble of a calculation as to quantities, we will make one ready to their hands. Presuming that the doctor's 'small handful' to have contained a gill of corn, as five grains served that quantity of seed, and there are 5,760 grains in a pound of ammonia, that quantity would answer, when dissolved, as, a scalt for 41 bushels of corn.

New then, as ammonia is a very cheap drug, and the mode of using it very simple, may we not ask some of our enterprising farmer readers to make an experiment of two acres of cornone acre ofseed soaked in a solution of ammonia and the other with unsoaked seed ? The ex-

THOMSON'S Compound Syrup of Tar & Wood Naptha.

TITHE upprecedented success of this medicine, in the restoration of health, to those who, in decpair, had given up all hopes, has given it an exalted reputation above all other remedies, furnishing evidence of its intriusic value and power, os the only agent which can be relied upon for the cure of Pulmonary Consumption. Bronchittis, Asthma. Pain in the side and Breast, Spitting of Blood,

OAKLEY'S DEPURATIVE SYRUP.

Tiff valuable properties of Oakley's Depura-tive Syrup of Saraparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in set-ting forth the advantages to be derived from its use; wherever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal bene ficial results from it, that it is recommended by them with the utmost confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care ; containing nothing deleterious, but bring composed ct the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheepest and most efficient pu-rifier of the blood now known. The use of a few bottles, especially in the spring months, will be at-tended with a most decided improvement in the general strength of the system, eradicating any seeds of disease that may have been generated, besides giving health and vigor to the body .- For the cure of Scrofula or Kings Evil, Rheumatism. Tetter, Pimples or eruptions of the Skin, White Swelling, Fistula, Chronic Cough Asthma, &c. The nu merous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

Sold wholesale and retail, by the proprietor, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following In Northumberland County .- H. B. Masser,

Sunbury ; Ireland & Mixel, McEwensville ; D Krauser, Milton. In Union County .- J. Geathart, Selinsgrove: A. Gutelius, Mifflinburg.

In Columbia County .- R. W. McCay, Wash ington.

Reading, March 14, 1843.

MR. OARLET :-- I believe it the uty of every ne to do whatever in their power lies, for the band fit of their fellow man, and having had positive proof in my own family, of the wouderful properties of your Depurative Syrup of Sarsaparilla, I must conscientiously recommend it to the afflicted. We bad the misfortune to lose two of our children, by the breaking out of ulcerous sores that covered the face, head and neek, although we had some of the most scientific physicians to attend them and had tried all the known remedies, including Swaim's Panacca, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects your Depurative Syrup of Sareaparilla, we were induced to make trial of it, as the last resort ; it acted like a charm; the ulcers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not its equal, JOHN MOYER, Tsilor,

Walnut street, near Fourth, Reading.

Douglassville, April 19th, 1843. MR. OAKLEY :- My son Edmund Leef, had the crofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the differ-ent remedies, but to no effect, until recommended v Dr. Johnson of Norristown, and also Dr. Isaac Hiester, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles. the use of which drove the disease entirely out of his system, the sore healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction. have thought it my duty, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a medicine. Yours truly.

AMELIA D. LEAF.

ROSE OINTMENT FOR TEFFER. RINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS EREPTIONS.

The following certificate describes one of the most extraordinary oures ever effected by any application.

PHILADELPHIA, February 10, 1838. FOR twenty years I was severely afflicted with TETTER on the Face and Head: the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without over disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itch-ing; my head swelled at times until it felt as if it would burst-the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many at plications, (among them several celebrated preparations) as well as taking inward remedies, ncluding a number of Nottles of Swaim's Panacea, Extract of Sarsaparilla, &c, In fact, it would be mpossible to enumerate all the medicines I used. was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the

swelling abated, the cruution began to disappear. and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity "of the disease and my suffering, but I will be pleased to give a fuller acconnt to any person wanting further satisfaction. who will call on me. At the time I commenced using the Rose Ointment I would have given huadieds of dollars to be rid of the disease. Since using it. I have recommended it to several persons (among them my mother, who had the discare had-

on her arm.) who were a'l cured by it. JAMES DURNELL, No. 156, Race St. The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race streets, Philadelphia, and sold on agency in Sunbu-H. B. MASSER. ry, by

May 14th, 1843,

Rose Ointment, for Tetter. A PROOF OF ITS EFFICACY. PRILADELIDATA, May 27th, 1839.

Arent

THIS is to certify that I was severely afflicted with Tetter in the hands and feet for upwards f forty years; the disease was attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applications without effecting a core. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immediately cured the disease, which there has been no return of, although I had never been rid of it at any time for forty years. RICHARD SAVAGE, Eleventh, below Spruce Street.

The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race Streets, Philadelphia, and sold on agency in Sunbu-ry, by H. B. MASSER, May 14th, 1843. Agent.

MEDICAL APPROBATION

Of the ROSE OINTMENT, for Teller. A LTHOUGH the superiority of the preparation over all others is fully established, the proprietors take pleasure in laying before the public the following certificate from a respectable physician, graduate of the University of Pennsylvania. Dr. Baugh, having found in this remedy that relief for a tedious and disagreeable affection which the means within the range of his profession failed to afford has not hesitated to give it his approbation, although the prejudices and interests of that profession are opposed to secret Remedies.

PHILADELPHIA, Sept. 19, 1836. I was recently troubled with a tedious herpetic eruption, which covered nearly one side of my face. and extended over the ear. Mr. Vaughan, proprietot of the Rose Ointment, observing my face, insisted on my trying his preparation, of which he handed me a jar. Although in common with the members of my profession, I discountenance and disapprove of the numerous nostrums palmed upon the public by ignorant pretenders, I feel in justice bound to except the Rose Ointment from that class of medicines, and to give it my approbation, as it entire ly cured the cruption, although it had resisted the usual applications. DANL, BAUGH, M. D. usual applications. DANL, BAUGH, M. D. T The Rose Olatment is prepared by E. B. Yaughan, South East corner of Third and Race Streets, Philadelphia, and sold on agency in Sun-bury, by H. B. MASSER, bury, by May 14th, 1843. Agent

医 月日 Titter-Commission & Forwarding Merchants, Foot of Willow Street Rail Road,

WM. HEILMAN & CO..

HAVING associated with them Joseph Barnet, liste of Easton, Pa., respectfully inform their friends and the public generally, that they have taken that large and well known store and wharf at foot of Willow Street Railroad, lately occupied by Jacob Martin, where they purpose doing a General Commission and Forwarding Business, and from the local advantages of the place being connected with all the public improvements that have their outlet in the city, they flatter themselves they will be able to do business to as great, if not greater advantage, and upon as reasonable terms as any other house, and they assure their friends that any consignments made to them shall have their strict attention, and no exertions spared to give entire satisfaction.

They are also prepared to receive and forward goods to any point on the Delaware and Lehigh rivers, between Mauch Chunk, Easton and Philadelphis, via Delaware Division and Lehigh Canals; also, to any point on the Juniata river, or North and West Branches of the Susquehanna via Schuylkill and Union, or the Chesapeake and Tide Water Canals.

For the accommodation of Boats coming or going via Schuvlkill and Union Canals, a Stermboat will be kept expressly for towing bosts from the Schuylkill around to the Delaware and back, which will enable merchants to have their produce delivered on the Delaware, and their goods shipped at saving of 50 to 75 per cent. on the prices for hauling across,-with these advantages they respecifully solicit a share of patronage.

W. HEILMAN & CO. William Heilman,) William W. Keyser, Sphilad., May 14, 1843.-19

J. MAYLAND. JR. & CO. Sauff and Tobacco Manufacturers,

BOLTON & CO.

General Commission Merchants, For the Sale of Flour, Grain, Seed, Se., Se. 福田岛 他儿儿

periment would not cost them 50 cents, and if by so cheap a process, they can add from 50 to 75 per cent. to the products of their corn crop, surely it is worthy of trial. We would, were we about to test the efficacy of the doctor's soak, roll the seed just before planting in plaster; so as to impart fixidity to the ammonia, and thus longer continue its nutrient properties to the corn plant, during the period of its growth ; and, in order to fully test the experiment, we would plant one acre with seed soaked in a solution of ammonia, unplastered-one acre of seed soaked and plastered, and one acre with seed unsoaked ; we would mark out the three acres in the same field, manure and cultivate each alike, and measure the produce of each acre separately. By pursuing this course, the result would not only prove the value of the ammonial soak, but that of plaster as an absorbent .- American Farmer.

INCOMBUSTIBLE WASH .-- Slack stone lime in a large tub or barrel, with boiling water, covering the tub or barrel, to keep in all the steam. When thus slacked, pass six quarts of it through a fine sieve. It will then be in a state of fine flour. Now, to six quarts of this lime add one quart of rock or Turk's Island salt, and one gallon of water ; then boil the mixture and skim it clean. To every five gallons of this mixture. add one pound of alum, half a pound of copperas, by slow degrees, three quarters of a pound of potash, and four quarts of fine sand or hard wood ashes, sifted. This mixture will now admit of any coloring matter you please, and may be applied with a brush. It looks better than paint, and is as durable as slate. It will stop small leaks in the roof, prevent the moss from growing over and rotting the wood, and render it incombustible from sparks falling upon it. When laid upon brick work, it renders the brick impervious to rain and wet .- Emigrant's Hand-Book.

CHARCOAL -The preservative qualities of churcoal are not so generally known as they should be, and I hope you will tell your readers that if they will imbed their emoked beef and pork in some pulverized charcoal, they may keep it as long as they please without regard to weather. Tell them also, that if they will take about a pint of charcoal also pulverised, and put it into a bag, then put it into a barrel of new cider, it can never toment, will pever contain any intoxicating quality, and is more palatable the longer it is kept. Farther, take a piece of charcoal of a surface equal to a cubic inch, wrap it in a clean cotton cloth two thicknesses, and make moist, and work about one pound of butter which has become rancid, and it will restore it perfectly .- Michigan Farmier.

Philadelphia, November 13, 1842,-17. SPERING, GOOD & CO.

No. 138 Market Street, Philadelphia INVITE the attention of Country Merchants to their extensive assortment of British French and American Dry Goods, which they offer for sale on the most reasonable terms. Philadelphia, November 13, 1842.-1y.

RESPECTFULLY inform their founds and

the Merchants generally, that they have taken those large and commodious Wharves, with two Docks, north of Chesnut street, on the Delaware, together with the store No. 19 South Wharves, where they would be pleased to receive consignments of Grain, Flour, Seed, Whiskey, Iron, &c. &c. Being also well prepared to forward all kinds of Merchandise by the Schuyikill and Union, or by the Chesapeake and Tide Water Canals, as towboats are kept expressly for the purpose of towing boats by either route.

Merchants will please be particular to send their oods destined by either canals, to No. 19 South Wharves, between Market and Chesnut streets, on the Delaware, with directions accompanying them which route they wish them to be shipped.

BOLTON & CO. ket price. BULTON & CO. March 19, 1843. No. 19 South Wharves.

MERCHANTS HOUSE,

No. 237, North Third, above Cutlowhill St. PHILADELPHIA.

OHN DUNCAN, late from the Pennsylva nia Farmer, and Samuel Pike, jr., late of A nerican Hotel, Columbus, Ohio, take pleasure in ac quainting their friends and the public generally the they have taken the large and commodious Hote recently built by the Messes. Hart, on the same sit once occupied by the old established Hotel know as the Bull's Head, in Third street above Callow hill st.

This Hotel is finished in the very best possibl manner, and of the best materials. Its location very desirable, particularly for country merchants the arrangements for heating and ventilating eac room is such as to secure any temperature. The bedrooms are all light and airy, all furnished in nest style, so as to insure comfort.

The receiving parlors are also furt ished in a s perb style, the windows are on the French style orming an entrance to a balcony in front, which makes a pleasant recens. Particular attention h been given to the beds and bedding, which, wi the furniture, are entirely new.

From years' experience in hotel business, trust, by strict assiduity to business, to make the house a desirable stopping place. Our table we always be supplied with the very best our mark-can afford, and our bar with the best liquots at wines of the most approved brands.

P. S. There are first rate stabling and carrie houses attached to the hotel, attanded by carei and sober hostlers, and our charges will be low, accordance with the present hard times. Philadelphia, Oct. 7th, 1842.
