To his mind, ample proof had been furnished that the majority of the people are in favor of a change in the mode of assessing the duties on foreign imports. Bix States are equally divion the question; eleven States are in lever of the bill, and eleven are spainet it; and of those opposed to the bill, Pennsylvania is the only Democratic State.

He spoke for nearly balf an hour, and coppluded with the remark that he would prefer the greatest obscurity of private life to political elevation, acquired by the perpetration of an act which his conscience would not approve.

A motion was then made to postpone the vote on third reading until December next, and on this Mr. Niles was speaking when this despatch closed.

WASHINGTON, 44. P. M. The motion to postpone has been defeated and the bill finally passed, 28 to 27-Mr. Jarnagin voting in the affirmative. As the 9th section is stricken out, the bill has to be returned to the House, where it will probably pare tomorrow as amended.

MAINE .- Quite an excitement is apringing up concerning the election of James W. Bradbury to the United States Senate by a small majority. when only forty-nine votes were returned for Hon. Geo. Evans, Whig, while it is said fiftythree Whigs have signed a solemn declaration that they voted for Mr. Evans on that ballot, as four more did for O. L. Allen and W. P. Fessenden. They, if so returned, would have prevented Mr. B.'s election. It is thought that he should resign and have a new election.

THE SON OF SIR ROBERT PERL,-The Courier des Erats Unis states that a son of Sir Robert Peel, who was formerly Secretary of Legation at Madrid, lately received the appointment of First Secretary of Legation in Switzerland; but before going to his new post, he went to Loudon for a few weeks, and there lost by gamiling 1,500,000 france, for which he gave bills of exchange. When they became due, Sir Robert refused to pay them, and the son was thrown into prison.

A LARGE FEE .- Doctor Lallement, the French physician who attended Ibrahim Pacha a the South of France, received for his servies six thousand pounds sterling. He demanled two hundred thousand france, but his highaess disputed the bill, and sent him but one undred and fifty thousand france.
