

A Vankee Notion about Entisting in the Mexican War.

Hosen Bigelow, son of Ezckiel Bigelow, "being down to Bosting, where he was solicited to culist in the Mexican War, by a 'crniting screent' who was 'strutting around with two fellers a fifin and drummin arter him like all natur,' went home and writ the following verses," which he communicated to the Boston Courier 1

Thrash away, you'll have to rattle On them kittle drums o' yourn,-Taint a knowing kind of cattle That is catched with mouldy corn Put in stuff you fifer feller, Let folks see how spry you be,-Guess you'll toot till you're yeller . 'For you git a hold o' me! That ere flag's a leetle rotton, Hope it aint your Sunday's best; Fact! it takes a sight o' cotton To stuff a soger's chest : Sence we farmers have to pay for't Ef you must wear humps like these, Sposin' you should try salt hay for 't, It would do as slick as grease, 'Twouldn't suit them Southern fellers, They're a dreadful graspin set. We must ollers blow the beliers When they want their irons bot : May be it's all right as preachin', But my narves it kind o' grates, When I see the overreachin Of them nigger-drivin' States As for war, I call it murder, There you have it plain and flat . I don't want to go no farder Than my testimony for that. God has said so plump and fairly, It's as long as it is broad, And you've got to get up airly

Every Sabbath, wet or dry, Ef its right to go a mowin' Fellow men, like outs and rye? I donno but what it's puty Trainin' round in bobtail coats --But it's curious Christian dooty To be cuttin' yaller throats. Ain't it cute to see a Yankee Take such everlasting pains All to get the devil's thanker, Helpin' on 'em weld their chains' Why its jest as clear as figgers, Clear as one and one make two, Chaps that make black slaves o' niggers, Want to make white slaves o' you. Want to tackle me in do ye?

Ef you want to take in God.

What's the use o' meetin goin'

You'll begin to calkylate. 'Spose the crows won't fall to pickin' All the carkiss from your bones, Coz you helped to give a lickin' To them poor half Spanish drones ! Jest on home and ask our Naney Whether I'd be such a goose, As to jine ye-guess you'd fancy The eternal moon was loose She wants me for home consumption, Let alone the hay's to mow-Ef you're arter folks o' gumtion You've a darn'd long row to boe Take them editors that's crowin' Like a cockerel three months old-Don't catch any on 'em goin', Though they be so blasted bold; Aint they a prime set of fellers ?

I expect you'll have to wait ;

When cold lead puts daylight through ye

Fore they think on t they will sprout, (Like a peach that's got the yallers,) With the meanness bustin out Clang the bells in every steeple. Call all freemen to disown The traducers of the people, The enslavers of their own;

Let our dear old Bay State proudly Put the trumpet to her mouth, Let her ring this message loudly In the ear of all the South : "I'll return ye good for evil Much as we frail mortals can, But I wont go help the Devil

Makin' man the cuss of man; Call me coward, call me traitor, Just as suits your mean ideas, Here I stand a tyrant hater, And the friend of God and Peace."

HOME-MADE GUANO .- Mr. Editor :- While merchants are sending their ships to Africa and South America for Guano, and farmers are paying such heavy prices for it, it seems to me that very many of them are overlooking a manure of nearly the same nature, and of great value, which is continually left to accumulate in their hen roosts. This manure, which is sometimes allowed to accumulate to the depth of 18 inches or two teet, would be nearly as valuable as guano, and probably more profitable, and it is surprising that farmers are not aware of its value.

It must not, however, be applied too liberally; for like all highly concentrated manures, if too much be used on a given space, it will prevent vegetation. I think the best way to apply it would be in a compost. Let three or four times i's bulk of marsh muck be mixed with it, then spread it on land that has been ploughed, and barrow it in immediately, and it will be found a highly valuable manure.-Correspondent of Michigan Farmer.

Mn. Oakler :- I believe it the uty of every one to do whatever in their powerlies, for the bine fit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarssparille, I'm st conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous seres that covered the face, head and neck, although we had some of the most scientific physicians to attend them and has tried all the known remedies, including Swaim's Panacea, without avail. Another of my children was attacked in the same manner, her face und neck was completely covered; the discharge was so offensive, and the disease at such a height, that we despaired of her life. Seeing the wonderful effects f your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resert; it acted like a charm; the u'cers commenced healing immediately, a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not its equal.

Douglassville, April 19th, 1843. MR. OARLEY :- My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his he d and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Norristown, and also Dr. Isaac Hiester, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles the use of which drove the disease entirely out of his system, the sore healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction. have thought it my dury, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a Yours truly

ROSE OINTMENT FOR TETTER.

RINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS.

The following certificate describes one of the extraordinary oures ever effected by any

PRILADELPHIA, February 10, 1838. FOR twenty years I was severely afflicted with TETTER on the Face and Head: the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the cruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst-the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many at plications, (among them several celebrated preparations) as well as taking inward remedies. luding a number of bottles of Swaim's Panacea, Extract of Sarsaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used. was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time seing very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In f w applications the violent itching ceased, the swelling abated, the cruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe n a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of do'lars to be rid of the disease. Since using it, I have recommended it to several persons, among them my mother, who had the disease badly on her arm.) who were all cured by it.

JAMES DURNELL, No. 156, Race St. The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race streets, Philadelphia, and sold on agency in Sunbu-H. B. MASSER, May 14th, 1843,

Rose Ointment, for Tetter.

PHILADELPHIA, May 27th, 1839. HIS is to certify that I was severely afflicted with Tetter in the hands and feet for upwards of forty years; the disease was attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applicarious without effecting a cure. About a year since, I applied the Rose Ointment, which entirely stopped the itching, and a few applications immedi ately cured the disease, which there has been no

return of, although I had never been rid of it at any time for forty years. RICHARD SAVALE,

Of the ROSE OINTMENT, for Tetter. A LTHOUGH the superiority of the preparation over all others is fully established, the proprie tors take pleasure in laying before the public the following certificate from a respectable physician a graduate of the University of Pennsylvania. Dr Baugh, having found in this remedy that relief for a tedious and disagreeable affection which the mean within the range of his profession failed to afford has not hesitated to give it his approbation, although the prejudices and interests of that profession ar pposed to secret Remedies.

PHILADELPHIA, Sept. 19, 1836. I was recently troubled with a tedious herpetieruption, which covered nearly one side of my face and extended over the ear. Mr. Vaughan, proprie tor of the Rose Ointment, observing m ted on my trying his preparation, of which he han ded me a jar. Although in common with the mem bers of my profession, I discountenance and disagprove of the numerous nostrums palmed upon th public by ignorant pretenders, I feel in justice bounto except the Rose Ointment from that class of me dicines, and to give it my approbation, as it entire ly cured the eruption, although it had resisted thusual applications.
