

From the New Orleans Times. Latest Intelligence from Vera Cruz. Santa Anna at the Head of the Army, Marching against Taylor—Great Preparations for the War—Santa Anna's Opinion of the Necessity of Carrying it on.

EXTRACT OF SANTA ANNA'S LETTER. General Santa Anna, Commander-in-Chief of the Liberating Army, to General Almonte, Minister of War of the Republic of Mexico:

AYOTLA, 1 o'clock, A.M., Sept 14, 1846. I come, then, to carry my views into operation, and in compliance with the mandate of my country. She calls me as Commander-in-chief of the Army, and in that capacity I stand ready to serve. The enemy occupies our harbors—he is despoiling us of the richest of our territories, and threatens us with his domination! I go, then, to the head of the Mexican Army—an army the offspring (ejido) of a free people—and joined with it, I will fulfil my utmost duty in opposing the enemies of my country. I will die fighting or lead the valiant Mexicans to the enjoyment of a triumph to which they are alike entitled by justice, by their warlike character, and by the dignity and enthusiasm which they have preserved of a free nation.

The war is a necessity of immediate importance; every day's delay is an age of infancy; I cannot recede from the position which the nation has assigned me; I must go forward, unless I would draw upon myself the censure due to ingratitude for the favors with which I have been overwhelmed by my fellow citizens; or, unless I would behold her humbled and suffering under a perpetuation of her misfortunes.

Your excellency will at once perceive how great an error I should commit in assuming the supreme Magistracy, when my duty calls me to the field, to fight against the enemies of the Republic. I should disgrace myself, if when called to the point of danger, I should spring to that of power! Neither my loyalty nor my honor requires the abandonment of interests so dear to me. The single motive of my heart is to offer my compatriots the sacrifice of that blood which yet runs in my veins. I wish them to know that I consecrate myself entirely to their service as a soldier ought to do, and am only desirous further, to be permitted to point out the course by which Mexico may attain the rank to which her destinies call her.

In marching against the enemy, and declining to accept of power, I give a proof of the sincerity of my sentiments; leaving the nation her own mistress, at liberty to dispose of herself as she sees fit. The elections for members of a Congress to form the constitution which the people wish to adopt, are proceeding. That Congress will now convene, and while I shall be engaged in the conflict in armed defense of her independence, the nation will place such safeguards around her liberties as may best suit herself.

If I should permit myself for a single moment to take the reins of Government, the sincerity of my promises would be rendered questionable, and no confidence could be placed in them.

I am resolved that they shall not be falsified, for in their redemption I behold the general good as well as my honor as a Mexican and a soldier. I cannot abandon this position. The existing Government has pursued a course with which the nation has shown itself content, and I have no desire to subvert it by taking its place. I feel abundant pleasure in remaining, where I am and flatter myself that the nation will applaud my choice. I shall joyfully accept such tasks as she shall continue to impose upon me; and while she is engaged in promoting the objects of civilization, I will brave every danger in supporting its benefits, even at the cost of my existence.

Will your Excellency have the goodness to tender to the Supreme Government my sincere thanks for their kindness? I will personally repeat them to me—for which purpose I propose to call at the Palace. I shall there embrace my friends, and hastily pressing them to heart, bid them a tender farewell, and set out for the scene of war, to lend my aid to my country or to perish amongst its ruins.

I beg to repeat to your Excellency assurance of my continued and special esteem.

Antonio Lopez de Santa Anna.

On the 15th ult., then, Santa Anna arrived at the capital, amid rejoicing more enthusiastic than had ever been witnessed before. The people seem to behold him in their savior, and were almost frantic with joy. The testimonies of attachment to his person were abundant. The next day the most vigorous measures, so far as declarations go, were taken by the Provisional Government. A levy of 30,000 men to recruit an army was ordered. Requisitions were forthwith transmitted to all the principal places in the Republic, for an immediate furnishing of their respective quotas of men. Puebla, and the whole of the towns within a circuit of fifty leagues of the metropolis, are stated to have complied with the requisition for men, with the readiest alacrity. A regiment was immediately raised in Puebla on the arrival there of the news the levy of 30,000 men. To facilitate the arming and equipping of this large body of troops, a Government has ordered that duties on all articles of war shall cease to be levied, until further notice.

Alvarez, who seized the Californian supplies, made war against the authorities, last April, given in his adhesion to Santa Anna's Government, and expresses a desire to help the Mexicans to "vengeance against the insolent conquerors of the New World, who have usurped the mense territory of Texas."

An edict issued the 4th of September from the viceroy, appointing a commission composed of five gentlemen, to digest and report a plan, heads of which are furnished to them, for arming and providing for deserters from the American army. They are:—

To determine upon the number of acres and which the government shall grant and terms upon which they shall be granted, to persons as, not being citizens of the United States, shall abandon the ranks of the North American army and pass over to ours.

22. "To designate the uncultivated lands which the government should appropriate to this object in the different states."

23. "To propose means by which the government may best render assistance to the individuals referred to, in transporting their families, if they have any, and in furnishing them with the necessary implements of farming."

A rumor was current in town yesterday that Gen. La Vega, now in this city, had received a letter from Gen. Ampudia, stating that Santa Anna, with fifteen thousand men, was on his march to attack Gen. Taylor—breaking the armistice. If the armistice be broken by the Mexicans, they will (in common parlance) "never touch bottom."

BALTIMORE MARKET.
Office of the BALTIMORE AMERICAN, Oct. 19.

GRAIN—There is a good supply of Wheat at market, and sales are making at the closing rates of last week, viz: fair to good reds 95a100 cents and prime lots 2 or 3 cents higher, and ordinary to good 80a95 cts. A lot of Penn's white Wheat was sold to-day at 115 cents.

Sales of old Corn at 65a66 cents for white, and 61a62 cents for yellow. New is worth 55a57 cents for both white and yellow.

Oats, 67 cents—sales.

Rye are not very brisk at 20 cts, at which price sales were made to-day.

WHISKEY—The demand is limited and prices have declined a shade. Sales to-day at 23½ cents for hhd's and 24½ cents for bbl's.

CAUSE OF WORMS—A CURE FOR WORMS.—Worms are formed from the foul humors which settle in the stomach and in the intestines, because these matters have acquired, by their degeneration, a strong slimy nature proper to the concentration of those insects. They are variously named—the round worm, generally in persons of tender years; the tap worm, a most troublesome insect; and the long thread worm, the tenes or tape worm, &c., &c. They exist under different forms, sometimes they knit together and go out into balls; often they divide and go out one after another. When they ascend through the intestinal canal, they may be ejected by the mouth, and even by the nose. When this happens the patient is in much danger, such symptoms being strong evidence that his system is dangerously encumbered with the corruption, and its removal and these two affections when united, may cause instant death, or a short illness, ending in inevitable death.

Bread eat's Pills remove not only the worms of whatever kind, but also the humors which form them, and upon which they feed. Besides, they have the property of evacuating every substance which might favor a new formation of worms, by regenerating the mass of humor.

DR SMITH'S (SUGAR COATED) "IMPROVED INDIAN VEGETABLE PILLS."
A daily effecting some of the most astonishing and wonderful cures that have ever been known, in consequence of which they have now become a shining mark against which all the arrows of disappointed hope, envy, and uncharitableness are levelled without effect. The town and country are alike filled with their praise. The palace and the poor house alike echo with their virtues. In all climates, under all temperatures, they still retain their wonderful powers, and exert them unaltered by age or situation. They are simple in their preparations, mild in their actions, thorough in all their operations, and unvaried in their results. They are antibilious, anti-dyspeptic, and anti-morruic; and they are peculiarly beneficial in the following complaints: fever and ague, yellow and bilious fevers, dyspepsia, eructs, liver complaint, sick headache, jaundice, asthma, dropsy, splenic piles, colic, obstructions, hemorrhoids, furred tongue and foul stomach, nausea, diarrhoea, costiveness, loss of appetite, sallow complexion, &c. &c. and in all cases of torpor of the bowels where a cathartic of an aperient is needed.

FEVER & AGUE.
TENS of THOUSANDS of unhappy beings are now tormented with that hated complaint "FEVER & AGUE, OR BILIOUS INTERMITTENT FEVER, OR CHILLS AND FEVER, as it is variously called. The cause is a vice of the sanguiferous system, "from Malaria to Georgia" and from the Atlantic to the Rocky Mountains, declares ROWAND'S IMPROVED TONIC MIXTURE to be the great and only safe, sure and radical cure, when properly used. This cannot be controverted. It restores the natural feelings and elasticity of the constitution in a manner that nothing else will.

Extract of a letter, dated Lewisport, Pa. Oct. 10, 1842.

"Every bottle of the Improved Tonic Mixture has been sold, and I do not know of one instance that it did not effect a cure. Four bottles cured five cases of the worst kind of Fever and Ague—one case was myself. After trying Quinine and all other cures thought of by my Physician, finding no relief, I finally sent for one bottle of your Tonic Mixture, and was relieved, in fact cured in 24 hours. Please send on a fresh supply, as there is none left." Yours, truly,

SAMUEL HOPPER.

A NATURAL REMEDY
Suited to the Human Constitution, and equal to the cure of every curable Disease, will be found in WRIGHT'S INDIAN VEGETABLE PILLS, of the North American College of Health.

THESE extraordinary Pills are composed of plants which grow spontaneously on our own soil, and are, therefore, better adapted to our constitutions than Medicines concocted from foreign drugs, however well they may be compounded; and as WRIGHT'S INDIAN VEGETABLE PILLS are founded upon the principle that the human body is never free from the presence of some disease, namely, corrupt humors, and that said Medicine cures this disease on NATURAL PRINCIPLES, by cleansing and purifying the body, it will be manifest that, if the constitution be not entirely exhausted, a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to rid our system of morbid matter, we wish to do it in the most salutary manner, in like manner, if we wish to restore the body to health, we must cleanse it of impurity.

WRIGHT'S INDIAN VEGETABLE PILLS will be found one of the best, if not the very best medicine in the world for curing out the GRAND PERPETUATING PRINCIPLES, because they expel from the body all morbid and corrupt humors, the cause of the disease, in an easy and NATURAL MANNER; and while they every day give rise to an increase of every virtue is rapidly driven from the body.

The following highly respectable storekeepers have been duly appointed agents for the sale of Wright's Indian Vegetable Pills, in Northumberland County:

Henry Messer, Sunbury.
