

Death of Capt. Randolph Ridgely.

We have received a copy of the Picayune extra, dated Friday, Nov. 13th, issued immediately on the arrival of the steamship Virginia, from Brown Santiago.

CAPT. RANDOLPH RIDGELY—Terrible accident—Major Deshields, U. S. Paymaster, who left Monterey two days after us, and overtook us at Camargo, brought intelligence that has cast a gloom over every heart. He states that on the 25th ult. the day after we left, Capt. Ridgely was riding into town to dine with Lieut. Mackall, his horse slipped on the smooth pavement, and he was thrown with such violence against a rock as to cause a severe fracture of the skull. He lay senseless when Major Deshields left, on the following day, and no hope of his recovery was entertained by the surgeons. In parting with this splendid young officer, I little thought that before I reached home, it would become my duty to chronicle so painful an event concerning him. The world never produced a braver man or better soldier than Randolph Ridgely. A nobler spirit was never encased in the human form—a kinder heart never beat. I cannot bring myself to feel that the gallant Ridgely has died thus; the thought is too cruel to be entertained. I can well imagine the heart-rending emotions of the comrades who surrounded him. They have seen him emerge unscathed from several battles, where he behaved with almost unparalleled heroism. They all loved him, for he was kind, frank and generous to every one.

"Hold on, Charley, and let me draw their fire!"

Poor Ridgely!—how many a brave comrade would have drawn upon himself the shaft of death to have averted it from this.

The editors of the Picayune make extracts from a letter dated Monterey, Oct. 26, which says:—Poor Ridgely is dead. He was buried yesterday and is mourned by the entire Army. Maj. Lear will not live twenty four hours longer. We have late news from San Luis de Potosi to the effect that Santa Anna was there with 12,000 men and no less than thirty-seven Generals! He was recruiting daily, but his intentions were not known. It is rumored that Bustamante has gone north, in the direction of Chihuahua, to meet Gen. Wool, and further, it is positively asserted that the Indians are killing and laying waste all before them in the latter State.

From Santa Fe.

Dates from Santa Fe to the 14th October have been received at St. Louis.

General Kearney, when about twenty-five miles from Santa Fe, met an express from Col. Fremont, giving him the information that the whole of Upper California was in possession of the Americans, and that he was acting for the present as provisional Governor of the Territory. The whole country was quiet, and the Mexicans had been driven off. Gen. Kearney accordingly, on receiving this information, sent back all his troops, but a picked escort of one hundred men, and continued on to his destination. The express had been but thirty-one days on the route. Major Fitzpatrick had arrived at St. Louis, on his way to Washington, with despatches from Col. Stockton, brought by Fremont's express.

CAMP EQUIPAGE.—A letter in the Journal of Commerce describes a present contrived for General Taylor.

"I had the pleasure to see to-day the very neat, compact and servicable camp equipage made for Gen. Taylor, under the direction of Captain Thistle. It is contained in two leather cases, and can easily be carried by two men. The cooking, and complete dinner, breakfast and supper utensils for one hundred persons are contained in this narrow compass. The cooking apparatus is of tinned copper; the other articles are plated ware. The General's set of castors are a curiosity; they might be rolled about in any direction with perfect safety, and appear to be bomb proof. Every article is made with a view to hard, rough and ready service.

The camp equipage for the soldier is also a very great improvement upon any thing of the sort ever before known. In a small leather case, which a man buckles like a harness on his back, is contained the complete cooking and eating apparatus for twenty men, all made with a view to endure hard service."

IRISH MODE OF BOILING POTATOES.—Wash the potatoes clean without breaking or cutting the skins. Drop them into a pot of boiling water, adding a little salt, and let them remain until sufficiently soft for a fork to be easily thrust through them. Pour off the liquid in which they have been boiled, and dash in cold water in its stead. Let the potatoes remain two minutes; pour off the cold water; put them over a slow fire, the pot-lid partially removed, and let them steam until nearly dry. Then peel, and place them on the table in an open dish.

BUCKWHEAT CAKES are improved by adding one-fifth part oat-meal. One bushel of oats should be mixed with four of buckwheat when ground by the miller. The advantages are greater lightness, certainty of browning, and more easy digestion.

A WESTERN EDITOR wishes to know whether the laws recently enacted against the carrying of deadly weapons, apply to doctors who carry pills in their pockets?

THE LATEST CASE of absence of mind is recorded of a lady, about to whip up some eggs for a sponge cake, who whipped the lady and sang Watts' cradle hymn to the eggs.

A CARD.

HAVING had the pleasure of trying the excellent Piano Forte manufactured by Mr. Meyer, and exhibited at the last exhibition of the Franklin Institute, I feel it due to the true merit of the maker to declare that these instruments are quite equal and in some respects even superior, to all the Pianos Forte, I saw at the capitals of Europe, and during a journey of two years at Paris.

OAKLEY'S DEPURATIVE SYRUP. THE valuable properties of Oakley's Depurative Syrup of Sarsaparilla, as a purifier of the blood, is so well known to the public generally, that it is unnecessary to occupy much space in setting forth the advantages to be derived from its use; whenever the medicine has once been introduced, it takes precedence over all others; every one that has taken it, have derived so signal beneficial results from it, that it is recommended by them with the utmost confidence. Physicians of the highest standing in the profession, prescribe it to patients under their care; containing nothing deleterious, but being composed of the most mild, yet efficacious vegetable materials, it is offered with confidence, as the cheapest and most efficient purifier of the blood now known. The use of a few bottles, especially in the spring months, will be attended with a most decided improvement in the general strength of the system, facilitating any seeds of disease that may have been generated, besides giving health and vigor to the body.—For the cure of Scrofula or Kings Evil, Rheumatism, Tetter, Pimples or eruptions of the Skin, White Swelling, Fistula, Chronic Cough Asthma, &c. The numerous certificates in the possession of the subscriber and his agents, from physicians and others, are sufficient to convince the most skeptical of its superiority over all preparations of Sarsaparilla.

Sold wholesale and retail, by the proprietor, GEORGE W. OAKLEY, North 5th street, Reading, Berks County, and to be had of the following persons:

In Northumberland County.—H. B. Masser, Sunbury; Ireland & Mixel, McEwensville; D. Krauser, Milton.

In Union County.—J. Gearhart, Selingsgrove; A. Gutelius, Mifflinburg.

In Columbia County.—R. W. McCay, Washington, Reading, March 14, 1843.

MR. OAKLEY—I believe it the duty of every one to do whatever in their power lies, for the benefit of their fellow man, and having had positive proof in my own family, of the wonderful properties of your Depurative Syrup of Sarsaparilla, I most conscientiously recommend it to the afflicted. We had the misfortune to lose two of our children, by the breaking out of ulcerous sores that covered the face, head and neck, although we had some of the most scientific physicians to attend them, and had tried all the known remedies, including Swain's Pianos, without avail. Another of my children was attacked in the same manner, her face and neck was completely covered; the discharge was so offensive, and the disease at such a height, that she despaired of her life. Seeing the wonderful effects of your Depurative Syrup of Sarsaparilla, we were induced to make trial of it, as the last resort; it acted like a charm; the ulcers commenced healing immediately; a few bottles entirely restored her to her health, which she has enjoyed uninterruptedly ever since. As a purifier of the blood, I verily believe it has not its equal.

JOHN MOYER, Tailor, Walnut street, near Fourth, Reading.

Douglasville, April 19th, 1843.

MR. OAKLEY—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect, until recommended by Dr. Johnson of Norristown, and also Dr. Isaac Hiestler, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who see him during his affliction. I have thought it my duty, and send you this certificate that others who have a like affliction in the family may know where to obtain so valuable a medicine.

ROSE OINTMENT FOR TETTER. RINGWORMS, PIMPLES ON THE FACE, AND OTHER CUTANEOUS ERUPTIONS.

THE following certificate describes one of the most extraordinary cures ever effected by any application.

PHILADELPHIA, February 10, 1838.

FOR twenty years I was severely afflicted with Tetter on the Face and Head: the disease commenced when I was seventeen years old, and continued until the Fall of 1836, varying in violence, but without ever disappearing. During most of the time, great part of my face was covered with the eruption, frequently attended with violent itching; my head swelled at times until it felt as if it would burst—the swelling was so great, that I could scarcely get my hat on. During the long period that I was afflicted with the disease, I used a great many applications, (among them several celebrated preparations) as well as taking inward remedies, including a number of bottles of Swain's Pianos, Extract of Sarsaparilla, &c. In fact, it would be impossible to enumerate all the medicines I used. I was also under the care of two of the most distinguished physicians of this city, but without receiving much benefit, and I despaired of ever being cured. In the fall of 1836, the disease at the time being very violent, I commenced using the Rose Ointment, (prepared by Vaughan & Davis.) In a few applications the violent itching ceased, the swelling abated, the eruption began to disappear, and before I had used a jar the disease was entirely cured. It has now been nearly a year and a half since, and there is not a vestige of the disease remaining, except the scars from the deep pits formed by the disease. It is impossible for me to describe in a certificate the severity of the disease and my suffering, but I will be pleased to give a fuller account to any person wanting further satisfaction, who will call on me. At the time I commenced using the Rose Ointment I would have given hundreds of dollars to be rid of the disease. Since using it, I have recommended it to several persons, (among them my mother, who had the disease badly on her arm,) who were all cured by it.

AMELIA DIBNELL, No. 136, Race St.

The Rose Ointment is prepared by E. B. Vaughan, South East corner of Third and Race streets, Philadelphia, and sold on agency in Sunbury, by H. B. MASSER, Agent. May 14th, 1843.

Rose Ointment, for Tetter. A PROOF OF ITS EFFICACY. PHILADELPHIA, May 27th, 1839.

THIS is to certify that I was severely afflicted for forty years, with the disease attended generally with violent itching and swelling. I applied to a number of physicians, and used a great many applications without effecting a cure.
