From the Washington Fountain. THE WAR.

NEW PLAN OF OPERATION-EXTRAORDINARY REVELATIONS .- We read in the La Patris of the 31st alt., a Spanish paper published in New Orleans, by Aleman & Gomez, the following extraordinary revelation of the new plan of operations in the war with Mexico :

"The government appears to confide much in Gen. Scott, who has just gone to the field of operations, and from whose diplomatic and military tactics, it hopes to gain great advantages. The plan of operations, we learn, to as follows :

General Taylor, instead of moving upon San Luis Potosi, will repair to Saltillo, where he will remain for a short period. Gen. Scott, after having made some arrangements on the Rio Grande, will hasten to Tampico, where he will assume the command of the 7,000 volunteers recently called out and ordered to assemble at that point. From Tampico, Gen. Scott will march towards Vera Cruz, and Gen. Taylor will make a simultaneous movement towards Tampico with all the troops he can muster, after leaving sufficient force to garrison Saltillo, Monterey, Victoria, &c., and in union with Gen Worth's division will join Gen. Scott, who will have nt his command the new military arm of rocketeers and

At the proper moment, fifteen or sixteen vessels of the American squadron, with a force of from 230 to 300 guns of all sizes and calibres, will appear of San Juan de Ulloa, and begin the attack upon the castle .-- According to the new plan of operations the land forces will rendezyous at the mouth of the river Antigua, which empties into the Gulf a short distance to the North of Vera Cruz, and ascend the same to where the main road to Jalapa crosses it. If this plan be speedily put into execution, there can be no doubt but that Vera Cruz and the Castle will as speedily fall into the power of the American forces; but if any faith be put in Santa Anna's declaration, it is plain he will be able to cut off the advance of General Taylor from Saltillo."

Mr. Gomez, the editor of the La Patria, and the author of the above, is the same person, who was appointed by Gen. Scott, while tarrying in New Orleans, to be one of his staff, and whose com mission was afterwards revoked by the General on the ground that he was not a friend to the American cause. Did Comez obtain the above information while he was General Scott's aid?

A Washington letter in the New York Commercial Advertiser thus refers to the above publication :

Col. Totten, chief of the engineer department, has gone to Mexico, secretly and with despatch. If you wish to know the whole plan of the new 'campaign against Mexico, you will find it in the

Spanish paper, published in New Orleans, by Benor Comez, cutted La Patria. Senor Gomez obtained it probably from good authority. He was, I believe, the aid de camp of Gen Scott, for a short time.

I repeat that the plan is correctly given, and that through it you will know as much as the Secretary of War knows. Those whose official relations entitle them to know, tell me that it is

THE DISORDERS IN ILLINOIS - The Legislature Mrs. Pit, who subscribes to the Mirror, of Illinois has at last been impressed with a sense of the evils which have been allowed to prevail in that State, in a few of the lower counties. where insubordination has for a long time existed and set at defiance the laws of the Stale. Both Houses have been debating the necessity of taking some effectual measures for restoring and preserving law and order in those counties-but what those measures should be, very few seemed to have any thing like definite ideas. Some were for special courts-others for martial law. The house finally referred the subject to the Judiciary committee, and the Senate passed a bill au-Massac county, for the trial of persons charged known, in consequence of which they have now with crimes, and empowering the Governor to send an armed force for the protection of the court, for the expense of which measure, the sum of \$10,000 was appropriated. The men who sak the protection of the laws, are those who were the first to set the example of Lynch law.

RESUMATION AND GOUT. - Wright's Indian Vegetable Pills are a most extraordinary medicine for the cure of Rheumstism and Gout, because they not only cleanse the stomach and howels of those morbid humors, which if taken into the circulation plaint, sick headsche, joundice, asthma, dropsy, and thrown upon the membrane and murcle, are the cause of the above painful maladies; but they excite the absorbent vessels to take up that which is already deposited, and therefore are absolutely c-risin to make a perfect cure of Rheumstiam and Gout. A single 25 cent box of Wright's Indian Vegetable Pills will often give the most astonishing relief; and perseverance according to directions will be certain to drive pain of every description from the body.

The popularity of Warenr's INBIAN VESTA-BLE PILLS has proved a strong balt to unprincipled men, who, instigated by the hope of gain, attempt to paim off a spurious article on the unsuspecting. To defeat the wicked designs of such men, we have procured new labels, and the Signature of Wm. Wright will be found wEITTER WITE A PEN on the top label of each box. None other PHORTOISE Shell Tuck Combe, carved and is genuine, and to counterfeit this is forgery.

Remember, the only original and genuine IN-DIAN VEGETABLE PILLS have the WRITTEN SIGNATURE OF WM. WRIGHT on the top of each
