The Cabinet of Berlin, therefore, yields to a national feeling in giving up a treaty which has become unpopular; but this is not the only consideration which has brought Prussia to the de-

The manufacturing and maritime ambition of Germany has augmented. She wished to dispense with the intermediaries. She has hitherto made use of her relations with trans-Atlantic countries in a direct way, by the exchange of her own produce for the tropical provisions of America. The treaty with England opposed these projects.

CHINA .- A conflict had taken place between the Chinese and Potuguese at Macace, in relation to fiscal and general relations, in the course of which several Chinese fast boats had been burned and sunk. Order had been restored in consequence of the firmness of the Portuguese Governor.

Navat. - The United States storeship Relief, Lt. Bullus, arrived at Pensacola on the 16th inst. from Anton Lizardo. On the morning the Relief sailed, a boat was discovered discharging at Anton Lizardo. Commodore Conner immediately despatched two boats, under command of Lieut. R. Semmes, late commander of the Somers to capture her, who did it in the most handsome manner, the Mexicans keeping up a heavy fire all the while. Commodore Conner had the squadron distributed along the coast blockading the ports with unabated rigor.

SUDDEN CHANGES .- There is nothing more trying to the human constitution than sudden changes of atmosphere. Heat rarifies the blood, quickens the circulation, and increases the perspiration; but when suddenly checked, those humors which should page off by the -kin are thrown off inwardly, causing coughs, colds, consumption, difficulty of breathing, watery and inflamed . yes, sore throat, fevers, theumatic pains in various parts of the body, and mony other complaints, the usual symptoms of catching cold.

Wright's Indian Vegetable Pills are a delightful modicine for carrying off a cold--because they expel from the body those humors which are the cause not only of the above complaints, but of every malady under heaven. Four of five of said Indian Vegetalie Pills taken every night on going to bed will, in a few days, carry off the most obstinate tod from foreign drugs, however well they may be cold; at the same time the dige-tive organs will be restored to a healthy tone, and the blood so completely purified, that new life and vigor will be given to the whole frame.

Beware of Counterfeits .- The public are cau tioned against the many spurious medicines which, in order to deceive, are called by names similar to Wright's Indian Vegetable Pills.

The only original and genuine Indian Vegetable Pills have the signature of Wm. Wright written with a pen on the top label of each hox. To counterfeit this is Forgery, and all others should be hunned as poison.
