Corne. Counts, Ann Consuerton.—Wright's Indian Vegetable Pitts are a most delightful medicate for carrying off a cold—because they expel from the system all morbid and corrupt humors (the cause of every kind of disease) in so easy and natural a manner, that the body is relieved of all removing bile. its sufferings as if by magic. Pour or five of said Indian Vegetable pills taken every night on going to bed will, in a few days, carry off the most obs cold; at the s me time the digestive organs will be restored to a healthy tone, and the blood so completely purified, that inflammation of the lungs, consumption, or any other form of disease will be

Agent for the sale of Wright's Indian Vegeta-ble Pills in Sunbury, HENRY STASSER. For other agencies see advertisement in another column.

THE BRANDRETH PILLS are entirely Vegetable and made on those principles which long experi-ence has proved correct. It is now no speculation, when they are resorted to in sickness, for they are known to be the best cleansers of the stomach and bowels, and in all dyspeptic and bilious cases they are a great blessing. Let every family keep these Prize in the house. If faithfully used when there is occasion for midicine, it will be very seld-in that a Doctor will be required. In all cases of cold, cough, or thenmatism, the afficied owe it to their bodies to use these Pills.

Schuylkill; and from the encouragement met with already, they expect to do a large business. This stove is constructed on an entirely new principle, and on the only principle that can make both a good wood and coal stove. The inventor has overcome all the difficulties that so frequently belong to other stoves. He has by his arrangement, constructed a breiling O'Oven In front, wherein broiling, roasting, frying or baking may be done, and all the smell that arises the efro a most pass into the combustible chamber, and is not at all thrown out into the room D Besides this, there is an oven only two inches less than the whole size of the stove, wherein lisking or rosating may be done as well as it can be in the common brick oven. head otherwise effected from hard drinking, so that This even is always fit for use when the sove is heated, as the whole draught of hot air passes a-

round it constantly.

Public attention is particularly called to this stove. It can be seen at our Store and Tin Establishment in North Danville, at the sign of the Coumbia Tin shop, and at the Found y of Rohrbsch & Clement in Sunbury, where its particular qualities will be fully shown and explained to any person

Da. Swaras-Dear Sir : I feel called by a sense of dury I are to suffering humanity, to acknowledge my grateful thanks for the wonderful effects of your Compound Serap of Will Cherry on me, after suffering menth after month with the most afflict-ing of all diseases, Consumption. The first exten-toms were of a very heavy cold which settled on my lungs, which gradually grew worse, with profor e night swears, a backing cough, spitting blood, with great debility. My constitution seemed bris ken down, and nervous system very much impaird. I went to Philadelphia, was treated there by physicians of the highest standing, but received no tenefit whatever from them, but graduilly grew worse, until my physicians, as well as myself, gave up all hopes of recovery, and I felt like one who is shout to pass through the Volley of the Shadow of Death A this "awful juncture" I heard of your Compound Syrup of Wild Cherry, of which I purchesed six bottles, which I am happy to say entilely cur d me, and I am now enjoying better health than I ever have before in my life. Physicians who witt exact my case are highly recommending it in similar cares, and I wish you to make this public, so that all may know where to procure a remedy at once which will reach their disease befire timp ring with the many 'queck nostrome' with which the country is flooded. DR. SMITH'S ADVICE.

THE Mea-les appeared in Europe about the

as same time with the small par, and have a great affinity to that disease. They both came

from the same quarter of the world, are both infec-

tions, and solden attack the same person but once.

The Measles are most common in the spring sea-

son, and generally disappear in the summer. The

disease itself, when properly managed, seldom

proves fatal; but its consequences are often very

troublesome. Our business is to seeist nature to

throw out the eruption. Blood-letting is almost
