EXTRAORDINARY GRINDING.—The Baltimore American says that ninety barrels of flour were recently made at the Greenfield Mills, Frederick county, Maryland, with a very superior pair of six feet burs, called the "Eclipse," in twenty-four hours. The wheat of which this flour was made averaged only 56 pounds per bushel. If the wheat had been of the same quality as that of last year one hundred barrels would have been turned out with great ease.

MAKING HIM WORK.—A loafer in New York, a few days since, having been caught a begging, was employed by a lot of idle gentlemen to carry a huge stone across Broadway, backwards and forward, at the rate of two shillings per hour. After laboring about three hours, his employers attempted to get rid of him by paying him only two shillings for the three hours, whereupon he threatened to prosecute the gentlemen and obtain his just dues.

NEWSPAPERS IN MEXICAN TERRITORIES.—There are now established in Mexican Territory three newspapers, printed in English—one at Monterey, in California; one at Matamoras, and one at Tampico, and the fourth is about to be established at Monterey, in the State of New Leon.

CAUTION TO STORE KEEPERS. Whereas information has been received as follows:

READING, March 4 1847.

Dr W. Wright—Dear Sir: There is a man going through the country with counterfeit Wright's Indian Vegetable Pills—he calls himself your agent and says he had the pills from your office. Mr. Jonas Shalter, of Schuylkill Bend, Pa, took some from him, but after selling a few boxes, found them miserable counterfeits. He had them aside till the man came again, and then told him the pills were counterfeit, and that he must take them back. The man got very angry and refused. Mr. Shalter told him he would try the law, upon which the man took them back and confessed that he received the pills from an equivocal establishment in Philadelphia. The man's name is SMITH. He has "W. Y. Miller, of Adams Co," marked on his wagon.

Yours, &c, S. H. GILBERT.

From the above statement, country storekeepers will perceive that they cannot be too much on their guard against travelling impostors; and it is earnestly requested, that when they are visited in a manner similar to the above, they give the earliest information to the Philadelphia office so that, by means of our numerous travellers, we may intercept, and so stop, their wicked career.

The authorized travelling agents have a *Certificate of Agency* signed by me, which they are ready to produce when so desired. WM. WRIGHT,
169 Race street, Philadelphia.

TRUTH AKIN TO NATURE.—Have you pain? Be thankful. It is a vigorous effort of Nature to throw off morbific matter. From what may the morbific matter arise? From a bruise, or unwholesome air which has become mixed with the blood, or incorporated in it, but which is liable to taint the whole mass if not speedily removed. Or the pain may arise from bile which has become bad, rancid, putrid, in consequence of the want of power in the proper organs to discharge it. This pain which so frightens people is only the symptoms of the efforts of Nature, (for the vital principle of the blood,) to expel the present or impure matter, which would otherwise destroy the human fabric.

In order to descriminate between Truth and error, we must be guided by the light of Experience. To what does experience direct! To the free use of Dr. Brandreth's Pills in all cases of bodily suffering. In all acute diseases, let Brandreth's Pills and mild diet be used, and the patient will soon be restored to good health.

MARRIED,

On the 11th inst., by the Rev L W Chapman, Mr. ORATIO NEWBERY to Miss ELIZABETH SMITH, both of Point township

By the same, on Sunday morning last, Mr. SYLVANUS SHIPMAN to Miss REBECCA HENDERSHOT, both of Lower Augusta township.

HANCE'S SARSAPARILLA VEGETABLE OR BLOOD PILLS.
FOR PURIFYING THE BLOOD!

BALTIMORE, July 29, 1843.

This is to certify, that I was afflicted with a violent pain in the breast and right arm, which I suppose proceeded from the impure state of my blood. I was recommended to take *Hance's Sarsaparilla or Blood Pills*, and after taking one box, the pain was entirely removed from my breast and arm. I found them extremely gentle in their operation, and would recommend them to every person in want of a mild purgative.

Pause Reader!!!

This good advice comes from a friend, an educated physician, and one who has been cured of protracted illness, by "THE IMPROVED INDIAN VEGETABLE PILLS," (SUGAR COATED) which are at this moment affecting some of the most remarkable cures on record, and they will continue to *heal* the *sick* so long as they are resorted to by them. This is no nostrum, made merely to sell irrespective of its qualities, but a valuable medicine, made by a well informed Physician, of Vegetable Ingredients, *pure, efficacious, and harmless*. In a few days, we shall make a public report of several more cases of desperate cures (*for we make no others*) and the public may *know* on what medicine to *rely* in time of need.

☞ CAUTION.—As a miserable imitation has been made, by the name of "Sugar Coated Pills," it is necessary to be sure that Dr. C. BRAN. SMITH'S signature is on every box. Price 25 cents.

☞ The following sonnet was addressed to the proprietor by a Young Lady who was cured of Consumption:

Ho! ye who pant with failing breath,
And pine away and die;
HANCE shall "put away" your death,
And light, anew, your eye.

How sweet it melts upon the tongue,
How grateful to the breast!
A glorious theme for poet's song,
Soothing his cough to rest.

SOMETHING NEW!

THE Subscribers have the exclusive right of vending J. M. THATCHER'S
Hot Blast Hot Air Cooking STOVE,
in the counties of Northumberland, Columbia and Schuylkill; and from the encouragement met with already, they expect to do a large business. This stove is constructed on an entirely new principle, and on the only principle that can make both a good wood and coal stove. The inventor has overcome all the difficulties that so frequently belong to other stoves. He has by his arrangement, constructed a broiling ☞**Oven in front**, where in broiling, roasting, frying or baking may be done, and all the smell that arises therefrom must pass into the combustible chamber, and is not at all thrown out into the room. ☜ Besides this, there is an oven only two inches less than the whole size of the stove, wherein baking or roasting may be done as well as it can be in the common brick oven. This oven is always fit for use when the stove is heated, as the whole draught of hot air passes around it constantly.

Public attention is particularly called to this stove. It can be seen at our Store and Tin Establishment in North Danville, at the sign of the Columbia Tin shop, and at the Foundry of Rohrbach & Clement in Sunbury, where its particular qualities will be fully shown and explained to any person wishing to examine it.

The subscribers continue to have on hand all kinds of parlor stoves, such as radiators, cylenders, fancy and plain, suitable for all who may favor us with a call; also common sheet and Russia Iron, which can be made in any desirable shape; together with a general assortment of tin and japanned ware, wholesale and retail. Country merchants are invited to call and examine our stock, as our work cannot be surpassed, and prices moderate.

N B We can safely recommend the above mentioned stove to persons who wish to embark in a good business. The patentee will sell either county or state rights, to suit purchasers, and on reasonable terms. He or his agents may be found in Danville, Pa. J. & J. ARTER.

The undersigned, having seen in operation the hot blast hot air cooking stove, invented and patented by J. M. Thatcher, certify that we believe, from the manner of its construction and operation, that it is the best one ever offered to the public. The arrangement is so complete and the construction so judicious, that there is a saving of one half the fuel and time, in doing any given amount of service, over other celebrated stoves. In short we recommend it in preference to all others, for the simple reason that it embraces every branch of economy.

DR. SWAYNE—Dear Sir: I feel called by a sense of duty I owe to suffering humanity, to acknowledge my grateful thanks for the wonderful effects of your Compound Syrup of Wild Cherry on me, after suffering month after month with the most afflicting of all diseases, Consumption. The first symptoms were of a very heavy cold which settled on my lungs, which gradually grew worse, with profuse night sweats, a hacking cough, spitting blood, with great debility. My constitution seemed broken down, and nervous system very much impaired. I went to Philadelphia, was treated there by physicians of the highest standing, but received no benefit whatever from them, but gradually grew worse, until my physicians, as well as myself, gave up all hopes of recovery, and I felt like one who is about to pass through the Valley of the Shadow of Death. At this "awful juncture" I heard of your Compound Syrup of Wild Cherry, of which I purchased six bottles, which I am happy to say entirely cured me, and I am now enjoying better health than I ever have before in my life. IT NEVER FAILS!!!

DR. CULLEN'S INDIAN VEGETABLE PANACEA.

PERSONS afflicted with Scrofula, Kings' Evil, Cancer, Erysipelas, Old Sores, Ulcers, Tetter, Mercurial Diseases, or any other complaints arising from impurities of the blood, are requested to read the following testimonials, in proof of the wonderful properties of the above named medicine.

READ! READ!! READ!!!—We the undersigned, having visited Mr Isaac Brooks, jr., at the office of Messrs. Rowand & Walton, 376 Market street, Philadelphia, consider his case the most remarkable one we have ever witnessed or heard of.

His disease was SCORFULA, and terrible must have been his twelve years' conflict with the destroyer!

His Palate, the entire roof of his Mouth, Nose, Upper Lip, and lower lid of the RIGHT EYE have been destroyed, his Face nearly eaten up, and part of the JAW BONE carried away. And yet we can give no description of his case.

Mr. B. informs us that in January last, the whole interior of his mouth, as well as most of his face, was a mass of deep and painful ulcers!

On the 14th of January last, he commenced to use Dr. CULLEN'S INDIAN VEGETABLE PANACEA, which checked the disease in a few days, and from that time the cure has progressed without intermission.

New flesh has supplied the place of the deep ulcers, and though badly disfigured, his face is sound, and his general health is restored.

We are assured that in the treatment of Mr. Brooks' case, no MERCURIALS, Ointments, or Caustic applications have been used,—in fact, the PANACEA ALONE, has wrought this wonderful change.
