

Pennsylvania Regiment.

Our thanks as a Pennsylvanian are due to the editor of the New Orleans Picayune, for the following defence of the Pennsylvania Regiment, engaged in the battle of Sierra Gorda:—

"We learn from the American Star, published at Xalapa, that a part of the First, and the whole of the Second Regiments of Pennsylvania Volunteers will remain at Xalapa, and with the 3d Artillery, form the garrison of that town under Lieut. Col. Childs. We have read with pain today in the Charleston Courier, a letter containing gross imputations upon the courage evinced by the Pennsylvanians in the action of Sierra Gorda. It is the first whisper of such a charge that has reached us, and opposed by all that we have before heard of the battle. We applied at once to a gallant field officer who was in the same division with the Pennsylvanians, and himself in the thickest of the fight. He unhesitatingly disavowed the report. He represented the Pennsylvanians, officers and men, as eager for the fray. Such will prove to be the truth in regard to the Pennsylvania, we firmly believe, when the true history of the division to which they were attached comes to be written. Pennsylvania does not pour forth regiments of young men who cannot be brought to the scratch—to use the words of the writer of the letter. We hope he will learn the facts of the case with more accuracy, and be the first to make amends to the Pennsylvanians."

WORTH MORE THAN HIS WEIGHT IN GOLD.—We have frequently heard of an individual being worth his weight in gold, but General Tom Thumb exceeds this valuation, and is several times worth his weight in gold, as his recent visits to this city prove. We are assured by the best authority that the net profits of his leaves for twenty-two and a half days in Philadelphia exceed \$14,000. Counting sixteen dollars in silver to the pound avoirdupois, he has made in this short period fifty-eight times his own weight in silver; counting fifty-five half eagle to the pound avoirdupois, he makes three and a half times his own weight in gold. The General opens in Boston on Monday morning next.

MARRIAGE IN HIGH LIFE.—The Boston Transcript says that Tom Thumb, following other illustrious examples, has "wooded a little maid," who has agreed to "wed, wed, wed," and in a short time they are to be married. She is in her 16th year, weighs 103 pounds, and is thirty inches high. The united weight of the couple is fifty pounds!

REMARKABLE PHENOMENON.—The Cincinnati Signal records the following singular phenomenon in possession of Dr. Chapman, of that city:— It consists of two young pigs, having the heads of elephants. The proboscis, mouth teeth, ears, eyes, and so far as we have been able to judge, from a superficial examination, the head perfectly formed of an elephant. In one case, the proboscis is thrown over and back of the head in the position we sometimes see the elephant hold it. In the other, it hangs over the mouth. The eyes of one are in the usual place for the elephant's, whilst in the other, they are situated near the centre of the forehead, not unlike the hippopotamus. The skin of one of these prodigies has hair like a hog; the other precisely like an elephant.

SANTA ANNA'S GAME COCKS.—In the pursuit of the cocks, when he was flying from Cerro Gordo, several of Santa Anna's game cocks, with their legs tied, were picked up by one of our people. The men were for carrying them off as trophies, but Gen. Twiggs being near by, and prompted no doubt by a spirit of humanity, although some have insinuated he wanted to test Santa Anna's judgment in game fowl, ordered them to be unloosed. The cocks, when liberated, much we suppose, to the disappointment of the general, instead of following the example of their illustrious owner and flying the field, went right into battle and used their spurs with as much fierceness as he must have been playing his on his mule about the same time. Gen. Twiggs, admiring the true game displayed, ejaculated something that was not exactly a blessing upon the Mexicans for not showing as much pluck as their cocks and holding their position a little longer. We are not positive that there was any betting, nor have we consulted Paley on the practice, for we know the general was right in the main.—N. O. Picayune.

DR. SWAYNE'S SWIMMING OF THE HEAD. A roaring noise in the ears, headache, palpitation of the heart, &c.—Wright's Indian Vegetable Pills are a certain cure for the above unpleasant complaints, because they purge from the body those stagnant and corrupt humors which, when floating in the general mass of circulation, are the cause of a determination or rush to the head, the head, giddiness, loss of memory, dimness of sight, drowsiness, pain of the head, and many other symptoms of a loaded and corrupt state of the blood.

Wright's Indian Vegetable Pills are also one of the very best medicines in the world for the cure of indigestion, and therefore will not only remove all the above unpleasant symptoms, and entirely prevent any evil consequences resulting from a rush of blood to the head, but will most assuredly restore the body to a state of sound health.
 Beware of counterfeits of all kinds! Some are coated with sugar; others are made to resemble in outward appearance the original medicine. The safest course is, to purchase from the regular agents only, one or more of whom may be found in every village and town in the State.

TRUST TO BRANDRETH'S PILLS. Take them so as to produce a brisk effect, and your sickness will be the affair of a day or two, while those who are too wise to follow this common-sense advice, will be sick for months. Let the sick enquire of the agents for Brandreth's Pills whether these things are so or not. Let them enquire among their friends and ask the same question. Verily if evidence is wanted it shall be procured. To the sick let me say, use the BRANDRETH PILLS is the best advice mortal man can give you.

HANCE'S SANSAPARILLA VEGETABLE OR BLOOD PILLS.
FOR PURIFYING THE BLOOD!
 BALTIMORE, July 29, 1843.
 This is to certify, that I was afflicted with a violent pain in the head and right arm, which I suppose proceeded from the impure state of my blood. I was recommended to take Hance's Sansaparilla or Blood Pills, and after taking one box, the pain was entirely removed from my head and arm. I found them extremely gentle in their operation, and would recommend them to every person in want of a mild purgative.

 Ho! ye who pant with failing breath,
 And pine away and die;
 Hence shall "put away" your death,
 And light, anew, your eye,
 How sweet it melts upon the tongue,
 How grateful to the breast!
 A glorious theme for poet's song,

DR. SWAYNE IN THE SOUTH.

The following letter just come to hand, and will be read with interest. The patient suffered intensely, and could find no relief until he used DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY. It is certainly the most wonderful cure on record!—Read it.

Wilmington, N. C., Jan. 12th, 1847.

Dr. SWAYNE—Dear Sir: Having been almost miraculously cured by your valuable medicine, I think it not more than common gratitude in me to make one addition to the long list of certificates which you have received of remarkable cures by your medicine. During the two years preceding last August, I was very much distressed by a very bad cold and racking cough, and during the latter part of the time it continued to grow worse, and I did, in July my friends gave me over having tried all kinds of medicine, said to be good for such diseases, without the least good effect. I was reduced almost to a perfect corpse, and had scarcely any flesh upon my body, and for a long time never thought to rise from my bed again. A friend one day asked me if I had tried Dr. SWAYNE'S Compound Syrup of Wild Cherry, and advised me to do so at once, as he heard that it had worked a great many wonderful cures. I took his advice, and after using up several bottles of it, I grew so much better that I was enabled to leave my bed, and afterwards to walk about the house, and so out into the street. I was encouraged by this, and continued the use of your medicine, and now, by means of its wonderful curative power, I am perfectly well, and enjoy the use of all my faculties, just as much as if I had never been afflicted in the way I described to you. I have written this not thinking that it will at all interest you, but humbly hoping that it will have its mite of influence in causing your valuable medicine to be spread among mankind, and in assisting to raise you to that station which you richly deserve, for your persevering efforts for the public good.

Respectfully your friend and admirer,
 JAMES R. MAIBLAND.

Comment on such evidence as the above is unnecessary. A single trial will place Dr. SWAYNE'S Compound Syrup of Wild Cherry beyond the reach of competition in the estimation of every patient.—But its healing virtue will be its best recommendation.

Beware of Imposition!—Attempts have often been made by unprincipled individuals to impose upon the community a spurious article. Stealing nearly the whole of the name of my preparation, to fully guard against such base and palpable imposition, the public should shun all preparations purporting to contain Wild Cherry, except that bearing the signature of (Dr. H. SWAYNE on each bottle. The name of Dr. SWAYNE, in connection with the Compound Syrup of Wild Cherry, has never been in a counterfeit. So if persons would bear in mind the name of Dr. SWAYNE, they may be sure of obtaining the original and genuine article.
 Beware of the worthless "Balsams," "Bitters," "Syrups," &c., as they contain none of the virtues of the original preparation.
 The original and only genuine article is prepared by DR. SWAYNE, corner of Eighth and Race streets, Philadelphia, and for sale by agents in all parts of the United States, and some parts of Europe.

FROM MEXICO!

MISS MARY A. McCAY, of the borough of Northumberland, successor to Daniel Brautigam, respectfully informs the public, that although Gen. Scott's army has taken Jalapa, famous for its production of Jalapa, she still has enough of the article to supply the wants of her customers, besides every other variety of drugs and medicines usually found in an apothecary shop. Having purchased the stock of Mr. Brautigam, she has opened a new establishment, almost opposite his old stand, and trusts, by strict attention to business, to merit the patronage of the vicinity and public.
 She will constantly keep on hand every variety of Drugs, Paints, Spices, Patent Medicines, &c., that is usually found in a drug store, which she will dispose of at reasonable prices.
 Physicians and others, from a distance, supplied at wholesale prices.

OPINIONS OF THE PRESS,

WRIGHT'S INDIAN VEGETABLE PILLS,
From the Camden Democrat.
WRIGHT'S INDIAN VEGETABLE PILLS.—These celebrated Pills, so universally used and admired, have become so necessary almost as necessary in families as water or fuel. In fact, the principle upon which this medicine has established its reputation—purgative—is now pretty generally acknowledged to be the only true one, by which health may be preserved, or restored when impaired. Wright's Pills are now a universal favorite.
From the Philadelphia Saturday Evening Post.
WRIGHT'S INDIAN VEGETABLE PILLS. are retaining great celebrity in New England, as well as other parts of the United States. The attempt of persons to defraud the public by the sale of spurious articles, merits with general disapproval. Dr. Wright is an indefatigable business man, and shows an array of energy by the medicine which warrant confidence in the virtues of his Indian Vegetable Pills.
From the Philadelphia Spirit of the Times.
WRIGHT'S INDIAN VEGETABLE PILLS.—People are pretty well satisfied by this time that colic, and the other thousand and one mineral preparations of the shops, are better adapted, as a general rule, to kill rather than cure the patient; as a matter of course, vegetable medicines are therefore in great request. There are many humbugs however, among the latter, and we would advise all who wish to avoid the least regard for their health, to try Wright's Indian Vegetable Pills of the North American College of Health, as they are the preparation of one intimately acquainted with the healing art.
From the Boston Daily Times.
WRIGHT'S INDIAN VEGETABLE PILLS.—Of all the public advertised medicines of the day, we know of none that we can more safely recommend for the "ills that flesh is heir to," than the Pills that are sold at the depot of the North American College of Health, No. 198 Tremont street, Boston. Several instances we know of where they are used in families with the highest satisfaction; and no longer ago than yesterday, we had an eminent physician of this city recommend them in high terms.
 The following highly respectable stockeepers have been duly appointed agents for the sale of Wright's Indian Vegetable Pills, in Northumberland county:—
 Henry Masser, Sunbury.
 E. & J. Kaufman, Augusta township.

Beware of Counterfeits!—The public are cautioned against the many spurious medicines, which in order to deceive, are called by names similar to Wright's Indian Vegetable Pills.
 The safest course is to purchase of the regular agents only, who are gentlemen that may be relied on.

DR. COLLEN'S

Indian Vegetable Panacea.
HEREDITARY TETTER.
 GENTLE.—It is now six months since my youngest child, a daughter, had a cutaneous affection, which made its appearance over its entire body. It was a case of Hereditary Tetter, and as violent was the disease, that we wished, in case it could not be speedily relieved, that it might be soon laid in its grave. At this stage of the disease my sister-in-law called upon you to advise as to the best preparation of Sarsaparilla that could be procured, as an alternative; when you recommended the use of Dr. Colllen's Indian Vegetable Panacea, and I am pleased to say that the good effects of the medicine were perceptible when it had taken but a few doses; and by the time we had used one single bottle, the disease had entirely disappeared, and from that time there has been no reappearance. I really feel thankful to you for having recommended the Panacea in this case, for I feel confident that had not the disease been arrested, my child would, ere this, have been the tenant of the cold and silent tomb.
 Respectfully yours,
 ROWLAND & WALTON, JOHN P. REES,

WHITE SWELLING.

Dear Sir.—At your request cheerfully give you my account, and from that time there has been no reappearance. I really feel thankful to you for having recommended the Panacea in this case, for I feel confident that had not the disease been arrested, my child would, ere this, have been the tenant of the cold and silent tomb.
 Respectfully yours,
 ROWLAND & WALTON, JOHN P. REES,

SCOREFULA.

To whom it may concern.—This may certify that my child, since from birth, was afflicted with Scorefula, which covered most of its body with sores, and that for 18 months, though constantly under medical treatment, nothing afforded relief. I was induced to make trial of Dr. Colllen's Indian Veg. table Panacea. The attending physician, on witnessing its good effects, recommended its continuance according to directions, and by using a single bottle of the Panacea, the child was apparently cured. It is now about 4 months since the medicine was discontinued, and I have no doubt but the cure is complete. Yours truly,
 ROWLAND & WALTON, M. McLEAS,

BARBERS' ITCH.

Mr. J. T. Rowan—Sir—Some time last spring I was unfortunate enough to get the "jacked-up" Barbers' Itch."—After shaving after some one afflicted by that troublesome and obstinate disease. You cannot have forgotten the swollen and irritated condition of my face at the time you recommended "Dr. Colllen's Indian Vegetable Panacea." I have now the pleasure to inform you, for the benefit of all who are similarly afflicted, that the use of a single bottle of the Panacea cured me entirely. You may well judge of my gratification at such a result, as I had so often known the disease to continue for years under the usual medicinal remedies. (Signed) T. L. SANDERS,
 Philad., Aug. 5, 1845. Polgo Office.

SCOREFULA.

Messrs. ROWLAND & WALTON.—I have been for two years or more severely afflicted with Scorefula, and after having tried three eminent physicians without any relief, I had come to the conclusion that I must die. I had fourteen open ulcers on my face and body at the same time. While in this condition, a friend procured me a bottle of your Dr. Colllen's Indian Vegetable Panacea. This was about two months since. I have taken six bottles and am completely cured. My general health is also better than it has been for years.

 in the counties of Northumberland, Columbia and Schuylkill; and from the encouragement met with already, they expect to do a large business. This stove is constructed on an entirely new principle, and on the only principle that can make both a good wood and coal stove. The inventor had overcome all the difficulties that so frequently belong to other stoves. He has by his arrangement, constructed a brooding "oven in front," where in brooding, roasting, frying or baking may be done, and all the small that arises therefrom must pass into the combustible chamber, and is not at all thrown out into the room. Besides this, there is an oven only two inches less than the whole size of the stove, wherein brooding or roasting may be done as well as it can be in the common brick oven. This oven is always fit for use when the stove is heated, as the whole draught of hot air passes across it constantly.
 Public attention is particularly called to this stove. It can be seen at our Store and Establishment in North Downville, at the sign of the Columbia Tin Shop, and at the Foundry of Rubright & Clement in Sunbury, where its particular qualities will be fully shown and explained to any person wishing to examine it.
 The subscribers continue to have on hand all kinds of parlor stoves, such as radiators, cylinders, fancy and plain, suitable for all who may favor us with a call; also common sheet and Russia Iron, which can be made in any desirable shape; together with a general assortment of tin and japanned ware, wholesale and retail. Country merchants are invited to call and examine our stock, as our work cannot be surpassed, and prices moderate.
 N. B. We can safely recommend the above mentioned stove to persons who wish to embark in a good business. The patentee will sell either county or state rights, to suit purchasers, and on reasonable terms. He or his agents may be found in Danville, Pa.
