

presence of the St. Louis Republican. The Military and Religious Facts. On Monday, March 7, 1847. The army, I think, is becoming infected with a mixture of religion and superstition—by a few singular circumstances, which I briefly relate: A man, coming through a mountain gorge, called a Junco, there was not one drop of water to find within seventy miles! Our wearied men—particularly the oxen—became exhausted and sunk down, as we supposed, to rise no more. Our situation was appalling, and relief seemed to be beyond the range of possibility. At moment, a clap of thunder was heard, and a black cloud rolled rapidly up, and the came down in torrents; the parched desert soon drenched—the animals and men re-joiced, and the army moved, wondering and rejoicing. No rain had fallen in this part of Mexico upwards of four months, and no one expected a drop until the beginning of the rainy season, which commences about the 15th of June. In the morning of the battle Col. Mitchell, and a dozen officers were riding some distance in front of the army, when a large black wolf seen galloping across towards the mountain on its left. Col. M. exclaimed, in a half-laughing serious manner, "Gentlemen, we are to meet the enemy this evening. If that crosses our path it is ominous of bad luck. He will feast on our dead bodies before morning." The men immediately reined up, and they only watched the movements of the animal with breathless anxiety. He was on the point of crossing in front of us, when Colonel Mitchell led to the left, exclaiming, "I'll turn the tide of fortune!" The wolf was headed and driven before us, which caused a hearty shout of triumph.

During the battle, when a portion of our men were falling back from some mistaken idea, the enemy raised a shout and poured in a rapid discharge of artillery. At the same moment the Mexican cavalry began to advance. Confusion was beginning to show itself in our ranks. At this critical moment Col. M. dashed up, at full speed, in front of the right wing, (which he commanded,) and cried out to his friends, "There's the black wolf about cross our path, but I'll stop him! *Column wards—gallop!*" The history of the battle, if correctly written will show that he did stop him. Again, when considering the enemy's forces and positions, the Mexican loss, compared with our own, it really looks as if the hand of Providence decided the sole affair.

**DR. SWAYNE'S INDIAN VEGETABLE PILLS.**  
No CHANGE IN THE WEATHER will materially affect the body if the blood is pure. Every individual, even the most diseased, has within him a germ of root of that original pure blood of our common mother Eve, which germ of pure blood is the supporter of his life, and is in constant struggle to throw off the heterogeneous, corrupt humors, which are the cause of disease in the individual. By purging the body of this diseased individual of its bad humors, you allow the germ of pure blood to gain ground and to make blood of a better quality. Let all who wish to be of a fine, healthy habit, and who desire to be able to stand without injury the continual changes of this climate, use the Blood-Purifier, which will effectually cleanse the blood of all bad or corrupt humors, and restore the human body to the state of health enjoyed before the introduction of mineral medicines.

**DR. SWAYNE IN THE SOUTH.**  
THE following letter just comes to hand, and will be read with interest. The patient suffered incurably, and could find no relief until he used Dr. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY. It is certainly the most wonderful cure on record!—Read it.  
Wilmington, N. C., Jan. 12th, 1847.

**DR. SWAYNE.**—Dear Sir: Having been almost miraculously cured by your valuable medicine, I think it not more than common gratitude in me to make one addition to the long list of certificates which you have received of remarkable cures by your medicine. During the two years preceding last August, I was very much distressed by a very bad cold and racking cough, and during the latter part of the time it continued to grow worse, and indeed in July my friends gave me over, having tried all kinds of medicine, said to be good for such diseases, without the least good effect. I was reduced almost to a perfect corpse, and had secretly a wish upon my body, and for a long time never thought to rise from my bed again. A friend one day asked me if I had tried Dr. SWAYNE'S Compound Syrup of Wild Cherry, and advised me to do so at once, as he heard that it had worked a great many wonderful cures. I took his advice, and after using up several bottles of it, I grew so much better that I was enabled to leave my bed, and afterwards I walk about the house, and go out into the street. I was encouraged by this, and continued the use of your medicine, and now, by means of its wonderful curative powers, I am perfectly well, and enjoy the use of all my faculties, just as much as if I had never been afflicted in the way I described to you. I have written this not thinking that it will at all interest you, but humbly hoping that it will have its mite of influence in causing your valuable medicine to be spread among mankind, and in assisting to raise you to that station which you richly deserve, for your persevering efforts for the public good.  
Respectfully your friend and admirer,  
JAMES R. MAIRLAND.

Comment on such evidence as the above is unnecessary. A single trial will place Dr. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY beyond the reach of competition in the estimation of every patient.—But its healing virtue will be its best recommendation.  
Beware of Impostion.—Attempts have often been made by unprincipled individuals to impose upon the community a spurious article. Stealing nearly the whole of the name of my preparation. To fully guard against such base and palpable impostion, the public should shun all preparations purporting to contain Wild Cherry, except that bearing the signature of Dr. H. SWAYNE on each bottle. The name of Dr. SWAYNE, in connection with the Compound Syrup of Wild Cherry, has never yet been counterfeited. So if persons would bear in mind the name of Dr. SWAYNE, they may be sure of obtaining the original and genuine article.  
Beware of the worthless "Balsams," "Bitters," "Syrup," &c., as they contain none of the virtues of the original preparation.  
The original and only genuine article is prepared by DR. SWAYNE, corner of Eighth and Race streets, Philadelphia, and for sale by agents in all parts of the United States, and some parts of Europe.  
Only Agent in Sunbury is

MISS MARY A. McCAY, of the borough of Northumberland, successor to Daniel Brautigam, respectfully informs the public, that although Gen. Scott's army has taken Jalapa, famous for its production of Jalap, she still has enough of the article to supply the wants of her customers, besides every other variety of drugs and medicines usually found in an apothecary shop. Having purchased the stock of Mr. Brautigam, she has opened a new establishment, almost opposite his old stand, and trusts by strict attention to business, to merit the patronage of the vicinity and public.  
She will constantly keep on hand every variety of Drugs, Balaams, Spices, Patent Medicines, &c., that is usually found in a drug store, which she will dispose of at reasonable prices.

**OPINIONS OF THE PRESS.**  
**WRIGHT'S INDIAN VEGETABLE PILLS.**  
From the Camden Democrat.  
WRIGHT'S INDIAN VEGETABLE PILLS.—This celebrated Pills so universally used and admitted, have become so completely established in their reputation—purgeation—is now, generally acknowledged to be the only one, by which health may be preserved, or restored when impaired. Wright's Pills are now a household favorite.  
From the Philadelphia Saturday Evening Post.  
WRIGHT'S INDIAN VEGETABLE PILLS, are attaining great celebrity in New England, as well as other parts of the United States. The amount of persons to be cured by the use of these pills, is daily increasing, and the public are daily becoming more and more acquainted with the virtues of his Indian Vegetable Pills.

From the Philadelphia Spirit of the Times.  
WRIGHT'S INDIAN VEGETABLE PILLS.—People are pretty well satisfied by this time that the Pills, and the other thousand and one mineral preparations of the shops, are better adapted, as a general rule, to kill rather than cure the patient; as a matter of course, vegetable medicines are therefore in great request. There are many humbugs however, among the latter, and we would advise all those who have the least regard for their health, to try Wright's Indian Vegetable Pills of the North American College of Health, as they are the preparation of one intimately acquainted with the healing art.  
From the Boston Daily Times.  
WRIGHT'S INDIAN VEGETABLE PILLS.—Of all the public advised medicines of the day, we know of none that we can more safely recommend for the relief of the bowels, than the Pills that are sold at the depot of the North American College of Health, No. 198 Tremont street, Boston. Several instances we know of where they are used in families with the highest satisfaction; and no longer ago than yesterday, we had an eminent physician of this city recommend them in high terms.  
The following highly respectable stockholders have been duly appointed agents for the sale of Wright's Indian Vegetable Pills, in Northumberland county:  
Henry Masser, Sunbury.  
E. & J. Kaufman, Augusta township.  
Samuel Herr, Little Mahoney.  
William Deppen, Jackson.  
Benjamin Holburn, Upper Mahoney.  
John G. Renn, Upper Mahoney.

Samuel Taylor, Slatford.  
John H. Vincent, Chillisquoque.  
Wm. Heinen & Brother, Milton.  
Beware of Counterfeits.—The public are cautioned against the many spurious medicines, which in order to deceive, are sold by names similar to Wright's Indian Vegetable Pills.  
The safest course is to purchase of the regular agents only, who are gentlemen that may be relied on.

**DR. CULLEN'S**  
Indian Vegetable Panacea.

**HEREDITARY TETTER.**  
Gentle—It is now six months since my youngest child, a daughter, had a venereal affection, which made its appearance upon its entire body. It was treated by Hereditary Tetter, and so violent was the disease, that we wished, in case it could not be speedily relieved, that it might be soon laid in its grave. At this stage of the disease my sister-in-law called upon you to advise as to the best preparation of Sarsaparilla that could be procured, as an alternative, which you recommended the use of Dr. Cullen's Indian Vegetable Panacea, and I am pleased to say that the good effects of the medicine were perceptible when I had taken but a few doses; and by the time we had used one single bottle, the disease had entirely disappeared, and from that time there has been no re-appearance. I really feel thankful to you for having recommended the Panacea in this case, for I feel confident that had not the disease been cured, my child would ere this, have been the tenant of the earth and silent tomb.  
Respectfully yours,  
Rowland & Walton, JOHN P. REEM,  
Phil. Dec. 9, 1845. 85 N. Seventh St.

**WHITE SWELLING.**  
Dear Sir,—At your request I cheerfully give you an account of the wonderful cure effected upon me by Dr. Cullen's Indian Vegetable Panacea. At the age of 14 years I had upon my right knee a White Swelling, which swollen the joint, and caused some severity or more of it, and the bone pieces of the bone to come away in the sore, and which was a temporary relief to the usual remedy, but not entirely cured. At times would again break out, and become so distressing and painful that I could get no rest night nor day. In this way it continued until last spring, when, having witnessed the extraordinary effects of your Panacea as an alternative, upon a daughter of mine who was using it for a chronic disease, I concluded to make a trial of it in my own case; the result has been an entire cure. I am now 67 years of age, and have suffered 53 years with the sore. I cheerfully add my testimonial to the many others I have heard of the cures performed by your celebrated Panacea.  
THOMAS WALTON,

**SCORFULA.**  
To whom it may concern—This may certify that my child almost from birth was afflicted with Scorfula, which ever & most of its body with sores; and that for 18 months, though constantly under medical treatment, no good effect being till I was induced to make trial of Dr. Cullen's Indian Vegetable Panacea. The attending physician, on witnessing its good effects, recommended its continuance according to directions, and by using a single bottle of the Panacea, the child was apparently cured. It is now about 4 months since the eruption was discontinued, and I have no doubt but the cure is complete. Yours truly,

**BARBERS' ITCH.**  
Mr. J. T. Rowland—Sir—Some time last spring I was so unfortunate as to get the "Jackson, or Barber's Itch," by shaving after some one affected by that troublesome and obnoxious disease. You cannot have forgotten the swollen and irritated condition of my face at the time you recommended Dr. Cullen's Indian Vegetable Panacea. I have now the pleasure to inform you, for the benefit of all who are similarly afflicted, that the use of a single bottle of the Panacea cured me entirely. You may well judge of my gratification at such a result, as I had so long known the disease to continue for years under the usual medicinal remedies. (Signed) T. L. SANDERS,  
Philad., Aug. 5, 1845. Judge Office.

**SCORFULA.**  
Messrs. Rowland & Walton—Sir—I have been for two years or more severely afflicted with Scorfula, and after having tried three eminent physicians without any relief, I had recourse to the conclusion that I must die. I had fourteen open Ulcers on my face and body at the same time. While in this condition a friend procured me a bottle of your Dr. Cullen's Indian Vegetable Panacea. This was about two months since. I have taken six bottles and am completely cured. My general health is also better than it has been for years.  
E. W. MAXWELL, Mary's Court.

Certificates of cures, in pamphlet form, may be had gratis, at the offices of the agents.

**SOMETHING NEW!**  
THE subscribers have the exclusive right of vending J. M. THATCHER'S  
**Hot Blast Hot Air Cooking Stoves.**

in the counties of Northumberland, Columbia and Schuylkill; and from the encouragement met with already, they expect to do a large business. This stove is constructed on an entirely new principle, and on the very principle that can make both a good wood and coal stove. The inventor has overcome all the difficulties that so frequently belong to other stoves. He has by his arrangement, constructed a broiling Oven in front, where, in broiling, roasting, frying or baking may be done, and all the small that arises therefrom must pass into the combustible chamber, and is not at all thrown out into the room. Besides this, there is an oven only two inches less than the whole size of the stove, wherein baking or broiling may be done as well as it can be in the common brick oven. This oven is always fit for use when the stove is heated, as the whole draught of hot air passes over it constantly.

Public attention is particularly called to this. It can be seen at our Store and Tin Establishment in North Danville, at the sign of the Columbia Tin Shop, and at the Foundry of Robinson & Clement in Sunbury, where its particular qualities will be fully shown and explained to any person wishing to examine it.  
The subscribers continue to have on hand all kinds of parlor stoves, such as radiators, cyclinders, fancy and plain, suitable for all who may favor us with a call; also common stoves and Radiant Irons, which can be made in any desirable shape; together with a general assortment of tin and japanned ware, wholesale and retail. Country merchants are invited to call and examine our stock, as our work cannot be surpassed, and prices moderate.  
N. B. We can also recommend the above mentioned stove to persons who wish to embark in a good business. The patentee will sell either county or state rights, to suit purchasers, and on reasonable terms. He or his agents may be found in Danville, Pa.  
J. & J. ARTER.

The undersigned, having seen in operation the hot blast hot air cooking stove, invented and patented by J. M. Thatcher, certify that we believe, from the manner of its construction and operation, that it is the best one ever offered to the public. The arrangement is so complete and the construction so judicious, that there is a saving of one half the fuel and time, in doing any given amount of roasting, over other celebrated stoves. In short we recommend it in preference to all others, for the simple reason that it embraces every branch of economy.
