

Gen. Taylor at Monterey.

In another column we publish the proceedings, in part, of the celebration of the 4th of July at Monterey, by Gen. Taylor and others of the army. Gen. Cushing, an able statesman, and formerly our minister to China, was the orator of the day. In reply to a toast proposing him as our next President, Gen. Taylor again consents to become the candidate of the people, if they cannot agree upon some one who can serve them better. The people have already most emphatically decided that question, and Gen. Taylor is therefore virtually in the field as their candidate for honesty and integrity, free from all dissimulation; for firmness in purpose, and soundness of judgment; they know he has no superior. We were, we confess, at first somewhat startled at the idea of taking a military man for President. This is, however, one of the popular prejudices of the day, founded on error and the history of the dark ages, when people were ignorant of their rights and power, and when heroes knew but little else than the science of war. Who could have objected to Washington on account of his military services, or who now would be apprehensive of danger to his country under Gen. Jackson, because he had been a successful military chieftain; or who that knows Gen. Taylor would feel unsafe under his administration, on account of his courage and great military skill? We firmly believe that men like Washington, Jackson and Taylor, who have witnessed and felt the horrors and calamities of war, would be much more reluctant to engage in it than most of our aspiring politicians, who might be tempted to try their hand in order to render themselves popular with the masses. No man had a greater repugnance to violence and bloodshed than Washington, and it is well known that no man more sincerely regrets the necessity of the present war, and who is more anxious to retire from its scenes, than Gen. Taylor. Under the rule of such a man, our country would always be safe. Conscious that he possessed the confidence and affections of the people, he would have no occasion for dissimulation and petty intrigues, to catch the popular breeze. That he is a democrat, a real Jeffersonian democrat, his whole life and character affords the most ample evidence.

Gen. Zachary Taylor.—A meeting of the "Taylor Central Corresponding Committee" was held at Prince's Hotel, in Harrisburg, on the 31st ult. After a mutual interchange of sentiment among the Committee, upon the objects of their appointment, the glorious cause in which they, in common with a large majority of the people of our country, are engaged, and the best measures to be adopted in carrying out this common cause, the Hon. Ellis Lewis offered the following resolution, which was unanimously adopted: "Resolved, That it be recommended to the people of this Commonwealth to assemble in Mass Meeting at Harrisburg, on the 24th day of September next, (the anniversary of the victory of Monterey,) to adopt such measures as may be deemed proper to promote the election of Gen. Zachary Taylor, to the Presidency of the United States."

On motion of Gen. Seiler, Messrs. Dock, Peacock and Parke, were appointed a committee to prepare and have published a circular, expressive of the sense of this committee, and inviting the co-operation of the friends of Gen. Taylor, in such measures as are calculated to secure his election to the Presidency.

Peace News.—The Washington correspondent of the Philadelphia Ledger, has the following in relation to the news of peace: "The Government is in possession of news favorable to peace, and corroborating the recent rumors and telegraphic despatches to that effect. The Mexican Government may refuse, from vanity or pride, as the case may be, to assent to the ultimatum presented by Mr. Telford; but the Mexican Government does not refuse to negotiate, and all the New Orleans press to the contrary notwithstanding. The Mexicans, including the military and the clergy, are as tired of the war as we are, and have certainly much more reason than ourselves to be tired of it. We have felt the war only indirectly; on them, for all, fell all the real hardships of it, as it always the case with the country which is successfully invaded. Santa Anna, I can assure you, cannot maintain himself in Mexico against the powerful influence of the peace party, and that is the reason he is forced to enter into negotiations."

Mr. Buchanan is to set out on Thursday next or his Southern trip, and it is but reasonable to suppose that it has reference to Mexican affairs, and that Mr. Buchanan will be the principal, in fact, the sole commissioner of peace."

Rev. Samuel Bowman, D. D., the estimable rector of St. James's Church, Lancaster, Pa., is been unanimously elected Bishop of the Episcopal Diocese of Indiana.

The Potato Disease.—The London Standard publishes a letter from Charles Roberts, a resident in a neighborhood which is extensively devoted to the cultivation of the potato, dated Buckingham, Bucks, July 10, and says: "Within the last three days the potato disease has shown itself through hundreds of acres of soil—it generally attacks the early sets, and those crops which are just come to perfection, and especially fine crops they are. This is an extensive agricultural parish. I have just read that it has also made its appearance in a large county district near the sea, about five miles from here, and which district last year yielded but triflingly. The people are taking the crop and putting them in dry earth for a season, before the tubers are affected, and are sowing stacked lime over the ground and leaves. This may arrest its progress, but at present the symptoms are very alarming."

PHILADELPHIA MARKET.

Tuesday, Aug. 3. GRAIN.—Wheat, white is held at \$1.35, and Southern and Pennsylvania red at \$1.25 a \$1.30. Corn would not now command more than 72 a 73c; Oats, northern, 55c, and Southern 53c. No sales of Rye. WHEATRY—29c.

BALTIMORE MARKET.

Office of the BALTIMORE AMERICAN, Aug. 2. GRAIN.—The price of Wheat is influenced more by the limited receipts and the demand for the article, than by the foreign advices. The few parcels that reached the market were sold at an advance on previous rates, viz: good to prime red 130 a 135 cts., and white at 135 cts for good, and 145 cts. for one or two parcels fit for family flour.

Corn is also scarce and much wanted. Sales of white to-day at 75 a 80 cts. No yellow offering.

Oats are in active demand at advanced rates. Sales of Maryland new to-day at 50, 60 and 62 1/2 cts.

WHEATRY.—No transactions reported.—Holders ask 25 cts. for hds. and 26 cts. for bbls.

Our Choice.

Mr. Editor.—Your paper a few weeks since gave a list of the names of the democratic candidates in the field for the Assembly. Among them we noticed, with pleasure, that of Mr. SILAS H. ENGEL, of Sunbury. As the time is approaching for the nomination of candidates, you will much oblige many of your democratic friends in this township, by permitting us to express our preference for the gentleman above named, as a suitable person to represent us in the next Legislature. We know Mr. ENGEL to possess the requisite qualifications to make such a representative as the democracy of Old Northumberland desire, and shall, therefore, earnestly urge upon the party his nomination. In his demerits we have full faith, knowing him to be identified with the leading measures of the party. In his knowledge of the affairs of the State, complicated as they are at present, we have the assurance that he will be able to render important service. Besides, he is truly and emphatically one of the people, in every sense of the term—in sympathy as well as in action and consequently can command a vote which few others will be able to do. The convention, we are persuaded, could put no person in nomination for this office who would render more satisfaction, and who would reflect more credit upon the county, than Mr. Eng.

The Voice of Augusta.

Mr. Editor.—The time is approaching when we should think about selecting a candidate for the Legislature. We have heard of a goodly number of persons who have been mentioned as candidates, and the claims of them parade and that person, and of this side and that side of the river. The selection of the candidate is of much less importance than his ability, his honesty and integrity. And as for the claims of any one to office, we look upon it as a humbug, as well as anti-republican. Offices were made for the people and not for the benefit of officeholders, who are, or at least ought to be, the servants of the people. If there are any claims or rights in these matters, they belong to the people, who have a right, and should exercise that right in selecting such persons who are best calculated to promote their interests, as well as the interests of the public. Such a man we think we find in the person of ALEXANDER JORDAN, Esq., of Sunbury, and as he has consented to serve if nominated and elected, let every good democrat and citizen put his shoulder to the wheel and insist upon his nomination. His election would follow of course, and would ally all excitement and division.

MANY OF OLD TUBERY.

Legislature. Mr. Editor.—You would confer a favor upon many of your democratic friends, by allowing us to bring forward, through the medium of your paper, WILLIAM D. GEARHART, of Rush township, as a candidate for the Legislature. Mr. Gearhart is a gentleman of sound judgment, correct habits, and worthy the support of the Democratic party. We know of no person more suitable to fulfill the duties of that high and responsible office. Should the people see proper to elect him as their Representative, we feel confident that they will find in him a public servant of distinguished abilities, and an intelligent, firm and unwavering Democrat of the Jeffersonian school.

MANY VOTERS OF THE FORE.

CHILLS AND FEVER.—Wright's Indian Vegetable Pills are one of the best, if not the very best medicine in the world, for the cure of Intermittent Fever, because they excel all others in ridding the body of those morbid humors which are the cause, not only of all kinds of fevers, but of every malarial incident to man. Four or five of said Indian Vegetable Pills, taken every night on going to bed, will in a short time make a perfect cure of the most obstinate case of chills and fever; at the same time the digestive organs will be restored to a healthy tone, and the blood so completely purified that fever and ague, or disease in any form, will be absolutely impossible. Beware of counterfeits of all kinds! Some are coated with sugar; others are made to resemble its appearance the original medicine. I have just read that it has also made its appearance in a large county district near the sea, about five miles from here, and which district last year yielded but triflingly. The people are taking the crop and putting them in dry earth for a season, before the tubers are affected, and are sowing stacked lime over the ground and leaves. This may arrest its progress, but at present the symptoms are very alarming."

SECRETS TO THE PATRONS OF BRANDRETH'S PILLS.

In consequence of the great variety of counterfeit labels of pretended Brandreth's Pills, Dr. Brandreth, seeing under a sense of duty to the public, has employed those celebrated artists, Messrs. Perkins and Durand, who have succeeded in producing three new labels, of so complicated a nature, as to amount to an impossibility of imitation. The border of the top and side of the under label, is composed of the most elaborate and chaotic patterns of lace-work. To crown the climax of a beautiful label, the paper upon which they are printed is previously printed with red ink, after a design as exquisite and minute as to defy comparison; the top and the under label each contain the words, "BRANDRETH'S PILLS," written in red ink nearly two hundred times—the top and under label containing, therefore, upwards of five thousand letters. There is also upon the top, the under, and the side label, two signatures of Dr. Brandreth; one being his regular signature, the other, Benjamin Brandreth; both being facsimiles of the writing of Dr. Brandreth, to imitate which is a forgery! The Brandreth Pills having these labels upon them, can be relied upon as true and genuine.

HANCE'S SARSAPARILLA VEGETABLE OR BLOOD PILLS.

For Purifying the Blood! This is to certify, that I was afflicted with a violent pain in the breast and right arm, which I suppose proceeded from the impure state of my blood. I was recommended to take Hance's Sarsaparilla and Blood Pills, and after taking one box, the pain was entirely relieved from my breast and arm. I found the medicine gentle in its operation, and would recommend them to every person in want of a mild purgative.

HANCE'S COMPOUND SYRUP OF HORE HOUND—FOR THE CURE OF Coughs, Colds, Consumption, Spitting of Blood, Pain in the Side and Breast, Bronchitis, Croup, Asthma, and all diseases arising from a disordered condition of the lungs or neglected cold.

The following sonnet was addressed to the proprietor by a Young lady who was cured of Croup!

Ho! ye who pain with falling breath, And pine away and die; Hance shall "put away" your death, And light, sweet, joy be.

Notice and Experience our Guide.

The extraordinary and well-sustained success wrought by the celebrated Sugar Coated Pills, or Dr. Smith's Improved Indian Vegetable Pills, have naturally drawn public attention to them. Perhaps in the history of Medicine, from the time of Hippocrates to the present day, there is no evidence of a medical compound obtaining equal celebrity in so short a time. There was never a medicine recommended by such high authority as Dr. Smith's Pills. Besides their great curative properties, (possessing as they do, such astonishing power to open all the natural drains of the body, viz: the lungs, Kidney, Skin and Bowels,) they are unlike all other pills, extremely pleasant, being coated with sugar, and as they do not grip, nor produce nausea, or any other unpleasant consequences, they have become very popular for Dyspepsia, Headache, Constipation, Bilious complaints, Puff Swellings, Fevers, Worms, Want of Appetite, Impurities of the Blood, Obstructions and Female Complaints generally, Colds, &c. One of the most influential and successful ladies in New York, Mrs. S. A. G. All, Matron of the U. S. Naval Hospital, says, "These are no medicine in her knowledge so well adapted to the numerous ailments of mankind, as Dr. Smith's Sugar Coated Pills." She especially recommends them to ladies.

CAUTION.—As a miserable imitation has been made, by the name of "Sugar Coated Pills," it is necessary to be sure that Dr. G. B. SMITH'S signature is on every box. Price 25 cents.

TO THE SICK AND AFFLICTED.

DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.—We can conscientiously state that Dr. Swayne's Compound Syrup of Wild Cherry has been extensively used in the United States for more than ten years—that it is a beneficial effects have been tested by thousands—that it invariably relieves a Croupy Cough, and that hundreds of individuals, gradually sinking under the insidious attack of death's fell emissary, PULMONARY CONSUMPTION, have been restored to health, happiness and friends, by its use, and are now living testimonies of the curative power of this REMEDY. ANOTHER INVALID RESTORED TO HEALTH. READ THE MOST REMARKABLE CURE EVER RECORDED!

Dr. Swayne.—Dear Sir: I feel called by a sense of duty to state to suffering humanity, to acknowledge my grateful thanks for the wonderful effects of your Compound Syrup of Wild Cherry on me, after suffering month after month with the most afflictive of all diseases, Consumption. The first symptoms were of a very heavy cold which settled on my lungs, which gradually grew worse, with profuse night sweats, a hacking cough, spitting blood, with great debility. My constitution seemed broken down, and nervous system very much impaired. I went to Philadelphia, was treated there by physicians of the highest standing, but retained no benefit whatever from them, but gradually grew worse, until my physicians, as well as myself, gave up all hope of recovery, and I felt like one who is about to pass through the Valley of the Shadow of Death. At this awful juncture I heard of your Compound Syrup of Wild Cherry, which I purchased six bottles, which I am happy to say entirely cured me, and I am now enjoying better health than I ever have before in my life. Physicians who witnessed my case are highly recommending it in similar cases, and I wish you to make this public, so that all may know where to procure a remedy at once which will reach their disease before it is tempting with the many quick nostrums with which the country is flooded. My residence is at 45 Ann street, where I should be happy to have the above substance tried by a rational individual.

ALBERT A. ROSS, Wholesale and Retail Dealer in Signers, 45 Ann Street, N. Y.

DR. GULLIVER'S Indian Vegetable Panacea.

SCORFULA. Messrs. Rowan & Walcott.—Gents: Feeling deeply grateful for the extraordinary cure performed upon me by your Dr. Gulliver's Indian Vegetable Panacea, I cheerfully furnish you with a short history of my case.

About seven years ago, (when only eleven years old,) I was attacked with Scorfula, which increased in its ravages till my throat was filled with ulcers, the bones of my neck laid bare; my palate destroyed, and a large piece of one of the nasal bones carried away. My head was also so much diseased that in drinking, the tea or coffee would frequently pass out of my ear! A mass of something which the Doctors called a tumor came from my nose.

I was under the care of physicians of the highest distinction in this city, and at one time pronounced cured, and by request attended a medical lecture, where my case, together with the method of cure, was explained to the students. The lecturer said,—"You are now well, but if the disease should return, you cannot live long, as it would soon destroy your vitality."

I did not believe myself cured at the time, as I had much distress in my head, and other disagreeable feelings, and after a time the ulcer re-opened.

In January, 1845 my mother called with me upon Dr. Mutter for advice. He said I was a very sick girl, and it was doubtful whether ever I would get well; if ever, it would be a long while. The doctor gave me much advice, but the physician who then attended me, said he could save my vitality! My face also was swollen, highly inflamed, and very painful, and the Dr. said ulceration was inevitable!

I was in this condition in January last, when I commenced taking your Dr. GULLIVER'S INDIAN VEGETABLE PANACEA. The inflammation was removed, and the dreadful ulceration in the throat prevented! I am now well! I have no ulcers, no pain, or any disagreeable sensation in my head, and now feel that I am cured. I shall be happy to give any further information to the afflicted who will take the trouble to call upon me at my father's house, West Spruce, between Beach and Willow streets, opposite Spackman's factory.

OPINIONS OF THE PRESS.

WRIGHT'S INDIAN VEGETABLE PILLS.

From the Camden Democrat.

WRIGHT'S INDIAN VEGETABLE PILLS.—These celebrated Pills, so universally used and admired, have become to be considered almost as necessary in families as water or fuel. In fact, the principle upon which this medicine has established its reputation—Purgation—is now pretty generally acknowledged to be the only true one, by which health may be preserved, or restored when impaired. Wright's Pills are now a universal favorite. From the Philadelphia Saturday Evening Post.

WRIGHT'S INDIAN VEGETABLE PILLS.

are attaining great celebrity in New England, as well as other parts of the United States. The attempt of persons to defraud the public by the sale of spurious articles, meets with general reprobation. Dr. Wright is an able, faithful business man, and shows an array of cures by the medicine which warrant confidence in the verities of his Indian Vegetable Pills.

From the Philadelphia Spirit of the Times.

WRIGHT'S INDIAN VEGETABLE PILLS.—People are pretty well satisfied by this time that cholera, and the other thousand and one mineral preparations of the shops, are better adapted, as a general rule, to kill rather than cure the patient; as a matter of course, vegetable medicines are therefore in great request. There are many humbugs, however, among the latter, and we would advise all those who have the least regard for their health, to buy Wright's Indian Vegetable Pills of the North American College of Health, as they are the preparation of one intimately acquainted with the healing art.

From the Boston Daily Times.

WRIGHT'S INDIAN VEGETABLE PILLS.—Of all the pills advertised in the papers of the day, we know of none that we can more safely recommend for the "ills that flesh is heir to," than the Pills that are sold at the depot of the North American College of Health, No. 198 Tremont street, Boston. Several instances we know of where they are used in families with the highest success, and no longer ago than yesterday, we heard an eminent physician of this city recommend them in high terms.
