

Brigadier General. Mr. Editor.—As a number of persons have been named as candidates for Brigadier General, permit me to recommend Capt. JACOB HUMMEL, of Union county, for that office. We think a man for that office should have seen some service, and as the Captain served three years in the last war, as a captain of a company at Marcus Hook and other places, and will treat an enemy or a bear with the same fearless intrepidity, we think he is just the man for a Brigadier General.

MANY OF PARRIS. Assembly. FOR THE AMERICAN. Mr. Editor.—In looking over the paper, I have seen a number of communications, recommending various persons as candidates for the Legislature. My object is not to say anything against them. But permit me to recommend to the democratic electors of this county, Maj. WM. L. DEWART as a candidate for Assembly. Major Dewart is a gentleman of popular manners, and has the capacity to make an able and efficient member, and would doubt discharge the duties of that station with credit to himself, and entire satisfaction to his party.

Our Choice. Mr. Editor.—Your paper a few weeks since gave a list of the names of the democratic candidates in the field for the Assembly. Among them we noticed, with pleasure, that of Mr. SILAS H. ENGEL, of Sunbury. As the time is approaching for the nomination of candidates, you will much oblige many of your democratic friends in this township, by permitting us to express our preference for the gentleman above named, as a suitable person to represent us in the next Legislature. We know Mr. ENGEL to possess the requisite qualifications to make such a representative as the democracy of Old Northumberland desire, and shall, therefore, earnestly urge upon the party his nomination. In his democracy we have full faith, knowing him to be identified with the leading measures of the party. In his knowledge of the affairs of the State, complicated as they are at present, we have the assurance that he will be able to render important service. Besides, he is truly and emphatically one of the people, in every sense of the term—in sympathy as well as in action and consequently can command a vote which few others will be able to do. The convention, we are persuaded, could put no person in nomination for this office who would render more satisfaction, and who would reflect more credit upon the county, than Mr. Engel.

Our Next Member. Mr. Editor.—The time is approaching when we should think about selecting a candidate for the Legislature. We have heard of a goodly number of persons who have been mentioned as candidates, and the claims of this person and that person, and of this side and that side of the river. Now we, who are not office hunters, think the local habitation of the candidate is of much less importance than his ability, his honesty and integrity. And as for the claims of any one to office, we look upon it as a humbug, as well as anti-republican. Offices were made for the people and not for the benefit of officeholders, who are, as it least ought to be, the servants of the people. If there are any claims or rights in these matters, they belong to the people, who have a right, and should exercise that right in selecting such persons who are best calculated to promote their interests, as well as the interests of the public. Such a man we think we find in the person of ALEXANDER JORDAN, Esq., of Sunbury, and he has consented to serve if nominated and elected, let every good democrat and citizen put a shoulder to the wheel and insist upon his nomination. His election would follow of course, and would ally all excitement and division.

MANY OF OUR TRUST. Legislative. Mr. Editor.—You would confer a favor upon any of your democratic friends, by allowing us to go forward, through the medium of your paper, WILLIAM D. GEARHART, of Rush township, a candidate for the Legislature. Mr. Gearhart is a gentleman of sound judgment, correct habits, and worthy the support of the Democratic party. A know of no person more suitable to fulfill the duties of that high and responsible office. Should people see proper to elect him as their Representative, we feel confident that they will find in a public servant of distinguished abilities, and intelligent, firm and unwavering Democrat of Jeffersonian school.

SECRETLY TO THE PATRONS OF BRANDRETH'S. In consequence of the great variety of mischievous labels of pretended Brandreth's Pills, Brandreth, sitting under a sense of duty to the public, has employed those celebrated artists, Messrs. Perkins and Durand, who have succeeded in locating three new labels, of 25 complicated lines, as to amount to an impossibility of imitation. The border of the top and also of the under is composed of the most elaborate and elaborate work. To crown the effect of beautiful labels, the paper upon which they are printed is previously printed with red ink, and then so exquisitely and minute as to defy counterfeits; the top and the under label each contain a red "BRANDRETH'S BRANDRETH'S PILLS" stamp, and the nearly two hundred lines—the paper label containing, therefore, upwards of a thousand letters. There is also upon the p. under, and the side label, two signatures: Dr. Brandreth; one being his regular signature; the other, his full signature, both being facsimiles of Brandreth's handwriting; the Brandreth's Pills having been used upon them, can be relied upon as true.

LIVER COMPLAINT is generally accompanied with pain in the right side, extending up to the top of the shoulder; variable appetite, occasionally a disordered stomach, yellow tinge of the skin and eyes, and often a swelling over the region of the liver, together with many other symptoms of a loaded and corrupt state of the blood.

Wright's Indian Vegetable Pills will be found one of the very best medicines in the world for the cure of all diseases of the Liver; because they expel from the body those morbid humors which, when deposited upon this important organ, are the cause of every variety of Liver Complaint. From three to six of the above named Indian Vegetable Pills, taken every night on going to bed, will, in a short time, give such manifest relief, that no argument or persuasion will be necessary to induce a perseverance in their use, until the liver is restored to a healthy action, and pain or distress of every kind is driven from the body.

Wright's Indian Vegetable Pills also aid and improve digestion, and purify the blood; and therefore, not only remove every vestige of the Liver Complaint, but, at the same time, give new life and vigor to the whole frame.

Beware of counterfeits of all kinds! Some are coated with sugar; others are made to resemble in outward appearance the original medicine. The safest course is, to purchase from the regular agents only, one or more of whom may be found in every village and town in the State.

READ THE FOLLOWING WONDERFUL CURE OF DYSPEPSIA. This is to certify that my wife was afflicted with the Dyspepsia for twelve years, and tried both advertised medicines and Thompson, but without effect; and myself attacked with blindness, and my head otherwise effected from hard drinking, so that I was apprehensive of life; and seeing HANCE'S SARSAPARILLA PILLS advertised, I went and got a box of them, which, to my astonishment, effected a cure of me and my wife both, and I do think them without a rival before the public.

TO THE SICK AND AFFLICTED. DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY.—We can confidently state that Dr. Swayne's Compound Syrup of Wild Cherry has been extensively used in the United States for more than ten years; that its beneficial effects have been tested by thousands; that it invariably relieves a Rheumatism, and that it liberates individuals, gradually sinking under the insidious attack of death's fell emissary, PULMONARY CONSUMPTION, have been restored to health, happiness and friends, by its use, and are now living testimonies of the curative power of this REMEDY. ANOTHER MOST REMARKABLE CASE.

Dr. Swayne—Dear Sir: I feel called by a sense of duty to owe to humanity, to acknowledge my grateful thanks for the wonderful effects of your Compound Syrup of Wild Cherry, of which I purchased six bottles, which I am happy to say entirely cured me, and I am now enjoying better health than I ever have before in my life. Physicians who witnessed my case are highly recommending it in similar cases, and I wish you to make this public, so that all may know where to procure a remedy at once which will reach their disease, and in conformity with the many "quick nostrums" with which the country is flooded. My residence is at 45 Ann Street, where I should be happy to have the above substantiated by a personal interview.

ALBERT A. ROSS, Wholesale and Retail Dealer in Drugs, 25 Ann Street, N. Y.

Do not be deceived by the many spurious and worthless preparations of Wild Cherry, uttered under notice by ignorant pretenses, but see that the signature of Dr. Swayne is on each bottle, which is the only guarantee against imposition. SIX YEARS EXPERIENCE HAS PROVED THAT FOR THE CURE OF COUGHS, COLDS, CONSUMPTIONS, ASTHMA, Spitting of Blood, Pain and Oppression of the Breast, there is nothing equal to HANCE'S COMPOUND SYRUP OF HOREHOUND.

This medicine has now been in use for six years, during which time there has been a constant demand for it, and its popularity instead of declining, has been always on the increase.

During this time many new medicines have sprung up for the cure of the above complaints, some of which lasted only a few months, and others not so long; but HANCE'S SYRUP has readily gone on gaining favor with all classes of society, until it has now become identified by many families as a REGULAR FAMILY MEDICINE.

To those who have never used the Compound Syrup of Horehound, this notice is particularly directed to, as to those who have once experienced its peculiar happy effects, any praise of its merits would be superfluous.

The "Sugar Coated Pills." REWARD OF MERIT—CERTIFICATE OF OUR INVENTION. NEW YORK June 10th, 1847. We the undersigned, never saw or heard of "Sugar Coated Pills," until Dr. G. Benjamin Smith manufactured and exhibited them to us about a year since.

Received this 17th day of June, 1847, from Dr. G. Benjamin Smith, the fee of \$300, payable on his application for a patent for a "Pill Coated with Sugar." Commissioner of Patents.

As these Pills are prepared by an educated Physician, they have an advantage over other preparations to much admitted, and are sufficiently distinguished from all others, by their virtues, aside from their peculiar preparation.

DR. LE ROY'S PILLS are a very medicine which has just appeared, and is fast taking the place of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparilla and Wild Cherry, the one being used together with the other, purifying and purging, while the other is strengthening the system. Thus these pills are at the same time tonic and opening; a desideratum long and eagerly sought for by medical men, but never before discovered. In other words they do the work of two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purge they strengthen; and hence they cause no debilitation, and are followed by no reaction. Dr. Le Roy's pills have a wonderful influence on the blood; they not only purify without weakening it, they remove all various particles from the chyle before it is converted into blood, and thus make the blood an after impurity. As there is no debilitation, so there is no nausea, or sickness attending the operation of this most excellent of medicines, which never strains or tortures the digestive functions, but causes them to work in a perfectly natural manner; and hence persons taking them do not become pale and emaciated, but the contrary; for while it is the property of the Sarsaparilla, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is the certain result of their united operations.

Price 25 cents per BOX. Agents for Le Roy's Pills, JOHN FILLING, Sunbury; JOHN MOORE, M. A. McCay, Northumberland, August 21st, 1847.—11

DRUGS FROM MEXICO! MISS MARY A. MCCAY, of the borough of Northumberland, successor to Daniel Brautigam, respectfully informs the public, that although Gen. Scott's army has taken Jalapa, famous for its production of Jalapa, she still has enough of the article to supply the wants of her customers, besides every other variety of drugs and medicines usually found in an apothecary shop. Having purchased the stock of Mr. Brautigam, she has opened a new establishment, situated opposite his old stand, at a trifling price, by strict attention to business, to merit the patronage of the vicinity and public.

She will constantly keep on hand every variety of Drugs, Paints, Spices, Patent Medicines, and that is usually found in a drug store, which she will dispose of at reasonable prices. Physicians and others, from a distance, supplied at wholesale prices. Northumberland, May 22, 1847.—20.

DR. CULLEN'S Indian Vegetable Panacea. SCROFULA. Messrs. Rowland & Walton.—Gentle: Permit me to express my deep gratitude for the extraordinary cure performed upon me by your Dr. Cullen's Indian Vegetable Panacea. I cheerfully furnish you with a short history of my case.

About seven years ago, (when only eleven years old) I was attacked with Scrofula, which increased in its ravages till my throat was filled with ulcers; the bones of my neck had bare; my palate destroyed, and a large piece of one of the nasal bones carried away. My head was also so much diseased that in drinking, the tea or coffee would frequently pass out of my ear. A mass of something which the Doctor called a tumor came from my nose.

I was under the care of physicians of the highest distinction in this city, and at one time procured treated, and by request attended a medical course, where my case, together with the method of cure, was explained by the students. The lecturer said:—You are now well, but if the disease should return you cannot live long, as it would soon destroy your windpipe.

I did not believe myself cured at the time, as I had much distaste in my head, and other disagreeable feelings, and after a time the ulcers broke out. In January, 1838, my mother called with me upon Dr. Mutter for advice. He said I was a very sick girl, and it was doubtful whether ever I would get well if ever, it would be a long while. The disease grew so much worse, that the physician who then attended me, said he could see no wind pipe! My face became so swollen, highly inflamed, and very painful, and the Dr. said ulceration was inevitable!

I was in this condition in January last, when I commenced taking your "DR. CULLEN'S INDIAN VEGETABLE PANACEA." The inflammation was soon removed, and the dreadful ulceration in the face prevented! I am now well! I have no ulcers; no pain, or any disagreeable sensation in my head, and now feel that I am cured. I shall be happy to give any further information to the afflicted who will take the trouble to call upon me at my father's house, West Spring, between Beach and Willow streets, opposite Spang's factory.

Signed, CHRISTIANA SANDS, City of Philadelphia, Pa. This evening day of April, A. D. 1846, before the subscriber, Mayor of the said city, personally appeared Christiana Sands, who being duly sworn, deposes and says, that the facts set forth in the foregoing affidavit are strictly true in every particular. In testimony whereof, I have hereunto set my hand and fixed the corporate seal of the said city, on the day and year before written. [L. S.] JOHN SMITH, Mayor.

We hereby certify, that the above statements of our daughter are true in every particular. Signed, WILLIAM SANDS, MARY SANDS, Philadelphia, April 7th, 1846.

OPINIONS OF THE PRESS. WRIGHT'S INDIAN VEGETABLE PILLS. From the Camden Democrat. WRIGHT'S INDIAN VEGETABLE PILLS.—These celebrated Pills, so universally used and admired, have become to be considered almost as necessary in families as water or fuel. In fact, the principle upon which this medicine has established its reputation—purgative—is now justly generally acknowledged to be the only one, by which health may be preserved, or restored when impaired. Wright's Pills are now a universal favorite.

From the Philadelphia Saturday Evening Post. WRIGHT'S INDIAN VEGETABLE PILLS, are attaining great celebrity in New England, as well as other parts of the United States. The attempt of persons to defraud the public by the sale of spurious articles meets with general reprobation. Dr. Wright is an indefatigable business man, and shows an array of cures by the medicine which warrant confidence in the virtues of his Indian Vegetable Pills.

From the Philadelphia Spirit of the Times. WRIGHT'S INDIAN VEGETABLE PILLS.—People are pretty well satisfied by this time that cholera, and the other thousand and one milder preparations of the shops, are better adapted, as a general rule, to kill rather than cure the patient; as a matter of course, vegetable medicines are therefore in great request. There are many humbugs however, among the latter, and we would advise all those who have the least regard for their health, to try Wright's Indian Vegetable Pills of the North American College of Health, as they are the preparation of one intimately acquainted with the healing art.

From the Boston Daily Times. WRIGHT'S INDIAN VEGETABLE PILLS.—Of all the public advertised medicines of the day, we know of none that can more safely be recommended for the "ills that flesh is heir to," than the Pills at are sold at the depot of the North American College of Health, No. 198 Tremont street, Boston. Several instances we know of where they are used in families with the highest satisfaction; and no longer ago than yesterday, we heard an eminent physician of this city recommend them in high terms.

The following highly respectable stockholders have been duly appointed agents for the sale of Wright's Indian Vegetable Pills, in Northumberland county: Henry Masser, Sunbury; E. & J. Kaufman, Augusta township; Samuel Herb, Little Mahoney; William Deppen, Jackson; Benvenite Holabue, Upper Mahoney; John C. Reed, Upper Mahoney; Samuel John, Shamokin; Forsythe, Wilson & Co., Northumberland; E. L. Piper, Westmoreland; J. H. Myers, McEwenville; James Fenwick, Patuxent; Wm. G. Scott, Rushville; Hartman Knoble, Elysburg P. O.; Amos T. Beisel, Turbotville; Gordon Shadel, Upper Mahoney; Rhodes & Farrow, Snyderstown; John King, Farmerville; Silas C. Cook, Marston's Creek; A. De Young, Hicksville; Abraham Sherer, Richmond; Samuel Taylor, Shamokin; John H. Vincent, Conowingo; Wm. Hennen & Brother, Milton; James H. & Co., Conowingo.

The public are cautioned against the many spurious imitations, which in order to deceive, are called by names similar to Wright's Indian Vegetable Pills. The safest course is to purchase of the regular agents only, who are gentlemen that may be relied upon.

Offices devoted exclusively to the sale of WRIGHT'S INDIAN VEGETABLE PILLS, of the North American College of Health, No. 288 Greenwich Street, New York; No. 198 Tremont Street, Boston; and PRINCIPAL OFFICE, No. 169 FINE STREET, Philadelphia. June 12th, 1847.—21y.

HOVER'S First Premium Writing Ink. No. 87 North Third Street, PHILADELPHIA. FROM Dr. Hare, the celebrated Professor of Chemistry in the University of Bonn. Philadelphia, Oct. 11, 1843. Dear Sir—Having tried your Ink, I will thank you to send me another bottle, as I find it to be excellent. I am yours truly, ROY HANX.

From Dr. Locke, of Cincinnati, distinguished for his numerous scientific researches. Medical College of Ohio, Cincinnati. January 17, 1844. Having used Mr. Hoyer's Writing Ink, I am satisfied that it is the best which has ever come to my knowledge, and especially it is excellent for the use of Steel Pens, and will not corrode them, even in long use.

JOHN LOCKE, Prof. of Chemistry, HOVER'S ADAMANTINE CEMENT. From a well known scientific gentleman. Philadelphia, Feb. 27, 1846.

Mr. Joseph E. Hoyer's Ink is a use of your Government, and some practical tests of its superiority, has induced me to recommend it to others as an invaluable article for mounting China, Glass, or Cabinet Ware. CAMBRIDGE, Mass. Analytic Chemist.
