Our Choice.

" Mn. Entron .- Your paper a few weeks since gave a list of the names of the democratic candidetes in the field for the Assembly. Among them we noticed, with pleasure, that of Mr. SILAS H. ENGEL, of Sunbury. As the time is approaching for the nomination of candidates, you will much oblige many of your democratic friends in this township, by permitting us to express our preference for the gentleman above named, as a suitable person to represent us in the next Legislature. We know Mr. Exects to possess the requisite qualifications to make such a representative as the democracy of Old Nor humberland desire, and shall, therefore, cornectly urge upon the party his nomination. In his democracy we have full faith, knowing him to be identified with the leading measures of the party. In his knowledge of the affairs of the State, complicated as they are at present, we have the assurance that he will be stile to render important service. Besides, he is truly and emphatically one of the people, in every sense of the term—in sympathy as well as in action and consequently can command a vote which few others will be able to do. The convention, we are persuaded, could put no person in nomination for this office who would render more satisfaction, and who would reflect more credit upon the county, than Mr. Bogel.

Our Next Member.

THE VOICE OF AUGUSTA.

Ma. Entron -The time is approaching when we should think about selecting a candidate for the Legislature. We have heard of a goodly number of persons who have been mentioned as candidates, and the claims of this person and that person, and of this side and that side of the river. Now we, who are not office bunters, think the 'loral habitation' of the comfidete is of much less importance than his ability, his honesty and integrity. And as for the claims of any one to office, we look upon it as a humber, as well as anti-republican. Offices were made for the people and not for the benefit of officeholders, who are, or at least ought to be, the servants of the neonle. If there are any claims or rights in these matters, they belong to the people, who have a right, and should exercise that right in selecting such persons who are best calculated to promote their interests, as well as the interests of the public. Such a man we think we find in the person of ALEXANDER JORDAN, Esq., of Sunbury, and as he has consented to serve if nominated and elected, let every good democrat and citizen put his shoulder to the wheel and invist upon his nomination. His election would follow of course,

and would allay all excitement and division. MANY OF OLD TURBUT.

Legislature.

POR THE AMERICAN. Mr. Eptron - You would confer a favor upon trany of your democratic friends, by allowing us to bring forward, through the medium of your paper, WILLIAM D. GEARHART, of Rush township, ns a candidate for the Legislature. Mr. Gearbart is a gentleman of sound judgment, correct habits, and worthy the support of the Democratic party. We know of no person more suitable to fulfill the duties of that high and responsible office. Should the people are moper to elect him as their Reprecentative, we feel confident that they will find in him a public servant of distinguished abilities, and un intelligent, firm and unwavering Democrat of the Jeffersonian school.

MANY VOTERS OF THE PONES.

Costiveness, headach, giddiness, pain in the side and breast, nauses and sickness, variable appetite, yellow or swarthy complexion, &c , are the usual symptoms of a disordered liver. The Indian Vegetable Pills are always certain to remove the above complaints, because they remove from the body those morbid humors which are the cause not only of all disorders of the liver, but of every malady incident to man. A single 25 cent box will in all cases give relief. and perseverance according to directions, wift most assuredly drive every particle of disease from the body. The Indian Vegetable Pills alen completely cleanse the stomach and bowels of all billious and putrid humors, and therefore are a certain cure for colic, dysentery, cholers morbus, and other disorders of the intestines.

Beware of counterfelts of all kinds! Some are rosted with sugar ; others are made to resemble in outward appearance the original medicine. The safest course is, to purchase from the regular agents only, one or more of whom may be found in every village and town in the State.

SECURITY TO THE PATRONS OF BRANDRETH'S Pitts.-In consequence of the great variety of counterfeit labels of prelended Brandteth's Pille, Dr. Brandreth, acting under a sense of duty to the public, has amployed those celebrated attists, Mesre. Perkins and Durand, who have succeeded in producing three new labels, of so complicated a nature, as to amount to an impossibility of Imitaion. The border of the top and also of the under abel, is composed of the most elaborate and chaste atterns of lace-work. To crown the climax of here beautiful labels, the paper upon which they ere printed is previously printed with red ink, after s design so exquisite and minute as to defy comerition t the top and the under label each contain he words, "BENJANIN BRANDRETH'S PILLS." written in red ink nearly two hundred times-the op and under label containing, therefore, upwards five thousand letters. There is also upon the on the under, and the side label, two signatures f Dr. Brandreth ; one being his regular signature, hus B. Brandreth ; and the other, his full signsure; thus-Benjamin Brendreth ; both being facimiles of the writing of Dr. Brondreth, to imitate which is forgery! The Brandreth Pills having hese labels upon them, can be relied upon as true

HANCE'S SARSAPARILLA VEGETABLE FOR PURIFYING THE BLOOD!

Battiwons. July 29, 1843.

This is to certify, that I was afflicted with a violent pain in the I-want and right arm, which I suppose proceeded from the impure state of my blood. I was recommended to take Hance's Sursaparilla or Blood Pith, and after taking one box,

separilla or Blood Pills, and after taking one box, the pain was cotirely removed from my breast and arm. I found them extremely gentle in their operation, and would recommend them to every person in want of a mild purgetive.

Da. 8 ways. — Dear Sir: I feel called by a sense of duty I owe to suffering humanity, to acknowledge my grateful thanks for the wonderful effects of your Compound Syrup of Wild Cherry on me, after suffering month after month with the most afflicting of all diseases, Consumption. The first symptoms were of a very heavy cold which settled on my lungs, which gradually grew worse, with profitre night aweats, a backing cough, spitting blood, with great debility. My constitution seemed broken down, and nervous system very much impaired. Punbury, August \$1st, 1847 .- if. DIR. ILE HOTE Vegetable Universal Pills.
The only known Medicine that at the same time purges purifies and strengthens the system.

R. LE ROY'S Pills are a rew medicine which has just appeared, and is fest taking the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Satsaparille and Wild Cherry, so united that they act together; the one, ry, so united that they act together; the one, through its admixture with other sub-takers, purifying and purging, while the other is strengthening the system. Thus those pills are at the same time tonic and opening; a desideratum long and eagerly sought for by medical men, but never before discovered. In other words they do the work of two medicines, and do it much better than any two we know of i for they remove nothing from the eystem but the impurities; so that while they purge they strengthen; and hence they cause no debilitation, and are followed by no re-action. Dr. Le Roy's pills have a wonderful influence on the blood; they not only purify without weakening it, but they remove all it axious particles from the chyle before it is conversed into flaid, and thus make imnure blood an utter impossibility. As there is no dilitation, so there is no nausea or sickness atending the operations of this most excellent of medicines, which never strains or tortures the digestive functions, but cau-es them to work in a perfeetly natural manner; and hence serious taking them do not become pale and emaciated, but the contrary; for while it is the property of the Saraparilla, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to setain all that a natural and sound; and hence a sobust state of health is the certain result of their united opera-
