Brigudier General. Ma. Entron,-As a number of persons bave been named as candidates for Brigadier General, permit us to recommend Capt. JACOB HUM. MEL, of Union county, for that office. We think a man for that office should have seen some service, and as the Captain served three years in the last wet, as a captain of a company at Marcus Hook and other places, and will tree an enemy or a bear with the same fearless intrepulity, we think he is just the man for a Brigother General.

TO THE SICK AND AFFLICTED. DE SWAYNE'S COMPOUND SYRUP OF mate that Dr. Swarne's Compound Syrap of Wild Cherry has been extensively used in the United States for more than ten years-that i's benedicial effects have been tested by thousands-Trace IT INVARIABLE RELIEVES & RECENT COUNTRY, and that hundreds of individuals, gradual y staking under the insidious attack of death's fell emissary, PULNONARY CORRESPOND, have been restored to health, happiness and friends, by its use, and are now living testimouses of the cutative power of this number. Da. Swayne-Dear Sir : I feel called by a sense of duty I owe to suffering humanity, to acknowledge my grateful thanks for the wonderful effects of your Compound Syrup of Wild Cherry on me, after suffering month after month with the most afficiing of all diseases, Consumption. The first symptoms were of a very heavy cold which settled on my lungs, which ginduslly grew worse, with pro-fuse night sweats, a backing cough, spiring blood, with great debility. My constitution seemed broken down, and nervous system very much impaired. I went to Philadelphia, was treated these by physicians of the highest standing, but received no eneli whatever from them, but gradually grew worse, until my physicians, as well as myself, gave up all hopes of recovery, and I felt like one who is about to pass through the Velley of the Shadow of Death. At this "awful juncture" I heard of your Compound Syrup of Wild Cherry, of which I perchased six bottles, which I am happy to say entirely carrel me, and I am now enjoying hetter health than I ever have before in my life. Physicians who witnessed my case are highly recommending it in similar cases, and I wish you to make this public, so that all may know where to procure a remedy at once which will reach their disease before tumpering with the many queck nostrums' with which the country is florded. My residence have the above substanti ited by a personal inter-ALBERT A. ROSS, Wholesale and retail Dealer in cigars,

Be not deceived by the many spurious and worthless preparations of Wild Cherry, ushered anto notice by ignoran' pr-tenders, but see that the signature of Dr. Swayne is on each hottle, which is the only guarantee against im esition.

THE children began to cry for Sherman's Lotime, but is has kept increasing ever since, and now has become an great that the mouths of the little once can scarce be stopped. Dr. Sherman sympathises with the little suff-term and were fluch reserve that any of them should be disappointed. Knowing the vast hearfit which has been conferred upon the community by the introduction of his infallible

WORM LOBENGES. he has entered into arrangements for enlarging his Manufactory, by means of which he thinks he will be able to supply the demand. And the same pains and care will be taken, that these celebrated Lozenges be made as they have always been, in order that those who depend upon them, may not be disappointed in their hopes. He knew when he commenced the manufacture of the Worm Lozenges, that they would suffersede the use of every other vermifuge, as the Lozenge is very pleasant to the taste, speedy in its effects, as well as certain, and the quantity required to effect a perfect cure, is very small. These properties in connexion with the feet that they are sold for 25 cents per box, thus plucing them in the reach of the poorest man in the said, has not only caused them to take the place of every other vermifuge ever effered, but also rendered them popular to the community,

COUGH LOZENGES, continue to cure Coughs, Colds, Consumption, Asthma, shortness and difficulty of Breathing, and other disra-es of the Longs, with the same facility they did on their first introduction, and the people have now become persuaded by actual experience, that on the accession of a slight cold, they have only to step to either the Dr's, office, or one of the Agents, and obtain a box of his Cough Lezenges. which are very convenient to carry in the pocket. and to take a few through the day. By pursuing this course a cure is of en effected in 24 hours, and the patient about his bu-in ss. So great is the celebrity of the Lezenges, that thousands of persons who have used them, and become acquained with their effects, will never be without them.

SHERMAN'S POOR MAN'S PLASTER has cured more cases of Rheumstiam, Pain in the Back, Side and Chest, Lumbago and Weskness. than any application that has ever been made. As the celebrity of the Plaster has increased, hundreds of unprincipled rascals have attempted to counterfeit it, and palm it off upon the community as the genuine. Beware of Deception. D Remember that the true and genuine Plaster is spread upon reddish paper made expressly for the purpose, and in every case the signature of Dr. Sherman ip inted upon the back of the Piester, and the whole secured by Copy Right. None others are genuine. Therefore when you want a real good Sherman's Poor Man's Pisster, call at the office, 106 Nassau

DR. THE POTTE DIR. CULTURE Vegetuble Universal Pills, The only known Medicine that at the same time purges purifies and strengthens the system.

LONDON, July .7, 1846. DR. LE ROY'S Pills are a new medicine which has just spreared, and is fast taking the places of all others of the same class. These pills, are composed of many ingredients, but the two principal ones are Sarsaparills and Wild Cherry, so united that they act together; the one, through its admixture with other sub-taxors, purifying and purging, while the other is strengthening the system. Thus those pills are at the same ing the system. Thus those pills are at the sam-fine tonic and opening; a desideration long and osgerly sought for by medical men, but never be-fore discovered. In other words they do the work of two medicines, and do it much better than any two we know of, for they remove nothing from the system but the inputities, so that while they purge they arengthen; and hence they cause no debilitation, and are followed by no re-action. Dr. Le Roy's pills have a wonderful influence on the blood; they not only purify without weakening it, but they remove all regions particles from the chyle before it is converted into fluid, and thus make impure blood an atter impos ibility. As there is no debilitation, so there is no nauses or sickness at-tending the operations of this most excellent of medi ines, which never strains or fortures the diges tive functions, but can es them to work in a perfectly natural manner; and hence persons taking them do not become pale and emeriated, but the contrary ; for while it is the property of the Saratparille, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a tobust state of health is the certain result of their united operations Or Price 25 cents per BOX.

Indian Vegetable Panacea.

SCROFULA. MESANS ROWAND & WALTON .- Gents: Feeling deeply grateful for the extraordinary cure performed upon me by your Dr. Collen's Indian Vegetable Panaces, I cheerfully furnish you with short history of my case.

About seven years ago, (when only eleven years old.) I was attacked with Scrofuls, which increase ed in its tavages till my throat was filled with of cers! the bonce of my neck laid bare! my palete de troyed and a large piece of one of the need bones carried away. My head was also so much diseased that in drinking, the tea or coffee would frequently pass out of my car? A mass of something which the Doctors called a tumor came from

I was under the care of physicians of the highest distinction in this city, and at one time pro-nounced cured, and by request attended a medical ture, where my case, together with the method of cure, was explained to the students. The lecturer said, - "You are now well, but if the discase should setuen, you cannot live long, as it would soon destroy your windor e."

I did not believe myself cared at the time, as I had much distre-s in my head, and other disagreeable feelings, and ofter a time the u cars to opened lo January, 1845, my mother called with me npen Dr. Mutter for advice. He s id I was a very sick girl, and i was doubtful whether ever I would get well; if ever, it would be a long while. The disease grew so much worse, that the physician who then attended me, said he could see my wind pipe! My face also was swollen, highly inflamed. and very painful, and the Dr. said ulceration was inevitable!!

I was in this condition in January last, when I commenced taking your "Da Cullan's Inman VEREYARLE PANACEA." The inflamation was soon removed, and the dreadful gleentien in the face prevented! I am now well! I have no ulcers! no pain, or any disagreeable sensation to my head, and sow feel that I we cured. I shall be happy to give any further to formation to the afflicted who will take the trouble to call upon me at my father's house, West Spruce, between Beach and Willow streets, opposite Spackman's factory.
