TIT'IE following letters are presented with a view of more fully showing the opinions of pt vsi-SWATSE'S COMPOND STRUPOR WILD ! HARRY. Dn. Swaysk - Dear Sir: Having used your Compound Syrup of Wild Cherry, extensively in my practice, I was requested by your agent. Dr. Cru cher, to express my opinion in writing, of its preperties as a remedial agent, I most cheerfully comply as I feel by so doing, I will discharge a debt I ove the community at large, and physicisas in par icular. As much as I detest quack remedies and patent nostrums. I was induced from a failure of the most p-tent expectoran s. recommended in our materia medicas in some cases of Diseased lungs, to try your preparation of Prunus Virginia or Wild Cherry. It is sufficient to say that I was so much pleased with the result of that and subsequent trials that I now prescribe it in preference to all other remedies where an expectorant is indicated. In the much dreaded Pneumopin or Disease of the Lungs, in the alarming form in which it opposes in Kentucky, I regard it as an invaluable remedy in the treatment of that disease. To all who know me I have said enough, but as the may be seen by persons out of the vicinity of Frankfort, I will briefly add, that I have been ongaged in an active practice of my profession for 12 years, and am a regular graduate of Transvivania, and this is the first parent medicine I ever thought

Since the introduction of my article to the public, there have a number of unprincipled indi-viduals got up neutrums, which they assert contain Wild Cherry, some are called 'Balsame,' Bittere,' and even Syrup of Wild Cherry, but mine is the original and only genuine preparation ever intro-duced to the public, which can be proved by the public Records of the Commonwealth of Pennsylvanis. The only safeguard against imposition is to see that my signature is on each bottle.

BCROPULA.

MERRE. ROWAND & WALTON - Gents: As you have succeeded in effecting a cu-e upon me with your "Dr. Cellan's Inneas Vicerta-BLE PANACES," after the most eminent physicians in Culia, New York, Baltimore, and Philadelphia, and all the most papellar advertised medicines of the day had failed, you are fully entitled to all the benefit which the following statement of facts can

In the year 1819, while at sea on board the brig Commodore Perry, of this part, my leg was injured by the anchor. The wound became sofu'ouswas highly inflamed and painful, particularly in spring and summer. From the time of the accident was under the treatment of the most celebrated physicians in the Island of Cubs and this city, un-til 1824. The summer of that year I spent in the country, to make a fair trial of Swaim's Panacea; but even that papular medicine failed to produce a ny die ded improvement. In 1830 I applied to the most emineut surgeon in New York city, and was for a considerable time under his care without any particular benefit.

From that time until 1844, there was no change for the better; and during that year, while in Ba'timore, my leg was slightly injured by a rail road car, which caused the ulcers to rage with perfuld violence. I applied to a physician, who, after exber must be removed, or he could not much longer keep the craft off out!' Not liking to part with an old shipmats, however troublesome, I refused to have it taken off; my leg, however, became so much wor-e that the ulcers extended from the foot alino t to the knee, laying hare the bine, and so xecedingly a re, that I could not hear even willed plantain leaves, or the most simple salve to ton h it. Thus matters steed in October last, when for your gratification I commenced with Dr. Cullen's Indian Vegetable Panacen; with lattle faith I con fess, for I had used incredible quantities of Sarsay :rilla, and in fact eve v other me lie ne which I saw advertised or heard recommended, Physicians had failed and hope had fled! Imagine, then, my joy. when (after suffering for TWINTT-SIX TEARS.) found, before I had finished the first bottle, that the l'anacea h d wrought a deide t change for the

The aversion to taking med eine is most effectually removed by CLACKARR's VENETABLE Pun-BETIVE PIECE, being completely enveloped with a roating of pure white Sugar. Another will operate on the Bood, and remove all Impulities in its circulation; while third will effectually expel whatever impurities may have been discharged into the stomach, and lence they STRIKE AT THE ROOT OF DISEASE, remove all Impure Humors from the body; open the pores externally and internally; separate fore gn and ob oxious particles from the chyle, so that the blood may be thorough'y pure - thus securing a fee and bealthy action to the Heart, Lungs and Liver; and thereby they RESTORE HEALTH E VEN WHEN ALL OTROB MEANS BAVE PAILED.

The entire truth of the above can be ascertained by the trial of a single box; and their virtues are so positive and certain in testoring Health, that the propertor binds himself to return the money paid for them in all cases where they do not give universal satisfaction.

Rev. HENRY JONES, 108 Eighth avenue. was cured of cough and catarrhal affections of 50 ears sanding. The first dose gave him more relef than all the other medicine he had ever taken. Dr. L. J. In both cases its effects were immediate, soon restoring them to comfersable health.

Mrs. LUCRETIA WELLS, 95 Christic street, suffered from Asthma 42 years. Sherman's Balsam relieved her at once, and she is comparatively well, being enabled to subdue every attack by a timely use of this medicine.
