DR. SWEETSER'S A EE E A CO A CO

THIS Medicine is warranted, on oath, not to contain a particle of Calomel, Corresive Sub-limate, Arsenic, Chloride of Gold, or any delete-

The principle upon which this Medicine acts, is by assisting and harmonising with nature; it drives out all foul scrim-mious humars from the blood and body, and by assimilating with and strengthening the gentric juice of the stomach, it sesists diges ion; in short there is not a vein, arery, muscle or nerve in the human body, that is not strengthened by the PANACEA, and it also possesses the remarkable property of removing mercury from the hones and joints.

FOR ERUPTIONS OF THE SKIN. Scurvy, Scorburic Affections, Tomots, Ser. fuls or Kings' Evi , White Swellings, Erystpelus, Ulcers. Cancers Running Sores, Scales and Biles time and a determined perseverance in D. SWEET SER'S PANACEA, will effect a cure,

FOR INDIGESTION. Rejection of food, Nausen, Vemitings, Nervous affections, Billions complaints, Head ache, Paren as, or Female Irregularities, D., SWEETSER'S PA-NACEA will soon effect a core ; but if obstinate, or attended with griping, flying pains, the dose should be increased, and the cure will soon be ef fected. Let not the patients fre iten thems lyes with the ules that they are too we k to take much medicine; but bear in mind that this mildly operating med cine put not weakness into the frame, but most certainly draws weakn as out, leaves strength in its place, and by giving composed sleep at nig t. and an appetite to relish any find, re-an mates the who'e frame with vigorous action, clearing the mind and improving the right.

SCROFULA AND GLANDULAR AFFEC-

TIONS.
Scrofuli is said to be benditary, the infant receiving from its por nts the seeds of this diseas; which is creas s with its years, if neglected and not submitted to frequent purific tion with Dr. SWEETSER'S PANACEA. The glands are plaend in the corners of the body, and out of the way of direct communication; their real use is a subject on which much differ ace of equition prevails; it suffices us to know th t when in a diseased state. they are capable of being purfied and cleaned by a long course of Dr. SWEETSER'S PANA. CEA, which restores them to sound and proper action. Scroful us persons can never pay too much attention to their bload, its pur fication should be their first thought, for after a long course of p racverance, they will ever cure heredit ry disease.

In cases of JAUNDICE ASTHMA LIVER COMPLAINTS, TIC DOLOREUN RHEU MATISM OR RHEUVATIC "GOUT, Dr. SWEETSER'S PANACEA cannot be too bigh ly extolled; it searches out the very root of the disease, and by removing it from the Blood makes

a cure certain and perminent.
For diseases of the Bladder and Kidneys, Stric-Lures, Gravel Stone Piles Fistula Urinary Ob structions and Extreme Cost ceness Dr. SWEET-SER'S PANCEA is the best remedy ever trel; it removes all those acrimonious humous from the Blood which give rise to the above diseases, and by keeping the bleed in a pure condition, insures

For DROPSY, FALLING OF THE BOWELS. Impur ties of the Blood, Mercurial Taint Weak-ness of the Spine Flow of Blood to the Head Gid d ness, Singing and Buzzing No se in the Head und Ears, D. SWEETSER'S PANACEA will give certain relief; in all severe and chronic cases. the patients cannot be too often reminded that larger doses and persecrance will effect a cure.

1. Chills and Fevers, B lions Fevers, Affections of the Eyes and Eurs, Spangy and Bleeding Gums Bronch ts and recent Coughs and Colds, Dr. SWEETSER'S PANAGEA will be f und perfectly sure and certain in its effects.

GRAVEL AND URINARY COMPLAINTS.

There comp'sin's are generally attended with the most futal consequences, and are seldom or ne. ver cured by the present mode of treatment; they tisual y accompany the patient to the grave, after suffering the most excruciating pain and toriure. The cause of home mulain s are the same as at others the diese of the blood becom senerared on the fin-st aarrow passages, whence ar a morbid escretions and stoppages of urine. You will find the most powerful durities of no use, as they only increase the quantity of urine and do not purify and strengthen the parts. By purifying the blood with Dr. SWEETSER'S PANACEA, you re move the cause of the dise ise, consequently it canpot exist any longer, after sufficient perseverance in its use has deprived the blood and body of all acrimonious humos and incrustation.

DISEASES OF THE LUNGS-CONSUMPTION. This is a very previlent and fatal disease; it re-

subs mostly from neglected coughs, colds and bronchitis, also from improper treatment in many of er cases, such as measles, fivers inflammations and smal pos, and a host of other hadly treated diseases; where the cause, instead of having been thoroughly removed from the blood and body, have only been callisted or removed from one part to bre k out in another. By divesting your bodies of all fool bumors, through the medium of Dr. SWEETSER'S PANACEA, the cure is at once rendered certain and permanent. R. collect, while there is scrimonious humors floating in the circu ation, it is as apt to settle on the lungs as any other part of the body : this is the reason that consumption is so prevalent.

BILES, SORES AND ULCERS, Which you see on the exterior, come from and have their source in, the interior, and might just as well have settled on your lungs, liver, or any other part; which we know they frequently do, and produce most violent inflaminatory disorders. The hum r which occasions these sores is of a highly acrimentens burning neture. We know it from the pain it gives in forming, and afterwards its rapidly ofcers mg and corr ding the fish and kin of the part where it breaks out. The shows the necessity of frequently parifying the blood with Dr. SWEETSER'S PANACEA, and keeping such malignant humors in su j ction. Should you have a b te or ulcer, be thankful that nature has taken trouble to warn you of the danger your life and bo dy is in, for it is a warning that the blood is foul, Had this same serimony selected the lungs in tead of the surface of your body for its seat, consumption of the lungs wou d have been the consequen e D. lay not then, to jurify and cleaner with Dr. Sweetser's Panacea. --

Spinal affections, enlargement of the bares and joints, white swellings, hip joint complaint, ruptures, falling of the bowels and wom a disease, will find a speedy ourse in Br. SWEET-ER'S PA- For every Foot Passenger,
NACEA. Where the disease has been of long For every Horse or Mule with Rider standing, the time required to make a cure will be longer; but the patient may test assured that a termined perseverance will effect it.

BRONCHITIS, ASTHMA AND DISEASE OF

THE WINDPIPE. These diseases proceed from the seriosity or e-rrupt humors of the blood, having a tried itself on the throat and lungs, and storged them up, so that Dr. SWEETSER'S PANACEA will give immediate relief, and to make the cure perfect and cer-

tain, it should be continued some time after, to

RHEUMATISM, RHEUMATIC GOUT AND MERCURIAL DISEASES Find a safe and speedy cure in Dr. SWEET SER'S PANACEA. It cures by searching every blood sessel and artery, and driving out all impurittes and foul humors accumulated therein, which is the cause of th umatism, gout and swellings of the joints. The deleterous effects of colomel and other mineral poisons, reality yield to its sovereign influence; indeed, when its valuable properties be come fully known, the use of all miner I poison will be consigned to the tomb of all the Capulots,' and only he thought of as a by-gone cu-tom of the dar-ker ages. Dr. Sweetser's Panacea is also a sure cure for dyspepsis, piles, costiveness, vertigo, head-ache, pain in the breast and liver complaint.

FEVER AND AGUE.

Fever is always caused by a disorderly move-ment of the blood, struggling to f de its if of something that encumbers it; in fact, every kind of fever is nothing more than a struggle between the blood and corrupt humors, and as soon as the corrapt humors are expel ed, you have no more fever. When a patient with fever submits to be blid, or have his blood poisoned with mercury, it weakens his frame to such a degree that if he survives the proces, it always leaves him subject to distressing chills, when 9 times out of 10 he resorts to a ue pills, powders, or tonic mixtures; this is going from bad to worse, as these vegetable pills, powders, &c., are n thing but mercury and qu nine in disgular, which may for a time drive the disease as far into the body as not to be perceptible, but very soon it will break out aga n with fearful vio ence To cure ague and fever, the cause of the disca e must be removed out of the blood and boly, which can be ef f ctuelly done by using Dr. SWEETSER'S PA-NACE 4, which purifies, cleanses and streng hens, It cout ins nothing that can possibly injure, and its use is always a safeguard against chills and fevers.

PHLES. In ALL CASES OF PILES, Dr. SWEETSER'S PANACEA will off et a very speedy cure. It re-moves from the blood, stomach and howels, all those foul acrid burning humors, which are the cause of Piles and Costivenes, and by strengthening the dig-stive organs, improves every part of the FLATULENCY AND WIND.

These discoses are cau ed by the stomach and bowels being choked up with viscid slimy marter, he air which enters them cannot e-cope until forced by some contraction of the somach to expel it: he ce the cause of pain. A few doses of Dr. SWEETSER'S PANACEA will convince the sufferer that relief is attained

GREAT MEDICINE FOR CHILDREN. Parents will find the PANACEA a valuable medicine for the r children, keeping their bodies in healthy condetion, thereby assisting their gow h; children or grown persons, after taking it, are not liable to be sitsched with an epidemic as b fore, as it always leaves the blood in a pure e-indition, and the entire system in a strengthened state; it drives out a I kinds of weakness from the body and leaves all heal by within. --

Will find Dr. SWE I'SER'S PANACEA a medione purely adopted to their use. Most ladies during the peri d of pregnancy are uffi cted with piles. Dr. Sweetser's Panacea, by regulating the bowels, will entirely obviate this, and its purifying properties on the blood and fluids, insures to them heatthy off pring. No one who is a mather should be without it, and those who are nursing will find it of great ben & to the health of their infants.

For harrenness and all diseases of the womb, it without a rival in the entire history and catalogue of medicines; by its extraordinary strengthening power, it stimulates and strengthens the womb, weakness of which is the cause of failure to trave

NERVOUS DISEASES. leart. Te Dolorenus or Facrache.

Indiges ion, Toothsche, Melancholy, Hysteries, and in fact, every disease caused by the sharp, biting. acrimonious hu nors irritating the nerves; the nerves receive the morbid impression from the sto-mach, or rather from the blood through the agency of the stomach and dige tive organs, and although other parts of the bely are apporently the seat of sin conveyed from the blood by the nerves to that part, A lew doses of Dr. SWEETSER'S PA-NACEA will soon assure the patient that he has the cure in his possession.

ERY-IPELAS, OR ST. ANTHONY'S FIRE This is an inflammatory diso der, alw ye at ended with more or less pain. It proceeds from the foul, actimonious humors lodged in the blood and fluids, settling on the limbs and face, eausing extreme pain and fevers; all applications on the surface are worse than useless, as they only t nd to throw the disease in some other part, and perhapcause death. Bleeding is likewise improper. To cure the diream you must get rid of the cause; only manage to get the foul hum ers out of your blood and you will be well in a day. Dr. SWEET-SER'S PANACEA, a thorough purfer of the blood, will search out every impurity in the more remote p ris of the body and expel it through the medium of the bowels. There is not a vem, artery, muscle, or organ of the entire framework of man, that Dr. Sweder's Panarea does not improve. To take it when you are we'l is to keep wel; and when sick to become well,

DR. SWEETSER'S PANACEA, being composed orde of a vegetable moster, or metical herbs, and watranted, on oath, as containing not one parbels of mercurial, mineral, or chimical substances. is found to be perfectly harmless to the most tender age, or the weakest frame, under any stage of human suffering; the most pleas int and beingn in its operation that was ever off red to the word; and at the same time the most certain in sear bing out he root of any c implaint, however deep, and of

In the year 1819, while at sea on board the brig Commodore Perry, of this part, my leg was injured by the anchor. The wound became scofulous-was highly inflamed and painful, particularly in spring and summer. From the time of the accident I was under the treatment of the most celebrared physicians in the Island of Cuba and this city, until 1824. The summer of that year I soont in the country, to make a fair trial of Swaim's Panacea; but even that popular medicine failed to produce a ny dicided improvement. In 1830 I applied to the for a considerable time under his care without any particular benefit,

From that time until 1844, there was no change for the better; and during that year, while in Batcar, which caused the ulcers to rage with tenfold violence. Her friends all thought she must die. She had every appearance of being in consumption, and was so pronounced by her physicians - Sherman's Balsam was given

Rev. HENRY JONES, 108 Eight's avenue. was cured of cough and catarrhal affections of 50 years standing. The first dose gave him more rehef than all the other medicine he had ever taken. Dr. L. J. SIX YEARS AGO

FERHE children began to cry for Sherman's Los zenges. The noise was not no loud at that time, but it has k apt increasing ever since, and now has become so great that the mouths of the little ones can scarce be stopped. Dr. Sherman sympathises with the little sufferers, and very much reere s that any of them should be disappointed. Knowing the vast benefit which has been conferred upon the community by the introduction of his infallible.

WORM LOZENGES,

he has entered into arrangements for enlarging his Manufactory, by means of which he thinks he will be able to supply the demand. And the same poins and care will be taken, that these celebrated Lozenges be made us they have always been, in order that those who depend upon them, may not be disappointed in their hopes. He knew when he commenced the manufacture of the Worm Lozenges, that they would supersede the use of every of poi-onous Insects, Tousey's Ointerent is unri- to the taste, speedy in its effects, as well as certain, is very small. These properties in connexion with the first that they are sold for 25 cents per box, thus placing them in the reach of the poerest man in the land, has not only caused them to take the place of every other vermifuge ever offered, but also rendered them popular to the community.

COUGH LOZENGES,

continue to cure Coughs, Golds, Consuraption, Asthma, shortness and difficulty of Breathi og, and other disca es of the Lungs, with the same facility they did on their first introduction, and t'se people have now become persuaded by setual experience. that on the accession of a -light cold, they have only to step to either the Dr's. office, or one of the Agents, and obtain a box of his Cough Lozenges, which are very convenient to carry in the pocket, and to take a few through the day. By pursuing this course a cure is often effected in 24 hours, and the patient about his busin ss. So great is the celebrity of the Low uges, that they sands of persons. who have used them, and become acquainted with their effects, will never be without them.

SHERMA'S'S POOR MAN'S PLASTER

has cured more cases of Rheumatiem, Pain in the Back, Side and Chest, Lumbago and Weakness, than any application that has ever been made.
