FITHE following letters are presented with a view of more fully showing the opinions of physicians in relation to the medical value of Dr. SWATNE'S COMPOUND STRUP OF WILD CHERRY. Dn. Swayse - Dear Sir: Having used your Compound Sycup of Wild Cherry, extensively in my practice, I was requested by your agent. Dr. Cru cher, to express my opinion in writing of its

properties as a remedial agent. I most cheerfully comply, as I feel by so doing, I will discharge a debt I ove the community at large, and physicians in par icular. As much as I detest quack remedies and patent nostrums. I was induced from a failure of the most potent expectaran s, recommen ded in our materia medicas in some cases of Diseased lungs, to try your preparation of Peunus Virginia or Wild Cherry. It is sufficient to say that I was so much pleased with the result of that and subsequent trials that I now prescribe it in preference to all other remedies where an expectarant is indicated. In the much dresded Preumonia or Disease of the Longs, in the slarming form in which it appears in Kentucky, I regard it as an invaluable remedy in the treatment of that disease. To all who know me I have said enough, but as this may be seen by persons out of the vicinity of Frankfort, I will briefly add, that I have been ingaged in an active practice of my profession for 12 by keeping the blood in a pure condition, insures years, and am a regular graduate of Transylvania, and this is the first patent medicine I ever thought

enough of to express an opinion in writing.

TOUNG MEN! if you value your life or your bealth, remember, the delay of a month, nay, even a week, may prove your ruin, both of body and mind. Hence let no false modesty deter you from making your case known to one who, from education and respectability, can alone befriend you. He who places himself under Dr. KINKELIN'S treatment, may religiously confide in his honor as a gentleman, and in whose bosom will be forever

locked the secret of the patient, Too many think they will hug the secret to their own hearts, and cure themselves, Alas! how often is this a fatal delusion, and how many a promising young man, who might have been an orna-ment to society, has faded from the earth.

DR. SWEETSER'S PAHEDAUA.

The principle upon which this Medicine acts, is hy assisting and harmonising with nature; it drives out all foul scrimonious humors from the blood and body, and by assimilating with and strengthening the gastric juice of the stomuch, it assists digestion; in short there is not a vein, artery, muscle or neive in the human body, that is not strengthened by the PANACEA, and it also possesses the remarkable property of removing mercury from the hones and joints.

POR ERUPTIONS OF THE SKIN. Scurvy, Scorbutic Affections, Tumors, Scrofula or Kings' Evi', White Swellings, Erysipelas, Ulcera, Cancers, Running Scree, Scale and Biles, time and a determined perseverance in D. SWEET SER'S PANACEA, will effect a cure.

FOR INDIGESTION. Rejection of food, Nausen, Vomitings, Nervous af-tections, Billious complaints, Hand ache, Paleness, r Female Irregularities, Dr. SWEETSER'S PA-NACEA will soon effect a cure; but if obstinate, or attended with griping. flying pains, the dose should be increased, and the cure will soon be effected. Let not the patients frighten themselves with the idea that they are too weak to take much medicine; but bear in mind that this mi'dly operating med cine put not weakness into the frame, but most certainly draws weakness out, leaves strength in its place, and by giving composed sleep at night, and an appetite to relish any food, re-animates the whole frame with vigorous action, clearing the mind and improving the sight.

SCROFULA AND GLANDULAR AFFEC-

TIONS, Scrofula is said to be beriditary, the infant receiving from its parents the seeds of this disease. which increases with its years, if neglected and not sub-nitted to frequent purification with Dr. SWEETSER'S PANACEA. The glands are plared in the corners of the body, and out of the way of direct communication; their real use is a subject on which much difference of opinion prevails; it suffices us to know that when in a diseased state. they are capable of being purified and cleaned by a long course of Dr. SWEETSER'S PANA-CEA, which restores them to sound and proper ection. Scroful-us persons can never pay too me attention to their blood, its purification should be their first thought, for after a long course of perseverance, they will ever cure hereditary disease.

In cases of JAUNDICE, ASTHMA, LIVER COMPLAINTS, TIC DOLOREUX RHEU MATISM OR RHEUMATIC GOUT, Dr. SWEETSER'S PANACEA cannot be too high ly extelled; it searches out the very root of the discuse, and by removing it from the Blood makes

cure certain and perminent.
For diseases of the Bladder and Kidneys, Strictures Gravel. Stone. Piles, Pistula, Urinary Obstructions and Extreme Costiveness Dr. SWEET-SER'S PANCEA is the best remedy ever tred; it removes all those acrimonious humors from the Blood which give rise to the above diseases, and

For DROPSY, FALLING OF THE BOWELS. Impurities of the Blood, Mercurial Taint, Weak-ness of the Spine Flow of Blood to the Head Giddinesa, Singing and Buzzing Noise in the Head and Ears, Dr. SWEETSER'S PANACEA will give certain relief; in all severe and chronic cases, the petients cannot be too often reminded that larger doses and perseverance will effect a cure.

In Chills and Pevers. Bilious Freers, Affections of the Eyes and Ears, Spongy and Bleeding Gums Bronchet's and recent Coughs and Colds, Dr. SWEETSER'S PANACEA will be fund perfectly sure and certain in its effects.

GRAVEL AND URINARY COMPLAINTS. n ever intro- the most fatal consequences, and are seldom or ne. roved by the ver cured by the present mode of trestment; they suffering the most excruciating pain and torture. The cause of these complaints are the same as all others, the diase of the blood become energated on the finest narrow passages, whence arise morbid secretions and stoppages of urine. You will find the most powerful dureties of no use, as they only and strengthen the parts. By purifying the blood with Dr. SWEETSER'S PANACEA, you re move the cause of the disease, consequently it cannot exist any longer, after sufficient perseverance in its use has deprived the blood and body of all scrimonions humors and incrustation

DISEASES OF THE LUNGS-CONSUMPTION.

This is a very prevalent and fatal disease; it results mostly from neglected coughs, colds and bronchitis, elso from improper treatment in many other cases, such as measles, fevers, inflummations and small pox, and a host of other badly treated diseases; where the cause, instead of having been thoroughly removed from the blood and body, have only been pallisted or removed from one part to break out in another. By divesting your bodies of all foul humore, through the medium of Dr. SWEETSER'S PANACEA, the cure is at once rendered certain and permanent. Recollect, while there is acrimenious humors floating in the circulation, it is as apt to settle on the lungs as any other part of the body : this is the reason that consumption is so prevalent.

BILES, SORES AND ULCERS. Which you see on the exterior, come from and have their source in, the interior, and might just as well have settled on your lungs, liver, or any other part; which we know they frequently do, and produce most violent inflammatory disorders. The humor which occasions these sores is of a highly acrimonions burning nature. We know it from the pain it gives in torming, and afterwards its rapidly ulcerating and corroding the flesh and skin of the part where it breaks out. This shows the necessity of frequently purifying the blood with Dr. SWEETSER'S PANACEA, and keeping such malignant humors in surjection. Should you have bile or ulcer, be thankful that nature has taken trouble to warn you of the danger your life and bo ly is in, for it is a warning that the blood is foul, Had this same acrimony selected the lungs in-tead of the surface of your body for its seat, consumption of the lungs would have been the consequence. D. lay not then, to purify and cleanse with Dr. Swertser's Panacea.

SPINE DISEASE. Spinal affections, enlargement of the bones and joints, white swellings, hip joint complaint, rupto take effect from and after the Bridge is passable
tures, falling of the bowels and wome disease, will
as above viz: ind a speedy oure in Dr. SWEETSER'S PA-NACEA. Where the disease has been of long standing, the time required to make a cure will be longer; but the patient may rest assured that a determined perseverance will effect it.

THIS Medicine is warranted, on oath, not to contain a particle of Calomel, Corresive Sublimate, Arsenic, Chloride of Gold, or any delete-MERCURIAL DISEASES
Find a safe and speedy cure in Dr. SWEETSER'S PANACEA. It cures by scarching every blood vassel and artery, and driving out all impurities and foul humors accumulated therein, which is the cause of rheumatism, gout and awellings of the joints. The deleterous effects of calomel and other mineral poisons, readily yield to its sovereign influence; indeed, when its valuable properties become fully known, the use of all mineral poison will be consigned to the tomb of all the Capulets, and only be thought of as a by-gone cu-tom of the dar-ker ages. Dr. Sweetser's Panacea is also a sure cure for dyspepsia, piles, contiveursa, vertigo, head-ache, pain in the breast and liver complaint.

FEVER AND AGUE. Fever is always caused by a disorderly move-ment of the blood, struggling to fee itself of something that encumbers it; in fact, every kind of fever is nothing more than a struggle between the blood and corrupt humors, and as soon as the corrupt humors are expel ed, you have no more fever. When a patient with fever submits to be bled, or have his blo d poisoned with mercury, it weakens his frame to such a degree that if he survives the process, it always leaves him subject to distressing chills, when 9 times out of 10 he resorts to ague pills, powders, or tonic mixtures; this is going from had to worse, as these vegetable pills, powders. &c. are nothing but mercury and quinine in disgular, which may for a time drive the discase so far into the body as not to be perceptible, but very soon it will break out again with fearful violence. To cure ague and fever, the cause of the disca e must be removed out of the blood and body, which can be effectually done by using Dr. SWEETSER'S PA-NACEA, which purifies, cleanses and strengthens, It contains nothing that can possibly injure, and its use is always a safeguard against chills and fevers.

PILES. In ALL CASES OF PILES, Dr. SWEETSER'S PANACEA will eff at a very speedy cure. It re-moves from the blood, stomach and bowels, all those foul serid burning humors, which are the cause of Piles and Costiveness, and by strengthening the digestive organs, improves every part of the entire body.

FLATULENCY AND WIND. These diseases are can ed by the stomach and bowels being choked up with viscid slimy matter, the air which enters them cannot e-cape until forced by some contraction of the somach to expel it: hence the cause of pain. A few doses of Dr. SWEETSER'S PANACEA will convince the sufferer that relief is attained.

GREAT MEDICINE FOR CHILDREN. Parents will find the PANACEA a valuable medicine for their children, keeping their bodies in a healthy c. ndition, thereby assisting their g-owth; children or grown persons, after taking it, are not liable to be attacked with an epidemic as before, as it always leaves the blood in a pure condition, and the entire system in a strengthened state; it drives out a'l kinds of weskness from the body and leaves all heal by within.

MARRIED LADIES Will find Dr. SWE PSER'S PANACEA a medione purely adapted to their use. Most ladies during the period of pregnancy are afflicted with piles. Dr. Sweetser's Panaces, by regulating the bowels, will entirely obviate this, and its purifying properties on the blood and fluids, insures to them beatthe off pring. No one who is a mother should be without it, as d those who are nursing will find it of great benefit to the health of their infants.

For barrenness and all diseases of the womb, it without a rival in the entire history and catalogue of medicines; by its extraordinary strengthening power, it stimulates and strengthens the womb. weakness of which is the cause of failure to have

NERVOUS DISEASES. the Heart, Tie Doloreaux or Faccache, Neuralgia, the subscribers in this wonderful art. in fact, every disease caused by the sharp, biting. nerves receive the morbid impression from the stomach, or rather from the blood through the agency of the stomach and dige tive organs, and although other parts of the body are apperently the seat of the discase, still it is caused by the morbid impression conveyed from the blood by the nerves, to that part. A few doses of Dr. SWEETSER'S PA NACEA will soon assure the patient that he has the cure in his possession,

ERYSIPELAS, on ST. ANTHONY'S FIRE. This is an inflammatory disorder, always strend ed with more or less pain. It proceeds from the foul, acrimonious humors lodged in the blood and fluids, settling on the limbs and face, causing ex-treme pain and fevers; all applications on the surface are worse than useless, as they only tend to throw the disease in some other part, and perhaps cause death. Bleeding is likewise improper, To cure the disease you must get rid of the cause; only manage to get the foul humors out of your blood. and you will be well in a day. Dr. SWEET-SER'S PANACEA, a thorough purifier of the blood, will search out every impurity in the more remote parts of the body and expel it through the medium of the bowels. There is not a vein, artery, muscle or organ of the entire framework of man, that Dr. Sweeter's Panaces does not improve. To take it when you are well is to keep well; and when sick to become well.

DR. SWEETSER'S PANACEA, being composed only of a vegetable matter, or medical nerbs, and warranted, on oath, as containing not one particle of mercurial, mineral, or chimical substances, is found to be perfectly harmtess to the most tender age, or the weakest frame, under any stage of human suffering; the most pleasant and benign in its operation that was ever off-red to the world; and at the same time the most certain in searching out the root of any complaint, however deep, and of

SHERMAN'S

ALL-HEALING BALSAM. Mrs. ATTREE, the wife of Wm. H. Attree. Esq. was given up by Dr. Sewall of Washington, Drs. Ros and McClellan of Philadelphia, Dr. Ros and Dr. Mott of New York. Her friends all hought she must die. She had every appearance of being in consumption, and was so pronounced by her physicians-Sherman's Balsom was givern

and it cured her.
Mrs. GARRABRANTZ, of Bull's Ferry, was also cured of consumption by this Balsam when all other remedies failed to give relief—she was reduced to a skeleton. Dr. A. C. Casile, Dentist. 281 Broadway, has witnessed its effects in several. ca-es where no other medicine afforded relief -- but he Balsam operated like a charm. Dr. C. aiso witnessed its wonderful effects in curing Asthma. which it never fails of doing. Spitting Bloo !, starming as it may be, is effectually cured by this Ratsam. It heals the ruptured or wounded blood sessels and makes the lungs sound again.

Rev. HENRY JONES, 108 Eighth evenue. was cured of cough and catarrhal affections of 50 years standing. The first dose gave him more reof than all the other medicine be had ever taken. Dr. L. J. Beals, 19 Delancy street, gave it to a si-ter-in-law who was laboring under consumption, and to another sorely affi cord with the Asthma. In both cases, its effects were immedia e, soon re-

storing them to comfortable health.

Mrs. LUCRETIA WELLS, 95 Christic street, suff-red from Asthma 42 years. Shermin's Hui-sam relieved her at once, and she is comparatively well, being enabled to subdue every attack by a timely use of this medicine. This indeed is the great remedy for Googhs, Colds, Spitting Blood, Liver Complaints, and all the off ctions of the

broat, and even Asthma and Consumption. Price 25 cents and \$1 per bottle. Dr. Sherman's Cough and Worm Lozenges, and Poor Man's Plaster sold as above. Dr. Sherman's office is at 106 Nassau at N. Y.

SIX YEARS AGO

THE children began to cry for Sherman's L po zenges. The noise was not as food at those ime but it has kept increasing ever since and new has become so great that the months of the infle ones can scarce be stopped. Dr. Sherman sympathises with the little sufferers, and very much tegre's that any of them should be disappointed. Knowing the vast benefit which has beer conferred upon the community by the introduction, of

WORM LOZENGES. he has entered into arrangements for er arging his Manufactory, by means of which he thinks he will be able to supply the demand. And the state pains and care will be taken, that these cele grated Los renges be made as they have always I ren, in order that those who depend upon them, may not be disappointed in their hopes. He know when he commenced the manufacture of the Worm Lezenges, that they would supersede the use of every e, as the Lozerige is very pleasuni to the taste, speedy in its effects. as well as certain, and the quantity required to effect a perfect cure, is very small. These properties, in connexion with the fact that they are sold for 25 cents per bex, thus placing them in the reach of the poorest men in the land, has not only caused them to take the place of every other vermifuge ever offered, but also rendered them popular to the community.

Dr. Sherman's COUGH LOZENGES

continue to cv.re Coughs, Golds, Consumption, Asthma, shortness and difficulty of Breathing, and other dises es of the Lungs, with the same facility they did on their first introduction, and the reople have now become persuaded by actual experience, that on the accession of a slight cold, they have only to step to either the Dr's office, or one of the Agents, and obtain a box of his Cough Lozenges, which are very convenient to carry in the pocket, and to take a few through the day. By pursuing this course a cure is often effected in 24 hours, and the patient about his business. So great is the celebrity of the Lozenges, that thousands of persons who have used them, and become acquainted with their effects, will never be without them.

SHERMAN'S POOR MAN'S PLASTER

has cured more cases of Rheumatism, Pain in the Back, Side and Chest, Lumbago and Weskness, than any application that has ever bee made. As the celebrity of the Plaster has increased, bondrede of unprincipled rascals have attempted to counterfeit it, and palm it off upon the community a- the genuine. D Beware of Deception. D Rememthat the true and genuine Plaster is spread upon reddish paper made expressly for the purpose, and in every case the signature of Dr. Sherman is. print d upon the back of the Plaster, and the whole secured by Copy Right.
