DR. SWAYNE IN THE SOUTH.

FIGHE following letter just come to hand, and will be read with interest. The patient suffer ed intolerably, and could find no relief until be used Dr. SWATER'S COMPOUND STRUP OF WILD CHERRY. It is certainly the most wonderful cure

Wilmington, N C., Jan. 12th, 1847. Dn. Swarne-Dear Sir: Having been almost miraculously cured by your valuable medicine, I think it not more than common gratitude in me to make one addition to the long list of certificates which you have received of remarkable cures by your medicine. During the two years preceding last August. I was very much distressed by a very had cold and racking cough, and during the latter port of the time it continued to grow werse, and indeed, in July my friends gave me over, having tried all kinds of medicine, said to be good for such diseases, without the least good offert. I was reduced almost to a perfect corpse, and had scarcely any flesh upon my body, and for a long time never thought to rise from my bed again. A friend one day asked me if I had tried Dr. Swayse's Compound Syrup of WILD CHERRY, and advised me to do so at once, as he heard that it had worked a great many wonderful cures. I took his advice, and sfier using up several bottles of it, I grew so much better that I was enabled to leave my brd, and afterwards to walk shout the house, and go out into the street. I was encouraged by this, and continued the use of your medicine, and now, by means of its wonderful curative powers, I am perf-ctly well, and enjoy the use of all my faculties, just as much as if I had never been afflicted in the way I described to you. I have written this not thinking that it will at all interest you, but humbly hoping that it will have its mite of influence in causing your valuable medicine to be spread aming mankind, and in see at ng to raise you to that staton which you richly dese ve, for your persevering ed its for the public good.

Keepec fully your friend ant admirer, JAMES R. MAISLAND.

Comment on such evidence as the shove is un' tircessary. A single trial will place Dr. Swarys's Cowpourn Space or Wite Casuar beyond the reach of compet tion to the estimation of every pat ent - But its healing virtue will be its best recommendation.

Beware of Imposition - Attempts have often twen made by unprincipled individuals to impose upon the community a space at ele. Stealing nearly the whole of the name of my preparation. To fully guard against such base and paipable imposition, the public should shan all preparations purporting to contain Wild Cherry, except that bearing the sign ture of Un. H. This Medicine is offered to the public under the assurance that there is no article in existence having stronger claims to their consideration. Being compounded by a regular Graduate of Juffer-son College, Philadelph a, and a practising physi-cian of twenty years' standing in Philadelphia, his long experience has confirmed him in the opinion that a compound medicine was required to prevent and remedy the debilitation pr duced by residing in low, minematic climates, and to counteract the pro trating influences of many nervous disorders with which the human family are afflicted.

DR. ALLEN is a well known physician, and has used the above medicine in his practice for 8 years with the most atonishing effect, having tee ted its qualities in above
FIVE THOUSAND CASES.

No medicine ever received more flattering reing than has been bestowed on this.

ITS CONSEQUENCES .- An emirent Profes sor says:-"It chiefly arises in persons who lead either a very sedentary or irregular life. Although not regarded so a fatal disease; yet if neglected or improperty treated, may bring on incurable Me-lancholy, Jaundice, Maduess, or Vertigo, Palsy and Apoplexy. STILL ANOTHER CURE.

TENTE STATE OF THE COME. -It is with pleasure that I give you the rity and long continuance under the best medical a tendance I could procure, aff it is a striking illustration of the wonderful superiority of your Dr.

CEA over all the popular remedies of the day.
It was my misfortune to inherit Scrofula, which made its appearance (as my mother informed me) ry troublesome until my 25th year, when it attacked my right elbow, and stiffened the joint. About eight years after this, it made its appearance of my arm again, almost covering it with ulcers. At the same time it attacked my throat also, fi ling it with ulcers. My tongue became frightfully await len, and almost as hard as a piece of wood.

I applied to one of the most skilful physicians in Norristown, Pa., where I resided at the time, but the disease seemed beyond his reach. He advised me to come to Philadelphia and consult the late Dr. Parriah. I did so, and was under his ca e for a short time, when he advised me to return home. as my physician could do as much for me as be could. This was certainly not very encouraging I returned, and was for four or five years most of the time under treatment, when the Doctor inform ed me that his resources were exhausted, and I was at liberty to try any thing I thought would do me

I then took Oakley's Sarsaparilla, which at first seemed to do me good, but soon lo-t its power, and Marsh il's, Houck's, Leidy's and other prepara tions of Sarsaparilla, without effect. My throat was still ulcerated, my palate entirely carried away, my tace and nose much swollen, and exceedingly pain

Thus mart-rest od in January List, when I com menced with Dr. Courses's Inness Venezance PANACKA, and I frankly confess if your medicine h d required FAITH to ensure a cure, it would have failed in my case; for I had tried so much trash that my confidence in medicine was gone; and i was only as a drowning man will grasp a straw, that I commenced with the Panacea.

But strange es it may appear, the inflammatio and soreness were almost entirely removed in 36 hours, satisfying me that I had got hold of a medcine which I had not used before, and which would cure me My anticipations have to all appearance been realized, for I am healthier than I have been for ecventeen years. My skin has assumed a heal-thy appearance. My head, which had troubled me for so many years, is now free from all disagr eable sensations; my throat is sound; and so far as I can judge, the disease is completely eradicated from my system.

I shall be happy to give any further information o any who choose lo call upon me at my residence a Poplar sieces, first house east of Eighth street. JOSEPH BARBOUR. Philad. lphis, June 23, 1846.

Mrs. GARRABRANTZ, of Bull's Ferry, was also cured of consumption by this Balsam when all other remedies failed to give relief-she was reduced to a skelet m. Dr. A. C. The first dose gave him more reof than all the other medicine he had ever taken. Dr. L. J. Sherman's Halsam relieved her at once, and she is comparatively well, being enabled to subdue every attack by a timely use of this medicine. FIRHE children begen to ery for Sherman's Los-L zenges. The noise was not an loud at that time, but it has kept increasing ever si ice, and now has become so great that the mouths of the little ones can so see be stopped. Dr. Sherman sympaare s that any of them should be disappointed Knowing the vast benefit which has been conferred upon the community by the introduction of his infallible

be has entered into arrangements for entarging his Manufactory, by means of which he thinks he will be able to supply the demard. And the same pains and care will be taken, that these colebrated Lozenges be made as they have always been, in order that those who depend upon them, may not be disappointed in their hopes. He knew when he mmenced the manufacture of the Worm Lozenges, that th y would supersede the use of every other vermifuge, as the Lozenge is very pleasant to the taste, speedy in its iffects, as well as certain, and the quantity sequired to iffect a perfect cure, the f et that they are sold for 25 cents per box, thus plicing them in the reach of the poorest min in the land, has not only caused them to take the place of every other vermifuge ever offered, but al o rendered them popular to the community.

COUGH LOZENGES continue to cure Long s. Gales, Consumpt on, Asthma, shortness and difficulty of Breathing, and other disea es of the Longs, with the same facility they did on their first introduction, and the people have now become persuaded by actual experience, that on the accession of a dight cold, they have only to step to either the Dr's . ffire, or one of the Agents, and obtain a box of his Cough L. zerges. which are very convenient to carry in the pocket. end to take a few through the day. By pursuing this course a cure is often effected in 24 hours, and the patient about his busin es. DR. LEBERTS Vegetable Universal Pills. The only known Medicine that at the same I'me purges purifies and strengthens the system.

Losnos, July 7, 1846

R LE ROY'S Pills are a new medicine which has just appeared, and is fast taking the places of all others of the same class. The pills are composed of many ingredients, but the we principal ones are Sarsaparilla and Wild Cherry, so united that they act together; the one, through its admixture with other substances, p. 1rifying and parging, while the other is strengthe . ing the system. Thus those pills are at the son in time tonic and opening; a deaderatum long at I eagerly sought for by medical men, but never b fore discovered. In other words they do the wor a of two medicines, and do it much better than an two we know of; for they remove nothing fr a t the system but the impurities; so that while the purge they strengthen; and hence they cause n debilitation, and are followed by no re-action. Di Le Ray's pills have a wonderful influence on th blood , they not only purify without weakening it but they remove all toxious particles from the chyl before it is converted into fluid, and thus make im pure blood an atter impos-ibility. As there is nedebilitation, so there is no nauses or sickness at tending the operations of this most excellent of me dicines, which never strains or tortures the diges tive functions, but causes them to work in a pet fectly natural manner; and hence persons tak n them do not become pale and emeciated, but the contrary; for while it is the property of the Sarsa parilla, united as it is with other ingredients, t remove all that is foreign and impure, it is equallthe property of the Wild Cherry to retain all the is natural and sound; and bence a robust stare of health is the certain result of their united open tions Of Price 25 cents per BOX.
