

I Love Thee, Pennsylvania,

BY L. C. MALONE. I love thee, Pennsylvania, My own dear native State Proud birth-land of the noble free, Home of the good and great ! For in our country's story There is no fairer name. No other shines more brilliant Upon the scroll of Fame. I love thee, Pennsylvania! When 'mid the smiles of Spring, Along the dark green valleys The strains of gledness ring ; When gentle flowers arising Put on their varied sheen, And raise their bright eyes laughing, Up t'ward the sky serene. I love thee, Pennsylvania I love thy mountains grand, Whose summits bear the impress Of Diety's own hand; Stern battlements of Freedom, They frown upon her foes, While cradled in their valleys Thy children safe repose. I love thee, Pennsylvania! Though fortune unto me Gives but a scanty pittance, Thank Heaven I am free; For o'er me I see gleaming. Unsullied, bright and fair, Thy broad resplendent banner, And my title's there. I love thee, Pennsylvania ! On many a gory plane, Thy patriot heroes slumber Amongst the noble slain : No other arms were stronger,

No other hearts more true In the unbroken phalanz Of Freedom's chosen few I love thee, Pennsylvania ! For when the battle star. Along the south was gleaming, And the red flames of war O'er fierce battalions nodded. And trumpets loudly peal'd, At the first call for soldiers, Thy children took the field. I love thee, Pennsylvania! 'Twas thy endearing smile, That 'lured my lov'd ancestors, From a far Ocean Isle : They left the fields of Erin, The 'Shamrock growing green,' To breathe the air of Freedom, And see her face serene.

I love thee, Pennsylvania! We are all sovereigns here, We have no lords or tyrants, No slaves to quake with fear : Thy sons are brave and hardy, Of bold and dauntless air Thy daughters chaste and witty, The fairest of the fair. I love thee Pennsylvania! Still may thy freedom shine,

Till hosts from every nation Still gather round its shrine; Proud Keystone of our Union, Still, still secure the arch. And in the path of glory, Still onward, proudly march.

The physician recommended leeches, as one of Newark Bkg & Ins Co. his remedies, to cure the fever, and after giving se he supposed distinct orders how to supply them, he sent them to him in a bottle that he might dispense the presence of a leecher. The doctor called in the course of the day, and found some of the leeches slive in the bottie. Expressing his astoniahment, he asked his patient why he had not used them. DR. SWEETSER'S ABIDAGA

HIS Medicine is warranted, on oath, not to contain a particle of Calomet, Corrosive Sublimste, Arsenie, Chloride of Gold, or any deleterous minerals.

The principle upon which this Medicine acts, Iby sesisting and barmonising with nature; it drives out all foul acrimonious humors from the blood and body, and by assimilating with and strengthening the gratric juice of the stomech, it ry, muscle or nerve in the human hody, that is not strengthened by the PANACEA, and it also possesses the remarkable property of removing mercury from the hones and joints.

FOR ERUPTIONS OF THE SKIN, Scurvy, Scorbaric Affections, Tumors, Scrofuls or Kings' Evi , White Swellings, Erysipelas, Ulcers, Cancers, Running Sores, Scabs and Biles, time and a determined perseverance in D . SWEET SER'S PANACEA, will effect a cure.

FOR INDIGESTION. Rejection of food, Nauses, Vemitings, Nervous af-tections, Billious complaints, Head sche, Paleness, or Female Irregularities, Dr. SWEETSER'S PA-NACEA will soon effect a cure : but if obstinate, or attended with griping, flying pains, the dose should be increased, and the cure will soon be effected. Let not the patients frighten themselves with the idea that they are too weak to take much medicine; but bear in mind that this mildly operating med cine put not weakness into the frame, but most certainly draws weakness out, leaves strength in its place, and by giving composed sleep at night, and an appetite to relish any food, re-animates the whole frame with vigorous action, clearing the mind and improving the sight.

SCROFULA AND GLANDULAR AFFEC-

TIONS, Scrofula is said to be heriditary, the infant receiving from its parents the seeds of this disease, which increases with its years, if neglected and not submitted to frequent purification with Dr. SWEETSER'S PANACEA. The glands are placed in the corners of the body, and out of the way of direct communication; their real use is a subject on which much difference of opinion prevails; it suffices us to know that when in a diseased state, they are capable of being purified and cleansed by a long course of Dr. SWEETSER'S PANA-CEA, which restores them to sound and proper action. Scroful us persons can never pay too much attention to their blood, its purification shou'd be their first thought, for after a long course of perseverance, they will ever cure hereditary disease.

In cases of JAUNDICE, ASTHMA, LIVER COMPLAINTS, TIC DOLOREUX RHEU MATISM OR RHEUMATIC GOUT, SWEETSER'S PANACEA cannot be too high ly extolled; it searches out the very root of the discase, and by removing it from the Blood makes

a cure certain and permanent. For diseases of the Bladder and Kidneys, Stric tures, Gravel. Stone, Piles, Fistula, Urinary Obstructions and Extreme Costiveness Dr. SWEET. SER'S PANCEA is the best remedy ever trel; it removes all those acrimonious humors from the Blood which give rise to the above diseases, and by keeping the blood in a pure condition, insurre

For DROPSY, FALLING OF THE BOWELS, Impurities of the Blood, Mercurial Taint, Weak-ness of the Spine Flom of Blood to the Head Gid diness, Singing and Buzzing Noise in the Head and Ears, Dr. SWEETSER'S PANACEA will give certain relief; in all severe and chronic cases, the patients cannot be too often reminded that larger doses and perseverance will effect a cure. In Chills and Fevers. Bilious Fevers, Affections the Eyes and Ears, Spongy and Bleeding Guma Bronchitis and recent Coughs and Colde, Dr. SWEETBER'S PANACEA will be found perfectly sure and certain in its effects.

GRAVEL AND URINARY COMPLAINTS. Those complaints are generally attended with the most fatal consequences, and are seldom or ne. ver cured by the present made of treatment; they usually accompany the patient to the grave, ofter soffering the most excruciating pain and torture. The cause of these complaints are the same as all others, the dross of the blood becomes encrusted on the finest narrow passages, whence arise morbid secretions and stoppages of urine. You will find the most powerful deareties of no use, as they only increase the quantity of urine and do not purify and strengthen the parts. By purifying the blood with Dr. SWEETSER'S PANACEA. YOU TO move the cause of the disease, consequently it cannot exist any longer, after sufficient perseverance in its use has deprived the blood and body of all scrimonious humors and incrustation.

DISEASES OF THE LUNGS-CONSUMPTION. This is a very prevalent and fatal disease; it results mostly from neglected coughs, colds and bronchitis, also from improper treatment in many other cases, such as measles, fevers, inflammations and small pox, and a host of other hadly treated diseases; where the cause, instead of having been thoroughly removed from the blood and body, have only been palliated or removed from one part to break out in another. By divesting your bodies of all foul hu mors, through the medium of Dr. SWEETSER'S PANACEA, the cure is at once readered certain and permanent. Recollect, while there is acrimonions humors floating in the circulation, it is as aut to settle on the lungs as any other part of the body this is the reason that consumption is so prevalent.

BILES, SORES AND ULCERS, Which you see on the exterior, come from and have their source in, the interior, and might just as well have settled on your lungs, liver, or any other part; which we know they frequently do, and pro uce most violent inflammatory disorders. The humor which occasions these sores is of a highly acrimonions burning nature. We know it from the pain it gives in forming, and afterwards its rapidly ulcerating and corroding the flesh and skin of the part where it breaks out. This shows the necessity of frequently purifying the blood with Dr. SWEETSER'S PANACEA, and keeping such malignant humors in subjection. Should you have a bile or ulcer, be thankful that nature has taken trouble to warn you of the danger your life and bo dy is in, for it is a warning that the blood is foul, Had this same acrimony selected the lungs in-tend of the surface of your body for its seat, consumption of the lungs would have been the consequence Delay not then, to purify and cleanes with Dr.

Sweetser's Panacea, — SPINE DISEASE. Spinal affections, enlargement of the bones and joints, white swellings, hip joint complaint, rup-tures, falling of the bowels and womb disease, will find a speedy oute in Dr. SWEETSER'S PA-NACEA. Where the disease has been of long standing, the time required to make a cure will be longer; but the patient may rest assured that a determined perseverance will effect it.

BRONCHITIS, ASTHMA AND DISEASE OF THE WINDPIPE.

These diseases proceed from the seriosity or corrupthumors of the blood, having settled itself on the throat and lungs, and stopped them up, so that they cannot draw sufficient air in for respiration. Dr. SWEETSER'S PANACEA will give immediate relief, and to make the cure perfect and cur. I

tain, it should be continued some time after, to free the system of all had humors.

RHEUMATISM, RHEUMATIC GOUT AND MERCURIAL DISEASES
Find a safe and speedy cure in Dr. SWEET.
SER'S PANACEA. It cures by searching every blood vessel and artery, and driving out all imporities and foul humors accumulated therein, which is the cause of rheumatism, gout and swellings of the joints. The deleterous effects of calomel and other mineral poisons, readily yield to its sovereign influence; indeed, when its valuable properties be come fully known, the use of all mineral poison will be consigned to the tomb of all the Capulets,' and only be thought of as a by-gone custom of the darker ages. Dr. Sweetser's Panacea is also a sure cure for dyspepsis, piles, contiveness, vertigo, head-sche, pain in the bresst and liver complaint.

FEVER AND AGUE. Fever is always caused by a disorderly move-ment of the blood, struggling to free itself of something that encumbers it; in fact, every kind of fever is nothing more than a struggle between the blood and corrupt humors, and as soon as the corrupt humors are expel'ed, you have no more fever, When a patient with fever submits to be bled, or have his blood poisoned with mercury, it weakens his frame to such a degree that if he survives the process, it always leaves him subject to distressing chills, when 9 times out of 10 he resorts to ague pills, powders, or tonic mixtures; this is going from had to worse, as these vegetable pills, powders, &c. are nothing but mercury and quinine in disguise, which may for a time drive the disease so far into the body as not to be perceptible, but very soon it will break out again with fearful violence. To cure ague and fever, the cause of the disease must be removed out of the blood and body, which can be effictually done by using Dr. SWEETSER'S PA-NACEA, which purifies, cleanses and strengthens, It contains nothing that can possibly injure, and its use is always a safeguard against chills and fevers.

PILES. In ALL CASES OF PILES, Dr. SWEETSER'S PANACEA will effect a very speedy cure. It re-moves from the blood, stomach and bowels, all those foul scrid burning humors, which are the cause of Piles and Costiveness, and by strengthening the digestive organs, improves every part of the

FLATULENCY AND WIND. These diseases are can ed by the stomach and bowels being choked up with viscid slimy matter, the air which enters them cannot e-cape until forced by some contraction of the somach to expel it; hence the cause of pain. A few dones of Dr. SWEETSER'S PANACEA will convince the sufferer that relief is attained

GREAT MEDICINE FOR CHILDREN. Parents will find the PANACEA a valuable medicine for their children, keeping their bodies in a healthy condition, thereby assisting their g owth; children or grown persons, after taking it, are not liable to be attacked with an epidemic as before, as it always leaves the blood in a pure condition, and the entire system in a strengthened state; it drives out a'l kinds of weskness from the body and leaves | terns. all heal by within.

MARRIED LADIES
Will find Dr. SWE ISER'S PANACEA a medicine purely adapted to their use. Most ladies during the period of pregnancy are afflicted with piles. Dr. Sweetser's Panacea, by regulating the bowels. will entirely obvince this, and its purifying properties on the blood and fluids, insures to them healthy off-pring. No one who is a mother should be without it, and those who are nursing will find it of great benefit to the health of their infants.

For barrenness and all diseases of the womb, it without a rival in the entire history and catalogue of medicines; by its extraordinary strengthening power, it stimulates and strengthens the womb, weakness of which is the cause of failure to have

NERVOUS DISEASES. Under this head may be classed Palpitation o the Heart, Tic Doloreaux or Faceache, Neuralgia, Indigestion, Toothache, Melancholy, Hysterics, and in fact, every disease caused by the sharp, biting. acrimonious humors irritating the nerves; the nerves receive the morbid impression from the stomach, or rather from the blood through the agency of the stomach and dige-tive organs, and althoug other parts of the body are apparently the seat of the disease, still it is caused by the morbid impression conveyed from the blood by the nerves, to that part. A few doses of Dr. SWEETSER'S PA-NACEA will soon assure the patient that he has the cure in his possession.

ERYSIPELAS, on ST. ANTHONY'S FIRE This is an inflammatory disorder, always attended with more or less pain. It proceeds from the foul, acrimonious humors lodged in the blood and fluids, settling on the limbs and face, causing extreme pain and fevers; all applications on the surface are worse than useless, as they only lend to throw the disease in some other part, and perhaps cause death. Bleeding is likewise improper. To cute the disease you must get rid of the cause; on-ly manage to get the foul humors out of your blood. and you will be well in a day. Dr. SWEET-SER'S PANACEA, a thorough purifier of the blood, will search out every impurity in the more remote parts of the body and expel it through the medium of the bowels. There is not a vein, srtery, muscle or organ of the entire framework of man, that Dr. Sweetser's Panaces does not improve. To take it when you are well is to keep well; and when sick to become well.

DR. SWEETSER'S PANACEA, being composed only of a vegetable matter, or medical nerbs, and warranted, on oath, as containing not one particle of mercurial, mineral, or chimical substances, is found to be perfectly harmless to the most tender age, or the weakest frame, under any stage of human suffering; the most pleasant and beniga in its operation that was ever off-red to the world; and the same time the most certain in searching out the root of any complaint, however deep, and of

Vegetable Universal Pills,

The only known Medicine that at the same tim purges purifies and strengthens the system. Lospos, July 7, 1846.

R. LE ROY'S Pills are a new medicine which has just appeared, and is fast taking the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparills and Wild Cherry, so united that they act together; the one, rough its admixture with other substances, purifying and purging, while the other is strengthening the system. Thus those pills are at the same time tonic and opening; a denderatum long and eagerly sought for by medical men, but never be fore discovered. In other words they do the work of two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purge they strengthen; and hence they cause n debilitation, and are followed by no re-action. Dr. Le Roy's pills have a wonderful influence on the blood; they not only purify without weakening it. but they remove all a visious particles from the chyle efore it is converted into fluid, and thus make imoure blood an utter impossibility. As there is no lebilitation, so there is no nauses or sickness attending the operations of this most excellent of medicines, which never strains or tortures the diges tive functions, but causes them to work in a per fectly natural manner; and hence persons taking them do not become pale and emocisted, but the contrary; for while it is the property of the Sarsa-parilla, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is the certain result of their, united opera-

## DER. ILE IN DET - The Grand Purgative FOR THE CURE OF

Headache, Giddiness, Rheumatism, Piles, Dyspepda, Scurv, Small Pox, Jaundice Inward Weakness, Palpitation of the Heart, Rising in the Throat, Dropsy, Asthma, Fevers of all kinds, Female Complaints,

Messles, Salt Rheum, Heart Burn. Worms, Cholers Morbus, Coughs, Quinsey, Whooping Cough, Consumption, Fits, Liver Complaint, Erisipelas, Desfness, Itchings of the Skin Colds, Gout, Gravel, Nervous Complaints,

AND A VARIETY OF OTHER DISEASES ABISING FROM IMPURITIES OF THE BLOOD, AND OB-STRUCTIONS IN THE ORGANS OF DI-GESTION.

Experience has proved that nearly every Disease originates from Impurities of the Blood or derangements of the Digestive Organs; and to secure Health, we must remove those obstructions or re store the Blood to its natural state.

The aversion to taking medicine is most effectually removed by CLICKNER's VEGETABLE PUR-GATIVE PILLS, being completely enveloped with a conting of pure white Sugar, (which is as distinct from the internal ingredients as a put shell from the kernel) AND HAVE NO TASTE OF MEDICINE,

But are as easily swallowed as bits of candy. Moreover they neither nauseate or gripe in the slightest degree, but operate equally on all the diseased parts of the system, instead of confining themselves to, and racking any particular region. Thus, if the Liver be affected, one ingredient will operate on that particular organ, and, by cleaning of an Excess of Bile restore it to its natural state. Another will operate on the B'ood, and remove all Impurities in its circulation; while a third will effectually expel whatever impurities may have been discharged into the stomach, and bence they STRIKE AT THE POOT OF BISEL-E, remove all Impure Humors from the body; open the pores externally and internally; separate all foreign and obsoxious particles from the chyle, so that the blood may be thoroughly pure—thus secu-ring a free and healthy action to the Heart, Lungs and Liver; and thereby they RESTORE RELLTH B-VES WHEN ALL OTHER MEANS HAVE VALLED.

The entire truth of the above can be ascertained by the trial of a single box; and their virtues are so positive and certain in restoring Health, that the proprietor binds himself to return the money paid for them in all cases where they do not give miversal autis action.

It further possesses the advantage over the imported article, in being freshly prepared, no skill being wanting in its man-ufacture. E.
